Delaying long; delay no more. What stays thee from the clouded noons, Thy sweetness from its proper place? Can trouble live with April days, Or sadness in the summer moons?

Bring orchis, bring the fox-glove spire,

The little speedwell's darling blue, Deep tulips dashed with fiery dew, Laburnums, dropping wells of fire. O thou, new year, delaying long, Delayest the sorrow in my blood, That longs to burst a frozen bud, nd flood a fresher throat with song

Now fades the last long streak of snow; New burgeons every maze of quick About the flowering squares, and thick By ashen roots the violets blow.

Now rings the woodland loud and long, The distance takes a lovelier hue,
And drowned in yonder living blue
The lark becomes a sightless song. Now dance the lights on lawn and lea,

The flocks are whiter down the vale, And milkier every milky sail On winding stream or distant seaf Where now the seamew pipes, or dives

In yonder greening gleam, and fly
The happy birds, that change their sky
To build and brood, that live their lives From land to land; and in my breast

Spring wakens too; and my regret Becomes an April violet, And buds and blossoms like the rest.

CASES AND CURES.

CASES AND CURES.

DYSPERSIA:

A young lady of 26 had been troubled with indigestion for several months, so as to render great eare necessary in the selection of her food. After esting, the stomach became acid, food rising in her month with water, and an unpleasant, heavy, load-like sensation in her stomach, continuing for rowe hours, frequent headaches, bowels constinated and a depressed mental condition. See commenced taking the Dyspensia Pills, one moraling and night, and in less than a week almost e-cry symptom of her disease had vanished, and she felt like a new being.

A gentleman somewhat advanced in years, strong, robust constitution, had lately been a good deal affected with indication, weak stomach, coated tongue, had taste in the mothered, so much so as to render his riding in a carriage, or even mounting an eminence, quite dangerous. After trying several things ineffectually, he fell inport the Dyspensia Pills, which afforded prompt relief. A pill every night and morning works like a charm, relieving all his vertigo and other unpleasant symptems.

COUGHS AND COLDS.

A gentleman, a public lecturer, took a severe cold the latter part of last month, while traveling and lecturing in northern Poinssylvania, though addressing public audience every evening; yet in two days, by the aid of the Specific he was entirely recovered, and enabled to pursue his calling without inconvenience. No public speaker should be without them.

ing without inconvenience. No public speaker should be without them. A married lady of 40 had taken a violent cold, which set thed on her lungs, causing severe cough, pain in the side an considerable fever and ho resenses. Such colds were usually very lasting and troublesome; but by taking the Specific Cough Pils, four times per day, in three days she was entirely well.

irels well.

A young man of 22 had a cough and hoarseness for fifteer
nonths. During cold weather his voice was lost so as only
peak in whispers, pain induced on coughing, cold dry o speak in whispers, prin induced on coughing, cold dry or raising only a tribute the morning, quite feeble and emaded. Havitaken several medicines with but little or no mendit. He commenced with the Cough Pilis—one pill three inners per day—and soon found himself improving, himough millier and softer, hourseness passed off, stearth and appetite improved, and in a few weeks was entirely well aving taken no other medicine.

PILES. A clergyman of the Baptist Church, well known in Illinois writing to us, mark: "I have been for some those seriousle afflicted with bleeding piles; and have regarded my case as a sever one—at one time, indeed, hopeless; but I have used nour medicine (File Specific), and am cured. I have no loubt you are laying the world under great and lasting shigming."

doubt you are laying the world under great and lasting obligation."
A gentleman of fifty years, well and favorably known at Celhi, Delaware country New-York, had been a marty to the pilles for twentry years. Sometimes from excessive hemorphase, pain and suffering, he was reduced to the verze of the grave. For years he had dragged out a miserable existence, a confirmed invalid, disqualided for any business, and life almost a burden. It is need as to add that he had tried all sorts of room tiles, from all sorts of doctors, to little purpose. He consulted me two years age, and I recommended our Pile Specific, with, occasionally, a Dyspepsia Pill—Promithis he becam to improve, and since has never had serious turn of piles. From the first month up to a year part he had occasionally aymptoms of his old compilainty but a few doses of the Pile Pile would disperse it all, and for more than a year part he has been entirely well of the piles. A more brilliant cure is exacrely to be found in the annals of medicine.
