

SEN. TOWNSEND ATTACKS BRYAN ON FLOOR OF SENATE

Michigan Senator Angered Because Secretary Gives Lectures on Chautauqua Circuit.

REPORT THAT BRYAN IS TO QUIT DENIED

Bristow and Ashurst Clash During Debate and Each Hurls Sensational Charges.

WASHINGTON, July 18.—Secy. of State Bryan expressed himself as highly amused Friday over reports current on the New York stock exchange that he was about to retire.

WASHINGTON, July 18.—Charges that he used public money in paying private telegraph tolls were made against senator Ashurst, of Arizona, in the senate Friday by senator Bristow, of Kansas.

The charge came as a climax to Bristow's determined attempts to debate his resolution calling on the president for his opinion of the proper salary of a secretary of state. The resolution was tabled, but Bristow refused to be squelched.

Then Ashurst demanded to know whether Bristow had always maintained that a public official should devote himself solely to his official duties. Receiving an affirmative answer, the Arizonan produced a letter, dated in 1906 and written by Bristow to then senator Long, of Kansas, suggesting his (Bristow's) appointment to a position in Panama which would enable him to live half the time in Kansas.

Bristow promptly admitted authorship of the letter but denied it was inconsistent with his position on the Bryan matter. Then Bristow, leaning toward Ashurst shouted:

"But I have never sent \$100 worth of telegrams on private business at the public's expense."

"If the senator means to insinuate that I have used telegraph wires improperly he insinuates what is 'baseless and without foundation,'" Ashurst asserted.

"The senator from Arizona has carried on private correspondence at the public expense and has charged his telegrams to the government," Ashurst insisted.

The Bristow-Ashurst fight overshadowed a bitter attack on Bryan made by senator Townsend of Michigan shortly before.

Townsend is bitter. "Mr. Bryan says he is selling his time, energies and talents to private organizations because his official salary is not enough for him to live upon," said Townsend.

"He is receiving \$2,000 a year. In the government service there are thousands of employees who receive less than one-tenth of that sum, and these days of high living, find it possible to live within their income. Not one of these thousands, however, is permitted to abandon his post and sell his time to others as Mr. Bryan has done for his action."

Townsend gives a long list of important problems before the state department and declared that Bryan's action in this situation "comes as a shock to all thoughtful people," and was "even more inexcusable" in view of the fact that Bryan "cannot have become familiar with his duties."

"The secretary of state," he said, "is the most important executive officer of the government below the president. He should be the first example of faithful, intelligent devotion to duty."

Col. Mulhall Says Sherman and Hemenway Solicited Liquor Support for "Dry" Candidate.

WASHINGTON, July 18.—The charge that the democratic members of the Senate lobby probe committee were playing politics was made by Senator Knute Nelson, minority member of the committee Friday when Sen. Cummins, exhibited a request from S. Wood McClave, of New Jersey, asking permission to appear before the committee.

Nelson suggested that the request be granted and there was no objection. McClave is the republican candidate for congress at a special election to fill the vacancy caused by the death of Rep. Martin. His democratic opponent is Archbold Hart.

Thursday the committee under the direction of Sen. Reed, jumped two years out of his chronological order so that Col. Mulhall could tell of his operations in the 1910 campaign in aid of McClave. McClave wants to answer Mulhall's charges.

The closing days of the national campaign of 1908 furnished the text for Mulhall's testimony Friday. He told of his representatives who had been "O K'd" by the N. A. M.

"My orders were to sleep in my clothes and I did so," was his declaration time and again. "We had to put the republican ticket across and we did so."

Mulhall stated that, although, they early realized that Rep. Watson, was doomed to defeat in Indiana, he and the officers of the N. A. M. worked practically night and day for a month trying to aid him.

DELIRIOUS HE PENS NOTE OF FAREWELL

But Police Find Writer Still in His Room and Send Him to Hospital.

"You don't need to look for me; you won't find me, for by 6 o'clock I will be 100 miles from here."

Bearing these words a note was found shortly after 6 o'clock Friday morning on the door of the room occupied by John A. Lindrath, 325 1-2 Leland av., where he has been boarding.

"And tell the doctor not to come any more. Tell the milkman not to leave any more milk," continued the note.

In spite of the note Lindrath was heard moving around in his room by the family of John Jacobs, who live on the first floor, and the police were called. They broke in the door and found Lindrath still there.

He had evidently changed his mind about going away for he told the police he wanted to go to Epworth hospital. He was taken there.

CABARET DANCING IS NO WORSE THAN OTHER KIND SAYS HOTEL ATTORNEY

Turkey Trot May Be Barred From Chicago Eating Parlors—Hearing Before Council.

CHICAGO, July 18.—Naughty cabaret performers whose raiment, or lack of it—aroused the ire of Mayor Harrison, broke even in the first hearing before a council committee on the mayor's ordinance to compel dancers to be fully dressed.

Two leading hotels favored the ordinance. "Cabaret dancing is no worse than any other kind," said Atty. Francis Wilson, representing the Hotel Sherman and an amusement park. "If stage dancers can wear tights, why not cabaret performers? My clients, however, would not object to an ordinance barring turkey-trotting."

The little daughter of Dr. Coon is suffering with the disease. She has been ill since Tuesday. According to the statement of the attending physician, Dr. C. H. Myers, the child has a very serious case of diphtheria.

STRIKE MAY BE CALLED AT ONCE

Heads of Railroaders Tell Men to be Ready for Walkout Order at Any Hour Now.

NEW YORK, July 18.—Presidents Garretson and Lee Friday afternoon ordered all local leaders to remain within calling distance in case a sudden decision should be made to call a strike of the conductors and trainmen of the 42 eastern railroads.

With the trainmen highly incensed over what they declare has been a trick played upon them by the railroads, and threatening to call off all present arbitration proceedings, private citizens who have interested themselves in the situation, succeeding in getting the board of managers of the roads to meet them Friday afternoon to discuss the charges made by the conductors and trainmen.

The sincerity of the roads is questioned by the employees, who point out that prior to the mediation conference with the president last Monday no intimation was given by the roads that they purposed to air their demands before the federal arbitration body. The present attitude of the roads is characterized in the letters as "a flagrant violation of faith."

Mail Copy to President. Copies of the letter that the trainmen submitted to the roads Thursday night were mailed to Pres. Wilson, every member of the senate and the house, and to all the conferees at the meeting attended by the president.

After giving a resume of the controversy the letter emphasizes that when the railroads consented to join the white house conference the only matter of dispute pending was the trainmen's wage demand. In this connection the letter points out that in practically all existing agreements between roads and men there is a provision that if either side desires an amendment of a regulation, 30 days' notice to the other side is required.

In asking arbitration affecting several agreements now in force the railroads did not give such notice, the trainmen set forth.

The employees said Thursday night that they will wait only for the senate's confirmation of the president's amendment Friday before insisting upon a conference forthwith at which they will present their wage demand.

If the roads then submit their grievances to the federal board of men, so they declared, will decline to sign the arbitration stipulation and will strike instead.

DOCTOR'S HOUSE IS QUARANTINED FOR DIPHTHERIA

Fear Disease Came From Patient Whose Sickness Was First Diagnosed as Tonsillitis.

The quarantine of the home of Dr. B. D. Coon, osteopath, 625 N. Main st., Friday for diphtheria, when brought to the attention of the city health board, brought out a statement urging caution in order to prevent the spread of the disease and ward off possibility of an epidemic.

When asked about the case Friday, Dr. Berteling, secretary of the board of health, admitted that in the circumstances as they were brought to him, there was serious danger that others might get the contagion and said the board would do all in its power to prevent a spread of the disease.

Patients Exposed. Dr. Coon's office is located in his residence. Patients have been going there for treatment, since Tuesday when the girl took sick, it is said. The probability that these persons have been exposed to the disease was admitted by the health officer.

"I understand there have been patients there for treatment through I do not know how many," said Dr. Berteling. "Since this matter has become public, however, we suppose that we may learn from the persons themselves who they are and if they communicate with us we will tell them what preventive measures are necessary."

The contagion is supposed to have started from a case of a little girl at Franklin and Division sts., who died last week. Her ailment was first thought to be tonsillitis but physicians called a few hours before her death diagnosed it as diphtheria, but their administration of anti-toxin was too late to save her life.

Citizens—John A. Swygart. Progressive—Lorrie C. Landon (?). One more candidate for mayor was definitely placed in the field Friday and the announcement of still another one may be made Monday.

With the receipt by City Clerk Bilinski of a special delivery letter containing a petition placing Dr. Crumpacker, republican, in nomination for mayor, the matter of whether a republican ticket would be placed in the field at the fall election seems to be definitely settled in the affirmative.

Louis C. Landon, druggist, who was offered the progressive nomination for mayor Thursday, expected to have his decision made by no n Friday, but decided to wait till Monday before giving his answer.

In the meantime the republican city central committee is meeting Friday night at room 326 in the Oliver hotel to determine whether it will support any republican ticket.

The democrats are sawing wood. Controller Joyce holding another successful meeting Thursday night and effecting the formation of another ward club.

With the Crumpacker petition were the nominations of Wm. N. Bergan for city judge, and Wm. L. Nies for city clerk, all signed by the 25 men whose names follow:

The next center of political interest is in the republican committee meeting. Chairman De Haven stated that he was anxious to see every member of the committee present. The session will be simply for the committee, who will decide among themselves the important question of a separate ticket.

"We do not expect to have any speeches," said De Haven. "The members of the party expressed their convictions at the mass meeting Wednesday night. All that we have to do now is to settle the committee's action."

Make No Predictions. De Haven was unwilling to make any prediction as to the committee's action. George Currier stated in the mass meeting that 14 out of 19 members favored a merger with the citizens' party. Whether any members have changed their minds after the feeling shown on both sides Wednesday, remains to be seen.

Organize Joyce Club. The Third Ward P. A. Joyce club was formed at St. Patrick's hall Thursday night when the voters' agent signed an agreement to boost the candidacy of the present city controller.

Short talks were given by Harry Vair, Judge T. E. Howard, W. A. McInerney, Judge G. A. Farabaugh, I. S. Romig, city attorney; Jerry Hagerty, Frank Murphy and John Orlandovics.

Charles Hagerty called the meeting to order and elected permanent chairman. Other officers are: Joseph Brink, secretary; Edmund Checkelt, vice chairman, and Joseph Vorde, treasurer.

A meeting will be held tonight at the Elder school when the voters of the seventh ward will form another Joyce club.

City Controller Joyce was ill Thursday night and was unable to attend the meeting.
