LOCAL BANKERS WILL FORM CLUB

Bowling League Is Only the Start—Captains Named for Teams.

Bowling bankers became one of the city institutions Monday night. The man behind the wire cage in the various banks will no longer have the serious look of a banker who handles nothing but money.

They have become bowlers and bowlers don't look serious even when there is money in sight. Bowlers just put themselves on the back and smile because they know they can't get appendicitis, even if they have lots of money like bankers.

The money kings are not only going to be bowlers, they are going to be social lights as well. Their organization that was completed at Monday night's meeting at the Citizens National bank will furnish social affairs and bring about the establishment of a Bankers' club which will secure a charter of the American Institute of Banking and the American Bankers' association.

Officers of the Bankers' bowling league elected at the meeting are: President, Charles L. Ziegler, First National bank; vice-president, Fred Hart, Citizens National bank; secretary and treasurer, Karl G. King, American Trust.

Captains of the teams in the league are: C. L. Ziegler, First National; H. P. Breyer, South Bend National; H. P. Rausch, Citizens National and Citizens Loan and Trust; C. W. Cowan, Merchants National; J. D. Emmons, American Trust; Charles Huff, Morris plan bank. The captain of the St. Joseph Loan and Trust Co. team has not been selected.

Five men teams will represent each bank and the winner will receive a cup to be presented by the South Bend clearing house. Application has been made for membership in the City Bowling association and the American Bowling congress.

COURT REVERSES RULING AS TO DIVORCE CASES

Judge Ford Holds Now That an Allowance Can Be Granted in Suits for Separate Maintenance.

Judge George Ford reversed what he stated to be an "erroneous ruling" Tuesday morning when he granted Mary Piechocki support money pending her litigation for a limited divorce. Last week the court ruled that the law would not permit him to order attorney's fees or support money to be paid by the defendant in the case of a petition for separate maintenance.

When the case of Mary Piechocki against Martin Piechocki was brought up the judge reversed his ruling and, after examining affidavits, granted the petitioner \$2 a week support money. The court held that when conditions warrant it can properly grant an allowance wherewith to prosecute a petition for separate maintenance.

It is alleged in the Piechocki case that the wife is 75 years old and the husband 74. They have been living on a small farm on the Terre Coupee prairie. Counsel for the petitioner sought to secure an order for attorney's fees but the court held that this could wait until all the evidence in the case had been submitted.

After being married less than eight months, Elnor Jensen of Mishawaka petitioned the circuit court Tuesday morning to grant her a divorce from Lewis Jensen. They were married on Feb. 5, 1915, and separated on Sept. 10. The petitioner alleges that her husband struck and choked her on several occasions and often called her vile names and accused her of infidelity.

MICHIGAN MEN WILL BANQUET NEXT SATURDAY

Alumni Living in St. Joseph County Will Take Part in the National Wide Festivities.

Michigan university graduates who reside in St. Joseph county will hold a banquet next Saturday night at the Oliver hotel. There are 137 Michigan university men in the county and because Saturday night is to be a big night in the history of the Michigan University Alumni association, it is expected that practically every alumnus will be present at this banquet.

The feature of the banquet will be the giving of the Michigan yell at 9 o'clock. The yell will be given simultaneously by Michigan men assembled at banquets in 123 cities of the United States. At precisely 9 o'clock in each and every banquet hall there will be flashed on a screen a picture of Judge William L. Day, former U. S. district judge and son of Associate Justice Day of the U. S. supreme court, leading in this yell. Then it is that the alumni throughout the country will join in their tribute to the alma mater.

This banquet is part of a general plan to raise funds for an alumni club house at the university. An effort is being made to secure Dean M. B. Cooley of the engineering department of the university, to deliver the principle address of the evening. There is sure to be one member of the university faculty present. There will also be speeches by men prominent among the local alumni.

The banquet committee is composed of the following graduates of Michigan: Edmund A. Wain, chairman, Ell F. Seebirt, George W. Zinky, H. D. Warner, W. A. Bertsch, John Lippincott, and Dale Parshall. The chairman of the local Michigan union committee is Louis M. Hammerichmidt. The banquet committee is making every effort to secure all former students of the university of Michigan, and to urge them to attend this gathering. However, the committee wishes it understood that a cordial invitation is extended to all former students of the university of Michigan, even though it is not possible to see every one of them personally.

PHYSICIANS WILL ATTEND

At least three local physicians will attend the meeting of the Mississippi Valley conference on Tuberculosis at Indianapolis Tuesday and Wednesday, and the meeting of the state committee on hygiene and public health, of the Indiana historical commission. DITCH CASE UP TODAY

Plea Will Be Argued Before Judge at Laporte.

Henry A. Steis, representing R. D. Kline and other owners of Kankakee marsh land, went to Laporte Tuesday afternoon to argue before Judge James H. Ball the plea in abatement in the matter of the petition of D. W. Place and others for drainage. The plea in abatement has been made on the grounds that to order the proposed drainage the Laporte circuit court would interfere with the jurisdiction of the Starke county court.

DOZEN CARS ARE BROUGHT TO CITY

Promoter of Auto Races Here Making Final Arrangements for Events.

E. A. Moross, promoter of the auto races at Springbrook, arrived from Grand Rapids at noon today. He inspected the track at the park Tuesday afternoon and completed arrangements for the night and day races. He brought with him 12 mammoth speed cars and will enter as many in each event as the width of the track will permit.

Plans have been completed for an amateur event to be held at the afternoon meet. A special trophy will be offered for the best time made by a local driver. Entries will be received at any time up to 10 a. m. Thursday by E. A. Moross, room 418, Oliver hotel. A cash prize of \$100 will be required from all contestants which will be refunded if the car starts.

Fifty teachers of the high school who had planned a picnic for next Thursday afternoon have decided to attend the auto races instead. They will go to the park in a body and will be provided with special accommodations. Many of the high school pupils have also signified their intention to attend the afternoon races and this branch of the city school system will be well represented.

A carload of carbide arrived from Chicago Tuesday morning and is being hauled to the track. This is used in the hundreds of powerful carbide lamps that will illuminate the race track at night.

The big racing cars were unloaded from the Lake Shore cars Tuesday afternoon and attracted unusual attention. Arrangements were made for the freedom of the streets for the cars. Many of them do not carry state license numbers but are easily identified by the immense numbers that decorate the sides of the hood or body of the car. They have all been regularly licensed but it is impossible to carry license numbers during the track events.

Reserved seats were placed on sale today. They will be found at the Oliver hotel cigar stand; Schafer and Plimmer's; Melnyer and Doran's; Lavington's; George F. Hull's; McGill's, and O. E. Lang's, Mishawaka. Box seats can be had at the Oliver stand.

It was said that he sustained only slight bruises.

longs to you before we are through," said Roach.

"Good," said Miller. The introduction of a number of colored witnesses who testified they had not been allowed to register last year consumed the morning's session. The slugging of a colored man named Finley by "Tom" Donnelly was described by John W. Neukom, who said that Donnelly walked up behind Finley and hit him with a black jack because he refused to go away from the polls.

Herbert Clay, colored, told of several men being prevented from registering in the fourth precinct of the fifth ward where, he said, he saw black jacks in the pockets of Star Delaney and other men.

"You black—no I am going to lock you up," is the way Clay claimed he was addressed by a policeman named Englishlight, who arrested him on a charge of drunkenness and resisting an officer. Clay was later acquitted.

The only time Mayor Bell's name was mentioned during the session was when reference was made to Bat Masterson and the so-called "School of Perjury" for the railroading of Bell to the penitentiary. This mention of Bell's name was by the defense.

WILL THERE BE OR WON'T THERE BE?

Republicans Are to Have Barbecue at Springbrook or They Are Not.

That there is a lack of harmony between the state organization and the local republican central committee was made evident Tuesday when County Chairman Albert J. Slick declared that he had received no knowledge of a barbecue to be held at Springbrook park the middle of next month.

Mr. Slick stated that no information regarding staging an old-fashioned barbecue had been received by him. A meeting of the Republican club is to be held Wednesday night, however, at which time the local republicans will determine whether or not they think it advisable to hold some sort of a rally this fall, according to the chairman.

It is understood that some desperate method of bringing about a better feeling in G. O. P. ranks is necessary, and it is probable that the barbecue will be the means by which this will be sought to be accomplished. On the point as to the kind of a meeting that will be held here Mr. Slick stated Tuesday that if the republicans state organization decided to give one at its own expense, there would be no objection. Following it a dispatch received Tuesday from Indianapolis.

INDIANAPOLIS, Sept. 28.—Among the announcements from the republican state committee of meetings to be held about the state next month is one that says a barbecue will be held at Springbrook park, South Bend, Oct. 16, with United States Sen. Warren G. Harding, of Ohio, as the principal speaker.

Preparations to accommodate the 300 pastors in homes of prominent local Methodists and church workers have been made by the local committee on reception and entertainment. The reception committee consisted of S. R. Arbogast, Grant Tank, and J. M. Chillas. It is expected that the 300 ministers will be in daily attendance at the conference, while on special days the number will be swelled to 1,000 or more by the coming of many laymen.

Bishop McDowell will be a guest of Mrs. Clem Studebaker, Tippecanoe place, during his stay in South Bend. Rev. E. G. Leazenby, formerly pastor of the Grace M. E. church in South Bend, but now of Crawfordsville, will be a guest at the home of Mr. and Mrs. J. C. Paxson, 216 S. Lafayette st. These two men together with Rev. James G. Campbell of Greencastle and the Rev. A. V. Wood of Lafayette constitute the out-of-town members of the conference cabinet. The Rev. M. H. Appleby, district superintendent, is the local member.

Every effort has been expended to make the present conference the most successful in the history of Indiana Methodism. Many prominent speakers will address the conference. Chief among these are ex-Vice President James G. Thompson and the Hon. W. B. Dyer, who are scheduled to speak Thursday afternoon. It is probable that either one or the other of the two will speak during the services Thursday evening when Laymen's night will be held. This service is only for men.

Other men of prominence nationally either in a political way or in Methodist circles are: Dr. C. M. McConnell, of Lakeville, O., who speaks Thursday on "The Rural Church"; Bishop Theodore Henderson of Chattanooga, Tenn., who will visit the conference sometime Friday, and Dr. Harold Haugh of Evanson, Ill., and Dan B. SECOND LINE OF TRENCHES IS SHELLED

(CONTINUED FROM PAGE ONE.)

is deluging with shells the second line German trenches in Champagne today. Officers who arrived from the front this forenoon asserted that the bombardment now in progress is more terrific than that which preceded the victorious attacks of the French troops on the first line defenses.

Heavy artillery has been brought to bear upon Tature, where the Germans have entrenched with concrete and steel the strongest underground fort along the entire front.

"No fortification can stand against the blast of guns now being directed against Tature," said one officer. "Our shells are finding their mark and spreading destruction. Tature is the center of the defenses built along the Grand St. Hilaire-Cernay highway. These are of great strength and it is expected that Gen. Joffre will maintain the bombardment for at least three days before again throwing in his infantry."

Forture lies northeast of Sozau, and almost due north of Perthes and about three miles from the latter town. It is at the eastern edge of a thick forest.

LONDON, Sept. 28.—Furious counter attacks with asphyxiating gases, liquid fire, artillery and the bayonet now employed are being launched by the Germans against the allies over the greater part of the 350 mile battle front in the western theater, except at the eastern extremity where storms have brought about a lull.

Five million men are believed to be engaged in this mighty battle in which the Germans are trying to check the great drive of the Anglo-French and Belgian forces. Not all these troops are actually on the firing line, a big reserve for quick transportation to points to which greatest danger threatens.

More than six hundred aeroplanes are taking part. Terrific fighting is reported from the Champagne and Argonne forest, where the Germans are desperately attacking in an effort to regain lost ground and remove the menace to the German lines of communication which are being shelled by the heavy French guns.

Claim Further Progress.
Further progress is claimed for the British on the front stretching from LaBasse to Ypres although no definite figures were given.

As the British and French sweep across the battered first line trenches to the second and third defenses of the Germans they are finding a stiffened resistance, due to stronger works and the presence of reinforcements. It is reported that Emperor William alarmed by the progress of the allies in the stage of the big drive, has rushed to the western front to inspire his men by his presence and help direct German operations. Along the front being westward from Lille to LaBasse and thence south of Arras the Germans are struggling with the desperations of despair to stave off the crushing jaws of the viz which the British and French are swinging inward to
