

THE FAIR PLAY.

SATURDAY, NOVEMBER 12, 1892. HENRY J. JANIS - Editor.

A tariff for revenue only. Cleveland and Stevenson! Put it on the McKinley Bill. We've turned the rascals out.

Illinois is no longer a doubtful State.

The tariff is a tax and must be reduced.

The FAIR PLAY and American Farmer one year for \$1.

The Democrats are already talking of repealing the McKinley Bill.

County Court convenes in this city next Monday, November 14th.

Baby Ruth will now take the place of Baby McKee in the White House.

Organization means success. The Democrats organized in Ste. Genevieve county and note the result.

Cleveland is elected this year without the aid of New York but we'll accept the votes of the latter State without grumbling.

The wild-cat currency fake, made so much over by Mr. Cahoon in his speech here some two weeks ago, didn't work worth a cent.

Ste. Genevieve county fell into line and gave Cleveland a majority of 472 votes—an increase of 30 over the election held two years ago.

St. Francois and Perry county followed suit and gave increased Democratic majorities, electing the whole Democratic county ticket.

Son Russell's paper at Helena, Montana, was closed by the sheriff the day after the election. Misfortunes never come single handed.

There are 197 publications and news agents in St. Louis, and, according to the official figures given by Mr. Jno. H. Harlow, Postmaster, all of these sent out during the month of July, 987,829 pounds of second-class mail matter, which includes all newspapers and periodicals mailed from the office of publication.

Of this total, the St. Louis Republic mailed 329,139 pounds, or about one third of all, which fact tells its own story as to the wonderful popularity and large circulation of the great Democratic Newspaper of the West and Southwest.

Following is the list of patents granted to Missouri inventors this week, reported by C. A. Snow & Co., Solicitors of American and Foreign Patents, Opp. U. S. Patent Office, Washington, D. C.

S. S. Barrett, Salem, box fastener. E. Rollean, St. Louis, furnace grate-bar. G. Gardner, Bolivar, oil stone. J. L. Hornig, St. Louis, exhaust-head. J. Kitson, St. Louis, furnace for melting glass. P. M. Kling, St. Louis, ratchet-brake for cars. J. J. Kulage, St. Louis, brick press. T. T. Luscombe, Carthage, filter. C. H. McRoberts, St. Louis, dumping wagon. J. A. Miller, St. Louis, combined rigid and ratchet wrench. W. G. Mosely, Grain Valley, canceling and dating stamp. T. W. Overlin, Benjamin, corn planter. B. J. Payer and T. Burns, St. Louis, paper cutter. J. T. Pendleton, and J. S. Wilson, Buffalo, blank form for warranty deeds, receipts, etc. J. Ringen, St. Louis, coin-cont rolled stereoscope. S. G. Scholz, Billing, attachment for straw stackers. H. M. Tileston, Kansas City, girth fastener. J. W. Turner and J. H. Engle, Louisiana, ventilated boot or shoe. J. P. Weatherman, Highlandville, grub-plow. H. B. Wiley, St. Louis, kitchen utensil. A. E. Woolf, St. Louis, puzzle.

A SWEEPING VICTORY.

The elections throughout the United States last Tuesday resulted in a victory for the Democrats all along the line, and Cleveland's majority in the Electoral College will be at least 126. Weaver, the People's Party candidate, carried the States of Colorado, Idaho, Kansas and Nevada. Of the doubtful States the Democrats have carried New York, Indiana, New Jersey, West Virginia and Connecticut, besides the Republican States of Illinois, Wisconsin, eight districts in Michigan, with Ohio and California in doubt, although the chances are in favor of the Democrats.

In Massachusetts Russell has been re-elected Governor, but the Republicans carried the State for Harrison.

Alger is elected Governor of Illinois by a handsome majority.

Warner stood up for Missouri, but was defeated to the tune of 35,000 votes.

The Democrats will have a majority of over 100 in the House and a small majority in the Senate.

New York State gave Cleveland a majority of over 40,000.

Missouri elected thirteen Democratic and two Republican Congressmen and the whole Democratic State ticket.

Iowa still remains in the Republican column.

All the States carried by the Third Party formerly gave large Republican majorities.

In looking for the causes of Republican defeat in the recent elections the Globe-Democrat says: "The principal cause of the Republican setback was the tariff. There are good points in the McKinley law, like the removal of the duty on sugar and the section which has brought about reciprocity with many of the Central and South American countries. These have strengthened the party almost everywhere without hurting it anywhere. But on the other hand there are provisions in the law which have seriously hurt the party in most of the States outside of the old slave section, but especially in the agricultural States. These are the provisions advancing the rates of duties. It was a blunder to increase the duties on anything, as this journal pointed out at the time. No impost, in the present condition of our industries and trade, should be increased under any circumstances. When a duty is touched it ought to be reduced. Tariff revision, to be acceptable to the country, must be downward and never upward. That is what Western Republicans understand by tariff revision. It is what they looked for in 1890. Not getting it, they withdrew their support from the party for the time, and the party was beaten. The defeat of 1890 has been supplemented by a more sweeping and significant disaster in 1892, and for the same cause, among others. There are perhaps fewer objections to the McKinley law now than suggested themselves two years ago, for its operation has not revealed the ills which had been expected, but it is not the sort of a law that the masses of the Republicans want, and while it is in force there can come no victories for the Republican party."
