## MAN ACCUSED OF SHOOTING IN COURT

### Sprinkling of Lawn Leads to Trouble—Victim Is Shot in Leg.

Steve Sille, 1203 W. Grace st., was arraigned in city court Monday morning charged with assault and battery with intent to kill. It was alleged by Deputy Pros. Nye that he had shot Anton Rudes, 508 Arnold st., in the left leg after a quarrel. He pleaded not guilty and his case was set for Aug. 19. He was released upon bond of \$200.

According to the testimony of several neighbors, and to the story told by Rudes, Sille became angry at Rudes when he accidentally splashed some water on him as Rudes was watering the lawn at his home on Arnold st. Sille went home, to return a few minutes later with a revolver, with which he fired one shot at Rudes.

Officer Adamki, who was near the scene of the accident, phoned an account of the affair in to the police station, and Sille's arrest was effected a short time later by Sergeant Stieckley and Officers Adamki, Kozrowski, Melike, Tholander and Gorka. Rudes was taken to St. Joseph hospital in the police ambulance in charge of Officers Parker, O'Connell and Buhland. Dr. Ediger Myers, who attended the wounded man at the hospital, stated that the wound would probably not be very serious.

Sille denied any connection with the shooting when questioned at the police station. At first he claimed that he was sleeping at home at the time, but later admitted that he passed the Rudes home and that Rudes splashed water on him at about the time that the shooting occurred.

## ODD JOBS MUCH IN DEMAND NOW

### Aid of Organizations in Securing Work Asked by Employment Bureau Head.

Due to the fact that the most of those applying to the Indiana free employment office for work are unskilled laborers there has continued to be a greater supply of men during the summer than was necessary to meet the demand from employers. Work for these men must be largely odd jobs at which many could tide themselves over if those having the work would but take the necessary steps to connect the job and the man.

In the opinion of Supt. Murphy of the office it is now time to prepare for the coming winter which will bring the usual oversupply of unemployed men. Murphy wishes to enlist the aid of every charitable organization in the city to cooperate with his office in securing positions for the unemployed.

"We would be able to secure many more positions," said Murphy Monday morning, "if the charitable organizations and associations were affiliated with this branch office of the Indiana bureau of free employment in our city."

## RICH MAN WITH BUM FOOT HELD FOR ELLIS ISLAND

NEW YORK, Aug. 9.—W. A. Anderson, one of the wealthiest citizens of Vancouver, B. C., was held for Ellis Island on his arrival Sunday aboard the White Star liner Lapland. He will be taken to the island Monday for further examination.

Mr. Anderson, who has been a resident of Vancouver for 18 years, where he was engaged in the real estate business, left 16 months ago for England to have an operation performed on his foot. The operation was successful, but the damp climate of England gave him rheumatism which caused him to limp.

It was on account of this limp that Mr. Anderson, who has been a resident of Vancouver for 18 years, where he was engaged in the real estate business, left 16 months ago for England to have an operation performed on his foot. The operation was successful, but the damp climate of England gave him rheumatism which caused him to limp.

An agent from the Canadian Pacific who was sent specially to meet him, corroborated his statement, but failed to move the immigration authorities, who declared they had no alternative under the law but to hold him.

Dr. Brooks of the immigration service ordered him held. Anderson pleaded to be allowed to land and showed his through tickets to Vancouver to prove his contention that he did not intend to stay in this country.
