

Sunday News-Times in Demand at Mishawaka

The above photograph was taken by C. E. Kaylor at 4:30 o'clock Sunday morning on the arrival of The News-Times in Mishawaka. By 10:30 every copy had been disposed of and it was necessary to send to South Bend for 300 extra copies which were quickly sold. The Mishawaka section with its many news features and dollar day advertisements apparently pleased the readers of the paper, judging from the stir it caused throughout the city.

FINDS PURSE.

Mrs. O. E. Lang had the misfortune to lose her purse a few days ago and although it contained nothing of great intrinsic value, it had among its contents some valued family souvenirs. The purse, which was advertised in The News-Times, has been found, is known, as the party who picked it up telephoned Mrs. Lang asking her if it belonged to her. Mr. Lang's initials having been engraved on a piece of jewelry which it contained. At the time Mrs. Lang received the phone message she was not aware that she had lost the purse, and did not state that the property belonged to her. Since then every effort has been made to locate the finder but without avail.

Interested Spectator Is Cat Which Deserted Eastland Day Before Tragedy.

CHICAGO, Aug. 11.—With six men facing trial on charges of manslaughter following indictments in the steamer Eastland, the "floating morgue" was hauled to a position at the stern of the prostrate vessel ready to receive bodies that are expected to be released when the hull is lifted. The barge is 60 feet long and under its canvas cover draped with purple and black crepe, repose 20 pine coffins, temporary affairs made to receive the bodies. The grand jurors reconvened today to consider whether they will indict the federal checkers who were on the Eastland on the day of the disaster.

INCREASE IN SOME RATES IS GRANTED

per cent on some commodities to as much as 10 per cent on others.

in accordance with its statutory powers, the interstate commerce commission suspended the western railroads' tariffs, proposing increased rates, pending an investigation. In consequence, the higher rates have not been effective on any of the lines, pending today's decision.

Would Mean Four Per Cent.

Attorneys for the railroads who appeared at the several public hearings the commission held at Washington on the case, declared the increases proposed would average but four per cent for all roads. This the railroad property said would mean not more than \$100,000,000 additional revenue a year. Clifford Thorne, railroad commissioner of Iowa, who represented a committee of 16 state railroad commissions of western states at the Washington hearing, declared on behalf of the shippers that the increases, if granted, might put \$100,000,000 a year more revenues into the railroads' coffers.

FUNSTON HAS 4,000 TROOPS ALONG BORDER

(CONTINUED FROM PAGE ONE)

Mexican situation today. In order that his dispatches from Washington might not be delayed in reaching him he abandons his daily game of golf and took only a short automobile ride. Immediately after his return to Washington he will hold a conference with Sec'y of State Lansing. He is anxious to get all the details of the Mexican matter.

NEW YORK, Aug. 11.—"I have a plan for the pacification of Mexico. This plan will be submitted to the Latin-American envoys at our conference this afternoon."

The foregoing statement was made today by Sec'y of State Lansing. The secretary declined to outline his plan before it had been presented to the conference, but he was apparently hopeful that the scheme worked out by the administration would be successful.

That the plan is far reaching in its scope was indicated by information secured from a reliable source to the effect that the conference which has been shifted from Washington to New York will last at least four days. The Latin-American envoys had said that this afternoon's conference would be final.

Sec'y Lansing refused to comment on the situation at Vera Cruz and the fact that the American naval commander had called for battleships. A similar attitude was shown by the Latin-American envoys.

They refused to admit that there was any possibility of a chance in the situation because Gen. Carranza had protested to the presidents of the South American republics against any interference with Mexico.

Sec'y Lansing and his secretary were established at the Baltimore today. The conference was scheduled to begin at that hotel this afternoon, but before the envoys met the secretary was expected to Lansing would talk over with Sec'y of the Treasury McAdoo some details of the financial plans for Mexico.

The Latin-American envoys had their quarters at the Astor. They were Ambassadors Dr. Gama, Naoth and Suarez, of Brazil, Argentina and Chile, and Ministers Calderon, Mandez and DePena of Bolivia, Guatemala and Uruguay.

LAREDO, Texas, Aug. 11.—Gen. Funston today directed that the third battalion of the ninth infantry stationed at Fort McIntosh and commanded by Capt. Legett, consisting of companies I, K, L, and M, to leave once on a special train for Brownsville to aid in clearing up the trouble in Cameron county.

WASHINGTON, Aug. 11.—Gen. Carranza has warned the United States to keep "hands off" in Mexico. Sec'y of State Lansing had that warning in his possession when he met with the Latin-American diplomats in New York today.

The Carranza agency here announced this afternoon that Carranza's message to Lansing emphatically proclaimed the right of the United States to attempt to force a compromise government in Mexico.

WASHINGTON, Aug. 11.—Quiet has been restored in Vera Cruz, according to Consul Silliman. A dispatch to the state department this afternoon he reported that he and his American demonstrators and that the city is again tranquil.

Silliman stated that the governor of Vera Cruz has conveyed to him his deep regret over the "unfortunate outbreaks." He also stated that a proclamation will be posted by the governor warning all persons that participate in further demonstrations of this character will be severely dealt with. This report was accepted by the department as indicating the moving the immediate necessity of sending any additional warships—other than those now enroute—to Vera Cruz.

LAND NEW TROOPS.

CONSTANTINOPLE (via Amsterdam), Aug. 11.—Official: "Near the Dardanelles Saturday night the enemy under cover of the guns of his fleet landed fresh troops in the neighborhood of Karatchai, north of the gulf of Saros, and also at two points north of Avl Burnu. At Karatchai the enemy was completely driven off, leaving behind 20 killed.

"In landing north of Avl Burnu the enemy made some advance and protection of the fleet, but this advance was arrested by counter-attacks in the evening. This morning we repulsed enemy attacks, inflicting serious losses. Some officers and men were captured."

KANSAS HOSTESS TO FAIR IN CLOSE CALL

Electric Wire Drops on Mrs. Effie Van Tuyl While at Her Bath.

SAN FRANCISCO, Aug. 11.—Mrs. Effie Van Tuyl, official hostess to the exposition from Kansas, barely escaped a freak electrocution while bathing in her suite at the Kansas building yesterday morning. Mrs. Van Tuyl was ending her bath when an unusual thing happened. An electric wire from the lavatory ceiling, highly charged, dropped from a hook and landed on her back. The voltage of the wire was magnified by the short circuit of water, human flesh and current.

The woman, paralyzed by the shock, screamed. She was absolutely helpless to move. Her frantic efforts to jerk the wire away was useless. Several shouts brought help.

Albert T. Reed, chief electrician-general of the Kansas commission, broke through the heavy door. Mrs. Van Tuyl lay unconscious in the water. Reed ran to the switch closet and turned off the wiring current to the bath.

Dr. Dignan of the emergency hospital administered an anesthetic and diagnosed her case as a "near fatal death." He said that if Reed had not found the woman unti five minutes later she would have been dead.

toward the Bug river, compelling the Russian rear guard to fall back, although the Russians are fighting stubbornly.

Russians Driven Back.

East of Warsaw the Bavarian force of Prince Leopold have rolled the Russians back 20 miles in the past two days. The Bavarians have reached the highway between Novo Minsk and Stanislaw.

Portions of the Austro-Hungarian army of Archduke Joseph Ferdinand are investing Novo Alexandria, on the Vistula, south of Pleszod.

On the Ostrow-Bug line, northeast of Lublin, the junction of the armies of Gen. von Woyns and Field Marshal von Mackensen gives the Teuton line added strength and is expected to hasten the retirement of the Russians in that quarter.

East of the Zelowch the Austro-Hungarian army of Gen. von Koyessa compelled the Polish forces to retreat across the Svider river.

Rapid progress is being made all along the southern line. The Austro-German forces moving northward against Pleszod have advanced to saw-Kiev railway have advanced 40 miles within the past seven days, forcing the Russians across the Vistula at a number of points.

Following reports that the Russians were evacuating Vilna and Kovno now comes the news that the sacred relics are being removed from the churches in Brest-Litovsk. Almost the whole of the Polish salient is now in possession of the Teuton forces and military experts predict that the next 48 hours will bring very important news of fresh developments.

PETROGRAD, Aug. 11.—Heavy fighting has been resumed all along the Dniester river, on the extreme southern wing of the opposing Russian and Austro-German armies. Latest reports received by the war office state that the Austrians on the Dniester have been heavily reinforced and have opened a general assault, apparently with the purpose of crossing the river and striking toward the railway centers of Tarnopol and Czortkov.

The enemy gained a temporary success in his first attacks, but the Russians later drove them back and regained the lost positions.

Dispatches from Grodno state that the Germans are still falling back in the Baltic provinces but they are maintaining their attacks on the defenses of Kovno.

WILSON TO CONSIDER PROTEST TO BRITISH

Officials Are Pleased with Germany's Act in Releasing the Llama.

WASHINGTON, Aug. 11.—With the return of Pres't Wilson to the White house tomorrow, action on the protest to Great Britain against interference with American trade is expected to be speeded up. Although the Mexican situation will occupy chiefly the chief executive at the outset, the pressure for action by the importers and the cotton men of the south is now so strong that he is expected also to rush the British note and set it out of the way.

Meanwhile, officials are pleased with the prompt action by Germany in releasing the oil ship Llama and promising to expedite the freeing of the Wico, both held in Swinemunde. This action is taken as an indication that Germany intends emphasizing her friendliness for the United States and waiting to see what the final position of this government is to be in its relations with the allies on the freedom of the seas.
