

THURSDAY, - - JULY 4, 1872.

The Labor Movement.

The present labor movement is spreading so rapidly, that it will soon have the whole country as its field of action.

St. Francis De Sales Academy.

Last Thursday was a gaily day at the St. Francis de Sales Academy, at nine o'clock in the morning a large audience assembled to witness the exhibition.

West Point.

The Ironton Register publishes the following from Gen. James R. McCormick.

It becomes my duty to nominate a cadet to the military school at West Point, who shall report for duty September 1, 1872.

Here is an excellent chance for any of our young men who are desirous of obtaining military education.

The jury in the United States court in case of the government against Messrs. Fowler, Hill & Williams, gave a verdict for plaintiff of \$300,000.

Cholera.

Dispatches from Constantinople, under date of the 13th, report that the cholera has appeared in Southern Russia.

Shocking Tragedy.

A tragical affair took place at half-past eight o'clock last night at a house of ill-fame, No. 117 Cedar street, kept by Lillie Rivers.

Our Railroads—Their Progress.

We learn from Maj. Mandeville, just up from the work on the Cairo & Fulton road, in Arkansas, that work is progressing with considerable energy.

Parties just down the road say that the iron will be laid to the bridge, four miles above town, by to-morrow evening.

Our Coming Crop.

The reports from all parts of our county come to us of the most cheering character in regard to the prospects of our coming crop.

The oat crop is said to be unusually large, and the grain of the best quality.

The largely increased tobacco crop is looking fine, and we are warranted in expecting a heavy yield.

Potatoes and all other vegetables, so necessary for man's comfort and health, are growing to perfection.

Our farmers are working with more energy than we have ever known them to do, and at the present writing we have never noticed fairer prospects for them to be fully repaid for their toil and trouble.

The Value of the Local Press.

By what mysterious influence men can so far overlook their social and pecuniary interests as to fail to patronize their local newspapers, no genius, human or diabolic will ever be able to comprehend.

A local paper should be the faithful chronicler of events of local interest, and, as such, must of necessity be valuable to the community in which it circulates.

The fact is, the local press is one of the elemental constitutions of a progressive civilization, and as such, is one of the necessities of the times.

An Item Every Man Should Read.

We have probably all of us met with instances in which a word heedlessly spoken against the reputation of a woman has been magnified by malicious minds, until the cloud has become dark enough to overshadow whole existence.

Never use a lady's name in an improper place, at an improper time, or in mixed company.

Never make any assertions that you think are untrue, or allusions that you feel that she herself would blush to hear.

When you meet men who do not scruple to make use of a woman's name in reckless and unprincipled manner run them, for they are the very worst members of the community—men fit to every sense of honor, every feeling of humanity.

Many a god woman's character has been ruined and her heart broken, by a lie manufactured by some villain and repeated where it should not have been, and in presence of those whose little judgment could not deter them from circulating the foul and bragging report.

Respect the name of a woman, for your mother and sisters are women, and as you would have their fair name untarnished at their lives unimpaired by the slacker's biting tongue, heed well thy own words may bring upon the mother, the sister, or the wife some fellow-creature.

An inebriated Democrat seated himself at the dinner table of one of our hotels a few days ago, and upon being accosted by a polite and gentlemanly waiter in attendance with the usual question.

"Beef steak, Pork steak," replied in a most emphatic manner, "I don't care a d—n; anything to beat Grant.—EX.

Mrs. B. H. Mathews, has a Catawba Grape vine, near her residence, three miles West of town, which is 14 years old, covers 625 square feet of ground, and bears grapes amounting to the market. (Salem Monitor)

Twelve Reasons Why Horace Greeley is "Unfit" for President.

- 1. Because he wears a broad-brimmed white hat.
2. Because he owns an old white overcoat.
3. Because he does not chew, smoke, or drink whiskey.
4. Because he was born poor, and had to work his way unaided.
5. Because he has received the degree of Doctor of Laws from Amherst College.
6. Because he never attended a dancing school, and is just as frank and unaffected in his manners as were those honest and patriotic Presidents, General Zachary Taylor and Abraham Lincoln.
7. Because he cannot be bribed or bought, or frightened into wearing a party yoke, or submitting to the crack of a party whip.
8. Because he hates political ring, and deals heavy blows against corruption alike in his own party and in that of his opponents.
9. Because he affiliates with the common masses, and defends the poor against the encroachments of the corrupt and selfish.
10. Because he does not feel bound to support a candidate for the presidency before he is nominated.
11. Because, being himself nominated by the unbiased suffrage of a large and patriotic convention, he does not refuse in advance to receive the support of Democrats who think him honest and wise enough to meet out justice to all people, without regard to locality, race, color, condition, creed or political name.
12. Because he will be the president of the whole people, and not of any party or ring.

Article of association of the "Missouri Iron company," consisting of Alexander L. and Hugh A. Crawford, of Lawrence county, Pa., and others, with a capital stock of \$1,000,000, for mining and smelting iron ore, and manufacturing all kinds of iron and steel, to carry on business in the counties of St. Louis, Crawford, Phelps and Dent, with general office at Steelville, Mo., were filed with the Secretary of State on the 7th inst., and certificate of incorporation granted.—Rolla Herald.

We have, of late, heard it stated several times, that our Mine La Motte neighbors were going to start a newspaper at that place, which we hope is true, as it would only be another link in the chain of improvements they have been making, since taking hold of the Mine La Motte domain.

Major F. R. Firth, superintendent of the Atchison and Nebraska railroad, who was so severely injured by an accident on that road on the 8th instant, died on the 19th inst. of his injuries. He was one of the ablest and most energetic railroad managers in the West, and a young man of unusual promise.
