BLOOD POISON

HAVE YOU

THE GOOD IT WILL DO SAN ANTONIO.

Advantage of Having a Railroad
to Brownsville.

Work of Raising the Bonus Asked
of San Antonio by the Texas
Air Line Company to Begin
Today.

San Antonio Express.

Active work in behalf of the
Texas air line's proposed road
to Brownsville will begin to-
day, and by to-morrow morn-
ing all the citizens' committees
will be actively engaged in
raising the bonus required of
this city.

A meeting of the members of
the committee and officers of
the road was held yesterday af-
ternoon and a plan of work
mapped out, which it is believ-
ed will result in the required
amount being raised within a
short time.

It has been decided to issue
a brief prospectus of the road
which will be issued to-day and
circulated among the business
men of the city. This prospec-
tus will deal directly with the
benefits San Antonio will derive
from the building of the road,
which in substance are as fol-
lows:

"Of the many projects that
have been submitted to San
Antonio for consideration in re-
cent years, none have appealed
so strongly to the business
community as that contemplat-
ing railroad connection with
Brownsville. It is a proposition
which has met with undivided
favor on every side and the
consummation of which has
ever been regarded as one of
the most important factors of
development affecting the wel-
fare of this city.

"By right of geographical
location San Antonio is natu-
rally the commercial center of
that splendid, undeveloped ter-
ritory which will be traversed
by such a road as is now pro-
posed. Not only does it mean
a connecting link between this
city and Brownsville, but also
that the wonderful resources of
Mexico shall be reached by
feeders and an immense benefit
must necessarily follow.

"It is needless to enter into
a discussion of the gain in
trade which will come through
railroad connection with lines
piercing the rich States of Tam-
aulipas and Nuevo Leon as well
as that proposed to Tampico.

"More immediately, the de-
velopment consequent to the
building of the proposed line
through the counties of Bexar,
Atascosa, McMullen, Starr, Hi-
dalgo, Duval and Cameron will
be so material and far reach-
ing in effect that San Antonio
will be made a rich beneficiary
in innumerable ways.

"The time is now ripe for the
consideration of this most im-
portant project, and if San An-
tonio fails to take prompt ac-
tion there may arise the dan-
ger of a rival city reaching out
and securing this much covet-
ed commercial prize.

That the building of this

road will prove but an initial
step in the direction of railroad
building there is not much
doubt. It will invite an outlet
on the north, or several of
them. It will mean a stimulus
to every industry and every in-
terest of the city and will cer-
tainly attract the attention of
outside capital.

"The Chicago, St. Louis &
Texas Air Line Company have
been quietly at work for several
months and have made very
gratifying progress. The char-
ter for the line has been secur-
ed and \$40,000 of the capital
stock paid in. The final sur-
vey has been completed to a
point within sixty miles of
Brownsville. Right of way
has been secured nearly all
along the line and the efforts
of the company have been sec-
onded with the most cordial
support at all points visited.
Substantial aid has been free-
ly offered and it only remains
for San Antonio to do her part
in order to make the enterprise
a success.

"The proposal to this city is
one of the most liberal ever
made. The company offers to
locate shops here and make
headquarters in this city and
asks for a subscription of
\$150,000, payable in eleven
payments, each conditioned
upon the building and opera-
tion of twenty-five miles of
road, work to be commenced
on this end of the line. No
cash payment is involved in
advance, and this is the strong-
est possible evidence of the
good faith of the company, and
their confidence in being able
to carry out what they under-
take. It is certainly a safe
proposition for San Antonio and
she cannot afford to reject it."

New Orleans, Sept. 7.—The
board of health tonight an-
nounced that several suspi-
cious cases had been investi-
gated during the day and had
been found to be nothing like
yellow fever. The Orleans
Parish Medical society tonight
also gave assurance to the
same effect.
