### Usk News

Mrs. Jennie Foley has released the Usk Hotel to H. Broadwell, who will hereafter have full charge. Mrs. Foley will take charge of a dining room in Spirit Lake, Idaho. Mrs. Jennings, who has been associated with Mrs. Foley, has taken charge of a restaurant at Metaline Falls. Both ladies thoroughly understand conducting hotels and should succeed wherever they go.

H. Broadwell was a Newport visitor this week.

Wm. McClure has sold his farm to a Mr. Latimer, of Spokane, the consideration being \$12000. Mr. McClure takes a residence valued at \$3500 as part payment. The residence is located on Thirty-third avenue, Spokane.

E. Oppenheimer, of Chewelah, who owns a 160-acre farm about two miles west of Usk, was in town Sunday looking after his interests. Mr. Oppenheimer was rather unfortunate, as he had his land leased and only part of the crop was taken care of. This again brings to the public's attention the matter of having land owners live on their farms, instead of leasing them and losing part of their crops.

Jones Bros., of Lost Creek, are loading out a car of poles this week for eastern markets.

Mr. Wegner, of the F. B. Grinnell Co., of Spokane, was in town Monday on business.

The Calispell lake has frozen over during the last few days, and has practically put a stop to the duck shooting which has been going on during the last month, the ducks having mostly left for open water.

Dr. Foster and daughter, Mrs. E. L. Whittaker, were passengers on the southbound train Monday.

A meeting is called by the directors of Diking District No. 2 for Tuesday. The object of the meeting is to transact all business that may come before the meeting, and for the election of new commissioners for the next year. The new oil of a cheaper grade was given a trial last week in the pumping plant of the diking district and was found to be very satisfactory. This will reduce the cost of pumping one-half.

P. H. Sullivan, of Locke, was in town Tuesday. During his stay here he investigated a herd of milch cows that was reported for sale. He did not state whether he purchased the herd or not.

W. C. Sherwood has finished the cutting of the timber on the W. A. Cannon place, and will start hauling the logs as soon as there is sufficient snow. Berney has charge of the cutting crew.

Harding & Harding, the undertakers. Night and day. Phone 109.

### Penrith Notes

Members of Noble Grange, No. 494, at their regular meeting Saturday, Nov. 23, showed their appreciation of a good Master by re-electing to that office L. B. Alley. Brother Alley is a wide-awake young Granger and a good presiding officer, who rules with impartiality and reprimands with justice.

We are glad to welcome the return to Penrith of our old friends and neighbors, Mr. and Mrs. Charles Hepe and Miss Teeter, who left our midst a few months ago to make a home in Canada. Mr. Hepe says of Canada: "Seasons too short; too much frost, although the soil is fine." Good soil cannot grow crops where Jack Frost makes it a point to visit every month. Mr. Hepe says Penrith is good enough for him, and so it goes. Moral, do not leave Pend Oreille county to go to Canada unless you have to.

W. L. Rickard and wife returned Friday, the 22nd, from Spokane, where they attended the National Grange. Mr. R. reports a very enjoyable and profitable visit, and says that the order is of far more import than he had imagined, and there are certainly some bright lights at the head. There was an eight-day session, and during that time a large volume of business was transacted. As everybody was busy, but little time was given over to pleasure and sightseeing.

### Blueslide

A party of 21 surprised Wm. Chilson on Saturday evening, it being his 63rd birthday. Refreshments were served and all report an enjoyable evening.

Elmer Arnold made a business trip to Jared, Monday.

Mrs. U. S. Anderson is expected home this week from a trip in the east, where she has been visiting friends and relatives for the past month.

John Stick returned from Ione Saturday.
