FAIRVIEW

Silver Medal Contest.

The ladies of the W. C. T. U. did themselves proud by the admirable way in which they rendered their program at the M. E. church South last Friday evening. They had four young lady ushers: Misses Williams, Wilt, Reardon and Martin. In addition to some excellent music and singing the four little young ladies who contested for the silver medal helped to spice an evening of delightful entertainment. Misses Estella Mayfield, Gredie Tennant, Mildred Hutchinson and Frankie Chalfant were the competitors for the prize, and each of them gave evidence of remarkable talent in elocutionary art.

The pretty and vivacious little Miss who scored the honor was Miss Mildred Hutchinson, whose topic "Result of Treating," was masterfully presented. She possessed the grace of manner and command of voice that some professional elocutionists might envy. Still, the other ladies attained a high grade of excellence, and were showered with compliments.

Among other notable features of the occasion was the happy effort of ye fellow townsman, George Morrow, who presented the medal. There was the pitch and point in his remarks that argued he might make an effective campaign "on the hustlings," though he disclaimed any ability as an orator. We would suggest that he try his hand in this new field.

The quartet, "Wine is a Mockery," by Messrs. C. D. Yost, Scott Reed, Mrs. C. D. Yost and Miss Sallie Martin helped to punctuate the occasion. Messrs. Bennett, Batson, McChesney and Reed thumbed skillfully the guitar and mandolins, evoking symphonies that delighted the auditors. A nice little sum of \$25.70 goes to swell the purse of that society of works, the W. C. T. U.

The services at the M. E. church South, next Sabbath are as follows: Sabbath School from 9:30 to 10:30; Morning service at 10:30; Theme of sermon by pastor "Bridling the Tongue." "The Trial of Christ." Let many people take advantage of the services and be present. Rev. Reid will baptize by immersion three persons on Sabbath afternoon, at 1:30. The ceremony will be performed near the South Penn water station.

CITY OFFICES

WILL LIKELY BE MOVED INTO THE BASEMENT OF THE COURT-HOUSE—REAL ESTATE COMMITTEE IS AT WORK.

It is the intention of the City Council to remove the city offices from the Smith-McKinney building to the basement of the Court-house. For several years the people have been asking why the city did not have its offices there, and it is likely that they will be ordered moved there at the meeting Tuesday evening. This morning the Real Estate committee inspected the vacant rooms in the basement of the Court-house, and will report at the next meeting. The Court-house is the proper place for the city offices. It is the place that people naturally expect to find them.
