Bilious Disorders and Liver Complaints.

Department of the Invenior, Washington, D. C. Peb. 55

Sir. I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the *Ueer* is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours, Alonzo Balli, M. D., Physician of the Marine Hospital.

Byachtary, Relax, and Worms.

Post Opper, Hartland, Liv. Co., Mick., Nov. 16, 1855.
Dr. Ayen: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysenthim with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours which is actually good and honest, will be It will alm to present in its pages the choicest productions of American thirkers and writers, and the best efforts of American artists.

resources now at our command, to make a Magazine that, in the richness of its literery contents, and in the beauty and profuseness of its pictorial illustrations, shall outrival any publication ever before produced in this country.

The new issue commences with the OCTOBER number, which is now ready. It is filled with the choicest productions of some of the most brilliant writers of the day, and is embellished with forty-four splendld original engravings. It appears in a new dress, embracing an elegant classical design on the cover, and the eutire work presents the most attractive appearance. It is pronounced by all who have seen it to be the most beautiful specimen of a Magasine PRICE, 25 CENTS-\$3 A YEAR.

It may be obtained of any News Dealer or Bookseller, o by enclosing 25 cents to the Publishers. A SPLENDID LIBRARY OF FORTY LARGE BOUND VOLUMES is presented to every person who gets up a club of twenty-four subscribers. GET THE OCTOBER NUMBER AS A SPE-CIMEN.

nd for the relief of cousumptive patients in advanced stages of the discess.
We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living tropy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steads upon them unprepared. We have abundant grounds to believe the Oberary Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away.

All know the dreadful fatality of lung disorders, and as they know, too, the virtues of this remedy, we need not do more than assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent whele our skill can furnish for their cure.

FARIS' IMPROVED GRAIN DRILL!

THE SUBSCRIBER respectfully invites the attention of the farmers of this and adjoining counties to the Stock of Drills, adapted to the sowing of ALL KINDS OF GRAIN, manufactured the present senson, under the supervision of the advertiser, and now on hand at the Agricultural Works of W. M. Griffith & Co., (late B. Hoyle,) Martin's Perry, Belmont county, Ohio.

It is not necessary to advance any argument in favor of Drilling over broadcast sowing, as every farmer is alive to the fact that, besides lessening materially the labor of sowling, all experiments have demonstrated that a given amount of seed, planted with a drill, will yield 20 per cent. more grain than an equal quantity sown broadcast.

The fact that this drill is an article of home production, manufactured under the personal supervision of the inventor, and embracing all the improvements suggested by several years of actual experiment in the field in this vicinity, together with the general satisfaction which it has given wherever introduced, is deemed a sufficient recommendation to the consideration of perions desirous of a Drill combining the requisites of cheapness, efficiency and durability.
