Even Crowinshield has not yet claimed the authorship of Samson's historic Santiago telegram.

Kansas is dry enough nowadays, but it is doubtful whether Mrs. Carrie Nation is responsible for it.

Probably Teddy took the Constitution with him when he vanished. At least, both seem hopelessly lost.

Such a pity this isn't election year. It is were, Mark Hanna would certainly turn too and save the corn crop.

Will Speaker Henderson please explain to his outraged constituents what he means by hobnobbing with royalty?

The British say that their Government is hampering Kitchener. Nonsense, it is the Boers who are hampering him.

British industry is matchless. At least, its match factories have passed into the control of the American match octopus.

We are waiting patiently to hear the first case of Pullman car porter giving a million or so to found a library or other charity.

We hope the Maryland Legislature will indulge in a little "Mudd" singing this fall—not into the United States Senate, however.

President McKinley has been riding in an automobile. After his experience in driving Congress, he found the automobile dead easy.

What heresy is this? Judge Day says that the United States should not gather in distant lands or alien peoples. He must be a traitor.

Mr. John Tappan, Colton, O., says: "Foley's Honey and Tar cured my little girl of a severe cough and inflamed tonsils." Hinch & Douglas.

If Willis Moore is to be dismissed for not predicting the weather accurately, why not abolish the entire Weather Bureau and be done with it?

A Russian "professor of zoology" has been selected to come over to study us. Will someone please explain why a zoologist should be chosen?

If you want some "just as good" I make it myself, just try an imitation Rocky Mountain Tea. 'Twill make you sick and keep you sick. Ask your druggist.

If the good people of Ohio had succeeded in burning that negro the other day, would they have used Senator Foraker's anti-lynching plank for fuel?

Any advertised dealer is authorized to guarantee Banner Salve for tetter, eczema, piles, sprains, scalds, burns, ulcers and any open or old sore. Hinch & Douglas.

It is something of a question whether England's atrocities towards the Boers compare with ours in sending a shipload of Congressmen to the Philippines.

If Hawaii is annexed to California and Guam to Rhode Island, why not join Sulu to Utah. The latter union would certainly be appropriate for religious and moral reasons.

The greatest healer of modern times is Banner Salve for cuts, wounds, sores, piles and all skin diseases. It is guaranteed. Use no substitute. Hinch & Douglas.

Most people, on reading the some what sensational experiences of Captain Putnam Bradley Strong at San Fran will wonder whether May Yale is getting ready to go back on the stage.

Fat lady—Don't sleep too much; exercise; don't eat fats and sweets. To reduce flesh rapidly take Rocky Mountain Tea. Acts directly on the fatty tissues. 35c. Ask your drug gist.

Gomez needn't worry. Cuba will have plenty of time to learn "how freedom feels" before the protected interests in the United States will be willing to admit it into the union of states.

The next time Baron Von Kapp-Herr of the German embassy makes the acquaintance of an engaging young female on the streets of New York, he will probably insist on her immediately signing a paper stating that he addressed her merely to show her the way to some place or other and that his intentions were strictly honorable.

Science has found that rheumatism is caused by uric acid in the blood. This poison should be excreted by the kidneys. Foley's Kidney Cure always makes them well. Hinch & Douglas.

If young ladies think sores, pimples and red noses look well with a dridral veil and orange blossoms, it's all right. Yet Rocky Mountain Tea would drive them away. 35c. Ask your druggist.

There is beginning to be quite a surge of feeling against the judges who draw big salaries and treat themselves to three months vacations while their dockets are two years or so in arrears.

Thos. W. Carter of Ashboro, N. C., had kidney trouble and one bottle of Foley's Kidney Cure effected a perfect cure, and he says there is no remedy that will compare with it. Hinch & Douglas.

A Chicago chemist declares that he has discovered how to produce electricity directly from coal. Maybe! but there is a perpetual motion flavor about his published process that makes us doubt.

We hope nobody will be unkind enough to rob Admiral Crowinshield of the glory of writing that "dispatch." It's the only useful thing he seems to have accomplished in nearly forty years of service.

Doesn't Minister Wu understand that he can get no indemnity for the outrages of white boxers upon Chinamen in this country? Indemnities are reserved to instances where things are the other way round.

Secretary Wilson thinks the reports of crop destruction from the West have been exaggerated; that the corn has progressed too far to be entirely ruined by any heat yet experienced. Let us hope he is right.

It is certainly to be hoped that the big steel strike will be waged with moral weapons, and not with material brickbats. That the former are quite as effective as the latter has been proved many a time.

Ja. G. Amhart of Della, O., writes: "I had an obstinate sore on my face which everything else failed to heal. After one application of Banner Salve it began to heal and after three applications it was entirely healed, leaving no scar." Hinch & Douglas.

It is worth remembering that the decline in Britain's trade prestige can be directly traced to the great engineering strike that prevailed there some four years ago. President Shaffer and Manager Schwab take notice.

Won't the steel trust take up the gage thrown down by the sugar trust in the Russian matter? Or is it going to permit its trade interests to be sacrificed for the benefit of the former.

What Two Cents Will Do. It will bring relief to sufferers from asthma or consumption, even in the worst cases. This is about what one dose of Foley's Honey and Tar costs. Isn't it worth a trial? Hinch & Douglas.

Isn't it curious that the only advocates of the doctrine that the Constitution does not follow the flag are those who are forced to adopt that position because it alone justifies the Administration in its action towards the colonies?

An American sentry in China, in trying to stop a German officer as he had been ordered to do, was knocked down and then punished for shooting at the aggressor. We hope it is true, as the Japanese reporter reported, that he was punished for missing him.

It is rather funny to see prominent Iowans endorsing each other for President when every body knows that Iowa will never get the nominations as long as she remains as solidly Republican as she is. Doubtful states always get the plums.

At last Britain is showing some sense in its management of the Boer war. Having bought thousands of nules, it is now employing negroes to manage them. Anyone over here could have told her long ago that only the negro can get the best work out of a mule.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For years I have been greatly bothered with kidney trouble and enlarged prostate gland. I used everything known to the profession without relief, until I was induced to use Foley's Kidney Cure. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success." Hinch & Douglas.

DYSPEPTICIDE The greatest aid to DIGESTION.

WINE OF CARDUI

Orders forbidding the sale of liquor at army cantens have been issued in Cuba and soon it may be expected that the neighborhoods bordering the ports there will show a disgraceful state of drunkenness on pay day as they do at home. All of which presumably delights the temperance fanatics.

She Didn't Wear A Mask. But her beauty was completely hidden by sores, blotches and pimples. She used Bucken's Arnica Salve. It has been positively proved that American ships could be built as cheaply as could foreign ones, provided the makers of steel and iron plates would sell as cheaply at home as they do to the foreign shipbuilders. When this fact finally permeates the consciousness of a sufficient number of the American people, the navigation laws that impede our commerce will be repealed and Americans given the right to buy ships abroad. Then we shall see the steel magnates come down.
