

"APPLE DAY" WAS ONE BIG TIME.

Denver Newspaper and Growers Give Big Red Apples Away Because the Farmers Didn't Like Being Robbed.

DO WE LIKE 'EM? DO WE!

"Apple day" was a great event in Denver this fall. Incidentally it gave the people of the city a pretty clear idea of how the middle man's big profits make the cost of living high. "Apple day" was the result of a little agreement between the editor of the Denver Express and the ranch owners C. C. Welch, Fred T. Henry, and W. H. Cole, to give away five wagon loads, or about 80 barrels of apples. Three thousand men, women and children stormed the Express office and carried away each a heaping basket or bulging bag of apples. Five hundred more waited their turn and were disappointed because there wasn't enough fruit to go around. It all came about when Welch, lawyer, miner and farmer, wanted to sell the big crops of apples he had raised on his farm, eight miles from Denver.

ANNA KERR NEW Y. W. C. A. SECRETARY

Berrien Springs Woman Has Done Work in Philadelphia and New York—Will Have Assistant.

ELKHART, Oct. 14.—Miss Anna B. Kerr of Berrien Springs, but who has had Y. W. C. A. work in Philadelphia and New York, has been engaged as general secretary of the Elkhart association, and she will assume her duties Tuesday.

Miss Kerr, who lives with her mother at Berrien Springs, re-enters the work because her former relations with the association in other places had been so pleasant and satisfying that she felt constrained to heed the "call". She comes to the local association highly recommended by the general association officers.

Because her mother, who formerly lived in Chicago, expects to remain in Berrien Springs, Miss Kerr arranged with the local association to spend but five days of the week here. The association's work on the other days will be looked after by Mrs. Nellie Frank Smith, who has been acting general secretary since Miss Elsie Miller went to Milwaukee last August. The board desired very much to retain Mrs. Smith as permanent general secretary, but she had made plans that prevented her acceptance. Her activities, like those of Miss Kerr, have been prompted from a desire to serve young women in a helpful manner rather than to follow a professional career.

REMINGTON WILL GET NEW TRIAL

Sixteen-Year-Old Boy Found Guilty of Burglary—Pleads Guilty to Housebreaking.

ELKHART, Oct. 14.—Judge Marman sustained a motion for a new trial in the case of the state against 16-year-old Elmer Remington, who was found guilty by a jury last Wednesday. The penalty for burglary is 10 to 20 years' imprisonment.

When the verdict was returned W. J. Lewis of Chicago, attorney for Remington, moved for a new trial on the ground that one of the jurors, Jacob Domer, was the father of Officer Domer, who assisted in the arrest of his client and testified against the prisoner. However, it was stated Monday the validity of the objection was not determined.

The reason for sustaining the motion, it is stated, was that it had been discovered that the jury which convicted Remington did not intend to impose such a severe penalty on him; that they thought they were giving him the lesser sentence as between burglary and housebreaking. The penalty for housebreaking is two to 14 years. The motion for a new trial

was not contested, it being the understanding that Remington would plead guilty to housebreaking. This he did, and was sentenced accordingly. He will go to the reformatory at Jeffersonville.

That disorder commonly known as weakness has for years and generations baffled the efforts of physicians, yet to this very day a majority of doctors, specialists not excepted, are attempting to overcome it by methods that have been in constant use and have always failed for half a century. They dose the system with powerful stimulants and tonics, calculated to restore nervous force or strength that is not and never has been lacking, with a result that the functions are temporarily excited to the positive detriment of the patient. Weakness—I call it such for convenience just now—is only a symptom resulting from a chronically swollen and inflamed prostate gland, and is curable by local treatment only. Either early dissipation or some improper treated contracted disease is responsible for the inflammation in most instances, through accident, injury, strain, etc., may produce the same result. I permanently cure these cases of prematureness, loss of vigor, etc., without the giving of a single internal dose, which demonstrates the absolute accuracy of my understanding and treatment of this disorder, and I have entire confidence in my ability to cure all cases that come to me for treatment. I am equally certain that no treatment other than that which I have perfected can completely and permanently restore strength and vigor.

With these diseases you may have more complications than are presented by any other diseased organ. By my searching illumination of the bladder I determine accurately the disease, and by my microscopical examination and urinalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

Varicoceles

I daily demonstrate that Varicose Veins can be cured in nearly all cases by one treatment in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly re-established, instead of the depressing conditions. I guarantee you a cure to stay cured or refund the money for services rendered.

Hydrocele

Hydrocele or water in the scrotum cured in 30 minutes, without cutting, pain or loss of time.

Stricture

Stricture of the urinary passage, causing an interruption to the flow of urine, scalding and frequent urination cured in 10 days.
