There are hundreds of people in South Bend who were not the least bit surprised when they read in The News-Times that Wetteck's Original Cut Rate Medicine Store is selling Mi-o-na on a guarantee to refund the money in case it does not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness or the general played-out condition that afflicts every one suffering with stomach trouble. Lime Against Tuberculosis
In the May 25, 1912, issue of the Journal of the American Association appeared this statement concerning calcium (lime) medication in the treatment of tuberculosis:
"Under the systematic, continued and persistent regime of calcium assimilation, Van Gieson has seen a number of his patients improve. The sputum clears up of tubercle bacilli, which finally disappear, and the lungs are recharged with healed pulmonary tuberculosis."
Ethical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many other physicians who have secured like results through the use of Eckman's Alternative.
Since calcium is a constituent of this remedy, its healthful element is so combined with other valuable ingredients as to be easily assimilated.
Eckman's Alternative contains no opiates, narcotics or habit-forming drugs, so safe to try. From your druggist or direct.
Eckman Laboratory, Philadelphia.—Adv.
