

VILLA TROOPS IN PEACE, COON STRIKE

Soldiers at Torreon Lay Down Arms and Parade Streets— Leader Will Not Quit Fighting.

MEX SITUATION IS UP IN CONFERENCE TODAY

Sec'y Lansing and Representatives of South American Republics in Session This Afternoon.

By Lewis T. Matson. EL PASO, Texas, Aug. 5.—With reports that Gen. Francisco Villa's troops in Torreon have mutinied and that the revolutionary leader has gone to Samalaya, 26 miles south of Juarez, to confer with his agents in the United States, the Mexican situation took on a confused appearance today.

Villa had 7,000 men under arms in Torreon and the mutiny seems to have arisen through the desire of the soldiers for peace. Advice from Torreon state that the troops, after throwing down their arms, marched through the streets shouting: "We want peace!" and "Long live peace!"

It was announced that a conference could take place either today or tomorrow with the following participants: Gen. Villa, Gen. Felipe Angeles, the chief of ordnance in Villa's army; Miguel Lombardo, foreign minister in Villa's cabinet; and George C. Carothers, special agent of the American state department.

"I will not stop fighting," was the word Villa sent here. "They think they have me cornered, but it is the man who is cornered that fights hardest. If it comes to the worst I will go into the mountains with the men who remain loyal to me and will fight to the death."

Eight Mexicans have been brought here from Fort Hancock, where they were captured by Texas rangers while trying to cross the border. They declared that they were planning to join a new revolution under Gen. Pascual Orozco.

WASHINGTON, Aug. 5.—Starving Americans in Mexico City will get relief in a few days. The Red Cross today purchased \$5,000 worth of food stuffs for them in New Orleans. The food stuff will be shipped on a steamer sailing for Vera Cruz tomorrow. It is expected to reach the Mexican City by the first of next week.

WASHINGTON, Aug. 5.—Gen. Salazar, a Villista supporter, was killed (CONTINUED ON PAGE SEVEN.)

MORE MEN SENT ASHORE AT HAITI

Battleship Connecticut Arrives and Marines Help to Preserve Order.

PORT AU PRINCE, Hayti, Aug. 5.—The United States battleship Connecticut has arrived here and landed 500 men to preserve order and prevent further attacks of revolutionary violence.

With the arrival of the Connecticut and the landing of additional Americans, the hopes for quiet are increasing. The Connecticut entered the harbor last night and the task of landing the additional protective forces began at once. The last men came ashore early this morning. The Americans were lodged in the barracks of the capital.

The general belief is that the American occupation will be permanent until a government has been set up and shown its ability to preserve order. There is no indication of the establishment of a stable government at present.

The Haytian congress fears the parsimonious of Gen. Bobo and the efforts launched to put his party in the ascendancy. The political situation thus remains highly critical.

WASHINGTON, Aug. 5.—Facing the probability that the Haytian factions will not settle their own differences, the state department today was in readiness to establish a provisional government of the black republics by force of arms. Rear Admiral Caperton has been directed to continue his work of disarming the natives. His peace commission is continuing its efforts to persuade the factions to get together, but in the event of failure it is understood the United States has decided upon the plan of force which it will support and will cable Caperton instructions along this line.

The general situation shows improvement, it is stated, although Cape Haytian is still a serious menace. But with plenty of well figured machineguns and machine and with the big guns of the squadron available to back them up, it was felt today that the worst is now over there and that the question of restoration of a government that can govern and can be permanently restorable is now only a matter of time.

TWO AUTOISTS ARE FINED IN CITY COURT

Both Men Plead Alibis But Court Assesses Both of Them \$1 and Costs.

Two violations of motor vehicle laws were alleged in city court Thursday morning when A. R. Couchman of Three Rivers, Mich., and Thomas E. Mulhall of Michigan, Ind., were arraigned. The former was alleged by Patrolman Fallo to have hit one license plate upon his machine, while Mulhall was declared by Motorcycle Patrolman to the possessor in this case a dealer's license upon his machine. Both were fined \$1.

Couchman declared that he had received but one plate from the secretary of state of Michigan. Mulhall said that he thought he was obeying the law by having a dealer's license on a new car, 1/2 plates for which he had not yet received from the secretary of state.

Special City Judge Hammond declared that the laws of the city and state must be adhered to or their violators must suffer the consequences.

RAISE QUESTION AS TO RIGHTS OF TRUSTEE

Appeal from Circuit Court to Be Taken in Harlin Case—Property Was Ordered Sold.

The question of whether or not a trustee in bankruptcy can bring proceedings to partition real estate is to be brought before the appellate court by counsel for Wilbur A. Harlin, guardian of Emma W. Harlin. Preparation is being made for an appeal from the decision of the circuit court in the case of the American Trust Co. trustee in bankruptcy of Albert G. Harlin, against Wilbur Harlin, guardian. The lower court in April granted authority to Shively to sell in this case two lots located on the southeast corner of Navarre and Main sts. The amount involved was not large but the question raised is a new one.

SHIVELY COMPLETELY RECOVERED IS MESSAGE

Indiana Senator Is Now Roughing It in Mountains of Pennsylvania.

Sen. Benjamin F. Shively has completely recovered from his recent severe illness, according to word received in South Bend Thursday. The message was in the shape of personal letters written to local people and stated that Sen. Shively had completely recovered his health.

According to the advices received here, Sen. Shively's physician has given him the assurance that he would return to Washington in better physical condition than for several years. The senator, who was in a New York city hospital last week, is now roughing it in the mountains of Pennsylvania. He is located near Mrs. Shively's old home at Brooksville, Pa.

BUGGY IS OVERTURNED BY FRIGHTENED HORSE

Man and Woman Are Injured But Baby Escapes Unscathed.

Mrs. Amos Shirk, 1491 E. Third st., Mishawaka, was severely bruised and her son-in-law, Clayton Shank, residing five miles north of Edwardsburg, suffered a broken leg Thursday noon, when the horse which Shank was driving became frightened at the Edwardsburg railroad station at a passing train and while endeavoring to turn around, tipping the occupants out, and throwing them to the ground. A year and a half old baby which was in the carriage, was also thrown out but was unharmed.

Mrs. Shirk was enroute to the Shank home for a short visit. She was met at the station by Clayton Shank and both had climbed into the carriage when the horse became frightened. Shank was thrown out onto a side track and his leg fractured just below the hip. Shank is the son of William Shank of 510 E. Grove st., Mishawaka.

FIRE STARTS IN BARN

Hay and Harness Valued at \$200 Are Destroyed by Blaze.

Fire, thought to have been started by the carelessness of a group of small boys who were playing with matches, started in the rear of the O. K. livery barn, 706 W. Division st., Thursday afternoon, and caused a loss of approximately \$200. Several horses quartered in the barn were saved by firemen and employees of the place. Companies from central fire station, No. 2, and No. 4 answered the alarm.

The greatest damage was done to harness and hay stored in the loft.

ENTERS HOBAN ESTATE

Property Valued at \$25,700 Is Left to Four Children.

A value of \$25,700 is placed on the estate of Julia E. Hoban who died on July 2. The estate was entered for probate Thursday and a son, Martin C. Hoban, qualified as administrator. The property is left to one daughter and three sons.

BABY NEARLY STRANGLES

Pulmotor Arrives But Is Not Put in Operation.

Carl McClellan, the 11-months-old son of Mr. and Mrs. Bert McClellan, 1149 S. Lafayette st., nearly strangled to death Thursday afternoon at 1 o'clock in a violent fit of whooping cough. The police pulmotor was sent for, but it was not used. Dr. C. E. Hansel was called. The child is reported some better although the condition is still serious.

MARRIAGE LICENSES

Frank Masterson, teamster, Walkerton; Daisy Pearl Parrish, Walkerton; Clarence Thompson, minister, Twelve Mile, Ind.; Blanche Grohans, school teacher, Walkerton.

CLAIMS FACTS ARE TWISTED BY BRITONS

State Department Is Preparing to Turn Great Britain's Own Arguments Against Her.

EXPORTS TO NEUTRAL COUNTRIES INCREASING

United States to Contend That There Is Some Possibility of Them Falling Into German Hands.

WASHINGTON, Aug. 5.—Preparation to turn against Great Britain her own arguments, the state department today compiling a memorandum for Pres't Wilson on the blockade situation. The president and Sec'y Lansing will dispatch a stiff rejoinder to the British contentions and will attempt to refute absolutely the British assumption that because there has been increased exportations from the United States to Holland and the Scandinavian countries, some of these goods are going to Germany and Austria. The state department, while waiting for the three British notes which were published yesterday, assembled statistics on the export business of the two countries. They are said to show that the exports of England to these countries have increased, along with those of the United States. Great Britain, it is suggested, might as well assume her goods are going to Germany and Austria as to rest that the increase of American export shows such condition of affairs.

To Reject Defense. These figures, in conjunction with the persistent and more determined protests of American shippers and importers who are pressing the administration for relief, will result in a note declining flatly to accept the British position on the blockade controversy and insisting that existing intolerable conditions be remedied.

The reports of Consul Skinner at London showing that there has been a noticeable increase in re-exports of American cotton from Great Britain to Holland and Scandinavian points will appear prominently in the new note to England. Eventually, officials say, the entire matter must go to arbitration as England can be expected to stand on her rights under the Bryan arbitration pact.

So far as the new Erie note from Germany is concerned, state department officials declare that no further action is likely in this connection for some time. Meanwhile it is expected that the owners of the sunken ship will have their claims privately settled through the German embassy.

FIVE MEN ARE RESCUED

Taken from Yacht by Life Savers at New Castle, N. H.

PORTSMOUTH, N. H., Aug. 5.—Five men were rescued from the schooner yacht Caroline by the Wood Island life savers and landed in a precarious condition at New Castle, N. H., early today. Their names are: George H. Garber, 44 years old, a wealthy friend of Stanley Clark of Wilmington, Del., miner, who is thought to be the yacht's owner.

BRITISH STEAMER SUNK

One Member of the Costello Crew Meets Death.

LONDON, Aug. 5.—The British steamer Costello has been sunk by a German submarine. One member of the crew was drowned but the others escaped and were landed today. The Costello was a steel steamer of 1,591 tons, owned by the Atlantic & Eastern Steamship Co., Ltd., and was built in 1903.

LAKE BOAT WILL BE PUT TO SEVERE TEST

CHICAGO, Aug. 5.—The steamer Christopher Columbus today went on trial for her life. In a test to see if the big "whale back" can be tipped over the officials of the Goodrich line which owns the boat, wagered the value of the vessel, \$400,000, against a chance of restoring public confidence in lake boats that had practically disappeared since the overturning of the Eastland.

In the test today 7,500 bags, of 100 pounds of sand each, were to be piled on one side of the boat to see if she would tip. The sand equaled the combined weight of 4,687 passengers, weighing 160 pounds each.

SNOW FALLS

MUNCIE, Ind., Aug. 5.—Snow fell here today. It melted as soon as the flakes reached the ground. Reports from other Indiana towns in this section of the state, stated that snow had fallen in several localities.

HELD UP BY BEES

RIVERSIDE, Ind., Aug. 5.—The icing gang in the railroad yards here were driven from the Pacific fruit express last night by bees and the train was held up enroute for New York.

MAY BE THE NEXT LEADER OF MEXICO

MANUEL VASQUEZ TAGLE.

WASHINGTON, Aug. 5.—It is thought that the conference at which the ambassadors from Argentine, Brazil and Chile, the ministers from Guatemala, Bolivia and Uruguay and Sec'y of state Lansing will lead to the lending of American support to the candidacy of Manuel Vasquez Tagle for president of Mexico. Tagle was minister of justice under Madero and is the only member of the Madero cabinet who has not forfeited his rights to the succession by fleeing from the country.

CITIES JOIN IN PROTEST ON RICE

Join South Bend in Effort to Have Old Charges Remain in Effect.

An organized protest by northern Indiana and southern Michigan cities against the withdrawal of proportional class rates applying between South Bend and the Ohio river is being made. Following the lead of South Bend in sending a protest to the interstate commerce commission, the Benton Harbor chamber of commerce is holding a meeting this evening to discuss the matter. Other cities in this locality including Elkhart, Mishawaka, Goshen, Laporte, Niles and Michigan City, are expected to take action on the matter at once.

The withdrawal of the proportional rates between here and the Ohio river would work a great hardship on the local shippers to southeastern states, it is said. An increase of from 30 to 180 per cent in some instances will be made if the railroad companies are expected to withdraw the proportional rates.

The local Chamber of Commerce filed a protest Monday by wire, following it up with a written protest. A hearing will be ordered in South Bend shortly by the commission. Word from the interstate commerce commission is expected daily.

SECOND TRIP IS MADE

Boys Visit Historical Spots About the City.

The second of a series of historical trips over the St. Joseph and Kankakee portages for playground children is being held this afternoon. Municipal Recreation Director Frank B. Barnes led a party of boys from the city to the portage. The start was made from the Kaley playground and from there the party proceeded to the headwaters of the Kankakee three miles west of the city. They followed the old trail of the St. Joseph end, returning to the city along Lincoln highway W.

DEFER STRIKE

PAWTUCKET, R. I., Aug. 5.—Following a meeting of 900 machinists, employed by the Potter-Johnson Machine Manufacturers it was voted today to defer the strike scheduled for noon today for one week, pending the return of James C. Potter, who is at present in France negotiating for war munitions.

SHIP SUNK

LONDON, Aug. 5.—The British steamer Fortin was sunk today by a German submarine. The crew was saved.

National Guards' Honors Are Won By Angola Company

INDIANAPOLIS, Aug. 5.—National guards' honors in the rifle competition of the Third regiment, now in camp of instruction at Fort Benjamin Harrison, were captured by Company A of Angola, with a score of 1,071 hits out of a possible 1,250 for the whole course which included rapid firing at various distances. Other scores were: Company B, Angola, 971; Company C, Angola, 955; Company H, Warsaw, 925; Company M, Rensselaer, 905; Company K, Auburn, 872; Company T, Kendallville, 863; Company E, Elkhart, 832; Company I, Plymouth, 828; Company F, South Bend, 811; and Company G, Portland, 739. Serg. Charles Brumbaugh of Company A made the highest individual score for slow rifle fire at a range of 600 yards—46 hits out of a possible 50.

Three men, Foot and Baldwin of Company A, and Thorpe of Company G, tied for second place with 45 hits each. First Lieut. Jerry E. Garland of Company M made high score for the entire course with 255 hits out of a possible 250, with Houck of Company B, and Snyder of Company A tied with 251 hits each.

ALL OF ERIE HELPS CLEAR AWAY DEBRIS

Loss of Life Is Placed Around 35 While Property Loss May Exceed Three Million Dollar Mark.

TWENTY BODIES ARE TAKEN FROM WRECKAGE

Fifteen More Are Thought to Have Met Death While 11 Others Are Reported Missing.

ERIE, Pa., Aug. 5.—Restoration is begun. The more serious scars graven on the heart of Erie have been revealed by the subsiding of the torrent which tore its way through the city Tuesday night.

The task of crystallizing the charitable sentiment of the city in efforts for relief work is well under way. Rehabilitation of those made homeless and destitute by the flood is rapidly proceeding. The inextinguishable memory of the human victims of the cloudburst soon will be the sole existent feature of the destruction wrought in one of the city's busiest districts. All whom the city was able to enlist in work of clearing away the debris were barely able to scratch the surface of the mounds of broken timbers and useless wreckage which once had been the homes and the objects which made them homeless.

Found strewn throughout the path of the raging flood were the bodies of 20 men, women and children. Buried under the huge heaps of silt and wreckage, or swept out into the lake perhaps beyond recovery, are thought to be the bodies of about 15 more. Eleven persons, for whom relatives and friends have spent the past 24 hours in vain search, are given up as lost.

With the loss of life hovering around 35, the total property loss and damage computed early estimates of \$2,000,000 and may go to five millions. Hurried surveys of the effect of the flood on manufacturing plants in its path have shown a total of more than a million dollars to that industry.

Bodies recovered and identified follow: John P. Higgins, Winifred D. Higgins, his wife; Marion Higgins, 12 month old, his daughter; James Higgins, 14 years old, his son; Mrs. Emma Osborne, 44 years old; John Donovan, fireman; Swaney Anderson, 60 years old; Cora Anderson, 70 years old; Catherine T. Carroll, Thomas Langdon, Anna Wiesbauer; Mrs. Margaret Ruess, Mrs. Emma Austin, Henry Allen, John Hopkins, a local resident.

A known dead, but not recovered: Identified Pole, William Devitt, George H. Garber, Mrs. August Myer.

Missing, believed to be dead: Michael Runzer, Etalid K. Brandt, his wife and child; Mrs. F. Wally, Frances Bumpus, Mrs. R. L. Graves, Frederick Leisbrock, Mrs. Henry Casey, Mrs. F. Fannie McGuire, Mrs. M. S. Stover.

Recovered, but not identified: White man; white woman.

WASHINGTON, Aug. 5.—The American Red Cross today offered relief to the sufferers of the flood swept city of Erie, Pa. The following reply was received: "The mayor of Erie expresses his thanks for the kind offer, but the city is able to successfully relieve all the suffering."

CHICAGO, Aug. 5.—As a result of the long continued rains in nearly every section of Illinois, Iowa, Missouri and Nebraska, grain harvest conditions are the most unfavorable in many years. The almost continuous precipitation of the last eight weeks or more has not only delayed the harvest to practically the latest possible period, but there have been tremendous losses in sections where the early promise was for big crops. These conditions have been reflected in the rise in grain prices on the board of trade here.

The railroads have not in many years had such a handicap in the way of almost daily rains as for the past eight or 10 weeks and in practically the entire middlewest, in addition to the numerous washouts reported from time to time, the road beds on practically every line have been rendered so "soft" that all freight has been delayed and passenger traffic hampered. As a result of this and the late harvest shipping conditions have been upset in all sections of the middle west.

FREAK WEATHER IS SHOWN IN REPORTS

Freak, summer weather is shown by freak. A difference of 32 degrees in temperature in different parts of the United States is told in Thursday's official weather report. Here are a few of the extreme temperatures in America today:

Table with 2 columns: Location and Temperature. Locations include Houghton, Mich., Durango, Colo., Cheyenne, Wyo., Duluth, Minn., Edmonton, Alta., Yuma, Ariz., Phoenix, Ariz., Montgomery, Ala., Miami, Fla., Quappelle, Sask.

FEDERATION WILL DISTRIBUTE FUNDS

Money to Be Turned Over to Institutions This Week— Many Pledges Unpaid.

Four thousand dollars will be apportioned shortly by the Federation for Social Service to the members of the federation. This was the announcement made Thursday morning by E. Louis Kuhns, following a meeting of the board of trustees held Wednesday afternoon in the Chamber of Commerce rooms.

At present there is \$2,647.47 on hand, and within a few days it is expected that this amount will be raised to \$4,000. When this sum is on hand another distribution will be made. This is the third apportionment made by the federation, one being made last December and one last January.

There was \$22,401.76 pledged during good will week last year, and of this amount \$17,803.87 has been collected. There remains \$1,145.62 to be collected.

The meeting Wednesday was called with the purpose of getting reports from the members of the federation and ordering another dividend. A report from the Children's Dispensary showed that more money than had been apportioned to them when the previous dividend was ordered had been expended. This was due, the report said, to the increased demands made to the dispensary for aid for children, and also to the business depression of the previous winter, which threw many men out of employment, and caused the dispensary to have more calls than it could handle with the amount of money allotted. The report stated that the amount of money would need \$1,200 to carry on the work until the next campaign was held this fall.

The members of the federation are: Anti-Tuberculosis league, Associated Charities, Children's Dispensary, Epworth hospital, Florence Crittenton circle, Humane society, Orphans' home, Playground association, St. Joseph's hospital, Salvation Army, Visiting Nurse association, and Young Women's Christian association.

Mr. Kuhns, speaking for the federation, stated that the amount of money an urgent appeal to South Bend people who had not paid their pledges to send them in at once, was being made. He also requested that unpaid pledges be responded to when the collector called. "The Children's Dispensary is not the only organization in need of money," he said. "The other organizations although they have kept within the limit of the amount of money turned over to them, are in need of assistance as well. They need more money than the federation has to distribute. It is hoped that by one reason why we ask South Bend people to respond to our appeals."

It was also announced Thursday morning that it had been decided at the meeting to begin making preliminary plans on Sept. 1 for the Good Will week this year. Good Will week will come the week before Thanksgiving, and not Thanksgiving week as was the case last year. The reason for the change it was given out, was that too many things interfered with the work of getting pledges.

DEMOCRATS WILL MEET

State Gathering to Be Held at Indianapolis Aug. 21.

INDIANAPOLIS, Aug. 5.—It was announced here today that the democratic state committee will meet at 10 o'clock, Saturday, Aug. 21, here. Chairman Korba will fill committee vacancies and file the report of the rules committee on primary law.

GERMANY AND TURKS REPORTED NEAR BREAK

ROME, Aug. 5.—Reliable advices from Turkey indicate that anarchy is rife in Constantinople, that Turkey and Germany are near the parting and that Turkey will do its utmost to prevent a break with Italy.

To meet the Rome government's demands for the protection of its subjects it is expected that Turkey will permit all Italians in Asia Minor to return to their own country via Vourla, on the Gulf of Smyrna.

German and Turkish military leaders are reported to have become so seriously divided that Enver Pasha, the Ottoman minister of war, has demanded the recall of Gen. Liman von Sanders, defender of the Dardanelles, to Berlin. At a recent dinner given by Enver Pasha, only Turkish notables were invited.

HELD FOR SHOOTING

BROOKFIELD, Ind., Aug. 5.—James Grant, 45, and his son Glenn, 25, were lodged in jail here Wednesday charged with attempting to kill Vern Ward and the latter's son Harry, during a disturbance at Arthur Cole's saloon in Laurel, Ind.

WARSAW NOW IN HANDS OF KAISER'S MEN

Berlin Reports Fall of Polish Capital—Bavarian Troops Break Through Outer and Inner Lines.

RUSSIANS BATTLING AS THEY FALL BACK

Seventeen Machine Guns, 22 Officers and 4,840 Men Are Taken—Report Other Gains.

By Frederick Werner.

BERLIN, Aug. 5.—(By wireless via Tuckerton, N. J.)—Warsaw has fallen. Official announcement of the capture today of the great Russian fortress on the Vistula river was made today by the German war office.

The following official statement announcing Warsaw's fall was issued by the war office: "Headquarters reports this morning that Warsaw was taken by German troops this morning and that last night Prince Leopold's Bavarian troops broke through the forts on the outer and inner lines where the Russian rear guards were making tenacious resistance. Twenty-two officers and 4,840 soldiers were taken prisoners and were captured 17 machine guns. The forces of Gen. von Scholtz and Gen. von Gallwitz have advanced toward the road to Lomza, Ostrow and Wyszakow with violent engagements taking place.

Despite Russian resistance on both sides of the road from Ostrow to Rozan was without success. "German cavalry defeated in Courland and Samitilla Russian cavalry near Gennize, Braul and Quiskshy. Yesterday and the day before, 2,225 Russians were taken prisoners.

"The situation near and north of Ivanogorod is unchanged. "The result of the enemy between the upper Vistula and Bug rivers continues. "German cavalry has entered the region of Vladimir and Volynsk, east of the Bug."

By Francis Lavelle Murray.

PETROGRAD, Aug. 5.—Heroically fighting against overwhelming numbers and superior artillery, the Russian soldiers are continuing for every foot of ground as they withdraw to their new positions. Once more they have checked the Austro-German attacks on the Vjepsz river southeast of Warsaw, and by fierce counter assaults have forced the enemy to fall back.

The following tribute to the valor of his troops on the Vjepsz front is paid by the German staff: (CONTINUED ON PAGE SEVEN.)

GERMANS MAKE GAIN IN VOSGES

by Assault Following Bombardment.

PARIS, Aug. 5.—A section of the French trenches on the summit of Lugekopf in the Vosges mountains, has been captured by the Germans. Admission of the German gain was made in an official bulletin issued by the French war office today.

The Germans first bombarded the French positions with utmost violence and then launched a terrific assault with infantry. This attack was generally repulsed except at one point where the Germans gained a foothold in the French trenches.

The text of the communique follows: "In Artois, around Souchez, there were combats with grenades and petards as well as a rather intense cannonade during the night. "There were rather sharp artillery attacks on Trac Leval and around Vailly in the Aisne.

"In the Argonne there was considerable activity during the night, there being rifle firing and throwing of bombs from trench to trench with the artillery occasionally opening fire in direct attacks. "On the heights of the Meuse, at Bois Hermin, the German attack was easily broken up.

"In the Vosges there was a continued and very violent bombardment of our trenches at Lugekopf. During the night of Aug. 4, the Germans launched a very fierce attack, but despite this we held our positions with the exception of some parts of trenches on Luge crest."

PARIS, Aug. 5.—The capture of 11 German officers, 825 men of the rank and file, eight mitrailleuses and a great number of guns and hand grenades in the sector of Han De Sapt in the Vosges, was announced by the French war office today in a special communique.

HELD FOR SHOOTING

BROOKFIELD, Ind., Aug. 5.—James Grant, 45, and his son Glenn, 25, were lodged in jail here Wednesday charged with attempting to kill Vern Ward and the latter's son Harry, during a disturbance at Arthur Cole's saloon in Laurel, Ind.
