

CARRANZA LIKELY TO SEEK SUPPORT OF UNITED STATES

"First Chief" Receives Wilson
Warning in Spirit of Friend-
liness According to First Ad-
vices from Mexico.

DEFEAT OF VILLA AND ANGELES CONFIRMED

Consul General Silliman Says
Obregon Claims to Have
Routed Enemy and Occupied
Base After Five-Day Fight.

WASHINGTON, June 8.—President Wilson and his cabinet today had before them a number of suggestions as to the best means of restoring peace to Mexico, offered as a result of the executive's warning to the warring leaders to "act together."

There was nothing to indicate how the military chiefs viewed the warning except a preliminary report from Carranza sources that the "first chief" received it in a friendly spirit. These reports also intimated that the constitutional leader proposed to make his reply an indirect bid for recognition.

One of the outstanding features of the situation, according to the officials, seemed to be the apparent inability of any of the military leaders to put the republic on the footing demanded by the Washington administration. This has presented the necessity, it is stated, for this government to pick out one of the large property owners in Mexico. It is argued the United States will escape armed intervention only by making a government backed by the men who own the only assets of Mexico which could be pledged as security for the big loans that will be required to provide food for the people.

These men point out that the pacifier of Mexico must not only be able to feed the people, but maintain an army sufficiently strong to keep down the bandits who have been looting the republic.

The transport Buford was on the way to Vera Cruz today with the first big consignment of food for the starving Mexicans. This will be hurried to Mexico City to relieve the suffering in the capital.

Villa and Angeles Beaten.
The defeat of Gen. Villa and Angeles by the Carranzistas under Gen. Obregon, near Leon, appears to have been confirmed, Consul General Silliman at Vera Cruz cabled the state department today a dispatch from Obregon declaring that he had routed the enemy after five days of fighting, and had occupied Leon, which has been Villa's base.

Silliman today, in a cable to the state department, reported that Obregon's right arm was shot away in the battle.

Consul Bonney at San Luis Potosi reported that Gen. Ramon Natera, a Villa leader, occupied the city of Guanajuato yesterday.

The special train to take refugees from Mexico City left Vera Cruz yesterday for Pachuca, lying the British flag and with the British consul on board, Silliman reported.

Latest Bulletins From War Zone

CONSTANTINOPLE, June 8.—So severely was the Anglo-French allies defeated on Saturday in the southwestern arena of the Gallipoli peninsula that they did not dare to renew the fighting there, according to the following official report from the Turkish war office:

"Reports from the Dardanelles front state that the enemy has not dared to undertake any fresh action since the defeat suffered by him on Saturday, and reported in yesterday's official statement. Quiet reigned along the whole front on Sunday."

ATHENS, June 8.—A further gain of from 500 to 1,500 yards for the Anglo-French allies on the Gallipoli peninsula is reported in dispatches from Peneo today. The allies are evidently maintaining the tremendous offensive that they began all along the Dardanelles line against the Turks last Friday.

VIENNA, June 8.—The occupation of Lemberg, the capital of Galicia, by the Austro-German forces is expected before the end of the present week. Steady progress is being made by the two armies, which are converging upon Lemberg from the west and south. It is reported that the Austro-German armies are about ready to begin a bombardment of the Russian forts defending the city. These works have been greatly strengthened by the Russian general staff since the Russian army of occupation seized the city.

BERLIN, June 8.—The official newspaper Lokai Anzeiger is an article which bears the earmarks of having been "inspired" strongly by recent assertions of Sergius Sazonoff, the Russian foreign minister, that Germany is secretly trying to conclude peace with Russia.

"There is no earthly reason why Germany should wish to seek peace with Russia at this time," says the Lokai Anzeiger.

AMSTERDAM, June 8.—King Leopold of Bavaria in delivering a speech at a banquet in Munich today, said he was glad England entered the war against Germany.

"Now we may hope to get favorable sea communication for central and southern Germany and the extension of our empire beyond its present frontiers," declared the king.

PARIS, June 8.—A submarine, believed to be of Austrian nationality, has been sunk by the Anglo-French fleet at the western entrance to the Dardanelles, says a dispatch from Mitylene today. The presence of an Austrian submarine in the Dardanelles sphere would indicate that Austria, as well as Germany, is placing her war supplies at the disposal of the Turks.

ATHENS, June 8.—Advices today from Constantinople say that owing to a rupture between Admiral Souchar, commander of the Turkish fleet, and Capt. von Mueller of the Goeben, the latter will be recalled to Berlin. Von Mueller is deemed responsible for the irreparable damage by the Goeben.

ARRAS CENTER OF FRENCH ATTACKS; FRENCH IN GAINS

Furious Fighting Rages Both
North and South of City with
Lombard Sugar Factory the
Scene of More Conflicts.

PARIS, June 8.—Hostilities between the French and Germans are now raging both north and south of Arras and progress for the French troops is reported in both these sectors in an official communique issued by the war office today.

North of Arras, on the Souchez front, the French have scored another advance in the vicinity of the Lombard sugar factory which has been the scene of very bloody fighting. German counter attacks in the German defenses known as the "labyrinth" southeast of Neuville St. Vaast, were repulsed and the French successfully defended all the works they had taken there on the Teutons.

Capture 150 Germans.
South of Arras on the Hebuterne-Serre road the French captured 150 prisoners. Hebuterne is about 12 miles south by southwest from Arras.

The extension of hostilities by the French indicates that Gen. Joffre may contemplate a big effort to force a wedge between German right and the German center. These two formations joined on the Oise river, north of its junction with the Aisne. The text of the communique follows:

"In the sector to the north of Arras several infantry engagements developed during the evening and last night. On the slopes east of the plateau of Lorette, the enemy replied to an attack with three violent counter attacks, but the positions on neither side suffered any change in consequence.

Repulse Counter Attack.
"Northeast of the Souchez sugar factory we made further progress. At Neuville St. Vaast we became masters of another group of houses after a conflict of great intensity. In the region of the 'labyrinth' a German counter attack was repulsed.

"To the southwest of Hebuterne, the Germans sought to recapture the position they had lost, but were repulsed four times. We have increased our gains toward the northeast, having captured two lines of German trenches along a front of 500 metres as far as the road from Hebuterne to Serre. We took 150 prisoners of whom 100 were un wounded."

ITALIAN FRONT 30 MILES.
ROME, June 8.—Fighting is in progress between the Italian and Austrians over a front 30 miles long, from Caporetto, on the Isonzo river to the Gulf of Trieste. The Italian forces that have gained the eastern bank of the Isonzo river around Tolmino (Tolmino) are officially reported by Lieut.-Gen. Count Luigi Cadorna, chief of the Italian general staff, to have suffered "relative light losses" in comparison with the importance of the triumph achieved in that region.

Italian engineer corps are constructing many bridges across the Isonzo.

REPUBLICANS WIN MOST JUDGESHIPS IN ILLINOIS INCOMPLETE RETURNS SAY

CHICAGO, June 8.—Incomplete returns today indicated that the republican candidate in yesterday's judicial election in Illinois won a majority of the contests. Four republican candidates for the supreme court were elected and one democrat was reelected. In Cook county, 17 republicans and six democrats were winners in the fight for circuit and superior judgeships, according to unofficial complete returns.

The republican justices to the supreme court, whose election appeared assured were William D. Duncan and Margaret A. who over Justice Albert Watson of Mount Vernon; Frank K. Dunn, Charleston; James H. Cartwright, Oregon, and Orin N. Carter, Evanston, who were reelected.

Of the 13 sitting judges of the circuit and superior court in Chicago, 12—six republicans and six democrats are reelected. Judge Edward O. Brown, democrat, is only one of the present judges to fall, was far below his colleagues.

Although the total vote was smallest cast in a judicial election in the history of the election board of Cook county, the counting of the ballots was unusually slow. All over the state a small vote was cast.

FORD MUST INCORPORATE OUTSIDE OF MICHIGAN

LANSING, Mich., June 8.—The Ford Motor Co., of Detroit, will have to incorporate in some other state when it makes its contemplated increase in capital stock from \$2,000,000 to \$100,000,000.

According to an announcement of Sec'y of State Coleman C. Vaughan today there is a statutory limitation of \$25,000,000 to the amount that any corporation can incorporate for in this state. This will necessitate the Ford company's incorporating in some other state.

The change will make the Michigan treasury \$1,000 richer because of the increased fee that the company as a foreign corporation will have to pay to do business in Michigan.

WHOLESALE MARKET IS NOT TO MATERIALIZE

A wholesale market in South Bend, although the city council by means of an ordinance has prepared the way, seems more an improbability than ever, according to City Sealer Miller, who is also master of the city's retail market on the Colfax bridge. This statement was made Tuesday morning and is in direct opposition to the statements of the farmers of Greene township and south and east of the city.

These men, according to Henry Swain, who has addressed farm school meetings all over northern Indiana, have expressed a desire for both markets, and it was for them, it was declared at the time, that the present city administration put the wholesale market proposition through. However, there has been little attention paid to the idea, and appearances at present indicate that the wholesale market, supposed to have been opened June 1 on South st., will never become a reality.

SUBMARINES SINK FIVE STEAMERS; THREE NEUTRALS

Undersea Warfare Results in
Loss of Trio of Ships of Nor-
wegian Nationality, One Bel-
gian and One Russian.

LONDON, June 8.—Activity of German submarines on a large scale continues in the waters all around the British Isles and today reports were received of the sinking of five large vessels, three of which were of Norwegian nationality. Of the others one was a Belgian steamer and the other a Russian vessel.

The victims were as follows: Norwegian ship Gitterund, 717 tons, sunk in North sea of Shields while enroute to Harpool from Sweden with cargo of timber. All members of crew were saved.

Swedish ship Superb, 1,511 tons, sunk in Atlantic ocean off Fastnet, Ireland, while enroute to Queens-town, from Buenos Ayres, with cargo of grain. All crew saved.

Norwegian steamer of Fastnet, 1,049 tons, sunk in St. George's channel, off Welsh coast. All crew saved.

Russian schooner Adolf, sunk in North sea off Scotch coast with loss of 20 members of crew.

Belgian steamer, Menapier, 1,425 tons, sunk in North sea off English coast with loss of 17 lives.

Attacked Off Channel.
The Trudvang was attacked and sunk just south of St. George's channel, off St. Anne's Head, Wales. All the members of her crew were saved.

The bark Superb was sent to the bottom in the Atlantic off Fastnet, an island at the extreme southwestern point of Ireland. She was hoisted from Buenos Ayres to Queenstown with a cargo of grain.

The Trudvang was a vessel of 1,040 tons, hailing from Bergen. She was 224 feet long and was built in 1907. The Superb was a sailing ship of 1,515 tons.

WAGE RAISES OFFERED FALL FAR SHORT OF CAR MEN'S DEMANDS

CHICAGO, June 8.—The only stumbling block today in the way of a settlement of the threatened strike of 11,000 street car and motormen was the fact that the company declined to grant any wage demand to the five-year employees, who are already receiving the maximum pay of 32 cents an hour. Increases averaging three per cent were offered by Prest Busby of the surface lines to the employees who have been with the company one, two or three years, the increases ranging from a half cent to two cents an hour.

The increases offered by the company fell far short of the wage demands made by the car men's union. Before the acceptance of the offer is put to a vote of the union, International Precy W. D. Mahon, who is notified of the offer. He is expected to come to Chicago at once.

NEED MODERN SOLOMON TO STRAIGHTEN TANGLE OVER NEW-BORN BABIES

CHICAGO, June 8.—The services of a modern Solomon are required at the county hospital, where the babies recently come into the world have been shuffled and mislaid. Mrs. Joseph Sprinker, mother of a girl baby found herself nursing a Jewish boy. Another woman was found with the girl child Mrs. Sprinker claimed as hers. Still another woman complained that a defective babe had been given her instead of her own child.

Dr. W. G. Lee, physician in charge of the maternity ward of the hospital, was trying to untangle the mix-up.

There are 45 newly born babies in the hospital. To a layman they all look as much alike as so many peas in a pod.

ALLEGED BRIDGE WRECKER DEMURS TO INDICTMENT

BOSTON, Mass., June 8.—Werner Horn, the German army officer who was arrested in connection with the attempt to blow up the international bridge between Canada and Vancouver, Me., on Feb. 2, last, has demurred to the indictment pending against him in the federal court carrying explosives from New York to Vancouver, in violation of the laws of the United States.

Horn attacks the indictment on technical grounds. Along with the demurrer he has filed a plea against the jurisdiction of the court and an addition to his petition for a writ of habeas corpus.

MEN FACING DEATH INSIST ON IMMERSION BAPTISM

WHEELING, W. Va., June 8.—William Graham and Mat Jarrell, two murderers awaiting execution at the state penitentiary at Moundsville, will be immersed this evening in the fountain of the prison lawn, by the prison chaplain, Rev. B. M. Spurr. The two men have professed conversion since coming to the prison, but insist on the immersion method of baptism.

This is the first time in the history of this state and probably of the entire country that such a ceremony has been performed at a penitentiary.

WILSON DECLARES NOTE TO GERMANY IS NOT "DELAYED"

President Ridicules Reports of
Divided Opinions and De-
clares Impatience Has Em-
barrassed Government.

BRYAN ARRIVES LATE AT CABINET MEETING

Secretary of State Reported to
Have Drafted an Additional
Paragraph to Be Inserted—
Bernstorff Visits Lansing.

WASHINGTON, June 8.—President Wilson today emphatically stated to callers that there has been no delay in sending the American rejoinder to Germany.

He ridiculed the report that a split had occurred among the advisers over the matter or that the note had been changed in vital particulars since the original draft was read to the cabinet last Friday.

The president told his visitors that extreme care had been exercised in the preparation of the reply and that it would be sent to Germany as soon as it was finished. He declared he expected to read it to the cabinet today for final suggestions, and that shortly thereafter it would be ready for transmission.

With some show of indignation the president said that the government could not write the note as fast as some newspapers desired him to and the speculation over the alleged delay has embarrassed him greatly.

He said it created an initial impression across the Atlantic which was likely to become permanent.

Many suggestions had been made at the last cabinet meeting, the president added, and some of them have been accepted. None changed the general character of the note, however.

Sec'y of State Bryan was among those who made suggestions, but the president scouted reports that there has been any difference of opinion between them.

Prest' Wilson said he saw nothing unsatisfactory about the German note relating to the Gulflicht and the Cushing, but would not discuss the matter further. He said he had not been informed as to what procedure would be followed in the Gulflicht case now that the German government had admitted responsibility for damage to her. A partial report has been received about the Nebraskan, the president stated, but complete information is yet to come.

TEUTONS SUCCESSFUL IN EASTERN THEATER

Austro-German Armies Con-
tinue Advances in Renewed
Offensive Movements.

BERLIN, June 8.—Victory is crowning Austro-German arms all along the line in the eastern theater of war. In the Baltic provinces of Russia, the German forces which cross the Vistula river are advancing. In northern and western Poland, attempts of the Russians to renew the offensive in order to relieve the Austro-German pressure in Galicia, are being successfully repulsed, according to advices from the front. The Russian army on the San river has had its progress effectually checked by the arrival of German reinforcements.

The Teutons are advancing in the west of Rudnik and the Slavs are officially reported to have evacuated Sienkawa. It is declared that the whole Russian campaign is on the verge of absolute collapse. The Austro-German armies advanced toward Lemberg are upon the point of investing the city. The tactics pursued toward Lemberg are the same as those used against Przemysl.

Teutonic forces are working to take the fortress upon two sides at once. Along the Dnieper river, south of Lemberg, and on the Bukovina frontier the Russians are said to be retreating.

COUNCIL TO TAKE UP PLAYGROUND ORDINANCE

Special Meeting Will Precede Regular
Meeting of Committee of Whole
Tonight in Council Chambers.

Although tonight is the regular meeting night of the committee of the whole of the city council, a special meeting of the council will be held preceding that of the committee. This meeting is being held for disposal of the Oliver playground appropriation of \$3,000 asked by the playgrounds and recreation committee appointed last year by Mayor Keller.

The special meeting is the result of the trouble which ensued when Andrew Seifert, councilman from the fourth ward, voted for a suspension of rule at the last meeting of the committee to take up the ordinance, and then voted against the ordinance itself. This he declared, he had been asked to do by a representative gathering of fourth ward citizens in one of the ward schools.

He refused to state of whom the gathering was composed or in what school the meeting was held. He declared that he personally favored the appropriation, but would abide by the demands of his ward.

PLAINTIFF FILES ADDITION TO COMPLAINT

Counsel for Long Mye in Case Against
10 Cent Store Injuncts New Issues
in Case on Trial.

An additional paragraph of complaint was filed by the plaintiff Tuesday morning in the case of Long Mye against the 10 cent store and others. A recess of the court was taken during the forenoon in order to give counsel for the defense time to consider the additional matter at issue.

In the additional paragraph of complaint the plaintiff makes certain allegations concerning the removal of rocks and boulders from the basement of the buildings at 112-14 S. Michigan st. during the work of alteration preceding the collapse of the building in January, 1914. Complaint is also made as to the manner of cutting a door through the basement wall.

The suit brought by Long Mye, a Chinese restaurant proprietor, is the first of eight suits which have arisen as the result of the collapse of the buildings which were being altered for the 10 and 10 cent store. This first case probably will settle the question as to who was to blame for the catastrophe. It was maintained by counsel for the plaintiff Tuesday morning that the matter brought out in the additional paragraph of complaint was matter that had come to light but a few hours previous.

BITTERNESS GROWS AT SUFFRAGE CONFERENCE

War on Congressional Union
Breaks Out Afresh on
Tuesday.

CHICAGO, June 8.—War on the Congressional Union broke afresh today at the mid-year conference of the National Association of Women's Suffrage association. The bitterness which characterized yesterday's sessions was more pronounced today.

The trouble came today just after Miss Alice Stone Blackwell of Boston had made a long speech, intended to put an end to the attacks on the Congressional Union. While Miss Blackwell was talking Mrs. Medill McCormick of Chicago and several other delegates were holding a conference with Mrs. Emily Newell Blair, of Missouri. The result was a resolution prohibiting the officers of the association from being officially connected with the union or from publicly working for it.

Both sides were lined up for a final fight on the issue when the resolution stood come up for action at this afternoon's session.

WAR RUNS AWAY AND CRASHES INTO TRUCK

MEMPHIS, Tenn., June 8.—A wild street car, inbound from the suburbs of southeast Memphis, today started on a down grade when the motorman left his car for some purpose, plunged into a gasoline motor truck crossing on a street at the foot of Vance hill, and injured six persons, two probably fatally.

SHIVELY'S CONDITION SAME.

NEW YORK, June 8.—Sen. Shively's condition is unchanged today. He is quite comfortable.

ADMITS TRESPASS CHARGES.

While Istman Mahler, 512 S. Michigan st., was assisting his father to paint their home, he placed the foot of his ladder in the yard of Albert Emberlain. The latter ordered him to move the ladder, and Mahler claims he did so. However, Emberlain preferred charges of trespass to which Mahler pleaded guilty in city court Tuesday morning. The case was continued for judgment until Wednesday morning.
