In the heart-rending pathos of the simple, trusting Italian, whose hopes are so cruelly betrayed; in his kindness to and love for animals and their evident love for him; in the majestic awfulness of the battles in the Alps, this living and intensely human masterpiece holds one spellbound.

# ATTY. MARSHALL IS IN CONTEMPT

## Sergeant-at-Arms Ordered to Bring U. S. District Attorney Before Bar.

WASHINGTON, June 21.—Contempt charges against H. Snowden Marshall, United States district attorney at New York, because of his criticism of a house subcommittee were sustained by the house Tuesday by a vote of 298 to 85, and the sergeant-at-arms was ordered to take Marshall into custody and bring him before the bar of the house.

It is expected that a public reprimand will be the sentence imposed on Mr. Marshall when he is brought before the bar of the house. The action is the outgrowth of impeachment proceedings against him by Rep. Buchanan, and the subcommittee which investigated them and whose motives he impugned already has recommended against impeachment.

Clark to Issue Warrant.

Speaker Clark probably will issue a warrant Wednesday, but some of Mr. Marshall's friends said Tuesday night he might anticipate its service and appear voluntarily. Although house leaders have indicated they would be satisfied with a reprimand, a more severe punishment, including imprisonment, might be imposed.

should the house so decide. A vote on that question will be taken later. An all day debate preceded the vote Tuesday.

The impeachment proceedings were started by Rep. Buchanan, after the district attorney's investigation of the alleged unneutral activities of Labor's National Peace council, which resulted in the indictment of Rep. Buchanan and others. Charges against Mr. Marshall related to the general conduct of his office and particularly his conduct of the Rae Tanzer perjury case.

Flays Committee.

Contempt charges were preferred after the district attorney had written a letter to the investigating subcommittee, branding its work as "irregular and extraordinary," and declaring it was attempting to protect a member of congress by turning a district attorney.

Although the subcommittee has recommended that the impeachment charges be dropped, Buchanan has asked for a hearing before the full judiciary committee and both he and Mr. Marshall will be permitted to make statements Friday.

PERU MAN IN CHARGE

INDIANAPOLIS, Ind., June 21.—Announcement was made Tuesday at the democratic state headquarters of the appointment of Frank Butler of Peru to have charge of the speakers' bureau during the coming campaign. The speakers' bureau is to open in July.

# THEATERS

AT THE LASALLE.  
One of the most delightful five-reel offerings on the Paramount program will be shown at the LaSalle today in "Pasquale" with George Beban in the leading role. Mr. Beban, with the help of Lawrence McCloskey, developed the story from a slight incident, one of those he has been telling in the Italian dialect but it has been filled with unexpected and thoroughly delightful touches of understanding and sympathy. The main thread of the plot is slight, yet compact with emotion of the sincerest and broadest kind. To bolster this is a secondary plot, very melodramatic and fashioned to fit the taste of the present day. The supporting cast is of unusual excellence, including Helen Eddy, Page Peters, Jack Nelson and Myrtle Stedman. The photoplay is novel and artistic and the method of presenting the leaders is most commendable. There are some scenes showing the great war in Europe, and they not only fit the story perfectly, but are as realistic as scenes cut from some recent topical. On today's program will also be seen the Kleine travel

comedies and Krazy Kat cartoon comedies.  
"His Brother's Wife," the most absorbingly original and vividly sensational photoplay yet conceived, in which two of the most popular stars now playing for the screen, Ethel Clayton and Carlyle Blackwell, will be seen at the LaSalle on Thursday.

AT THE AUDITORIUM.  
Italy and America meet in "A Woman's Honor," the William Fox production being shown at the Auditorium today, with Jose Collins in the leading role. Helena, a girl of the Italian mountains goes through a civil marriage ceremony with her sweetheart, Roberto, on the eve of his departure for the coal mines in America. Shortly after, Helena's mother dies and she decides to go to America to join Roberto. She goes to Naples to meet the steamer and while there falls into the clutches of a villainous fellow, who accomplishes her ruin and, after getting her to New York, turns her into the streets. It is a tragic story and one filled with great heart interest. All of the exterior scenes are supposed to be laid in Italy and were actually taken in Cuba, which has the peculiar foliage that is found in certain parts of Italy. Further to protect the realism that is so often scoffed at, the mining scenes were taken at Shamokin, in Pennsylvania, possibly the most characteristic of all mining towns. The other pictures for today are "Animated Nooz," a cartoon comedy, and the Selig-Tribune weekly, showing many scenes of keen interest. Tomorrow the fourth chapter of "Gloria's Romance," in which charming Billie Burke is featured, will be given with a five-reel sensational drama entitled "The Scarlet Woman," with the great actress, Mme. Petrova, in the leading role.

LAS VACAS UNEASY  
Attack by Mexicans Said to Have Been Imminent.

DEL RIO, Texas, June 21.—Although nothing reliable had been learned here Tuesday concerning the reported movement of Mexican troops toward this city, the uneasiness apparent at Las Vacas, the Mexican town opposite here, has caused officers to believe that the attack was actually imminent. Precautions have been taken accordingly. Maj. Jarris with three companies of the third infantry arrived here Tuesday from Eagle Pass.
