

DANIELS BLAMED FOR RIOTING

Radical Wing of Seattle Socialists Denounce Navy Secretary For Speech Desecrating the Red Flag.

SEATTLE, Wash., July 21.—Responsibility for the riots Friday night in which the headquarters of the socialists and the Industrial Workers of the World were sacked and the furniture burned on the streets by mobs of civilians led by sailors from the Pacific reserve fleet was placed on Sec. of the Navy Daniels in a memorial to Pres. Wilson, adopted by the radical wing of the socialist party Sunday. The headquarters of this branch of the socialists was one of the pieces wrecked by the mob.

The memorial denounces Sec. Daniels for his speech at the Ranier club Thursday night in which he made a brief reference to patriotism and denounced the red flag and its supporters.

The memorial sets forth that the socialist party has never advocated violence and has never advocated, done, attempted or even remotely dreamed of any act of desecration to the flag of the United States or any emblem or insignia thereof.

"Moreover," continues the memorial, "we submit that the chief way in which the national emblem is being desecrated in this and the other cities of the union today, is by the cloaking or rascality and tyrannical abuses of the aspiring poor within its folds, in short, making a lie of its symbolism."

Taking up the visit of Sec. Daniels and his speech at the Ranier club Thursday night, and the memorial says:

"Our propaganda and our educational efforts have prospered under the daily fire of abuse and misrepresentation until the coming to this city of Mr. Josephus Daniels, secretary of the navy, who, on Thursday evening, July 17, delivered his ill-considered address under any circumstances and what under local conditions the presence in port of the Pacific fleet of the navy under his ranking control, with men and officers on shore leave under the artificialized psychology of hatred and bitterness toward us, amounted to and had the early effect of most incendiary utterances, resulting almost immediately or so soon thereafter it was possible to get the import of his words to the men of his command, in the sacking and destruction of our organizations."
