A parachute was seen this morning sailing over Brownsville apparently at a great height above the earth. Doubtless it had escaped from some carnival company somewhere in the interior, but where it came from no one could tell. It apparently descended somewhere in the rear of Fort Brown, or possibly on the other side of the river below Matamoros.

The pretty cottage which is being erected by Dr. F. J. Combe on the corner of St. Charles and 10th streets is now nearly completed. It will make a most desirable addition to the residences for rent in this city. Dr. Combe is also making arrangements to build three more rent cottages on the block facing St. Joseph's college on Levee street, which will considerably relieve the present scarcity of dwellings for rent here. The demand for such an enterprise is shown by the fact that the doctor has already secured renters for all of these houses in advance of their construction.

The Washington Park improvement fund was increased by the addition of \$10.40, which was donated to the fund by the dramatic company that played at the park Sunday night. The company had agreed to donate ten per cent of its proceeds to the city for the park fund for the privilege of erecting its tent in the park.
