

ENDORSE WILSON'S STAND ON MEXICO

Ex-Pres. Taft Speaks Before Attorneys, Advocating a Greater Independence of the Judiciary.

MONTREAL, Sept. 3.—The president of the United States, an ex-president and a former candidate for the presidency figured Tuesday by name or by actual presence in the proceedings of the American Bar association's annual meeting. The association adopted a resolution endorsing Pres. Wilson's action in regard to Mexico. Ex-Pres. Taft addressed the members Tuesday night, advocating greater independence of the judiciary. Judge Alton B. Parker, democratic candidate for the presidency in 1904, proposed the resolution unanimously adopted for the approval of the celebration of a century of peace between the United States and Great Britain.

Mr. Taft's address, delivered at Royal Victoria college, was the event of the evening. His subject was "The Selection and Tenure of Judges." Wednesday the ex-president will speak before the section on legal education on "The social importance of proper standards for admission to the bar."

At its business session Wednesday the association received and adopted reports from a score of standing and special committees.

Walter G. Smith of Philadelphia in an address this afternoon before the legal education section declared that there had been a revolution of sentiment in regard to proper preparation for admission to the bar. "Office education," he said, "has given place to that of law schools whose courses are subject to constant improvement as experience shows their defects."

Clarence A. Lightner of the Michigan bar urged the need of more complete inquiry into the moral character of applicants for admission to the bar.

BANKERS FAVOR FEW SECTIONS OF MEASURE

Representatives of Recent Conference at Chicago Tell Senate That They Do Not Fear Government Control.

WASHINGTON, Sept. 3.—Support for many principles of the administration currency bill was drawn from leading members of the American Bankers association Tuesday, at the first session of the hearings begun by the senate committee on banking and currency.

Representatives of the recent conference of bankers at Chicago, who appeared to present resolutions for amendments to the bill, emphasized the fact that they did not come in the spirit of antagonism to the bill, but in the hope that it could be so amended as to make the new system "more attractive, and more flexible."

"We do not fear government control," said Sol Wexler, vice president of the Whitney-Central bank of New Orleans, and one of the chief spokesmen for the delegation.

"We want optimistic representation on the federal reserve board; not to exercise undue influence upon its actions, but to prevent abuses that might arise."

James B. Forgan, president of the First National bank of Chicago, and chairman of the Chicago conference, and Mr. Wexler testified Tuesday, and covered part of the ground embraced in the series of suggestions for amendments to the bill made public by the bankers a week ago.

Suggestions upon which they dwell with chief emphasis, today are:

Offers of Few Suggestions. That the banks, rather than the federal treasury, issue currency.

That a central bank, or not more than five regional banks, would be preferable to the proposed twelve regional banks.

That membership of National banks in the new federal system would be optional, not compulsory as the bill provides.

That the amount of regional reserve bank capital for which each National bank must subscribe, should be reduced from twenty per cent to ten per cent of the subscribing bank's capital stock.

That one regional reserve bank should not be compelled to rediscunt the commercial paper held by another.

The sharp struggle that is to be waged in the senate committee before it can reach any agreement upon currency reform legislation became apparent early in the hearing. Questions by Senators Hitchcock and O'Gorman (democrats) indicated that their views on certain provisions of the bill were at variance with those of the party leaders who engineered the measure through the preliminary stages in the house; and republican opposition to many features of the bill was pronounced.

The suggestions made by the bankers' committee, that representation be given to the banking interests on the federal reserve board, were met with a counter-suggestion by Senator Weeks (republican), which it is understood will be advanced as a possible amendment when the senate committee begins consideration of the bill.

This was, that the bankers of the country should be allowed to submit to the president a list of 50 or 100 men and the president be authorized to select from this list the four members of the federal reserve board whose designation would rest with him under the bill.

BRIDGE FOR LEEPER PARK IS QUESTION

County Commissioners Fail to Make Appropriation as They Are Waiting on the Street Car Officials.

The proposed new bridge for North Michigan street is still an uncertainty. The petition for an appropriation for \$100,000 for the building of the bridge was turned down Tuesday afternoon by the county council in its annual appropriation budget.

It was explained that the council refused action on the matter until it had assurance from the street railway company that it would stand at the expense of building the bridge. Further action on the matter now lies on the reception of this demand by the railway company.

An appropriation of \$18,000 was given for the maintenance of grounds and buildings of the new anti-tuberculosis camp in Clay township. The remonstrance of St. Mary's academy against the building of the new camp at the site now proposed was put on file by the commissioners.

The total budget appropriation for the year totals near the \$250,000 mark. Owing to increased expenses for the year the tax levy was raised from 30.15 cents on the \$100 to 32.90 cents. Of this sum four cents will go for interest and seven for sinking fund.

Outside the routine county expenses the only other appropriation made was \$10,000 for a new bridge at Logan street.

LABOR LEADER SCORES THE DUBLIN POLICEMEN

Says Treatment of Strikers is on a Par With That Given Them in America.

DUBLIN, Sept. 3.—James Keir Hardie, labor member of parliament, who is here in connection with the street car strike riots and the conflicts between the strikers and the police, said Tuesday:

"I regard the actions of the police here as the most serious event the trades union movement has had to face for a century. The actions of the authorities sweep aside the whole of the trade union legislation and restore us to the position in which the trades unions were before they were legalized."

"It is a form of action against trade unionism which is very common in America, but I did not expect to find that in any law abiding country like our own, the anarchist precedent of the United States courts would be followed."

The employers here are considering the proclamation of a general lock-out.

TEACHERS HOLDING COUNTY INSTITUTES

Session at Lydick, Tuesday, Was Addressed by John S. Bordner, Farm Expert.

John S. Bordner addressed a joint session of the teachers of Warren and Olive townships Tuesday at an institute at Lydick, talking along agricultural lines. His address was directed toward the new vocational act and how it will apply to the teachers when they begin work next week.

He will talk each day to the institute during the rest of the week. Wednesday a joint institute of the teachers of German, Clay, Harris, Penn, Portage, Center and Greene townships will be held in Ralph H. Longfield's office at the court house.

Liberty and Lincoln townships will hold their sessions Thursday at North Liberty. On Friday Madison and Olive townships will hold theirs at Wyatt. Bordner will be the principal speaker at each, and Longfield will also take an active part in addressing the teachers.

CHICAGO HOTEL BURNS

One Man Is Killed in State Street Fire.

CHICAGO, Sept. 3.—The new Central hotel on State street in the heart of the shopping district was burned Tuesday. Only one man, Thomas Yates, an employe of the hotel, was killed, but 15 firemen were overcome by smoke. Downtown traffic was held up several hours. Passengers on the elevated trains were ordered off while motormen bound their faces in wet cloths and drove through the smoke area at top speed.

NORTHERN INDIANA SCRIBES MEET THURSDAY

Gov. Ralston to Address Editors at Annual Meeting—Gig Auto Trip Planned.

LAPORTE, Sept. 3.—Final arrangements have been made for the meeting of the Northern Indiana Editorial association Thursday and Friday. The local committee which has charge of the arrangements have provided for 75 automobiles which will take the visiting editors and their wives on a trip over the city and to Michigan City, where Edward J. Fogarty, warden, has made arrangements for a banquet for the visitors. This trip will be made Thursday, the dinner being at noon.

Returning here there will be an informal reception at 7 o'clock at the Rumely hotel for Gov. Ralston and several other state house officials who are expected to be present. At the banquet, which will start at 8 o'clock, Harry B. Darling will act as toastmaster, and responses will be made by the governor, Col. Buckingham and E. J. Dunn, Chicago, John B. Stoll, South Bend, and L. W. Ellis, Laporte. Col. Buckingham is the man who defended the packers in the suit against them by the government. His subject "New Era," will be the subject of Friday will be devoted to business meetings in the Elks' club rooms, the meeting being called by John Beane, editor of the Goshen Democrat. His election of officers will be held, followed by several talks on things of interest to newspaper men.

SULZER PARDON IS STARTER OF TROUBLE

Judge Demands That Man Freed by Elected Governor Appear in Court Thursday.

ALBANY, N. Y., Sept. 3.—Announcement that Gov. Sulzer had pardoned Joseph G. Robin, who is serving a term in the New York penitentiary on Blackwell's island for robbing the Northern bank and the Washington Savings bank of New York, was made at the executive chamber Tuesday afternoon, although the pardon was granted last Saturday.

Simultaneously word came that Supreme Court Justice G. B. Harbrouck had issued a writ demanding the production of the prisoner before him at Kingston on Thursday.

Both the friends and opponents of Gov. Sulzer regard this proceeding as a court test of the validity of the impeachment of the governor in advance of the time set for the convening of the court of impeachment. It is known, however, that Judge D. Cady Herick and others close to the governor advised strongly against issuing the pardon.

Acting Gov. Glynn refused Tuesday night to comment on the circumstances.

COMMITTEE WILL TRY TO LESSEN ACCIDENTS

Automobiles Have Killed 107 in Chicago Since the First of the Year.

CHICAGO, Sept. 3.—A volunteer committee of public safety is to be appointed by Coroner Hoffman to try to lessen the number of deaths by automobile, street car and railroad accidents. The committee will be composed of representatives of railroads, traction companies, automobile associations, police and the board of education.

Up to the first day of September there have been 107 deaths by automobile in 1913. Deaths from accidents have increased here from 3,482 in 1905, to 5,274 in 1912.

THREE KILLED IN FEUD

Fourth Victim May Die as Result of Shooting in Kentucky.

SAYLERSVILLE, Ky., Sept. 3.—Three men were killed and a fourth was probably fatally wounded near here late Monday night in a gun fight believed to have been the result of a family feud. The dead are Nero and Seymour Howard, brothers, and a young man named Cornett. The latter's father, Russell Cornett, who also participated in the fight, was believed to be mortally wounded.

RESINOL CURED AWFUL PIMPLES

Brooklyn, N. Y.—"At first little red spots were seen on my arms and body, which I noticed were getting larger every day. They itched me so much that I scratched myself until I bled. There were times when I stood up all night and scratched. I was troubled about three weeks, during which time I used everything which seemed to do me no good whatever. Then, finally, I thought of trying Resinol Soap and Resinol Ointment. As soon as I applied Resinol Ointment I felt much relief. After using it a few times, I noticed the sore spots slowly fading away, and in about a month I was cured completely." (Signed) Adolph Schoen, 742 Shepherd Ave., Nov. 1, 1912.

Resinol is not an experiment. It is a doctor's prescription which was so unusually successful for skin troubles that it has been used by other physicians all over the country for eighteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment and Resinol Soap. For free trial write to Dept. 11-R, Resinol, Baltimore, Md.

Recovered From Severe Lung Trouble

Plenty of fresh air and good food are necessary to persons suffering from lung trouble, but something more is needed to bring about full health. Eckman's Alternative is a medicine for throat and lung trouble, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefiting otherwise should at least investigate what it has done for others. Investigate this case:

"Madison Lake, Minn. 'Gentlemen: In December, 1908, March, 1909, and September, 1909, I was taken with hemorrhages of the lungs which confined me several weeks, each time to my bed. My doctor advised me to go west. 'In November I started for Denver, Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alternative. In about two months I began to feel better. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 120 pounds. I now weigh 165, my normal weight. I thank God and your Alternative for my health.' (Above abbreviated; more on request.) Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colic and in upbuilding the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by Chase, Cooney & Co., Woods & Striebel, and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence."

Chattanooga, Tenn., St. Louis, Mo., Omaha and Houston, Tex., are making efforts to secure the convention in 1914. Los Angeles, according to the report sent by Heston, stands a big chance of getting the 1915 convention, as it has already taken steps to secure it, and has the additional at-

traction furnished by the Panama exposition. The meeting is being attended by over 1,000 delegates. A letter was read Tuesday from Postmaster Gen. Burleson, stating his regrets for not being able to be present.

THE BOOK of EVELYN

A great opera singer, before she became famous; an Italian count, people of society, boarding-house folks, all played a part in Evelyn's winter in New York. Bonaventura, the singer, a flashing, vibrant genius—Evelyn, sensitive, high-bred, attractive—meet unexpectedly in the life of one man. The situation grows tense! Will Evelyn speak the knowledge that comes unthought from the other woman's own lips?

The story leaves the reader smiling and content, believing that the world is that very good place it can be on occasion. With subtlest artistry and finest dramatic sense, Miss Bonner presents a problem that will make talk, and a story that holds the attention with unflagging interest. Evelyn tells her own love-story in a way to warm the heart and cheer the soul.
