## SALARIES OF CITY OFFICIALS ARE FIXED

### Judge to Receive \$600 While Members of Board of Public Works Will Get \$600 Each—Will Have Controller.

Under the next administration Mishawaka will have a city controller. The new office was created by the common council at a special meeting Monday evening. The controller will be appointed by the mayor and will receive \$1,200 a year as compensation.

As required by an act passed by the Indiana legislature at its last session the salaries of city officials for the four ensuing years were fixed at the meeting. The meeting was a special one and was held in the council chambers.

The ordinance fixing the new salaries was read by City Atty. Isaac Kane Parks and passed the council upon third reading, the rules being suspended to make the latter legal.

As provided in the ordinance the salaries of the mayor, treasurer, engineer, attorney, street commissioner and councilmen remain the same as they have been in the past. The salary of the members of the board of public works as well as that of the city judge was established.

The salary of the city judge was fixed at \$600. This is the office created at the last election and it was the subject of most agitation when the salary matter came up for settlement. The figure fixed for the new position seems to meet general approval and is regarded as about the just and fair salary for the man elected to this office.

The salary of the members of the board of public works was fixed at \$600. The board will consist of three members, each of whom will receive the salary stipulated.

The salaries that remain unchanged are as follows: The mayor will continue to receive \$1,200 per year, the city clerk, \$1,500; the city treasurer, \$1,200; the city engineer, \$1,400; the city attorney, \$1,200; the street commissioner \$90 per month and the members of the council \$150 per year.

The adoption of the salaries was the only business transacted at Monday's meeting. Mayor John A. Herzog presided and called the meeting to order. The session lasted but a few moments.

## ISAAC KANE PARKS WILL DEFEND ARNEY

Considerable local interest attaches to the Highways murder case which will probably come up for trial in the circuit court the last of the week. The defendant is Edward Arney of this city and he is being defended by Atty. Isaac Kane Parks. Arney is now in the county jail awaiting trial. He was arrested upon a "confession" of William Booker, said to be a self-confessed accomplice of Arney in the commission of the crime. The crime when committed greatly stirred up the city. Mr. Highshaw was a prominent farmer residing south of Mishawaka. He was returning home on the night of Nov. 5, 1909, when it is thought he was murdered somewhere along the Union st. road between this city and his home. He was found dead in the buggy by his son the next morning. The horse had brought his master's body home and was standing at the barn door.

### RETURN FROM TRIP.

Mr. and Mrs. T. Brown, Mr. and Mrs. A. Hayden, Mrs. A. Willard, Harry Willard, C. Neidmyer and Harry E. Lave have returned from a successful fishing trip at Davis lake. The trip was made in an automobile.

### BIRTH OF A SON.

A son arrived recently at the home of Mr. and Mrs. A. L. Harris, South Bend. Mrs. Harris was formerly Miss Beatrice Bath of this city.

### CONCLUDE FISHING TRIP.

Carl Wilke, Dana Van Holsbeck and Carl Schнай have returned from a fishing trip near Constantine, Mich.

### BREWERY BEING PAINTED.

Painters and decorators are busily at work on the Kamm and Schellinger brewery buildings making them all of a uniform color. The buildings will be very attractive from the car. The main building will be painted a rich red with white trimmings. The dome on the main building will be gold leaved and incandescent lights will be placed around the dome for evening illumination.

## MATTHIAS HONALD OVER COME WITH GAS SUNDAY

Matthias Honald of this city Sunday morning about 9 o'clock, was overcome with gas from an instantaneous heater and every effort of two doctors was required to bring him to, at the home of his sister, Mrs. Freida Kemper, corner of Taylor and Fourth streets, at his residence he lived. He was found by his niece, Miss Anna Kemper, who becoming alarmed at his long stay in the bath room, broke open the door and found him prostrate on the floor. She quickly called her mother, but the two of them could not lift him from the room. They then called the assistance of Joseph Baker and Jacob Klein, who carried him from the bath room. Two doctors were called to the home. It is claimed that poor ventilation was the cause of the gas becoming so powerful in the room. Owing to the slow rate of accumulation of the gas in the room it was not noticed by Mr. Honald until after being overcome.

## COMPLETION OF FOURTH STREET SEWER REPORTED

City Engineer Haverly at the meeting of the board of public works Monday morning at the city hall, reported the completion of the W. Fourth st. sewer.

The final estimate on the S. Wells st. sewer was also accepted by the board. Clerk Kennedy was ordered by the board to re-advertise for bids for the Twelfth st. local sewer. Bids for the sewer have been presented the board but were rejected.

Zell Spencer and eight others petitioned for water mains on Sarah st., between Marion and Standley sts. Referred to superintendent on water and electric.

On the recommendation of Supt. Crabb the president of the board was ordered to enter into a contract with the National Carbon Co. to supply the city with carbons for street lamps. The clerk was ordered to notify property owners on W. Sixth st., to place sidewalks between Cleveland and Logan sts.

## KIDS ENTERTAINED BY FIREMEN AT CENTRAL

Three classes of the kindergarten department of the main school paid a visit to the Central fire station Monday morning and were shown through the building. There were nearly 60 of the little people in the three classes and were accompanied by their respective teachers.

The fire laddies were glad to receive the little folks and the big fire horses were hitched to the hook and ladder truck to the great glee of the kids. The engine in the motor truck was also started and the workings of the machine were thoroughly explained. The covers were removed from the engine and the children were allowed to examine the inner parts of the car. They were also taken up to the pigeon hole and were allowed to handle some of the noted pigeons at the station.

J. Alvin Scott of this city, returned Monday from a several days' trip in the city he visited friends at Denver. Rev. H. B. Hiltchinger, D. D., of Denver, returned with Mr. Scott and will spend several days visiting with him in the city.

## MRS. MARGARET KLEIN DIES AT HER HOME

Mrs. Margaret Klein, one of the best known and highly respected citizens of Mishawaka, died Sunday morning at 4:10 o'clock at her home, 702 E. Third st., after one week's illness with heart trouble. Mrs. Klein had been in failing health for several years.

Mrs. Klein was born in Germany March 19, 1841, and has resided in this vicinity since 1846. On June 3, 1865, she was united in marriage to Stephen Klein at Mishawaka, who died in January, 1911.

Mrs. Klein was a member of the Rosary society of St. Joseph's Catholic church, of which she was a devout member.

She is survived by the following children: Jacob Klein, south of the city; John N. Klein and Andrew Klein, Mrs. Mary Weber, Mrs. Elizabeth Landgraf, Miss Anna J. Klein of this city and Mrs. Christina Betzler of South Bend, and a number of grandchildren and one great grandchild.

Funeral services will be held from St. Joseph's Catholic church, Tuesday morning at 9 o'clock, Rev. Dean L. Moeck officiating. Burial will be in the St. Joseph cemetery.

Remains may be viewed from Monday afternoon at two o'clock until one hour of the funeral.

## OUR FELLER CITIZENS

Arabella will not appear in the exhibition parade. She is ashamed of her old bonnet.

Ed. Pfeiffer, the bugaboo of the Eagle lake bluegill, is on the grand jury.

Will Mack removed the radiator from his automobile for repairs. He admits, however, he doesn't have much success trying to drive the car without it.

Howard Pryne, when asked to tell about the biggest fish he caught last summer, advises us he didn't catch it.

Hiram Kreighbaum is an applicant for membership in the Commercial-Athletic club, one of the oldest and most prominent of the city's social organizations.

William Nies, republican candidate for city clerk, snatched a half holiday Saturday afternoon and motored up to Diamond lake, then turned around and came right back again.

Boston Ampolopels is reported in our midst. Lock your doors.

Noel Dunbar confesses that absolutely nothing exciting has happened to him lately. When last seen he was proceeding east on Washington av., advancing one foot after the other in the customary manner.

Gene Warner smokes a hard-looking pipe with a high voltage and a wide operating radius.

Charles Frazier and party drove to Hudson lake to pepper coots last week. In point of nourishment we understand the North American coot is about on a par with a hot water bottle.

Joe Williams and the Missus spent the week-end at Diamond lake. Joe says he would rather fish than eat, and adds that he is "powerful attached to his meals."

Ike Hutchins has finally produced a Casaba melon. It is a discouraged looking critter with its pale green, puckered-up hide and although well developed does not at all conform to native born Hoosier's idea of what a melon should be. However, it does not ripen until some months after it has been plucked and like assures us that it will be as sweet as a nut. So, one cannot always tell from the size just what's beneath the skin.

Shady Campbell is seriously contemplating the purchase of a set of automobile jacks. The consideration is said to be \$4.50.

Drs. Baker and Shanklin at this very minute are in the old country—presumably Vienna—learning how to operate on backward clients for large feasting masses of greenbacks so politely that the patient will not even complain of a slight tickling sensation.

Joe Brazy, of the Grace Scott players, keeps his mind on the race and attends performances at other theaters whenever he has an opportunity. Observed from across the footlights, Joe seems to take great pleasure in his work.

Emmet Woolvorton has been demonstrating just how far one can go with an automobile without getting busted up. In turning around in a west end street near a cellar excavation recently the steering gear jammed and the car shot over into the pit. Fortunately the rear wheels of the machine hooked over an exposed gas main on the way down and left the machine suspended in mid-air. Mr. Woolvorton escaped without so much as having his hair mussed, and therefore thinks very kindly of that gas man. Had it not been for that gas man, more likely than not Mr. Woolvorton would have had a very good impression of a very bad car stamped all over his south elevation.

Will Lampert, the energetic advertising man of the Ellsworth store, shattered precedent last Thursday by arising at 5:30 and shinned out to Hudson lake to fish for perch or anything else that would consent to be hooked. He returned in due time with a string of eight fishes, every one of which was considerably larger than a first-class nickel cigar.

A Capt. M. A. Shuey, said to be the South Bend representative for a Detroit motor car company, is alleged to have sold an automobile to Mr. Remly, reported to be the postmaster of Granger, Mich.

Daniel Gise, formerly of this city, is operating a concession at successive county fairs in this vicinity.

## TO SELECT CITY'S FINEST BUILDING

Judges to Say Which is Best Structure Erected in South Bend Within Year.

Judges selected by the South Bend Architectural club spent Sunday in viewing buildings entered in the second annual contest of the club to determine the finest building erected in the past year.

Twelve buildings, all residents except two, were viewed by the judges. It is expected the award will be made within the next week or ten days.

The judges are William K. Fellows, of Chicago, Herbert Foltz, secretary of the Indiana chapter American Institute of Architects, Indianapolis, and Francis Kerwick, professor of architectural designing at Notre Dame.

The high school is not included in the list of buildings considered inasmuch as the grounds surrounding the building are not yet in order. The owner of the building which ranks first will be given the bronze tablet presented by the architectural club engraved with the names of the owner and the architect.

Here are the buildings which were considered: Residences, F. C. Raff, 815 W. Colfax; Morrow O'Brien, 235 N. Scott st., occupied by A. C. Harper; C. J. Senrich, 1110 Michigan av.; Norman Bleuler, 1111 Riverside drive; C. K. Clauer, 925 Riverside; W. H. Jackson, 214 W. Marion; W. A. Burbee, 312 W. Madison, occupied by O. A. Prass; H. J. Shock, 427 N. Lafayette; C. D. Secor, 203 W. Marion; F. A. Bryan, 1325 E. Jefferson boulevard; Kaley Memorial church, Michigan av. and Olive sts.; the Philadelphia, Eustace Poleidor.

## TARIFF CONFEREES FINISH UP WORK

Committees From House and Senate Agree on All But Cotton Schedules of Tariff Measure.

WASHINGTON, Sept. 29.—The house managers in the conference on the Underwood tariff bill Monday reported to the house the results of the conference.

A large part of the bill was accepted by the senate as it passed the house and such rates were not in conference. The senate won out on 427 of its amendments, receded from 151, compromised on 97 and the conferees disagreed on one subject only, cotton futures taxation.

Rep. Underwood presented the conference report in the house immediately after the journal was read and it was ordered printed in the record and will be considered Tuesday.

The house agreed to meet at 11 o'clock Tuesday to hasten final action on the report.

The house adjourned at 12:18 o'clock.

With the president's signature, which is predicted for the week, the first democratic tariff bill since Cleveland's administration will become law; and a complete revision of tariff rates and of the taxing system will become operative. Democratic managers expect some stubborn opposition in both senate and house, but they believe it will not materially delay final action.

The parliamentary stages will cause the greatest delay now.

Sens. Penrose, Lodge and LaFollette are expected to make some sharp comments and Sen. Pomerehne, democratic manager, may object to his amendment taxing brandy being dropped, and this may delay the senate's final approval of the bill for two or three days.

## WOMAN WHO RECENTLY OBTAINED DECREE FREEING HERSELF FROM CURIOUS LEGAL COMPLICATIONS, READY FOR NEW HUSBAND.

After being divorced two weeks ago from the man whom she thought had not been her husband for seven years, Rohene Lightfoot was ready Monday to enter again the married state.

She obtained a license to marry Oliver Howell, 36, a mason, of Lakeville, in the office of County Clerk Christoph, where but a few days before she obtained her decree of divorce. In applying for the license she gave her maiden name although the right was not granted by the court when she obtained her divorce as there was one child by the marriage with Lightfoot.

Howell's bride was first married in November, 1902, to Joseph Lightfoot. In 1906 they separated and Mrs. Lightfoot sued for divorce. The court ruled the decree would be granted on payment of the court costs. This was never done, through some oversight.

The woman married again, believing that she was free. Her second husband, dying of her, brought an annulment suit on the ground that she was still the wife of Lightfoot, and the marriage was declared void.

After losing her second husband in this manner Mrs. Lightfoot set about to rid herself of the first. Her decree was granted by Judge Woodward in the superior court Sept. 16. Howell thus becomes her second legal husband, although actually her third.

## BROTHERHOOD TO HOLD DEBATE AT CHURCH

A debate on the subject, "Capital Punishment Should Be Abolished," will be the feature of the evening's entertainment when the Brotherhood of the Westminster Presbyterian church meets for the first fall meeting, Tuesday night.

Election of officers will also take place and the business for the year will be outlined.

## ATTRACTIVE LOW RATES TO THE PACIFIC NORTHWEST

Daily from Sept. 25th to Oct. 19th, the Soo Line will sell special low rates to Spokane, Portland, Seattle, Vancouver and all North Pacific Coast points including Alberta, Saskatchewan and British Columbia. Address: F. D. Grant, 12 E. A., 300 Linn, 144 So. Clark St., Chicago, Ill.—Advertisement.

## AUCTION SALE

## THINK CREST OF BIG MOVEMENT IS OVER

### Despite the Heavy Arrivals of Wheat During the Last Few Days, Market Closes Firm With Advances.

CHICAGO, Sept. 29.—Belief that the crest of the big movement of wheat in both the American and Canadian northwest has passed, here a bullish effect Monday on prices here. Largely in consequence, the market closed firm at 5-8 to 3-4 net advance. Corn finished 7-8@1 to 1-1-8 net higher and oats with a gain of 3-8 @3-4 to 3-4@7-8.

In provisions the outcome was irregular, strung out from 10 decline to a rise of 20.

Despite the fact that wheat arrivals at Winnipeg, Minneapolis and Duluth since Saturday aggregated about 5,000,000 bu, the greatest run on record for an equal period, all markets seemed to find plenty of buying orders at very moderate reactions. Revival of export orders counted also in favor of the bulls and so too did a falling off in the visible supply.

Wet weather tended to delay farmers' deliveries and encouraged buying of corn.

Oats showed independent firmness due to speculative buying of an influential sort.

The provision market appeared to keep chiefly in view the upward slant of prices for hogs.

## OPENING HOURS ARE THE ONLY BUSY ONES

### Union Pacific Reaches a High Mark For the Present Movement—Stocks Fall Rapidly on Heavy Offerings.

NEW YORK, Sept. 29.—Active movements of stocks Monday were confined to the first hour, when prices opened abruptly. Opening trading was slow with a slight drift downward, except in the cases of Reading and Union Pacific at 162 1-4 reached a new high mark for the present movement, which was within 1-2 of the year's best figures. On heavy offerings of the favorite stocks the market was roused quickly from its inertia and fell rapidly. Union Pacific dropped back more than two points from its high figures. Canadian Pacific lost nearly three; other representative issues lost one to two.

Despite the feeble resistance offered, which was not long under severe pressure. Selling diminished; but the only effect was to impart a steadier tone.

The bond market was easy, with increased activity in some speculative issues. Total sales (par value) \$1,752,000.

## FAMILY QUARREL IS THE CAUSE OF MAN'S DEATH

Facts were disclosed on Monday in connection with the death of George Plasecki, 515 Pine st., which confirmed earlier suspicions of the police that the act was one of suicide, following a threat to the family that he would take his own life.

The deed followed a family quarrel which took place Sunday morning, after which the wife and daughter left the house and did not return until 10 o'clock Sunday evening, when they found Plasecki unconscious on the bed and the house filled with gas. The victim had placed a quarter in the meter apparently to make sure of a sufficient quantity of gas.
