

## STRIKERS FIRED ON MINERS IN CABIN CREEK

WERE ANGERED AT REFUSAL TO JOIN IN FURTHER LABOR TROUBLE.

ATTACKING FORCE RECOGNIZED AND WARRANTS ARE ISSUED FOR ARREST.

CIVIL LAW WILL BE ENFORCED

GOV. HATFIELD DECLINES TO INTERFERE UNTIL OTHER RESOURCES EXHAUSTED.

(BY ASSOCIATED PRESS)  
CHARLESTON, July 8.—That the shooting at Ohley on Cabin Creek was the act of strikers from other mines is the statement made by the superintendent of the Cabin Creek Consolidation Coal Company at Ohley this morning.

The men who were fired on by strikers last evening have sworn out warrants for six strikers and other warrants will be issued during the day. No inking as to the names of the men for whom the warrants were issued would be given this morning, but the statement was made that many of the attacking force was recognized by the men who had declined to go on strike.

Gov. Hatfield has called the attention of the civil officials to the law and that they must first use every effort to suppress the rioting before coming to him. He points out that they have the power to call on any person to assist in doing so and the failure of such person or persons to respond places them among the rioters.

Strikers Number 150.  
Flooding such as made life and property in the Cabin and Paint Creek coal fields unsafe for more than a year past broke out anew last night when persons, presumably strikers, numbering about 150, hidden in the thickly wooded hillsides, opened fire with rifles upon the mining camp of the Cabin Creek Consolidated Coal Company at Ohley on Cabin Creek. The firing started about 4 o'clock, when some of the miners who refused to obey the strike call were leaving the mine at the end of their day's work.

Two miners whose names were not given out are reported missing by Superintendent Harry Davis. Sheriff H. H. Hill was notified of the shooting and held a hurried conference with Gov. Hatfield. The sheriff was advised to consult with Judge Henry K. Black of the Intermediate Court and Judge Samuel D. Littlepage of the Kanawha Circuit Court, since it is the duty of those officers under the law to attempt to handle the situation before calling upon the governor for assistance.

## Court Halts Bond Sale

HUNTINGTON, July 8.—Sharing the Board of City Commissioners with fraudulently abusing their powers as public officials, injunction proceedings were instituted in the Circuit Court today to enjoin the sale of a bond issue of \$200,000 a few hours before the city commissioners were to sell the bonds. A temporary injunction was awarded and the sale of the bonds withheld pending the outcome of the proceedings.

The city attorneys, representing a large number of taxpayers, charge that the commissioners caused the issuance of bonds without providing for a sufficient tax to insure the payment of accrued interest and without providing a sinking fund to liquidate the bonds.

It is also alleged that the election at which the bond issue was ratified was illegal and fraudulent.

## POLITICS NOT BENEATH GENTLEMAN, SAYS FAMOUS EDUCATOR.

NEW YORK, July 8.—Professor William Macdonald, of Brown University, in an address on "An Aristocracy in a Democracy" before the meeting of the Rhode Island Society of the Cincinnati, surprised the members of the society with some of his statements. He said:  
"The United States is the only country in the entire world in which politics is not considered a fit occupation for a gentleman. Before the Civil war men of culture, wealth and position were conspicuous figures in the public life of the nation. Following that struggle men of indifferent character and no culture were the dominating figures in national life, but at present there seem to be signs of a return to the better conditions."

## Duff Bribery Trial Is On

(BY ASSOCIATED PRESS)  
WEST VIRGINIA, July 8.—Before Judge William S. O'Brien in the Webster county Circuit Court, Rath Duff, member of the West Virginia legislature from Jackson county was arraigned today on the charge of accepting a bribe to influence his vote on the election of a United States Senator last winter.

Delegate Duff is charged in three indictments with having sold his vote to G. B. Biddinger, a detective who entrapped Duff together with six other members of the legislature.  
Practically the entire day will be consumed in the selection of a jury to try Duff.

SHE WANTS \$25,000 FOR SLANDER BALM.  
HUNTINGTON, W. Va., July 8.—A sensation was caused here today by the filing of a damage suit for \$25,000 by Miss Mary Flaherty, a young society girl, against Joseph S. Fields, a prominent business man. Miss Flaherty alleges that Fields made slanderous remarks concerning her moral character.

## McAdoo Says Pittsburgh's Banking Condition Sound.

WASHINGTON, D. C., July 8.—The general banking condition in Pittsburgh is sound and no further trouble with banks in that city is expected.  
This is the optimistic view taken by William G. McAdoo, secretary of the treasury, in discussing the closing of the First-Second National Bank. Secretary McAdoo takes the view that while the depositors generally will suffer inconvenience through the closing of the bank's doors, it will be later proved that the steps taken were in the interest of all depositors.

## Carmen May Strike Today

HUNTINGTON, July 8.—It appeared certain that a strike of the conductors and motormen of the Ohio Valley Railway Company will be called today.  
Officials of the company refused to grant recognition of the union. Although they have indicated that they would be willing to grant a slight wage increase and other concessions if the men would forego recognition of the union. The union leaders have refused to make any contract which did not include union recognition, and a referendum vote which was taken among the employes is said to favor an immediate strike.

BRYAN HEARS JAPANESE.  
WASHINGTON, July 8.—Scrutiny Elara, venerable Japanese statesman and organizer of the Japanese-American Peace Society, called on Secretary Bryan at the state department today and renewed an acquaintance formed when the secretary was in Japan eight years ago. ## SLAUGHTER AND CARNAGE RAGE IN THE BALKANS

MORE THAN 25,000 DEAD IN THE STRUGGLE BETWEEN BULGARS AND SERBS.

WOMEN AND CHILDREN FLEE HOMES WHILE THOUSANDS FACE STARVATION.

EUROPEAN POWERS WILL NOT INTERFERE—TURKEY MAY SEIZE CHANCE.

LONDON, July 8.—Reports of the Balkan conflict reaching here today continued to be hopelessly contradictory as to whether Serbia was victorious over the Bulgarians, or the forces of King Peter were being driven back. It was the general belief, however, that the Bulgarians were gradually forcing both the Servians and Greeks back, but not without the most bitter fighting. The battles have been marked by hand-to-hand conflict, in which bayonets were used as sabers, and at such close quarters that the troops resorted to clubbing each other with the butts of their rifles.

It is estimated that the fight covers an area of 5,000 square miles. One report is that the Bulgarian losses were 20,000 killed and wounded, and the Servians 15,000. More than 100,000 non-combatants have fled from their homes and are in danger of starving. Scores of villages have been destroyed.

Rupture Is Complete.  
Diplomatic relations have now been completely broken off by all Balkan States. The Bulgarian Minister has left Belgrade, completing the rupture. The Servian Minister left Sofia.

Advices from Belgrade today declared that the Servians had recaptured Kivoliak. The Bulgarians were routed with heavy losses, it was stated.  
The Bulgarian War Office claims a great victory over the Greek army as a result of a successful maneuver by Gen. Ivanoff, which resulted in the routing of the entire force of 80,000 men in the Greek line, extending from Nigrita to Amborkoi.

Serbs Retreat Cut.  
The most important news from the seat of war today is the report, confirmed from Sofia, of the appearance of a large Bulgarian force at Vratia, threatening the Serbian line of retreat.

## Find Body of Girl In Lake Sweetheart Is Suspected

WILKES-BARRE, Pa., July 8.—Cottagers at Harvey's Lake today found the body of Miss Alice Crispell, aged 19, floating on the lake and the countryside is aroused over what is believed to be a murder.

County officials have arrested Herbert Johns, aged 24, of this city, a foot-tender in the mines, and he will be held for the coroner's inquest. Johns has been a sweetheart of the girl for two years.

The body came to the surface near a boat landing on the lake front, where she was last seen alive, the night of July 4.  
Mr. and Mrs. Crispell, parents of the girl, believed that she was visiting relatives in Wilkes-Barre and there was no alarm when she did not return home. After her body was found an investigation was started. Mrs. Adelaide Ross, sister of the girl, remembered seeing her at the lake the Fourth of July with Johns and several others. Miss Stella Only, a friend saw her at 10:30 o'clock the same night with Johns, near the spot where her body was found.

## Blood To Save Brother Vain

BALTIMORE, July 8.—Following 22 days of continual bleeding from the gums, Ernest Shema, aged 26 of Baltimore, was taken to Johns Hopkins Hospital this morning and submitted to an operation for transfusion of blood. His brother, Joseph Shema, a civil engineer of the Pennsylvania Railroad at Pittsburgh, arrived here Saturday to give his blood to save Ernest's life. By the time the operation was half over, however, Ernest died. An hour after the operation Joseph was told of his brother's death and collapsed but was later revived.  
A large vein in Joseph's right arm was opened and one in Ernest's left arm and a tube connected the two. Joseph was blindfolded and then the blood was allowed to flow. A half hour afterward, Ernest died and was removed from the operating table so quietly that Joseph did not know it.

## PERFUMED PIG SLEEPS WITH SOCIETY MATRON

DENVER, July 8.—Mrs. Whitney Newton, a well known Denver society matron, has a new pet—a baby pig.

Young Robert Newton brought home the shoat a few evenings ago. He was much entertained by the antics of the animal and all went well until he wished to attend a dance. A maid cared for it that evening until midnight, when she turned it over to her mistress.

Mrs. Newton took the shoat into her arms and tried to make it comfortable, but without success. Finally she got a fine piece of hemstitched linen, embroidered with blue flowers, wrapped it gently about the pig, then laid him cautiously upon upon the downy pillow beside her own.

Piggy gave a satisfied little snuck, doubled up his feet and went off to sleep happy. The cunning act won Mrs. Newton's heart. His white skin is washed and combed and perfumed and he sleeps in a downy bed every night besides his mistress. He also eats from a silver spoon.

## Big Railroad Strike Feared

NEW YORK, July 8.—Ninety four per cent of the Brotherhood of Railroad Trainmen and Order of Railway Conductors, out of seventy thousand, participating in the strike vote, in the wage dispute with fifty-one eastern railroads are in favor of a strike. This was announced at a conference here today.  
The Erie Railroad announced its withdrawal from the proceedings, stating it would be unable to meet any advance in wages. This practically invites a strike.

## Says It Was First Kiss

PRETTY GIRL REBELS BECAUSE IT WAS PLANTED BY A "LOONY FACED" MAN.  
CHICAGO, July 8.—Miss Alice Walsh, whose saucy retorts to the chaffing of guests parrotizing the newsstand at the Auditorium Hotel have won her the sobriquet of "Breezy Alice," was arranging her papers and magazines today when she noticed what she calls a "loony faced" man staring at her. She said it was the funniest face she ever saw and she stared back in amazement.

She crossed the lobby to get change from the cashier. Midway she was seized by two strong arms. Then a kiss was planted firmly on her lips. She yelled and tore away. The "loony faced" man sprinted down the corridor with Miss Walsh, the cashier, a porter and two bell boys in full cry behind. He escaped by bounding through the barroom into Congress street.

"The first time, and that is true," Miss Walsh indignantly declared. "The very first and by a man with a face like that!"  
Before turning on the gas the woman had tied a cord around her neck and had secured it to the tube to hold it in place. The suicide apparently was about 30 years old.

## Tires of Wife

RICH MAN TAKES LONG TRIP PHONES "I'M DONE WITH WEDDED BLISS."

TRENTON, N. J., July 8.—A divorce is recommended for Mrs. Elizabeth Heilmeyer, daughter of Michael Smith, of Hoboken, from her husband, Robert T. Heilmeyer, head of the leather concern of R. Neuman & Co., of New York, in the report of the Master in Chancery here, filed today.  
According to the report, Heilmeyer came home one night in 1909 saying he was going to Europe the next morning in a sailing vessel. His wife wanted to go to, but he refused to allow her. He was gone four months and on his return he was tired of married life and was not coming back to her. The wife says she saw him many times at a New York hotel with Mrs. Edna Maer Alexander, and she named Mrs. Alexander in the suit. Mrs. Heilmeyer had the evidence of Frank J. Alexander, husband of the woman named, who testified that he had gotten the evidence which resulted favorably in his divorce suit.

## PITTSBURG IS NOT DISTURBED OVER FAILURE

NO INDICATION OF ANXIETY OVER SUSPENSION OF THE FIRST-SECOND BANK.

(BY ASSOCIATED PRESS)  
PITTSBURGH, July 8.—When the day opened in the Pittsburgh banking district today there was little to indicate that there had been a day of anxiety and excitement in the financial world because of the failure of the First-Second National Bank of Pittsburgh, and the First National Bank of McKeesport yesterday, and the appointment of receivers for W. S. and J. S. Kuhn, incorporated, and the American Water Works and Guaranty Company.

The run on the Pittsburgh bank for savings started yesterday, was resumed today. Depositors were paid fifty dollars at once and notices of thirty, sixty and ninety days were required for larger amounts.  
Kuhns Resigned Presidency.

PITTSBURGH, Pa., July 8.—J. S. and W. S. Kuhn today resigned as president and vice president respectively of the Pittsburgh Bank for Savings against which a run is being directed. Officers immediately elected to take charge of the bank are: W. J. Jones, president; L. M. Plumer, vice president; A. N. Coetley, secretary and treasurer. The comptroller of currency today formally closed the First Bank of McKeesport.

Will Pay in Full.

WASHINGTON, July 8.—John S. Williams, assistant secretary of the Treasury, who represented Secretary McAdoo at the closing of the Pittsburgh First-Second National Bank today declared that the institution had been "seriously mismanaged and the extent of the mismanagement would be determined by the Department of Justice." It developed today that the Treasury Department yesterday offered the solvent Pittsburgh bank five million dollars of government deposits to meet any emergency but the offer was declined because that bank was in a position to meet the situation. The entire capital and surplus of the First-Second National bank amounting to five million five hundred thousand had probably been wiped out but officers of the bank have assured the government that depositors will be paid in full or nearly in full.

## Young and Pretty Woman Ends Life In Chicago Hotel

CHICAGO, July 8.—A woman of attractive appearance was found dead in a North Side hotel today with the end of a rubber gas tube in her mouth. The police are searching for a man who disappeared from the hotel last night after registering with the woman as "Mr. and Mrs. Smith."

There was found a letter addressed to Mrs. J. H. Chatham, Toledo, O., care general delivery. It was from Mrs. J. L. Labeidger, 1414 Ninth avenue, Nashville, Tenn., who evidently was a sister of Mrs. Chatham.  
Before turning on the gas the woman had tied a cord around her neck and had secured it to the tube to hold it in place. The suicide apparently was about 30 years old.

## Hobble Nearly Cost Her Life

TIGHT SKIRT PREVENTED GIRL FROM SWIMMING WHEN SHE FELL OVERBOARD.

PHILADELPHIA, July 8.—That a hobble skirt simply cannot be used for a bathing suit is the claim today of Miss Amelia Sparks Douglas, an expert swimmer. This positive statement was made when the young lady returned from a cruise on the Chesapeake Bay with a party of the younger set on the yacht Marguerite II, during which she was cast into the water with just such a dress on and had to be rescued by Alfred Carlledge, Jr., son of Commodore Carlledge, of the Keystone Yacht Club, and incidentally owner of the yacht. At the time of the unusual accident, Miss Douglas was gazing intently over the side of the yacht. She forgot that she was holding a valuable pocketbook, a gift of a dear friend, and dropped it. She leaned far over the side to look for it and tumbled in.  
Carlledge, fully dressed, plunged in after the unfortunate Miss Douglas. Her hobble skirt prohibited her from swimming and the task of rescue was rather difficult.

## NEWLY WEDS TOOK POISON; MAY SURVIVE.

(By Associated Press.)  
ENGLEWOOD, N. J., July 8.—Physicians at the Underwood hospital were hopeful today for the ultimate recovery of John Pelpowitz, and the young woman he says is his bride, both of whom are suffering from a slow poison taken yesterday with suicidal intent.

They were despondent because the young man's father had cut off his allowance and fearful of separation. The girl bride says she was Barbara M. Ackerman, of Baltimore, before her marriage.

## Rabbi Flays Hasty Divorce

ATLANTIC CITY, N. J., July 8.—Remorse, if given opportunity, will minimize the divorce evil, according to the Rev. J. Leonard Levy, of Pittsburgh, in a special letter read today before the final session of the Central Conference of American Rabbi's convention here. The letter dealt with the question of "Modern Marriage and Divorce Laws."

"What is needed is a cooling period," the writer declared. "This should start on the day the final testimony in a divorce action is taken. It should continue three months, with the court ruling that neither principal shall remarry during that time. Then let the final decree hinge on the impossibility of reconciliation. The reduction of the divorce evil will be startling."

"I firmly believe that divorce is all right when properly used. All couples should have the right to be legally put asunder when immorality or other causes have caused them to cease to respect one another. This is especially true where there are children in the house."

## GIRLS ELIMINATED FROM "SPANKING CLASS."

SACRAMENTO, July 8.—Beginning with the new school term in Sacramento it will be mighty fine to be a girl. The city superintendent of schools has formulated a new rule which exempts girls from spanking and subjects boys to the "ruler sting" up to the time they are ready for entrance into high school. The same rule provides that boys when they go to the high school shall have graduated from the "spanking class" as well as the elementary schools.

## Some Chicks These!

Lizard, Horned Toad and Whistling Buoy in Mixture.

EVERETT, Wash., July 8.—Sigwortel, a poultry fancier, is the possessor of three barnyard freaks, hatched within ten days, and is wondering what new creation his chickens will spring on him. He defies even Winsted, Conn., to beat the following combination:  
A White Leghorn hen hatched one chick which runs about as naked as a lizard. A Rhode Island chick has a well defined horn, protruding from near the tip of its beak.  
Another chick refuses to "peep" as a proper chick should and takes great delight in its talent for whistling. It will stand apart from its mates and whistle a distinct note, lasting about twelve seconds.

## Tired of Hiking

SUGGRAGIST ARMY WILL NOW STORM CAPITAL IN AUTOS FOR VOTES.

WASHINGTON, D. C., July 8.—Suffragists have grown tired of hiking, so their latest exploit will be a descent upon the Capital in motor cars on July 31. Plans are in preparation today for the event. They're going to run "up on the hill" to give Congressmen to see that a constitutional amendment granting the vote to women is submitted to the States for ratification at this session.  
Delegates from every State will gather at Hyattsville, Md., eight miles from Washington, on the morning of July 31, and, entering the city, parade, flags flying, to the capitol.  
Mr. Cleve Snider is ill with typhoid fever at his home in this city.

## LAUTERBACH ADMITS HE IS LIAR IN PROBE

RETRACTS THAT DEMOCRATS WERE OPPOSED TO STEEL TRUST INQUIRY.

STATEMENT THAT TAFT WAS ALSO AGAINST INVESTIGATION ALSO UNTRUE.

## SQUIRMS WHEN HARD PRESSED

REVEALS "PAYING CONNECTIONS" WITH LAMAR THE "WOLF OF WALL STREET."

WASHINGTON, D. C., July 8.—Criminal prosecution of those concerned in the impetration of Congressmen in connection with Wall street's lobby, is to be sought if the Senate lobby is to be committed to the committee for, said Edward Lauterbach, New York lawyer, publicly to waive immunity before it would permit him to continue his story of his relations with David Lamar, the "wolf of Wall street."  
Lauterbach had an unpleasant time on the stand under a fierce onslaught of questions from Senator Reed, of Missouri. He was forced to say that he lied when he told William Cass Ledyard, of J. P. Morgan & Co., that he had investigated the sentiment of the Democrats in Washington and knew they were opposed to any real investigation of the steel trust.  
He was forced also to admit he lied when he told Charles Steele, of Morgan & Co., that he "could answer with authority that President Taft was opposed to the steel inquiry."  
Contradicts Himself.  
Lauterbach was grilled to such an extent that he became much confused and frequently contradicted himself. The committee established that he has been in almost constant communication with David Lamar, and since Lamar testified he had conferred with him.  
Lauterbach read his original testimony in which he had explained to the committee that in all his interviews with Ledyard and representatives of Morgan & Co. he had only one object in view—regaining of the good graces of professional reasons, of Morgan & Co. He then denied again he knew anything of Lamar's telephonic impersonations of public men.  
"Mr. Lamar was my friend," he said, "and I realized I had lost my entire law practice because of his friendship for me. But I knew he was honest."  
Had Rogers as Client.  
"Mr. Lamar had done many honorable things for me. He got Mr. Rogers (H. H.), of Standard Oil fame, to be my personal client and I did many big things for Mr. Rogers as a result, notably preventing the Guggenheims taking the American Smelting Co. under their control in their own way."  
"On Feb. 8 I met Mr. Ledyard, and his story of that first meeting is substantially correct."  
Lauterbach denied, however, that he had admitted to Ledyard that David Lamar was a "blackmailer."  
"I left Ledyard on Feb. 6 with an

## Woman on Job Nabs Thieves

CURIOSITY AT KEYHOLE LEADS TO RECOVERY OF \$50,000 IN GEMS.

LONG BRANCH, N. E., July 8.—It was a woman's curiosity that led to the recovery yesterday of most of the \$50,000 worth of jewels which were stolen on the evening of July 2 from the home here of Harry L. Haas, a New York lawyer. It is learned that the arrest of James McIntyre and H. Rhind in Greenwich, Conn., yesterday as the alleged principals in the robbery was the result of detective work on the part of Mrs. Eugene Scott, in whose home at Greenwich, Rhind, who was employed as a nurse in a sanitarium at Greenwich, took rooms.  
McIntyre visited Rhind and the lady's curiosity was such that she listened while the men were talking in Rhind's room and heard them discussing the disposition of some jewels. The police recovered from a satchel in the possession of the two men practically all the jewels and while McIntyre is alleged to have confessed, Rhind denied that he had anything to do with the robbery. He is a teacher of wrestling and fought desperately with the police before they overpowered him. Assertions by McIntyre that Mary Kruger, the 17-year-old maid employed at the Haas home, to whom he was engaged, had packed the jewels ready for the robbery, led to the young woman's arrest here late last night.
