ROOSEVELT HITS AT TAMMANY HALL BUT REVEALS SULZER

But Present Condition Came, He Says Because New York Failed to Elect Bull Moose Governor.

ROCHESTER, N. Y., Sept. 27.—In his address before the Progressive state convention Saturday, Col. Roosevelt declared that in the elections throughout New York state this fall "the dominant concern of our people should be to prevent Tammany from gaining complete control of the state" and "that to this the lesser issues must give way."

He argued at length that the present predicament in which the state finds its public affairs is due to the failure of the people to elect a governor last fall and a legislature pledged to the carrying out of progressive policies.

While refusing to defend Gov. Sulzer Roosevelt said that the governor was impeached only because he defied Tammany Hall and that Tammany must be driven out.

ALBANY, N. Y., Sept. 26.—Gov. William Sulzer tried to persuade contributors to his campaign fund not to testify against him, according to evidence adduced at his impeachment trial Friday.

He asked Duncan W. Peck, state superintendent of public works who gave \$500 to the fund to violate his oath on the witness stand in event he should be called to testify before the Frawley investigating committee, Peck swore. The governor, Peck asserted had told him that he too, would deny having received contributions.

This conversation he said, was held in the governor's office at the capital. The witness was examined by John B. Stanchfield as to the precise words used by the governor.

"What did he say?" "He said: 'Do as I shall do, deny it.'"

"What else was said, if anything?" "I said, 'suppose I shall be under oath.'"

"He said, 'that is nothing. Forget it.'"

Attorney Hinman cross-examining for the defense, asked Peck whether possible that he could be mistaken about a single word that passed between him and the governor.

"Not a word," Peck replied emphatically.

Peck at the time of his contribution held his present position, but told the governor, he said, that there were no "strings" to the gift and that he did not feel that he was obligated to re-appoint him. Peck was reappointed.

The governor asked Henry W. Morgenthau, ambassador to Turkey who contributed \$1,000 to the "easy on him," and "treat the affair between us as personal," in the event that he should be called to testify. This Mr. Morgenthau swore to when recalled to the stand.

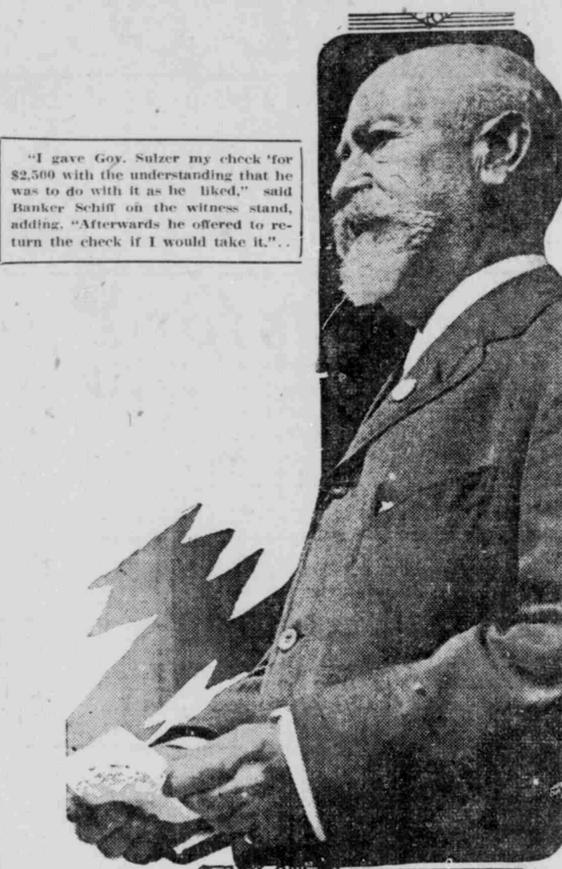

The request was made by the governor over the long distance telephone on Sept. 2, last.

The governor's attorneys gave indications of being completely confounded by the testimony of these two witnesses. None of them had the faintest inkling, it was learned that such accusations were to be brought by the attorneys for the assembly managers.

It was further brought out that Richard Croker, Jr., son of the former leader of Tammany hall, had contributed a \$2,000 check payable, "to the order of Sulzer," to the "easy on him," and that the check was cashed by Frederick L. Colwell alleged to have been the governor's agent in his Wall street office.

He wanted the cash. Croker testified that the governor wanted the check in a convenient form to cash it immediately because he was in a hurry to start on his campaign trip through the state. This was on Oct. 16 but it was developed that Colwell did not cash the check until Oct. 31.

BANKER SCHIFF PHOTOGRAPHED ON WITNESS STAND IN SULZER CASE.

JACOB H. SCHIFF, NEW YORK BANKER, TESTIFYING IN SULZER IMPEACHMENT TRIAL.

the Manhattan club in New York. "Did you talk about the necessity of doing something to help him because of his financial condition?" asked Judge Herrick.

"Yes, we did," said Brady. Gwathmey on the other hand produced a letter he had sent to the governor which read:

"Enclosed please find \$100 which I wish you would hand to the people who are conducting your personal campaign as I wish this money to be devoted to that cause alone."

The prosecution brought in Friday the first evidence to support the charges that the governor used some of his campaign funds to speculate in Wall st.

Phillip Boyer, head of the New York stock exchange of Boyer, Griswold & Co., and two of his employees testified to the purchase by Colwell of \$12,000 worth of Big Four stock which was paid for by seven checks given Sulzer, his own personal check for \$300 and \$7,125 in cash. These checks were those of Theodore W. Myers, John Tann, Lyman A. Sapulid, Edward F. O'Dwyer, John W. Cox, the Frank W. Strauss company and John T. Dooling.

The allegation suit has created the biggest ripple in the ranks of the Four Hundred in years.

PHILADELPHIA, Sept. 27.—A new office, that of chaplain to the Catholic students at the University of Pennsylvania, has been created by Archbishop Prendergast, who appointed Rev. John W. Keogh as the first incumbent. The new chaplain's work will deal exclusively with university students. Father Keogh is now a curate in a Philadelphia church.

The appointment is in obedience to the commands of Pope Pius X. in his encyclical on the teaching of the christian doctrine, in which the pope decrees that "in large towns and especially in those which contain universities, colleges and grammar schools, religious classes be founded to instruct in the truths of faith and in the practice of christian life the young people who frequent the public schools from which all religious teaching is banished."

Mr. Pettengill expressed the same opinion pointing out that the board does not have power over registration.

Court Action Possible. Court action to decide the controversy seemed not entirely impossible, inasmuch as each firm has indicated its persistent intention to stick to fight to the finish. Although the progressives said they would not cross bridges until they came to them, their attitude indicated that if the citizens' clerks should attempt to work in conjunction proceedings might be instituted.

Miller was deposed as chairman of the party at a meeting held early this week by the progressives who refused to "bolt" to the citizens' movement. But Miller refused to be deposed. He is still "king" according to his positive statement.

Say Miller is Out. Miller's opponents are equally insistent in their assertion that Miller is not chairman. They style Miller the "attempted" deposer of their party, and as back of L. C. London and the rest of the ticket nominated at the primaries this summer. When Miller and his committee espoused the citizens' cause, they forfeited their right to be considered as members of the progressive party. Their deposition from office by the resolution passed this week was a mere matter of form, the request for their resignation a mere courtesy. That's the progressive view.

But Miller refused to be disturbed by the resolution, announced he would disregard it, and asking the action to the word, has prepared a list of names which he will present to represent the progressive party at registration.

CITY G. O. P. TICKET IS LABELED O. K.

State Executive Committee Upholds Action of Local Republicans in Supporting the Party Ticket.

South Bend republicans who remained loyal to the party and placed a ticket in the field for the municipal campaign have received the unqualified endorsement of the republican state executive committee.

At a meeting of this committee in Indianapolis Friday reports of conditions throughout the state were made. According to Fred A. Sims, state chairman, the reports were highly encouraging. Sims explained that although the committee has no power to give directions to the republicans as to city campaigns, the expressed opinion of the members present was that the republicans in all of the cities of Indiana should place straight tickets in the field.

Besides Sims those who attended the committee meeting were: Erns Porter, Shelbyville; George Kreitenstein, Terre Haute; Perry Smith, Warsaw; George B. Lockwood, Muncie, and Wood Woodell, Greensburg.

Another meeting of the committee will be held in the near future, at which suggestions regarding the reorganization of the state committee will be brought forth.

MILK MEN MADE FINE SHOWING

St. Joseph county dairymen have been supplying South Bend with milk that tests as high as two percent above the average, according to tests taken by the state board of health. A report from H. E. Barnard at Indianapolis, president of the board, received by City Food Inspector Chas. Van Lake, shows that the milk of the county is free of dirt and that some of it contains as much as 5.3 percent fat.

During the past year Van Lake has made 822 inspections of dairy produce in the county and very few flaws were found. The names in the last report and the amount of the milk test is: J. E. House, 3.9; W. D. Stover, 4.6; G. H. Ripley, 4.8; Albert Wolf, 3.8; Chas. Parrett, 4.4; Rogers Dairy, 4.2; E. S. Crocker, 4.1; Matthews Kuzmich, 4.8; H. W. Nelson, 4.5; A. W. Bacon, 4.3; M. F. Hill, 4.4; J. M. Luther, 4.6; J. D. Shark, 5.3; George Palmer, 4.2.

NO CHANCE OF KISS AND MAKE UP HERE

Mackay and Blake Families Hopelessly Divided By Crossed Love Affairs.

NEW YORK, Sept. 27.—Friends of Mrs. Joseph Blake, wife of the famous New York surgeon, who is suing Mrs. Clarence H. Mackay for \$1,000,000 damages for alleged alienation of the doctor's affections, declared positively Saturday that there was no chance for a reconciliation between Dr. and Mrs. Blake. A dispatch from Portland, Me., where Mrs. Mackay is living, said that an identical situation existed in the Mackay family.

Mackay, multi-millionaire telegraph and cable magnate, who is in Europe with his three children, is said to have made an agreement with his wife before he sailed in June by which he would not contest a suit for separation on the ground of desertion.

WIFE OF VICTIM SUES FOR \$10,000

Mrs. Ord I. Luck, Whose Husband Was Killed on Northern Indiana Car, Alleges Negligence.

PARIS, Sept. 27.—How votes for women will abolish the social evil and consequently the white slave traffic, will be explained to the people of the United States by Mrs. Emmeline Pankhurst, according to a statement made Saturday by her daughter, Christabel Pankhurst. Mrs. Pankhurst will deliver her first speech in the United States in New York on Oct. 21.

"My mother's lucid explanation of how votes in the hands of women will wipe out this blot upon civilization will be a great aid to the cause in America," said Christabel.

"Recently I wrote a treatise upon white slavery and its cure and parts of this will be read by my mother as both of us have the same views upon this momentous subject. Men with their votes have fostered the social evil; it remains for women to abolish it with the ballot. Bewildered professors whose world is the four walls of a library, claim that good morals cannot be legislated into a man; we women will show them differently."

DRINK WATER? YOU MAY GET THE APPENDICITIS

PARIS, Sept. 27.—That appendicitis is due to water drinking, is the remarkable theory advanced by scientists here. The statistics collected tend to show that only one in 200 wine drinkers is attacked by the malady, while 10 per cent of the water drinkers are victims.

THAW LAWYERS GET MORE TIME FOR FILING BRIEFS

CONCORD, N. H., Sept. 27.—Counsel for Harry K. Thaw received formal assurance from Gov. Foked Friday that he would grant an extension to Oct. 6 of the time for filing briefs in the extradition proceedings.

TEN MEN ARE UNDER ARREST FOR HOLDUP

All of Them Deny Any Connection With Robbery Which is Said to Have Netted the Three Thieves \$50,000.

TUSCALOOSA, Ala., Sept. 27.—Deputy sheriffs from Birmingham and Montgomery and armed farmers of Tuscaloosa county have abandoned the search for the three men who held up and robbed the Alabama Great Southern passenger train at Bibbville Siding, Ala., Thursday night and the case is now entirely in the hands of the railroad special officers.

Five men have been arrested at Eutaw, Ala., below Tuscaloosa, none of whom is over 30 years old, and five others have been taken to the Tuscaloosa county jail by special agents. All of these men deny connection with the holdup.

Various estimates Friday night place the amount of booty secured as high as \$100,000. Conservative estimates, however set the amount of loot at \$50,000, including a heavy shipment of currency from the east to New Orleans. This cannot be verified however at this point.

Mail Clerk Leander Poole Friday gave out the following version of the robbery:

"The robbery was committed by three masked men, two of whom were young and nervous. One did considerable promiscuous shooting and cursing in the mail car. Bullets passing through the mail car narrowly missed four men. I am confident the robbers were going the shootings."

"The last charge of dynamite that blew the express safe was very heavy. It jarred us 100 yards away. They had lights that threw rays so they could see us but we could not see them. As they were marching us back to the passenger coaches I fell cattle guard and sprained my ankle. One robber warned us of the cattle guard just as I fell."

"I believe I can identify the robber who did the shooting and cursing. I got a good look at him."

The killing Friday of Deputy Jim Bonner of Birmingham was accidental. The posse of which he was a member was six miles north of Tuscaloosa. They were all sitting in a caboose of the special train and in preparing to get off at Tuscaloosa, Deputy W. J. Cooper of Montgomery reached over and drew his rifle toward him. The weapon was discharged, the bullet piercing the heart of Bonner who had the dogs in leash.

CHAUTAQUA CIRCUIT HAS LOST JOE FOLK

WASHINGTON, Sept. 27.—Another chautauqua lecturer was added to the pay roll of the state department Friday when Joseph W. Folk took the oath as solicitor of the department. Mr. Folk is reputed to be sacrificing an annual of \$35,000 to take the position of solicitor.

SLIT SKIRTS—HIGH ART

CHICAGO, Sept. 27.—Skirts slit higher mean higher art, according to Mario Korbel, the young Bohemian sculptor. "Grecian girls wore skirts slit to the hip and were paragons of virtue," said Korbel.

DRESS PLAYS A LEADING ROLE ON THE MOVIE SCREEN.

MISS ADRIENNE KROELL. "Dress is an important factor in the success of a photo play! Street clothes and evening dress, when worn in a scene, should be thoroughly up-to-date and good to look at."

"The photo play is gaining the same position as the stage has had for years and years with respect to being a forerunner of fashion. Women patrons of a picture play study the dress of their favorite feminine star, as well as her acting, and it behooves the actress to keep that in mind."

So says clever Adrienne Kroell, one of the most popular "movie" stars of the day. She practices her belief, too, wearing clever costumes in a clever way when the part requires them.

CHRISTIAN SCIENCE HEALER IS SLAIN

Woman Practitioner Found Murdered in Offices at Los Angeles — Robbery Not Attempted and Police Baffled.

LOS ANGELES, Cal., Sept. 27.—Mrs. R. P. Gay, a Christian Science practitioner with a suite of offices in the Hellman building, was found murdered in her office Saturday morning. The woman's brains had been beaten out with a 16-inch section of gas pipe.

The police were unable to find any clue to the murderer or even suggest a motive. Mrs. Gay was one of the best known scientists in the state.

It is believed that the slayer entered the office between 4 and 7 Friday. Every one who was known to have been in her office Friday is being sought by the police.

No one except the charwoman employed in the building could have entered the office after 7 last evening, officials of the building said. One of the charwomen found the door to Mrs. Gay's office open about 5 o'clock Saturday morning. Entering she found the Christian Science practitioner prone on the floor, a pool of blood surrounding her head.

Her pocketbook containing a large sum of money, was lying on the desk untouched by the murderer. No attempt was made by the slayer to open the locked drawers of the desk.

PETTENGILL CHANGES OFFICE

Attorney Samuel B. Pettengill, who for the past two years has maintained law offices in the J. M. S. building in connection with the Lenn J. Oare, has moved to 412-14 Jefferson Building, where he will, in association with Mr. Charles Weidner, continue in the active practice of law.—Adv.

DEMOUNCE MILLER FOR DOUBLE-CROSS TO BULL MOOSERS

Ex-Progressive Scored For Trying to Turn Trick For the Citizens' Party as Progressive Chairman.

The issue as to whether the progressive party sets be represented on the registration board Oct. 6 or the places usurped by citizens' party clerks nominated by W. E. Miller, posing as city chairman of the progressives, while deliberately repudiating the party, has been deferred until the first of the week.

BILINSKI TO DECIDE BETWEEN RIVAL LISTS

Elections Board Thinks Conflict Up to City Clerk and Court Action May Yet Be Evoked.

The issue as to whether the progressive party sets be represented on the registration board Oct. 6 or the places usurped by citizens' party clerks nominated by W. E. Miller, posing as city chairman of the progressives, while deliberately repudiating the party, has been deferred until the first of the week.

The citizens' party which set the benefit of Miller's action, has likewise received additional disfavor judging by street talk.

"Miller has double crossed the progressives," said one bull moose. "In a petty piece of politics for the benefit of the party which claims to be above such things."

When the question does come up for final disposition the burden will probably fall entirely on City Clerk Bilinski. Other members of the board of election commissioners have indicated they believe the citizens' party are without jurisdiction in matters regarding registration.

Neither of the lists of clerks prepared by Miller or G. C. Locke, acting chairman of the real progressives, had been filed with the city clerk Saturday morning an dMr. Bilinski was unwilling to indicate his opinion in the matter until the affair comes to a focus.

"Maybe we'll have to fire out both bunches and make all of 'em democrats to settle it," he said smiling.

Chairman Locke announced Saturday morning that he was still at work on his list and would have it ready for presentation Monday morning. The progressives who are supporting the city ticket Saturday denounced the attempt of Miller to usurp their rights as not only illegal but dishonorable.

Act Was Dishonorable. "It's just as dishonorable as for a salesman to represent that he is the employer of each firm and turn his order over to another," said L. C. London, progressive nominee for mayor. "However, I'm not surprised."

Miller Guy and S. B. Pettengill, members of the board of election commissioners with City Clerk Bilinski, both knew of the situation which has arisen generally but were without official information. Neither, however, believed the board would have jurisdiction in the matter.

"The matter was just brought to my attention today although I have not investigated I believe the duty is decided and the conflict will develop on the city clerk alone," explained Miller Guy.

Mr. Pettengill expressed the same opinion pointing out that the board does not have power over registration.

TRY ARNEY SOON FOR MURDER HERE

Alleged Accomplice in High-shew Killing to Be Brought Here From Reformatory to Testify.

The case of the state of Indiana against Willard Arney, charged with the murder of Enoch Highshew near Mishawaka in November, 1909, was set for next Friday by Judge Funk in circuit court. It is probable the trial will not begin, however, until the following Monday.

The star witness for the state will be William Booker, who according to Prosecutor Montgomery, has confessed complicity with Arney in the crime. Booker is now in the state reformatory at Jeffersonville, but will be brought to South Bend under guard to testify against Arney. A subpoena to Supt. Peyton of the reformatory will be sufficient to bring Booker here.

Shortly after Arney's arrest this summer a statement which the prosecuting attorney declares is a complete confession implicating Arney, was obtained from Booker in his cell at Jeffersonville. This confession will be introduced at the trial. Booker is serving a sentence in the reformatory for forgery and larceny.

Several other criminal cases were set for trial during the coming week in the circuit court.

OLIVER PLOW EXHIBITED

The first display for the farmers' and merchants' fall exposition appeared Friday morning in the Mayr jewelry store window, where an Oliver plow has been placed. Other windows are being arranged.
