FINAL ARRANGEMENTS FOR MEMORIAL DAY

Enthusiastic Meeting at Which Composition of Parade Is Announced.

That the observance of Memorial day in Mishawaka next Tuesday will be the biggest thing of its kind ever pulled off in this part of the state, was made plain at an enthusiastic meeting of the committees of all the fraternal orders of the city held in the K. of P. hall Friday night. The meeting had been called to receive final reports from these organizations. Henry Pelton presided. All reports were handed in, and were of an unusually gratifying nature. The finance committee has met with a most generous response to its appeal for funds with which to carry out the arrangements of the day to a successful issue, the business men of the city having contributed most generously.

Capt. Harry Faulkner will be chief marshal of the day. The formation of the parade will be on Fourth st., near the Lake Shore depot, where the members of the Army and Navy union, Spanish American war veterans, and members of the G. A. R. from South Bend will be met. The order in which the different branches of the parade will form is as follows: Chief marshal, Woolen Co. band, Notre Dame cadets, fraternal societies in the following order: Redmen, Macabees, W. O. W., Dodge Co. band, Moose, K. of P., M. W. A., drum corps, Army and Navy union, Spanish American War Veterans, Woolen Co. fire department, Dodge Co. fire department, other societies and citizens. The route of the parade will be announced later.

All members of societies will meet at their respective halls at 2 o'clock Tuesday morning where they will be met by the marshals and escorted to their place in the line of procession. As has been previously announced all societies are cordially invited to participate in the celebration, as it is the aim of those in authority to make the occasion a memorable one. Instead of carrying the lodge banners it was unanimously decided that only the stars and stripes be used in the parade.

FORMAL OPENING OF MIAMI CLUB TUESDAY

Attractive Program Arranged—Many Events On Program—Special Stunts.

The Miami Club will have its official opening on Tuesday, May 23. A fine program of outdoor sports has been arranged by the sports committee, of which D. J. Campbell is chairman and W. H. Tupper vice-chairman. The entertainment committee with Charles Clark at the head promises something unique and surprising in the way of entertaining stunts. Three of the greens of the golf course are now ready to play on and there will be a nine hole match at 10 a. m. under the direction of D. K. Ehnes. In the afternoon there will be a ball game between two teams captained by E. G. Richards and Henry Eggleston with the lineups as follows: Richards—Leon Tamers—Eramwell, Mix, Ahara, Fink, Gillis, Richards, Campbell, Ehnes, Charles Bingham and Jackson. Eggleston's Bear Cats—Jernekan, Tupper, Beemer, Ralph Smith, S. M. Stocker, Eggleston, Albin Kamm, Merrick, Charles Clark and Dr. Borley.

Pitchers to Fortify. It is said that the pitchers instead of the catchers in this game will wear masks and shin guards. Jerry Woodward, winner of the diamond prize for pitching horsehoes in the last club event, assisted by Fred Grimes, will direct the horse shoe pitching tournament, and as there is a great rivalry for the honors and prizes in this sport, the field promises to be a large and brilliant one, and there are reported to be several dark horses under cover. Bowling on the green, under the direction of George Williams, will be introduced to Miami club members, and it is well to announce that in this kind of bowling the speed boys are at a discount, but the fellow with the wide "hook" and the control is "up there." Approaching and putting contests for both ladies and gentlemen will be pulled off in the afternoon. The ladies' contest will be under the direction of Miss Vesta Tupper, and the gentlemen's under J. W. McKean. E. J. W. Fink will run the archery contest and what he knows about putting the long bow would be a surprise to Robin Hood himself. There will be races for boys and girls under 12 years of age for which suitable prizes have been donated, and there will be a scramble in the sandbox for pennies by the little kiddies. Besides there will be several special stunts and some unique surprises will be pulled off.

An old-fashioned country chicken dinner will be served by the steward at 6 p. m., after which the prizes in the sporting events will be awarded to the winners, and the balance of the evening will be given over to music and dancing. All of the members of the club, including those who have made application for membership during the past week, are requested to be on hand for the official opening, and out of town guests of members are welcome.

TONY DESPACI HELD TO CIRCUIT COURT

Italian Waives Arraignment in Order to Get Early Trial.

Tony Despaci, the Italian who stabbed Carl Blackmore last Monday noon pleaded not guilty and waived arraignment Saturday morning when brought up before Judge Feig in police court. Atty. George Sands of South Bend represented the Italian and said that his client would waive a preliminary hearing in order to dispose of the case quickly. By dispensing with the hearing Despaci can be bound over to the circuit court and his case come up for trial this term, while were a preliminary hearing held the man would be held over anyway and would have to be indicted by the grand jury which does not meet until September. Accordingly Judge Feig bound him over to the court direct.

EXPLOSION CAUSES FIRE. A can of gasoline exploded when Charles Johnstone of 225 W. Battell st. was in the act of lighting a gas stove about 9:30 o'clock Friday night. A quick alarm was sent in to the central station, and the brigade responded with alacrity. However, in the meantime, Mr. Johnstone had put the incipient blaze out with a hose before any damage was done, and the services of the firemen were not required.

ALUMNI ASSOCIATION HAS HAD LONG LIFE

For 38 Years Roll Has Grown. Plan For Big Reception.

Members of the graduating class of the high school, who will be entertained by the Alumni association at a reception at the high school next Thursday night and at that time will be received into membership, may not know that the ceremonies which will be held for them are really significant and they should not regard them merely as one of the diversions of the commencement holidays. Every year for 38 successive years these ceremonies have been held and each passing year witnesses an increasing growth in the membership, power and influence of this organization. Throughout these 38 years of life which the association has enjoyed it has been kept alive chiefly through the work, at most times tedious and unrewarded, of the officers chosen each commencement.

Two Graduates in 1878. Back in 1878 when the first graduates were given their diplomas there was no thought of an alumni association as until 1881, but four students had completed the work. In 1878 Belle Milburn and Allie Van den Bosch were the graduates while the next year, Jennie Byrkit was the only one to finish. Again in 1880 but one graduate quit the high school, Ella Skerritt being rewarded for four years of work. In 1881 a class of nine was given diplomas while the next year five students completed the work. It was at this time that the idea of forming an association was broached and we are told by the old record book that the Alumni of the high school building in October 1882, the book does not give the date of the meetings, for the purpose of organizing a society. Ella Skerritt was elected president, while the other officers were Ed Byrkit, vice president; Anna Boyd, secretary and Ella Boyd, treasurer. A constitution and by-laws were drawn and adopted.

Meet After Three Years. Not until 1884 was the next meeting held when on July 3, the following officers were elected: Ella Skerritt, president; Willis Ulme, secretary and Fred A. Ury, treasurer. From this time until April 2, '88, the book says there were not enough members present at a meeting to constitute a quorum. July 19, 1886, Mattie Booth was elected president of the organization and other officers were named as follows: Carrie Towle, vice president; Ella Skerritt, secretary; and Minnie Lang, treasurer.

From this time until 1895 there is a fairly good record of the society, the minutes showing that entertainments, musicales and other good times were proposed and carried. From 1895 until May 19, 1910 nothing has been entered in the minute book, but the membership grew steadily, each succeeding class adding its quota to the already large list of members. At the 1910 meeting was called to order by Supt. J. F. Nuner for purpose of reorganizing the society, and the following officers were elected: R. H. Jernekan, president; Fred Partridge, vice president; May Woodworth, secretary and Mrs. W. E. Buttrick, treasurer. In 1911 Ralph Feig, now city judge, was president and was assisted by Paul K. Immel, Carrie Grimes and F. A. Partridge.

Officers of 1912. Officers for 1912 were J. B. McDonough, E. G. Eberhart, H. Beth Bingham, and John Reese, Jr. In 1912 those who held the reins of the society were Miss Perry, Miss Bingham, Miss Vesta Tupper and George Service. For 1914 the presidency fell to the lot Miles Smith, while others honored were Nellie Ham, vice president; Fred Partridge, treasurer and Olive Botes, secretary. In 1915 Dr. Bostwick was chosen to guide the association and his assistants were Florence Butler, vice president; Vera Newman, secretary; and Fred Partridge, treasurer. At a recent meeting of the association E. J. W. Fink was named president; Helen Immel, vice president; Bertille Hindelang, secretary; and F. A. Partridge, treasurer.

When the association was first started the book shows that there was an enrollment of but 16 members while a revised list of the members including last year's class shows that more than 375 graduates of the high school are now enrolled. Plans for the reception next Thursday night are being completed and although the minutes show that some grand affairs were given in the past there is little doubt in the minds of the committees working on this year's program that it will be one of the best ever presented.

TWO BUILDING PERMITS. Building permits have been issued as follows: E. W. Meek for 13 units for residence on E. Battell st., \$1,000, and Vincent Brunner for himself for residence on E. Joseph st., value, \$1,500. Dr. Ivan E. Smith, dentist, rooms 1, 2, 3, Englewood bldg. Bell phone 294. Home 294.

SENIORS SCORE BIG SUCCESS WITH PLAY

"Twelfth Night" Capably Presented As Dramatic Offering of Graduating Class.

Seniors of the high school rendered a most pleasing version of Shakespeare's "Twelfth Night" as their senior play offering at the high school auditorium Friday night. The interpretation of the parts was exceptional for amateurs. Real natural scenery formed the background of the stage, as the play was presented in true Elizabethan style. The stage was bedecked with leaves and flowers, a solid background and wings being furnished by leafy boughs. Blossoms decorated the front of the footlights and adorned a fence which extended across the stage.

Dorothy Mix Stars. Delighting everyone with her clever work in the dual role of both man and maid, Miss Dorothy Mix easily carried off the major share of the honors. As the lost twin whose brother is believed dead and who disguises herself in male attire to accept a position in the retinue of the Duke Orsino, Miss Mix's acting was exceptionally good. Miss Josephine Ahara essayed the other leading feminine role as the haughty Princess Olivia and charmed her audience with her rendition of this proud character. D. J. Graham, playing opposite Miss Mix as the love sick duke, deserves praise for his successful efforts which were far from the usual run of amateurish endeavors. Leon Stine essayed the role of the twin brother Sebastian in capable fashion.

Clever Comedy Parts. Charles Van Winkle led the fun-makers as Sir Toby Belch, and his support was furnished by Rex Van Tibury as Sir Andrew Aguecheek and Dempster Beatty as Malvolio. Oscar Peterson as the clown and George Eberhart were good in their roles. Miss Emmie Schmidt was a lively little vixen in the role of Maria, maid to the princess. Her one delight was to get someone into trouble. Others deserving of mention are James Switzer, Harry Stebbins, Milo Boles, Edwin Sawyer and Margaret Barber.

Ignatius T. T. Lincoln Hurried On Board Steamer to Sail for England.

NEW YORK, May 27.—Ignatius Timothy Trelich Lincoln, confessed German spy, will sail for England at noon Saturday on the Anchor line steamship Cameronia. He was taken to the pier by Scotland yard detectives late Friday after a wild ride in an automobile through Brooklyn streets, across the Manhattan bridge and through the Drovers. The car in which he was a passenger was chased vainly by taxicabs carrying reporters. Upon information furnished by the British embassy, Lincoln was arrested in this city in August, 1915, and admitted being a German spy. A month later he was examined as to his sanity and then returned to jail. His attempt to obtain his release on a writ of habeas corpus failed. He escaped from custody on January 15 last and remained at liberty until February 19 when he was recaptured in this city.

THE MOST ORIGINAL CLUB IN AMERICA.

A writer in the June American Magazine says: "There exists in one of our great western cities a unique secret club—called by its members the Get-Out and Get-On club. It was organized 17 years ago by 19 ambitious men who looked upon themselves as not yet having won success. Membership for 12 years has been limited to 50. The rules are what makes this club different. No members may call himself a success until the club votes him one, and when the club votes any member a success, he is expelled and his place is filled by another. But before a success is expelled a dinner is given in his honor and to welcome the new member. At this dinner the success must read a paper explaining to his fellows how and why he won. These papers are preserved."

Firemen Do Brave Work Around Verdun

Only the city firemen and one restaurant keeper are allowed to remain in Verdun, where the hail of German shells has made the city into a flaming inferno day and night. The restaurant man remains to feed the dispatch riders. As the buildings are fired by the German bombs, the firemen, working in all parts of the city, endeavor to save the historical buildings. Many tales of heroism of these civilian workers now spread all over Europe.
