When you hear a man sneering at the local paper because it is not big, cheap and newsy as the city papers, you can bet he does not squander any of his wealth in assisting to make it better, and that generally the paper has done more for him than he has for it. The man who can not see the benefits arising from a local newspaper is about as much value to a town as a delinquent tax list.

To build up a town there can be found no better way than by giving our business men your entire and exclusive patronage. The more we help each other the more we help the town. You should not make your money from home people and then send it to foreign concerns for things that can be bought at home. Some people say they do not keep what they want here; we believe that is because they never inquire for it. We think our business men try to carry as near as possible everything needed in a first-class store. Trade with them, you will save by it.

This makes a total of four hundred and sixty-four laws, less the few that the Governor vetoes. Nine proposed amendments to the constitution will be submitted to the voters at the next general election, five of which originated in the senate and four in the house.

The masquerade ball at the Armory last Monday night was well attended and greatly enjoyed. Although all were not masked, there were enough to cause those not in disguise to regret that they had not also donned a mask. The orchestra organized for this occasion, and which furnished music especially selected for the dance, was composed of Frank, Lawrence and Bert Siebert violinists, Boss Beauchamp pianist, and Peter Weiler director.

### If It Hurts, Don't Pay.

Do not hesitate to visit a dentist when your teeth need attention. The dread is worse than the pain. Remember that there is no feature about the human face that adds so very much to its attractiveness as a beautiful and well preserved set of teeth, for it builds out the face to its natural contour and transforms the expression into a beautiful and attractive one that would otherwise be disfigured. If you don't see your reasons for going to DR. POPP, take this advice and do not neglect your teeth, but call on some dentist and have him save you trouble and pain later on.

**When you buy it at Rozier's you will find you have saved money.**

Last Wednesday evening Miss Elizabeth Sexauer gave a linen shower at her home in honor of Miss Freda Baum who is to be married in June. The party was a complete surprise to Miss Baum. Decorations for the occasion were very elaborate and handsomely arrayed, and the various pieces of linen presented by the guests were suspended from lines strung across and around the room, clothes pins being used to fasten the pieces on the lines. This unique method of presenting the linen to the bride-to-be is something new and won for Miss Sexauer many compliments for her clever skill in so arranging the display. Cards and other amusements appropriate for the occasion were indulged in, after which ice cream with proper accompaniments was served and declared delicious by the happy and well entertained assemblage.

**Save your register tickets, they are valuable, premiums better than ever at Rozier's.**

### Base Ball.

Both Ste. Genevieve Clubs at St. Mary's--Seniors Fall Victim to Hoodoo--Juniors, by Good, East Ball Playing Break Hoodoo and Win.

Manager Herbstroth's bunch was defeated last Sunday by a score of 19 to 14 at St. Mary's by the Tigers. While all the boys did some good playing, they also did some rotten playing, and up to the 7th inning things looked very unpleasant to the Black Diamonds but at this juncture of the game, with the score 11 to 3 in favor of the Tigers, the Diamonds got to work with the stick and hammered in 7 runs. Of course, St. Mary's was also at work and didn't allow any zero marks to disfigure their portion of the score board, and when the ninth rolled around it found the Diamonds with 19 runs while St. Mary's had acquired 14. The pitching for the Diamonds was done by Siebert and Walker. Next game at the Ste. Genevieve park with Ozora.

There is also a redeeming fact to relate about this baseball procedure in St. Mary's last Sunday, and in relating same we make it known that there exists one baseball aggregation under the management of Ed. Siebert, and composed of the juvenile talent of this city who did the very charitable act of breaking that inevitable "hoodoo" that has heretofore been a prominent factor in previous defeats of Ste. Genevieve at St. Mary's.

Yes, indeed, the Juniors hit that "hoodoo" a terrific blow and destroyed it when they won from St. Mary's Juniors by a score of 16 to 15. The boys, although very young, did play some fast baseball and greatly pleased their manager. Henry Rozier did the twirling, and well did he do it, so well that 8 strikeouts were registered for him. Jack Raemer behind the plate had the big mit always ready. Francis Ernst on 1st was always first (to hit or get the ball). Eugene Jokerst on 2nd is fast stuff. Richard Klein on 3rd and Eugene Vaeth on short have that piece of territory completely blocked and nothing ever gets through, and in the field we ever find F. Basler left, Jos. Acuff center, and Geo. Colmer right, three smooth fly traps, while on the bench always ready to be called into the fray sits Ed. Falbert. Two home runs were knocked, one by Acuff and the other by Rozier. Next game with Coopertown at the park next Sunday.

### An Envious Record.

**Attorney General Majors and His Assistants Brief and Submit Greatest Number of Cases in History of the Court.**

Attorney General Major and his assistants, at the first term of court after taking charge of the legal work of the state, have established a new and enviable record.

In Division No. 2 of the Supreme Court, which hears all criminal cases, it was announced in open court that "owing to the unprecedented condition of the criminal docket," all civil cases set for dates later than the seventh day of the term would have to be continued until next term of court. The "unprecedented condition of the criminal docket" to which the court referred is the result of the fact that Attorney General Major and his assistants have briefed and submitted over forty criminal cases at this term and secured the dismissals of appeals in many others.

For the first time in several years the court is not obliged to wait for the state's briefs or the correction of records but may proceed at once with the preparation of opinions in all state cases on the docket.

The number of cases briefed and submitted was the greatest in the history of the court.

A number of the cases on the present docket had been continued from the last term held during Hadley's administration as attorney general. This unusual result has been the occasion of hearty congratulations to the legal department. No longer is this important department a mere bureau of publicity, but is now a working law office.—Jefferson City Daily Tribune.
