MERCURY HITS 87 THURSDAY

First Really Hot Day of Season is Experienced in South Bend.

South Bend came very close to doing the proverbial sweltering act Thursday.

It was the warmest day the city has had since the few really hot days of last summer. About 1 o'clock the hour commonly recognized as the hottest part of the day, the thermometers down town registered 87. Some of these were in the shade, too.

The thermometer on the J. M. S. building, with the sun shining directly upon it, showed a little over 87 degrees. On the shady side of the streets the mercury stopped between 86 and 87. The government thermometer at Henry Swaim's farm, southwest of the city, hit an even 87 degrees.

Although Wednesday afternoon's heat was enough to make the men cooler their vests, it was six degrees cooler than it was Thursday afternoon. During the hottest part of Wednesday, about 4 o'clock in the afternoon, the government thermometer registered only 81.

ENTERTAINS SCHOOL "GIRLS" OF TOWNSHIP

Mrs. Edward Vogt, 1955 Fortaine av., entertained the old school girls of Warren township at an all-day meeting Wednesday. At noon a delicious dinner was served by the hostess assisted by Mrs. Frank Kline and Mrs. Leish. The decorations for the occasion were water lilies and tulips. A short business session was held during the day when election of officers took place as follows: Mrs. D. Brownfield, president; Mrs. Edward Vogt, vice president and Mrs. Burr Augustine, secretary and treasurer. This was followed by talks by Mrs. A. Witter and Mrs. Vogt. Miss Alice Wykoff was the prize winner in a throwing contest. The members present will entertain their husbands with a picnic at Hudson lake on July 15, and the next annual meeting will be with Mrs. Madison Miller.

THIEVES GET DIAMONDS

Enter Home of Mrs. J. G. Leary Wednesday Night.

Thieves entered the home of Mrs. J. G. Leary, 306 W. Monroe st., Wednesday night presumably between the hours of 9 and 10 o'clock, stealing two diamond stick pins, according to a report turned into the police. Entrance was secured through a basement window. A bundle of underwear was stolen from the house of Arthur King, whose address is R. R. No. 3, during the daytime, according to a report. The machine was standing in front of the Auditorium. The home of George Davis, 502 W. Indiana av., was also entered. The police report did not say whether there was anything taken.

WOULD RESIST SEIZURE OF MAILS WITH FORCE

International News Service. WASHINGTON, May 25.—An authorization for the president to utilize ships of the navy for the transportation of mails between neutral countries and the United States, and "to resist with all the power of the navy" any attempt to interfere with this service, was incorporated in a resolution introduced in the house today by Rep. Tague of Boston.

The resolution set forth that Great Britain is interfering unjustly with mails from neutral countries to the United States and vice versa. The resolution was referred to the foreign affairs committee.

BRANDT IS IMPROVED

Patrolman's Condition Takes Turn For Better.

Patrolman Hans Brandt's condition was considerably improved Thursday, according to the authorities at Epworth hospital, where the policeman was taken after he had been shot by John DeSean early last Monday morning. His condition was more promising Thursday than it has been at any time since he was taken to the institution, where at times it was feared that the bullet wound near the stomach might prove fatal.

Early Wednesday evening the patrolman was very weak, but his improved condition Thursday indicates that he probably has passed the crisis.

SUE TO FORECLOSE MORTGAGE FOR \$7,000

Suit to foreclose on a mortgage held on a promissory note of \$7,000, alleged to be due the complainant, was filed Thursday afternoon against William B. and Ella S. Calvert in the circuit court. The plaintiffs are Martha Garrison, Emma Haudy, Charles W. Clapp, Joseph C. Arnold, Mary A. Monroe, Lizzie Smith, Henry B. Fred E. and Burt A. Arnold.

It is charged that William N. Bergan and the American Trust Co. claim an interest in the property, and they are named as defendants to show what interest they may have. Henry Hoffman is made a defendant as it is charged he is the tenant on the property, but that his lease is subsequent to the mortgage.

The note, it is alleged, was executed May 22, 1915. The plaintiffs ask judgment in the sum of \$9,000 and foreclosure on the real estate.

COURT REFUSES A SPECIAL VENIRE

(CONTINUED FROM PAGE ONE.)

These indictments have been acquired. Amil Schellenbeck, proprietor and steward of the Riverside club, was found not guilty of selling liquor without a license, the jury returning a sealed verdict which was reposed in open court this morning. The jurors deliberated long enough to take one vote, which was unanimous for acquittal.

Result of City Probe.

The evidence against the defendants has been secured through the activity of Charles Dibler and Bert Olmstead, members of Mayor Keller's detective department, who, acting under instructions, they said, "from their superior officer," conducted an investigation.

Following the failure of the state to secure a conviction after the attempts had been made, Pros. C. R. Montgomery told the court that it was apparently impossible to secure a verdict of guilty with the present panel. He asked Judge Ford to grant the continuance until next term, that the evidence might be given to another jury, which Mr. Montgomery said would attach more weight to the evidence and less to the manner in which it was secured. The court replied that he would not continue the cases but each must be tried this term as he said at the opening of the court session.

The prosecutor then moved that the present panel be dismissed and that an entirely new venire, whose names should be drawn by the jury commissioners be summoned. Judge Ford overruled this motion, saying that the court was not empowered to do this, and besides it would cast a reflection upon the present jury. "In my opinion, each verdict returned so far has been a correct one," he concluded, "in view of the evidence that has been put on." "The state cannot take a change of venue," said Mr. Montgomery. "Neither can it secure a conviction. We have been at trial three days and a portion of a fourth. In that time we have had seven acquittals, and it seems useless to continue the hearings before the present jurors. In each case, with perhaps the exception of two, the majority of the jurors on the regular venire have heard the evidence and returned the verdicts. In those two instances there were two members of the regular panel."

It was at this point that Judge Ford told the prosecutor that if the city administration produced such evidence it was not the fault of the court.

Mr. Montgomery said that he would try more cases in an effort to secure a conviction. In the hearing in the selling liquor on Sunday charges against Hayes, two separate indictments faced him. One was for an alleged violation on Jan. 30 and the other on Feb. 9, 1916. The state attempted to introduce evidence in both cases, while the indictment of 39 was the only one on which the defendant was being tried. This testimony was not allowed in by the court.

On the stand yesterday afternoon in connection with the indictments against Emil Schellenbeck, Officers Dibler and Olmstead, while being cross examined by the defense, admitted that they did not know whether they were sworn in nor where. One said he believed it was at John Hibberd's office, while the other said he didn't have the faintest idea. It was further revealed that Dibler thought the name of the clerk of the board of safety was "Harry something." It was further pointed out that neither he nor his partner ever had any previous experience in seeking out alleged law violators. They were forced to admit that they did not know from what department the expense money for which they were reimbursed for their expenditures into law violations, came from.

TAKEN TO HOSPITAL. Leonard McHenry, 123 E. Bowman st., who has been ill with typhoid fever, has been removed to Epworth hospital.

FAIRBANK'S MEN IN CHICAGO FOR PRELIMINARIES

(CONTINUED FROM PAGE ONE.)

Intend trying to get an expression from Justice Hughes as to his standing on leading issues before the conventions meet in Chicago. What they most desire is an expression regarding "preparedness." On all other matters—the tariff, labor legislation and finance—the justice already is on record in speeches made before he was elevated to the bench. But on the issues that have been brought to the front by the present European war no man professes to know where the justice stands. In this connection the progressive leaders are planning a record demonstration at their convention which meets simultaneously with the republicans in Chicago, in order to impress the republican party chiefs with the fact that the progressive movement is far from being dead. With this object in view progressive national and state committees have been instructed to encourage party members to attend the convention, and already it is known that many state delegations will split their votes to increase the number of delegations. Instead of the 1,256 delegates provided for by the call it was said by progressive leaders here today that fully 2,000 would be on hand, many of them women from suffrage states.

The young condor does not fly until his new wing.

A GRAVE SUBJECT.

(Columbus, Ohio, Citizen.) Too many people dig their graves with their teeth! Evidence has accumulated rapidly in recent years to show that the proper care of the teeth is a much more important factor in general hygiene than had been suspected heretofore.

Everybody of course knows that the decay of one's teeth if not promptly checked, leads to untold suffering and nervous strain, and places an undue work on the digestive organs as a result of improper chewing of one's food.

It is now clear that in addition to these obvious dangers we must reckon with the fact that decayed teeth and infected gums furnish the "easiest way" into our system for disease germs.

Numbers of unexplained cases of disease are now known to be caused by mouth and tooth infections.

Sometimes these infections are the real cause of our old arch enemy "rheumatism." Sometimes they cause serious heart, arterial and kidney disease.

Sometimes, and not infrequently, they cause death!
