Bul Streets .- We notice Main street, Centre Wheeling, is in a miserable condition, and sadly in need of repairs. The boulders, in many places, have been thrown up, and the thoroughfare is full of holes, making it the terror of all

Yesterday scemed like the advent of spring in earnest-just what we have been looking and longing for. The trost was going out of the ground, the spots of snow upon the house tops and distant hill sides grew small by degrees, and visions arose of buds and flowers, the songs of birds and verdure everywhere. Come, gentle Spring, ethereal millions come?

Prentice's Lecture To-Night .- Mr. Prentice having been detained by the snow storm in the east from reaching Washington in time to conpect with the Baltimore train, yesterday telegraphed that he would be here and lecture to ijight.

Let our readers bear in mind the great treat in store for them to-night at Washington Hall.

Pay Your Dues,-The Virginia Riflemen have adopted a rather unusual mode of bringing up such members of the company as are in arrears. The accounts of all those members who have not paid up, have been made out and placed in the hands of city Aldermen for collection. We are anxious to see how this arrangement works, as it will establish an important precedent.

Mind your Hydrants .- Mr. John Robinson, of the City Hotel, was up before Ald. Wright, yesterday afternoon, charged with "unnecessa rily allowing the water to flow from his hy drant," in violation of the ordinance prohibiting and making punishable such offences. Judgment was deferred in the case, though the charge was not denied, the defendant contending that it was necessary to let the water flow to keep it from freezing, in which event, he would have to pay his water rent the same ble by tine.

Squatter Socereignty .- Some time during night before last, a steamboat watchman dis- are still at the McLure House. covered a suspicious looking character prowling around the lower deck of one of the steamers lying up at the landing. The watchman secured a concealed stand point from whence he could observe the movements of his nocturnal mattl-tt visitor. The suspicious character walked about on tip toe, turning over boxes and barrels in search of something valuable and portable, but found nothing to suit him until coming upon a lot of champagne baskets, the rascal proceeded to shoulder one. The Kingwood Tunnel Affair-Justice to all ALBERT L. WEBE. Parties .- Semewhere about the 14th of last month, we published an article, upon what General Commission Merchants we considered reliable authority, stating that on the 14th of that month, a man named Matlick. who had been employed to convey the corpse of a deceased laborer to the burying ground near Kingwood Tunnel, on the Baltimore and Ohio Railroad, was beaten to death by some Irish-Railroad, was beaten to death by some Irishmen in attendance at the funeral. > CURE THE LIVER.-There is an article selling throughou the country that has attained the widest celebrity ever known as a remedy for Liver Complaints. We have reference to Dr. Sanford's Invigorator, or Liver Remedy, that has performed cures almost too great to believe, were it not for the undoubted evidence that accompany the testimonials. It is, in truth, the greatest remedy known for Dyspepsia, Jaundice, or a general debility that so often baffles the

cill of our most eminent physicians.

Dr. Sanford has been for a long time one of the most eminent physicians of New York, and it is said, most of his cases were treated with the Invigorator with such invariable success that he has been induced to offer it as a family nedicine, and let the world have the benefit his discovery. If those who are troubled with debility, headache, langous, or slow, lingering ever will try a bottle, we think they might save physicians's bills, and days, perhaps years of suffering .- Ohio Statesma

AGE AND DEBILITY .- As old age comes creepng on, it brings with it many attendant infirmties. Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy. In cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until Barhare's Holland Bitters were known and used .--In every case where they have been employed, they have invariably given strength and restored the appetite. They have become a great agent for this alone, and are used by many people who are suffering from loss of appetite and general debillity. In cases of long standing thronic diseases, they act as a charm, invigorating the system, thus giving nature another op-portunity to repair physical injuries. See advertisement in another column
