'BLINDMAN' CAN SEE SAYS DOCTOR

Vm. C. Parvin Now Under Sentence Has Been in Toils, Before. Chief John Kuespert has received word from the National Bureau of Criminal Identification at Washington, D. C., that William C. Parvin, who was sentenced to 1 1/2 years in the county jail by Judge Warner on Feb. 1 served a term at Minneapolis in February, 1908, for keeping a disorderly house. The report from Washington also states that several sticks of dynamite were found in Parvin's room at the time and he was suspected of being a safe-blower although evidence against him was insufficient.

Parvin was arrested here by Officer Northrup with John Sanford. Parvin was charged with begging, but he pretended to be blind and thus far has carried out the pretense although Chief Kuespert declares that Dr. Edgar Myers examined the man's eyes and found them in good condition.

Sanford, who was arrested with Parvin, was found guilty of securing money upon the plea that he was deaf and dumb, he having solicited several places in the city. When brought before Judge Warner Sanford denied the charges, asserting that he was only helping his partner, Parvin, to get around. He is serving a 30-day sentence at the county jail.

Chief Kuespert secured the information upon Parvin by means of the Bertillon system, having taken the man's measurements and sent them to Washington.

"I believe these men are real crooks," declared Kuespert Thursday. "There is little doubt but that they were framing something when caught here."

EAT A SQUARE MEAL AND NOT FEAR INDIGESTION

There are hundreds of people in South Bend who were not the least bit surprised when they read in The News-Times that Wetzick's Original Cut Rate Medicine Store is selling Mi-o-na on a guarantee to refund the money in case it does not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it also cures. Wetzick's Original Cut Rate Medicine Store can tell you of many well known people in this city who this remedy has restored to their normal after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that Wetzick's Original Cut Rate Medicine Store stands ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in South Bend today praising Mi-o-na, because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na they eat what they want and when they want with no fear of suffering. This medicine comes in the form of a small tablet and is very pleasant to take. It speedily and permanently relieves almost all forms of dyspepsia and is the only one sold under a positive guarantee without any restriction, refunding the money if it does not relieve. This is a good time to get well and you ought to take advantage of Wetzick's Original Cut Rate Medicine Store offer.—Adv.

STATES WIFE SPENT MONEY FOR LIQUOR

Father Tells Court He is Willing to Provide For Children. "I'll give what money I can to support our children but I will not give my wife a cent because she spends it for booze," declared Ladislav Wroblewski before Judge Warner in city court Thursday morning in answer to a charge of child desertion preferred by Celie Wroblewski. According to the wife's story she has not been drinking of late and after a rehearsal of the evidence the court held up judgment until Friday morning.

Mrs. Wroblewski has been before city court at various times and has served one term in the state women's prison. There are four children, two of whom are being kept by the husband's parent, another by his brother, while the fourth, a baby but a few months old, is being cared for by the mother. It is probable that the youngest baby may be placed in the Orphans' home by the juvenile department as the case was been called to its attention previously.

According to the police both parents are addicted to liquor and are under the care for the children. Judge Warner was investigating the case Thursday, while Wroblewski was held under \$200 bond. Wroblewski now lives at 508 1/2 E. Lasalle av., but according to the police have been ordered to leave the place by the landlord because of failure to pay rent.

An open gas jet caused the men to be overcome and only the fortunate discovery by a son of Mr. Gross at 6 o'clock in the morning saved the lives of the two men. When found both were unconscious but after several hours' work the physicians put them on the road to recovery.

Discussions of interest to members of the International association of Rotary clubs will feature the first conference of the eighth district of the organization to be held at the convention hotel Tuesday, Feb. 22.—Nine committees appointed by O. M. Knoblock, president of the local club, have been working on the arrangements for the convention and practically everything is set for the big meeting.

Registration and the business of getting acquainted will be the only events on the morning program of the conference. Souvenir badges and tickets for luncheon and dinner will be given to all of the delegates when they register. Headquarters of the convention will be on the parlor floor of the hotel.

O. M. Knoblock will preside at the noon luncheon. A member of the Cincinnati club will talk on the national convention to be held at that city this year. Several new members will be initiated into the club at the luncheon.

A. C. Angster to Preside. Herbert C. Angster of the Chicago club, governor of the eighth district, will preside at the afternoon session. "Involuntary Past Rotarians," will be the subject for discussion. It will be taken up under the following sub-heads: What provisions should be made for a member in Rotary, who, through change in occupation and consequent change in classification, loses membership in Rotary; what provision should be made for a member in Rotary who changes his business location, moving to another city, where his classification is already represented; what provision should be made for a member in Rotary who moves to a new location where there is no Rotary club with which he can affiliate.

At the close of this discussion, Allen D. Albert, international president of the club, will give his views on these questions. Dinner will be served at 6:15 o'clock in the taproom of the hotel.

Kind of Men We Want. "What Kind of Men Do We Want in Rotary?" will be the subject for the opening discussion at the evening conference. The proper and improper use of the international and club button as a business asset will come up in the discussion of "Commercializing Rotary." Frank L. Muholland of Toledo, past international president, will end this discussion.

Chesley R. Perry of Chicago, international secretary, will close the discussion of "How Best to Maintain Interest in Noonday Lunches." What Part Should Rotary Clubs Play in Civic Affairs?" will be the closing subject. The closing song will be led by the South Bend double quartet. It is expected that about 200 members of Rotary clubs from all over Indiana and Illinois will be here to attend the conference.
