

RITUAL MURDER CASE CONDEMNED

House of Deputies in Session at New York Passes Resolution That Charges Are Without Grounds.

NEW YORK, Oct. 16.—The ritual murder trial at Kiev, Russia, was condemned in a resolution adopted Tuesday by the house of deputies, the joint clerical and lay body of the Protestant Episcopal church and the triennial general convention. The Episcopalians also took steps to amend their prayer books by eliminating the passage in the Good Friday collect where Jews are classed with "infidels, Turks and heretics".

In presenting the resolution regarding the Kiev trial, the Rev. Dr. William T. Manning, rector of Trinity church, New York, said: "Jews in this city are deeply moved by this matter. Jewish brethren have asked me to bring before this convention a protest, voicing the sentiments contained in a petition signed in England by the Archbishop of Canterbury and by many bishops, clergy and laymen of the church."

"We call upon the archbishops, bishops and other members of the holy orthodox eastern church of Russia to make formal pronouncement that charges so-called 'ritual murders' are without foundation or justification in the teachings and practice of the religion of Israel."

Similar charges before. "We remind them that in the early days of Christianity similar charges were made by ignorance and superstition against our own most holy religion."

The committee on prayer book of the house of deputies reported favorably on a proposition to amend the third collect in the Good Friday service by omitting the words "all Jews, infidels, Turks and heretics" from the general prayer for humanity. Consideration of the committee's report was postponed, however, to permit discussion regarding a further amendment which proposed that this prayer be offered for "The ancient Jews and all adherents."

The report of the committee on faith and order was accepted and it was voted that the commission be incorporated so that it might be free to receive bequests of money.

The social service commission met Tuesday with Bishop Lawrence of Massachusetts in the chair and discussed "co-operation with secular agencies", and "Education for social service". The commission held a mass meeting Tuesday evening in the Cathedral of St. John the Divine, when addresses were delivered on "The Church and the Social Movement".

The speakers included Bishop Lawrence, Bishop Spaulding of Utah and Rathbone Gardner of Providence, R. I.

Three of the western bishops went into the finance district Tuesday afternoon and preached at the corner of Wall and Broad sts., where Dr. Wilkinson, known as "The Bishop of Wall Street", is holding services for the past nine years. The bishops, who spoke at Dr. Wilkinson's invitation, were James R. Winchester of Arkansas, James B. Finston of Idaho, and George A. Beecher of western Nebraska.

BRYAN THEORIES IN BILL, SAYS ALDRICH

Former United States Senator Delivers an Attack on Currency Measure—Claims It is Socialistic.

NEW YORK, Oct. 16.—Former Sen. Nelson W. Aldrich of Rhode Island Wednesday night attacked the Wilson administration's currency bill now before congress which he declared embodied the theories of William J. Bryan. He denounced the bill as unsound, socialistic and revolutionary, characterizing it as an "endeavor to secure by partisan legislation the triumph of the doctrines and principles which had received the repeated condemnation of the American people at the polls." He quoted from Woodrow Wilson's writings to indicate that the president in his earlier days had entertained beliefs contrary to provisions of the bill.

"If the house bill should be enacted into a law," Mr. Aldrich asserted, "Mr. Bryan will have achieved the purpose for which he has been contending for a decade." Mr. Aldrich's speech was delivered at the closing session of the National conference on currency reform. He made no reference to the so-called Aldrich plan for currency reform. He opposed many features of the Glass-Owen currency bill but directed his strongest criticism at the provision dealing with the issue of government notes and providing for a central governing board with supervision over the system as a whole.

ASKS LOWER RATES FOR WEST STATES

Changes in Currency Bill That Would Reduce Interest Borrowers Are Forced to Pay, Are Recommended.

WASHINGTON, Oct. 16.—Changes in the administration currency bill that would give lower interest rates to the people of the newer states of the west were advocated in the senate banking and currency committee today. Sens. Hitchcock, democrat, and Weeks, republican, insisted that all sections of the new country should enjoy the same rates of rediscount under the federal reserve bank plan. They conceded that such a system undoubtedly would bring down interest rates in western states where money is now earning high rates. Both senators insisted, however, that all parts of the country were entitled to equal benefits under the new currency law. The bill as it passed the house would permit the federal reserve board to fix different rates in the different reserve districts.

Wm. H. Buckholz of the Omaha bank; N. F. Banfield of the First National bank of Austin, Minn.; Wm. Ingle of the Merchants & Mechanics bank of Baltimore, and Senator Thomas of Colorado, were before the committee during the hearing. Mr. Buckholz declared many of the bankers of Nebraska opposed the administration bill as it now stands, and that many National banks in that state were preparing to resign their charters and become state banks unless some of the desired changes were made in the pending bill.

A plan to issue government bonds that would be exchangeable at all times for special form of currency, was presented to the committee by Sen. Thomas. The plan was drawn by Wm. At. Amberg of Chicago. Some members of the committee expressed the opinion that such a plan would automatically regulate the volume of circulating currency. Mr. Banfield representing country bankers, urged the committee to change the bill so that farm mortgages running five years could be taken by banks as security for loans. The bill now limits such mortgages to one year and the amount of such loans to 25 per cent of a bank's capital and surplus.

PROBATION OFFICER MUST BE OPTIMIST

Must Have Faith in Improbability of Those in His Charge Says Speaker.

INDIANAPOLIS, Oct. 16.—"To be a success, a probation officer must believe enthusiastically in the improbability of those who are committed to his charge," declared Hastings H. Hart, director of the child helping department of the Russell Sage foundation at Wednesday night's meeting of the American Prison association. "It is utterly impossible for a pessimist to get ahead in this work. With his faith he must also have patience and must be devoted heart and soul to the work."

Mr. Hart said that when the probation system was in its infancy the impression prevailed that anyone could be a probation officer, and that whoever would volunteer to do the work would get the position. "The importance and responsibility of the work," continued Mr. Hart, "has increased until now it can hardly be overestimated. It is essential only to the judges of the juvenile, domestic relations and those criminal courts which have the power of probation."

In all South Bend there is no subdivision like this!

What an inducement to own a home! MAY ROBSON, CLEVER COMEDIENNE, OLIVER, SATURDAY NIGHT.

AT THE THEATERS

MAY ROBSON.
 May Robson, in a new comedy, "Mrs. Mat Plummer," by James Forbes, comes to the Oliver theater next Saturday, October 18th. May Robson as an actress may be classed among the exceptional few and definitely as the most ingenious of the limited number assuming the role of eccentric character. With all due regard—omitting comparisons, one might speak of Miss Robson as a humorist endowed with a rare sense of the ridiculous, without being grotesque or unbecomingly caricatured. Her cleverness in the stage development of "distinctive types in character, together with her inimitable "make-up," and pleasing expression, wins immediate recognition and commendation. Fixing her identity as a sweet old lady whose heart goes out in all fullness of love for her wayward son, and generous to all whom she loves, and she loves everyone. She is never so clever as when she is in the company of young people.

BROTHERHOODS TO MEET
 A general meeting of the brotherhoods of the five Presbyterian churches of the city will be held next Monday night at the First Presbyterian church. The members of the Bible classes of the other Presbyterian churches will be guests of the First Presbyterian at dinner. Rev. Frank M. Fox, secretary of the Presbyterian brotherhood of the United States, and Rev. William C. Covert, pastor of the First Presbyterian church of Chicago, will speak.

Rheumatism
 A Home Cure Given by One Who Had It.
 In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bed-ridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 202 Gurney Bldg., Syracuse, N. Y. Mr. Jackson is responsible. Above statement is true.—Pub.
