INDIANA VOLUNTEER INFANTRY TO MEET

Reunion of the Forty-eighth Indiana Will be Held in This City on Nov. 12.

Old soldiers of Mishawaka are making arrangements for the reunion of the 48th regiment of the Indiana Volunteer Infantry, which is to be held in this city on Nov. 12.

The "Forty Eighth," as this regiment is commonly spoken of, was organized in northern Indiana during the early days of the Civil war. A number of the older residents of this county enlisted in the regiment and several Mishawakans' names appeared on its list of volunteers. The residents of Mishawaka who served in the 48th infantry are the Hon. E. Volney Bingham, J. A. Roper, Andrew Tremel and Frank Giese, sr. Other residents of this locality who served in the 48th are Holden Doolittle of Osceola and John Klein, George Burk and J. Schlemmer of south of Mishawaka.

It has been the custom for the survivors of this regiment to gather in reunion once each year for some time past, and their meeting in this city will be similar to those held in other cities. The old soldiers will spend the day visiting with each other and talking over and recounting events of their soldier days. A dinner for the surviving veterans will be held during the day and in the evening the old soldiers will gather at a "campfire" where the tales of war times will be recounted and old time memories recalled. It is expected that 75 or 100 surviving members of the regiment will gather in Mishawaka for the reunion.

MARRIAGE IS CLIMAX OF EXCITING ROMANCE

Regardless of Father's Objections, Miss Emma Pyneart Weds Santine Launier—Father and Groom Clash.

Despite the objections of John Pyneart, of corner of Spring and Tenth sts., his daughter, Miss Emma Pyneart, eloped with Santine Launier of this city and the couple were married Thursday afternoon in the now famous "north room" of the county clerk's office at the court house in South Bend, the ceremony being performed by Judge A. N. Haldebrand.

The couple have for the past several months been keeping steady company, regardless of the resentment of the parents toward Mr. Launier. The father of the romance was probably brought about through trouble between Mr. Launier and the bride's father Saturday night. It is claimed that the groom went to the Pyneart home Saturday evening with the intention of seeing his sweetheart, but Launier being unable to gain entrance to the home, the girl came out to the street to meet her lover. Suspecting that his daughter was in the company of Launier, Pyneart followed her and found the couple a short distance from the home. He then accosted her and reproached her for being with Mr. Launier. After several minutes' argument Launier, it is claimed, becoming enraged over the father's anger struck him, and the two indulged in a fist fight, which resulted in the arrest of the man. The case was tried by Justice of the Peace B. H. Beal Wednesday afternoon, Launier being found guilty of assault and battery, and was fined \$1 and costs, amounting to \$10.50, which he paid.

UNSETTLED WEATHER BOOSTS CORN PRICES

CHICAGO, Nov. 8.—Strength of foreign markets helped wheat bulls Friday, and the close, though easy, was at a net advance of 1-4 to 1-2, prospects of unsettled weather put backbone into the corn market, which closed strong, at a net gain of 1-2 to 3-4. Good commission house buying lifted oats 1-8 to 1-4 to 1-4.

Provisions finished steady to 7-12 lower on liberal selling.

Wheat was nervous throughout the session till near the close. Cables told of a serious crop condition in India because of bad weather and sections of Argentina were reported too dry. The upturn caused by these advances gave way temporarily on realizing sales but a rally followed publication of statistics showing primary receipts to be nearly a million bushels less than a year ago.

Demand brought about by the prospects of bad weather imparted strength to corn from the start.

An official estimate that the condition of the crop is thirty million bushel more than last year did not check the advance caused by good local demand for oats.

A ten cent increase at the yards failed to keep provision prices up as local selling was too free.

JUDGE FUNK ALLOWS STATUTORY ALLOWANCE

The petition that Mrs. Emma B. Harris, widow of the late Dr. Robert Harris and executrix of his will, be allowed the widow's statutory allowance of \$500 in addition to the property she takes in the will was granted by Judge Funk in the circuit court Friday.

The allowance was opposed by Geo. Harris, one of the sons of Dr. Harris, and stepson of Mrs. Harris. Harris contended that Mrs. Harris had elected to take her inheritance under the provisions of the will of her husband and that she therefore could not claim the statutory allowance in addition.

The court held that the allowance could be made if it were not repugnant to the provisions of the will and found that the physician's will would not be controverted by making the allowance.

In his will Dr. Harris divided his real estate in three approximately equal parts, it is said, among his heirs the widow and two sons, George and Robert.

Speculators Grateful For a Few Mildly Favorable Developments and Several Issues Show Increases.

GENERAL TREND OF MARKET IS UPWARD

Speculators Grateful For a Few Mildly Favorable Developments and Several Issues Show Increases.

NEW YORK, Nov. 8.—The stock market has been contending with a succession of depressing influences for so long that speculators were grateful Friday for a few mildly favorable developments, and prices were marked up. The movement was irregular, and gains of the leaders were offset by losses among less active stocks, but the general trend was upward.

A favorable feature was the improved outlook for the money market. Cash movements of the week indicated that the banks would make a good showing in Saturday's statement. Foreign exchange rates were easier and it was expected that more gold would be taken from Europe before long.

Speculation was concentrated largely on Steel, Amalgamated
