OREN HURRAWS HIS NAME FROM G. O. P. TICKET

Republicans Once More Without a Leader and Will Call a Mass Meeting to Let the Voters Decide.

PROGRESSIVES WILL NOT ENTER THE RACE

Pass Resolution Throwing Strength to Citizens' Movement—Another Joyce Club is Formed.

Refusal on the part of William H. Oren to carry the emblem of the republican party for the honor of being South Bend's mayor; the switch of the progressive party to the citizens' movement and a meeting of Joyce supporters in the fourth ward were some of the events that took place in the city's political world Wednesday night.

At a meeting of the precinct committeemen of the progressive party in the office of City Chairman W. E. Miller in the J. M. S. building, a resolution was adopted to withdraw further action toward placing a progressive ticket in the field and unite with the citizens' party to help nominate and elect its ticket.

The central republican committee meeting held in the office of Herbert Warner in the Odd Fellows' building decided to put the proposition of placing a ticket in the field up to the republican voters of the city. Not wishing to take on themselves to disband as an organization, in the coming mayoralty race, they will hold a general mass meeting, the place and time, which is to be within two weeks, to be arranged by the chairman, John E. DeHaven.

Oren Will Not Run. William H. Oren was the only man present who was not an officer either of the central committee or a precinctman, and he came for the purpose of making a positive statement that he will not be a candidate for mayor on a republican ticket. Oren said that he had not made any promise to enter the race, but that urged by his friends he had considered it. The reasons given for refusing were that business required his full time and that he could not very well give it up. Oren is in the employ of the South Bend mills.

When the question as to whether the republicans should enter the race singly or affiliate with the citizens' movement came up, discussions were held from both sides, but fearing that they could not win singly, the general sentiment drifted toward the new party. Fearing the criticism that might develop, they decided that all republicans should be invited to the meeting to be held within the next two weeks when definite action will take place.

After the mass meeting the central committee will hold a session and make the final choice of candidates on the verge of announcing themselves as republican candidates, according to the committee members and in justice to them the committee felt that it should put the proposition up to the voters.

P. A. Joyce Club. The Fourth Ward Boosters' club, having for its purpose the furtherance of the candidacy of Patrick A. Joyce for mayor was organized at 511 E. Jefferson. Several candidates are on the verge of announcing themselves as republican candidates, according to the committee members and in justice to them the committee felt that it should put the proposition up to the voters.

The following officers were elected G. A. Parabaugh, president; James McCartney, secretary; Paul Weiss, treasurer; Andrew Troeger, Arthur P. Perley and John T. Neenan, vice presidents. After the permanent organization was then effected, the ward those present were then divided into precincts and a permanent organization was the effected for the various precincts.

HAVENA FIRST TO REACH MAGATAWA

Roy Francis is Reported as Having Arrived Safely at South Haven in Hydroplane Race on Lakes.

MACATAWA PARK, Mich., July 10.—Beckwith Havena, in the Chicago-Detroit flying boat cruise, arrived here shortly before 7 o'clock Wednesday evening. In the hydro-aeroplane with him was the owner of the machine, J. D. R. Van Plank.

SITUATION ABOUT AT NORMAL STAGE

No Further Trouble Expected at Pittsburgh Although Six More Companies Are Granted Receivers.

PITTSBURGH, July 10.—Conditions in financial circles at the closing hour Wednesday had to all appearances reached normal. The run on the Pittsburgh Bank for Savings, which was started by the closing of the First-Second National bank on Monday, had entirely subsided early in the afternoon, after a resumption of the run Wednesday morning had caused some slight anxiety.

Further developments in the affairs of the First-Second National were not looked for until Receiver E. C. Murphree had had opportunity to organize his force necessary in the liquidation of the institution. It was not expected that depositors would receive any dividend before the expiration of two months.

The First National bank of McKeesport is expected to reopen within a week after a reorganization of its officers and directors with the elimination of the Kuhn interests, which held the majority of the stock of the First-Second National.

Application was granted by Federal Judge C. P. Orr Wednesday for receiverships for six subsidiary companies of the American Water Works & Guarantee Co. The companies are the United Coal and Somerset Smokeless Coal, the Naomi Coal, the Merchants Coal of Pennsylvania, the Isabella-Conneville Coke and the Pittsburgh & Baltimore Coal Co.

Three receivers were appointed for each company, with the exception of the United Coal, for which four will act. The receiverships are made up of these men, Samuel A. Gilmore, James D. O'Neil, Wm. K. Johnson, Thurston Wright and Robert P. Watt, each serving for several of the companies. The application was made by Lucien Hill, whose residence is given as Maryland, and in the petition for the Isabella-Conneville Coke Co., Hill is joined by the company itself.

The receivership set forth that receiverships are advisable to protect the properties and assets of the companies on account of debts due.

W. S. Kuhn, who was president of the First-Second National bank, who was the husband of his wife who is ill at Prides Crossing, Mass., when the crash came Monday, arrived home Wednesday. He was closeted with the receiverships, all day, and announced that he would have no statement to make for several days.

Bankers on the whole feel that the situation has been relaxed, and that the financial situation locally has been greatly clarified.

PREDICT TROUBLE FOR TARIFF BILL

Republicans Say if Measure is Passed Provisions Will be Tied Up in Courts for Interpretation.

WASHINGTON, July 29.—If the tariff revision bill becomes a law as it has been passed upon by the senate, the democratic caucus many of its provisions will be tied up in the courts for interpretation, in the opinion of republican senate leaders.

Sen. Smoot, republican member of the finance committee, declared Wednesday that the changes in phraseology and re-classifications in the bill are such that it would take four years of court procedure to settle just what they mean, and that the revenues in the mean time would be held up.

"Importers," said Sen. Smoot, "have lawyers engaged for no other purpose than to pick out flaws or alleged flaws of phraseology, and legal precedents that have been established in past court decisions will avail nothing in this bill."

The democratic senators, in view of the failure of the caucus to pass a stringent binding resolution, are going to be permitted to vote for amendments to the wool and sugar schedules in another claim made Wednesday by the republicans.

They expressed the belief that amendments would pass the senate committee and that the conference finally would approve the conference report.

CHARLEY GATES IS THE BEST EVER

Wife Denies Reports of Disagreement With Spendthrift Son of "Bet You-a-Million" Gates.

NEW YORK, July 10.—"Why, Charley's the best boy that ever lived," said Mrs. Charles G. Gates Thursday at the Plaza hotel, where Gates permanently maintains a handsome suite.

"Charley" is the son of the "Bet You-a-Million Gates" and is now known as "give you-a-million Gates." Charley came here last Saturday at the rate of 90 miles an hour in a special train from Minneapolis. The story was told at the time he and his father-in-law, Frank Hopwood, had a little fracas in a Minneapolis hotel over Gates' determination to give away a million a year in tips.

Charley denied the row when he got to New York and now comes Mrs. Charley saying it's all "utter foolish and malicious gossip."

A rumor came from Minneapolis Thursday to the effect that Mr. and Mrs. Gates had had a disagreement. When asked by the United Press as to the truth of the story, Mrs. Gates was highly indignant.

"Why," she declared, shaking her head emphatically until the curls bobbed about, "Charley's the best boy ever. That is the worst I ever did hear. There is ab-so-lutely nothing in it. Charley left last night to visit one of our mines in Canada and I'm going to wait right here for him and we will all go back to Minneapolis together. Yes, of course, Gates took a special train to Canada and I suppose he'll ride back in one."

"But please now, just say that I denied in whole and in detail every bit of any stories that have been told or may be told in the future to the effect that there has been any ripple of trouble."

CLASS TO THIS DOCTOR'S WIFE

She Blew Up Stock Exchange and Set \$100,000 Fire.

LIVERPOOL, July 10.—A sensation was sprung in the police court here Thursday when Mrs. Edith Risby, wife of a prominent physician, confessed to two of the most recent and most atrocious outrages.

Mrs. Risby admitted that she planted the bomb which wrecked the stock exchange here and also that she set fire to the magnificent home of Sir W. H. Lever which was destroyed Monday. Mrs. Risby declared she acted without directions from the Woman's Political Union. She was remanded to jail.

The destruction of the Lever home was one of the most damaging demonstrations that has been made in the interest of the suffragets. The house was unoccupied, and the costly tapestries and works of art were destroyed there. The loss was estimated at \$100,000.

Placards were found about the place addressed to the owner and King George.

Brown, 68, father of William and Webb Brown, in custody, Sheriff Brown Thursday morning declared that he has the mystery of the murder of Constable Albert Hawkins at Ingalls Wednesday night, solved. Y. W. C. A. Girls Have Big Picnic at Diamond Lake

BY MARGARET TOBIN. Picnics are picnics, of course. But when girls give a picnic, it is a serious matter. There is the picturesque effect to be considered. Judged from that point of view, and it is far the most important item, the picnic given by the Outing and Tennis club of the Y. W. C. A., Wednesday evening at Hudson lake was a success.

It sent the young women shopping for days because the first consideration is to be properly dressed. Miss Mary Lou Foster, the general secretary of the association, bought herself a red tie. That, with a soft, crinkly looking waist and a skirt of the proper shortness, made a really effective costume. Miss Little wore a white picnic hat for the occasion. Leora, Crisis singer brought along a camera though she doesn't come until 6 o'clock. A camera does give just the proper touch, don't you know.

Alice, Sit by the Fire. There was one of the girls that wore a picture hat and a real dressy frock. So through the evening she sat gracefully on a rustic bench beneath a tree and let the freight play artistically over her face. She could go out in a boat, but she didn't dare row and somebody else toasted her "weenies".

Speaking of the fire and weinies brings us to the supper. Ham sandwiches and something to drink might do for men but girls have deeper motives. What kind of a picture could you make with a ham sandwich? A fire on the beach in the evening is so romantic and it looks so picturesque to sit around it and toast bacon on a stick. It was bacon, it was weinies Wednesday evening, but the effect was the same.

Wood around the lake was a bit damp Wednesday but a little thing like that couldn't interfere with the success of a picnic planned for weeks before. The kindly janitor at the association split up a supply of wood and tied it up neatly in a bushy basket. And the girl carried it bravely through the streets of South Bend for the sake of the effect to be attained at the end.

POLICE NAB TWO IN RAID ON HOUSE

Suicide of Inmate Leads to Arrests, But Three of the Girls Are Among Missing.

The sequel to the suicide of Hazel Warner in the rooms at 112 1-2 W. Colfax av., Tuesday morning was written Wednesday afternoon when the place was raided by Chief of Detectives Cassidy and his men. Dorothy Maye and Frances Dale were the only two found. They were released after bonds of \$50 each were furnished. They will be arraigned Thursday morning in city court.

Affidavits were filed for the arrest of five of the girls but it appears the other three "got wind" of the coming raid and disappeared. Complaints have been made for some time to the authorities on the nature of the house and its inmates. May Bulger is said to have been the mistress of the place.

The two women arrested Wednesday were whites. The Maye woman said she was the housekeeper while Miss Dale said she was a domestic in the place. It is alleged that two colored girls were inmates of the place.

FIRES RAGING ON THE COAST

San Francisco's Famous Playgrounds and Several Small Nearby Cities Threatened With Destruction.

SAN FRANCISCO, July 9.—Forest fires are blazing fiercely Wednesday night on both Mount Tamalpais, a landmark of California and playground and park of all the cities clustered about San Francisco bay. Three villages are threatened. The mountain was cloaked Wednesday by a mantle of white smoke which streamed across the bay like a wind blown scarf, but as darkness fell the mountain blazed above the bay and ocean like an enormous beacon, illuminating the sky for miles.

Each morning since the blaze started, it has seemed that danger was passed but each afternoon the trade wind blustering in from the Pacific has whipped the flames into life and driven them across Canyons and trenches laboriously cut, through underbrush and into fresh timber on the far side of areas burned bare by back fires.

The fires are believed to have resulted from carelessness of campers. Three thousand soldiers, sailors, naval apprentices, forest rangers, militiamen and volunteer fire fighters are fighting the flames, and the women in the threatened territory are working as hard as the men.

Shops are closed and business is a standstill throughout the threatened section.

CLINE ON HOUSE PROBE COMMITTEE

Ft. Wayne Congressman to Take Part in Investigation of Mulhall Charges.

WASHINGTON, July 9.—A lobby investigation of extraordinary scope was authorized by the house Wednesday to supplement the senate probe already under way. With the adoption of the Henry investigation resolution a special committee of seven members was appointed by Speaker Clark, with Rep. Garret of Tennessee as chairman. The committee will meet Thursday to make plans for the institution of the probe.

While the house investigation was prompted largely by the allegations of Col. M. M. Mulhall, regarding the legislative activities of the National Association of Manufacturers, the resolution as finally adopted so enlarged the scope of the inquiry that all efforts to control members of the house, or to influence legislation by any person or organization will be subject to the inquisitorial power of the committee.

The speaker appointed with Chairman Garret Representatives Cline of Indiana, Russell of Missouri, Roddenberry of Georgia, democrats; Willis of Ohio and Stafford of Wisconsin, republicans, and Rep. Nolan of California, progressive. Representatives Cline, Willis and Stafford are out of town, but probably will return. Chairman Garret expects to begin hearings on Monday.

McDermott is Heard. In the debate Rep. McDermott of Illinois made a statement denouncing the use of his name in the Mulhall letters.

"On Sunday, June 29," said Mr. McDermott, "an article appeared in the press of the country in which M. M. Mulhall accused me of being in the pay of the National Association of Manufacturers. This is unjust, an outrageous falsehood. I never received a cent from anybody belonging to this association. I have always cast my vote on the side of labor and my votes will show this fact. I am willing to let my record speak for itself with my people. I am ready to go before any committee at any time and trust this investigation will be most thorough. The results in my case will show a deep laid conspiracy against me by Mulhall and others."

JACK JOHNSON SAYS HE WILL NEVER COME BACK. HAYRE, July 10.—Arriving here Thursday, Jack Johnson, negro pugilist, who recently fled from the U. S. to Canada and took passage for Europe, announced that he had no intention of ever returning to America.

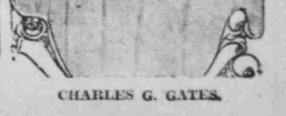

Johnson said he would live in Paris in the future.

EVANGELIST SPEAKS. Rev. Mr. Glass, an evangelist conducting services at Grace Evangelical church, will preach on the subject, "The Greatest Question Before the Citizens of South Bend," at the evangelistic services Friday evening.

LOCAL WOMEN WERE BUYERS OF STOCKS. Two From This City Identify Abner Griffin at Laporte as Man Who Sold Them Mining Co. Shares.

Special to News-Times. LAPORTE, July 9.—Judging by more revelations made Wednesday, Abner Griffin, fake gold mine promoter, implicated individuals in southern Michigan and northern Indiana out of at least \$100,000. Two South Bend women, Mrs. H. C. Henisman and Mrs. Chauncey Field, appeared Wednesday and identified Griffin as the man who sold them big blocks of what he said was promising gold mine stock in the Apex Washington mine.

According to a letter received from John H. Decker of the Favorite Shoe Co. at Fluga, O., over \$30,000 of the stock was sold to people of that city. It was also learned that former Sen. White of Michigan, living at Niles, and Postmaster Smith bought several thousand dollars worth of the stock. Griffin is still in jail here. He claims his wife will appear to settle all his accounts. His case has been continued until Saturday morning.
