## COMMITTEE REPORTS HOMECOMING SUCCESS

### Business Men Adopt Resolution of Appreciation—Net Proceeds Amount to Between Four and Five Hundred.

A meeting of the Business Men's association was held last evening in the studio of C. L. Ostrander, president of the association, and it was largely attended.

The meeting was called to order at 8:45 by Pres. Ostrander, the minutes of the previous meeting were read and approved.

Owing to the absence of the secretary, Schuyler C. Sprague, of the executive committee, Mr. Ostrander, acting as chairman of the committee gave a report on the home coming week. The amount expended by the association for free attractions, advertising and other expenses amounted to over \$1,200.

The Business Men's association is highly gratified over the results of the home coming week, which netted it between \$400 and \$500. The following resolution was adopted by the association:

**Resolution.**

"In recognition of the splendid success attained by the Business Men's association in the recent home coming and feeling that many not identified with our organization had a great share in bringing about such success.

"Therefore, be it resolved, that we, the Business Men's association, hereby express its thanks to the city council for the use of the streets of Mishawaka and for other favors shown to the manufacturers for exhibiting samples of their products in the newspapers for the efficient manner in which they covered all the events connected with the home coming and to all who assisted in any way to bring about such a successful termination to this event which has, we believe, resulted in bringing about a widespread and favorable impression of the city.

## TO ENFORCE TRAFFIC ORDINANCE RIGIDLY

### Traffic Officers Experiencing Much Trouble With Fast Moving Machines — Will Make Arrests.

Traffic officers are experiencing a great amount of trouble the past few weeks enforcing sections of the ordinance No. 392, recently passed by the common council. The section reads: A vehicle turning into another street to the left, shall pass the light of and beyond the center after the machine intersecting before turning. Little trouble is had with slow moving machines or wagons, but fast moving automobiles and their drivers have a falling trait of ignoring the ordinance and cutting the corners. The police department are becoming very irritated over the disobedience of the law and say that if automobile drivers do not more watchful in the business district arrests will be made in an effort to enforce the traffic laws of the city.

Monday it seemed the traffic men had more trouble than in several weeks, and several drivers came near being arrested by the officers. Patrolman Kirkwood, who was doing traffic duty on the four corners Monday, stated several incidents of both humorous and serious nature. One incident occurred about 3 o'clock in the afternoon, when a big seven passenger machine came tearing down E. Second st. and made a cut across the street, when a motorcycle driver from the corner on the call of the officer for him to stop. The patrolman compelled the man to back his machine as far as the postoffice building and made the driver turn the corner square. Several minutes were consumed in an argument before the driver would do as instructed. Over two hundred people gathered on the corner and traffic was tied up for nearly five minutes. Many in the crowd lauded the action of the officer while they jeered the driver for not obeying the ordinance. After the small amount of time spent on the street groups of men gathered on the streets discussing the traffic question.

Another incident occurred early in the evening, when a motorcycle driver riding south on Main st., arrived at the corner. He made a cut to E. Second st., and even went so far as driving across the sidewalk in making the turn. At the first order of the patrolman to stop he merely laughed but when the officer started on the run for him he decided to come to a halt and heed the word of the protector of the public. Kirkwood was still on duty and also compelled this man to drive back down on Main st., and then to make the corner square.

The patrolman stated that he placed over 200 copies of the traffic ordinance which were ordered printed by the board of public works, several weeks ago, in the hands of machine drivers. The copies can be secured from any of the patrolmen or from the city clerk's office.

Waldner's average although not the best was considered very good. The team work of Nationals was good and the work showed classy style for five men. The Nationals defeated the Ambidexters for three straight games in their contest besting their contestants by nearly 200 pins on the totals. In the Mishawaka league the Oscars were bested by the Rubber Re by but only 24 pins on the totals. The Finishing squad of the South Bend Watch factory league won from the Adjusters. The scores:

CHICAGO, Oct. 3.—Improved demand for hard winter grades for export and milling had much influence Tuesday in raising the wheat market. Closing prices were firm 3-8@1-2 to 1-2 above Monday night. Corn finished 1-4 to 5-8@3-4 up and oats with a gain of 1-8@1-4 to 1-4, but provisions 12-1-2 to 37-1-2 down.

Active call for United States hard winter wheat developed quite unexpectedly both here and southwest. The grain, which is unusually heavy and dry, seemed to be meeting with special favor in Europe, rivaling Canadian spring. Sales here of the hard winter variety Monday commanded the best premiums of the season up to now.

Corn, after suffering a sharp break, had a strong upturn.

In the east crowd speculators who hammered values early, paid later for their courage.

Provisions gave way under liquidating sales.
