

ELEVEN DROWN AS BRIDGE GIVES WAY

Stamping of Lads Who Were Eager to go Bathing Cause of Accident—May be More in the Stream.

LAWRENCE, Mass., July 1.—A narrow wooden walk over 15 feet of water to the municipal bath house in the Merrimac river Monday gave way under the stamping feet of a crowd of impatient boys and at least 11 of the little fellows were drowned. There may be more bodies in the stream.

The boys, ranging from 9 to 15 years, were waiting for William B. Blythe, the bath house keeper, to open. No one knew Monday night how many there were in the party, but it is thought 50 is a conservative estimate. The boys were jumping up and down as they shouted to Blythe to open up when the supports sank and the walk extension dropped like a trap door, rolling the lads into the river.

There is a swift current at this point drawn by the falls a quarter of a mile below, and the youngsters were caught in this. Many of them could not swim. Witnesses on the river bank say that all disappeared in a flash, but a moment later there was a struggling mass on the surface. The stronger ones, who could swim, struck out bravely for the boat house and a score saved themselves. Their cries brought aid and several others were pulled ashore. Five unconscious forms were brought from the water, and two of these were finally resuscitated.

Efforts to restore the others were futile.

The Flying Trunk

AS TOLD BY AUNT GERTIE. Chapter III. Finally the great day arrived!

The merchant's son, who was making believe to be a Turkish prophet, dressed up in a new dressing gown and started out again for the castle. This time, as before, he rode through the air in his trusty Flying Trunk. When he reached the palace, the king and queen and the princess, with all the court attendants, were sitting awaiting him. The first thing the queen did, after introductions were over, was to ask the merchant's son to tell a story.

"Yes, do," added the king, "and be sure to make it funny." "Certainly I will," replied the merchant's son. And he commenced: "This is the story of a bundle of matches who thought themselves extremely fine. Because they descended from a tree trunk in a big forest, they had this high and mighty no-

tion of themselves. But now, at the time of this story, they were reclining in a safe place on the shelf in a kitchen. Near them was an iron saucepan. 'My history,' said the

saucepan, 'is very different from yours, Mr. Match family. I have always held a lowly position. I have always been scrubbed hard and boiled and burned. But I think I am a very important person in this house, because all the real good things that need lots of cooking are boiled in me. Of course, my life is very quiet. But then so is the life of all us folks who live on the kitchen shelves.

"To be sure, the water pail gets to go outdoors and see strange faces

and things once in a while. And the turf-basket—oh, well he is a regular news gatherer. He says such queer things it really shocks one. Why, one day he said such an awful thing that the poor old jar that has stood high up in the pantry for so long fell to the floor in a thousand pieces. She was shocked to death.

"Oh, you talk too much," piped up the tinder-box. 'Let's have a nice, pleasant evening and not have one person do all the talking.'

"Oh, surely," said the matches, 'but let's first decide who is of the highest rank.'

"Oh, no," said the earthen pitcher. 'I don't care to talk about myself. Let's have an entertainment instead. Let's tell a story. I will begin it.'

APPROVE PLAN TO END MERGER Union Pacific to Trade Southern Pacific Stock for That of B. & O. and Put Rest on Market.

ST. PAUL, Minn., July 1.—Federal Judges Walter H. Sanborn, William C. Hook and Walter I. Smith, sitting at the district court of the United States for the district of Utah, approved late Monday the plans agreed upon by the Atty. Gen. McReynolds and attorneys for the Union Pacific railroad and the famous Union Pacific-Southern Pacific merger, known as the great Hariman combine, practically came to an end.

In brief, the plan, which had the approval of Pres. Wilson, presented by the attorney general and counsel for the road and approved by the court, provides that the Union Pacific shall exchange \$38,000,000 of its \$126,000,000 holdings in the Southern Pacific for the Pennsylvania railroad's entire holdings in the Baltimore and Ohio—virtually an equal amount; that the remaining \$88,000,000 shall be sold to the general public through the Central Trust Co. of New York; that no present stockholders in the Union Pacific, continuing as such, may buy any of the Southern Pacific stock so sold; that the transaction should begin Nov. 1, 1913, and if not complete by Jan. 1, 1916, the court should direct the disposition of any Southern Pacific stock remaining unsold.

DR. FLEENER'S STATEMENT OF FACTS

The Specialist Who Devotes His Entire Time to Chronic Diseases of Men and Men Only

I Know How to Cure Nervous and Chronic Diseases of Men

Science is on the wing. Treatments used one year ago are back numbers now. To be a TOPNOTCH Specialist requires not only skill and energy, but capital. The public is not satisfied with a doctor who sticks in the OLD RUT. Neither is it satisfied with the electric belt faker or the pretending specialist. Nowadays men demand up-to-date treatment, not smooth talk and empty promises. To be a leader now it is absolutely necessary that you possess an EXPENSIVE LABORATORY where scientific investigations can be continually carried on. This I have, and I am prepared to give my patients the benefit of all the GREAT DISCOVERIES as soon as they are perfected. Others watch my announcements and at once they claim to do the same things. Men come to me because they read my STRAIGHT-FORWARD OFFERS, or because I have CURED some of THEIR FRIENDS. I AM PROUD OF MY RECORD.

"914" CURES BLOOD POISON

No Pain, Return Home Same Day

Giving a patient Neo-Salvarsan, "914," Prof. Ehrlich's New German Remedy for Blood Poison. This is the intravenous method, directly into the blood, the only way it should be given.

Extract from letter of Prof. Ehrlich: Judging from all the reports received by me, it appears that the intravenous injection is to be preferred to all other methods of administration, as far as permanency of effect is concerned. Although I have to admit that this method of administration will prove an obstacle to the introduction of the remedy in general practice, on account of certain technical difficulties, I believe that the interests of the patient demand that only the most efficient form of treatment should be decided upon.

Thomas A. Edison, the great "electrical wizard," says: "The German discovery for the cure of Blood Poison is the most important achievement of the year 1911—and that most of us have the disease and do not know it."

I guarantee a painless and safe treatment, giving the Genuine German Remedy according to the great German professor's latest instructions.

MY METHODS appeal to those who THINK and who want the benefit of the LATEST SCIENTIFIC PROGRESS that drives DISEASE GERMS out of your body. My advice is FREE and valuable, whether you are treated or not. If you need help, make your wants known to an HONORABLE SPECIALIST. No matter about money. COME if possible. IT'S BEST. I will explain to you my treatment for Varicose Veins, Nervous Debility, Blood Poisons, Kidney Diseases, Bladder Troubles and other diseases of mankind.

WARNING—Electrical Treatment, Electric Belts, Suspensory, Bandages, Medicines, locally or internally, will never cure any man of Varicose, Hydrocele, Piles, Rupture, Stricture, Fistula, and when a doctor tells you he can cure you by such methods, he is only after your money.

YOU DON'T PAY IF I DON'T CURE LEARN MY METHODS

The FEAR OF FAILURE to obtain a cure in your case may have deterred you from taking treatment, or you may have been one of the unfortunate who have been treated in vain by inexperienced physicians. FREE TREATMENTS, FREE TRIAL SAMPLES, PATENT MEDICINES, or by false testimonials you may have been lured to a combination of traveling men representing themselves as great specialists, but having no knowledge of medicine. When you come to my office you see a regular licensed physician. I am in no way connected with any doctor, company or combination of men who copy my advertisements. My conscience, my profession, my reputation and teaching condemn all such quackery. No books, almanacs, nor symptom-blank schemes. No reputable doctor will resort to such methods.

DISEASES OF MEN

Lost Power the Cause of Mental and Physical Suffering

Perfect health is possible only when every function of the human body is properly performed. Man is the paragon of animals, the perfection of all created beings, but how seldom do we see the true, the perfect man, walking among his fellows a solitary gem? How many who fail to reach the dimensions of their splendid model! And yet the young man, the middle-aged man, the man of mature age who walks the streets with head hanging, afraid to meet the eye of his fellow beings, dreading lest they read his inmost secret, still follows the paths of ignorance for while his youth may be wrecked, while his vitality may be lowered, while his body may be the prey of his mind, yet there is hope, that his living death may turn and give him years of happiness, lifting him to that plane of manhood which all men should tread. I want to help men who are weak in vitality, who are nervous, despondent and lacking self-confidence; who feel as if old age was coming on too soon, because of the dulling of their youthful fire and ambition.

A SURE CURE---A SMALL FEE

To be strong is the aim of every man, and yet how many we find who are wasting the vitality and strength which Nature gave them. Instead of developing into the strong, vigorous man that Nature intended them to be, they find themselves stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility, their finer sensibilities blunted and their nerves shattered. It is hard for a weak man to have noble sentiments; such things are born of warm blood, healthy nerves and a strong heart. Every weak man is more or less despondent, lacks the magnetic enthusiasm of youthful energy, and should not hesitate to make almost any sacrifice to again be happy, light-hearted and full of joyous impulses, to be free from brain wandering and dull, stupid feeling, to have confidence and self-esteem, and command the admiration of men and women. It is the law of Nature that all of the powers of the body and brain should be retained unimpaired until the last. The vitality of youth can be conserved by right living, and it is only because men ignorantly and recklessly waste their store of nerve force that they become feeble wrecks and find life not worth living. Scores upon scores of men of all ages and in nearly every walk of life have been rescued by Dr. Fleener. With him the treatment of these diseases is not an experiment. If he feels that he can't cure you, he says so and you part friends. You cannot afford to neglect this condition; neglect has strewn the seeds of discord and unhappiness in hundreds of homes, which otherwise would have been the abode of peace and happiness. The greatest gift to man is a healthy, Manly System; if your vitality is not what Nature intended, you are the cause, and inasmuch as it lies within your reach to have this gift restored, what man, who is truly a man, will not seek the opportunity?

Do You Suffer

with sour stomach, bloating after eating, headache, backache, dizziness, specks before your eyes, hot and cold flashes, lame back, scanty high-colored urine, burning, stinging or difficult urination, spots under skin, loss of energy, ambition, vim, vigor, vitality, bashful, timid, nervous weakness, loss of confidence, brooding, blues, lack of ability to concentrate mind, thoughts wander, cold feet, itching of skin, vital loss, excessive thirst, pain around the heart, at base of brain or down limbs? Do you have difficulty in fixing your thoughts? Is your memory poor? Do you get weak suddenly? Are you nervous and irritable? Are you the man physically and mentally that you formerly were? Can you accomplish what your healthy friends and acquaintances can? If not, you are laboring under a great handicap. Come and let me make you strong and well again at a very small cost.

I also cure Rupture, Rheumatism, Piles, Fistula, Kidney and Bladder and Prostatic Diseases, Blood Poison and all other Men's Diseases quickly, permanently and without pain or loss of time. Examination free. Begin treatment now—today. All letters promptly answered.
