

"IT'S GREAT," IS SOUTH BEND MAN'S VERDICT

John Fenner Says Tanlac Accomplished What Almost Every Thing Else Failed to Do.

DESCRIBES THE NEW PREPARATION'S WORK

Well Known Local Plasterer Eats Heartily Since Giving the New Medicine a Trial.

"There is no doubt in my mind but what Tanlac, in my case, accomplished what almost everything else failed to do," John D. Fenner, a plasterer, who lives at 2905 Elm...

"I suffered from stomach trouble, constipation and indigestion bothering me, Mr. Fenner continued. 'I also was nervous and very restless. My appetite was poor and what I did eat seemed to disagree with me. I was often bothered with sick, nervous headaches. At night I was unable to sleep soundly. I was so badly constipated that it was necessary for me to take a laxative each night.'

"Tanlac was so highly advertised that I decided to try it. I've taken two bottles of Tanlac and it certainly is great. I eat heartily now and I'm not bothered a bit with indigestion. The sick, nervous headaches that formerly bothered me have disappeared. I sleep soundly now. It hasn't been necessary for me to take a laxative since I began using Tanlac."

"The fact that Tanlac contains no minerals, but is made up entirely of vegetable ingredients, makes Tanlac most beneficial for stomach troubles, as in the case of Mr. Fenner," said the Tanlac Man. "It aids digestion; throws off poisonous gases and decays substances, and properly assimilates food, the assimilative products thereby being converted into blood, bone and muscle. Tanlac also is excellent for liver and kidney trouble, catarrhal conditions, rheumatism, nervousness and the like."

"Tanlac is now being introduced in South Bend at the Public drug store, where a special Tanlac representative is explaining the new medicine to the public.—ADVL

Mrs. P. L. Tewksbury, 1145 N. Huey ave., South Bend, says: 'I had been in poor health for some time. My back was weak and most of the time there was a dull, dragging ache through it. I felt tired and languid and often had nervous headaches. I suffered much from pains through my head. I used only three boxes of Doan's Kidney Pills and they drove away the trouble and I have been free from it ever since.'

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels, you will be glad to know that these distressing symptoms can be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Paramint (Double Strength). This will not cost you more than 25c. Take this with you and add to it 1-4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one teaspoonful four times a day. A decided improvement is sometimes noted after the first day's treatment. Breathing becomes easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which are often overcome by this efficacious treatment. NEED FIELD FOR SCHOOL CONTESTS

Ordinance Forbids Charging Admission to Playfield—May Provide Way.

The city's need of a central school athletic field was discussed at a meeting of the board of education Monday night when the question of allowing the schools to use the playgrounds for games, at which admission is charged, was brought up.

The board entered a resolution providing that, while the use of the playgrounds must be free to the public at all other times, they might be used upon occasion by the public and parochial schools for paid contests after the consent of the chairman of the recreation committee has been secured.

The matter was brought up by the fact that the high school was unable to charge admission to football games on the Oliver field last Saturday, on account of the fact that an ordinance provides that the public may not be charged for entering the playgrounds.

The only place now open for high school games except the ball grounds at Springbrook park and the athletic field at Notre Dame are the playgrounds and it was noted at the meeting that there is no well located and suitable place at the present time for the holding of school meets.

The provision granting the use of the playgrounds under the stipulated conditions will temporarily relieve the situation until a well equipped athletic plant can be provided for the schools. It was the sense of the meeting that such a plant should be established by the city in the near future.

The board granted the Polish Branch of the International Bible students association the free use of the high school auditorium for one week during the fall for the presentation of an educational motion picture.

PROGRAM OPENED AT INDIANAPOLIS

Depicting Events From Time of LaSalle Feature First Day at Capital.

INDIANAPOLIS, Oct. 3.—Thousands of visitors witnessed the first day's program celebrating the one hundred anniversary of Indiana's entrance into the Union. A picturesque pageant depicting scenes from the time LaSalle crossed through the wilderness to the present day, was presented in the afternoon. Tuesday will be home day, when former Hoosiers will be extended an special welcome.

Actors from all parts of the state began to arrive in Indianapolis Saturday night and Sunday and the crowd was swelled Monday by late comers from nearby towns. Additional visitors were arriving in the city Monday night, and many more are expected Tuesday for the home coming observance, that will be the feature of the second day's program and one of the important events of the week.

The home coming festivities will center around the Soldiers and Sailors monument and in the four streets leading from Monument park that make up the centennial court of honor. Prominent men from many states who lived in Indiana formerly, are expected to join with scores of less illustrious "exiles" and mingle with the "reception committee of the whole," which consists of the inhabitants of the state of Indiana.

The "exiles" and the "home folks" will gather at Monument place early in the afternoon for an informal get-together session. The assemblage will be addressed from the terrace of the monument at 2:30 o'clock by Gov. Raiston and Mayor Bell.

PRESIDENT WILL VISIT THE WEST

Maps Out Campaign Plans For October—Will Speak at Cincinnati.

LONG BRANCH, N. J., Oct. 3.—Pres't Wilson's campaign plan up to election day partly was completed Monday night at a conference that he held with Vance McCormick, chairman of the democratic committee. The workings also discussed politics with Henry Ford, automobile manufacturer and peace advocate, and Secretary of the Treasury Meadood.

Arrangements were completed for a trip of the president to Cincinnati, making four visits that he will pay to the middle west. He will speak in Cincinnati on Oct. 26, under the auspices of the city club.

The president's speaking program outlined tonight includes the following engagements: Omaha, Neb., Oct. 5.; Shadow Lawn, Oct. 7.; Indianapolis, Oct. 12.; Pennsylvania day at Shadow Lawn, Oct. 14.; St. Louis and Ohio day at Shadow Lawn, Oct. 17.; Chicago, Oct. 19.; Farmers' day at Shadow Lawn, Oct. 21.; Cincinnati, Oct. 26.

In addition to these speaking engagements, the president will deliver an address at Shadow Lawn Oct. 28, and will pass two visits to New York state on dates not yet selected. Mr. McCormick said tonight that this program will carry the president up to election day and that few, if any additions will be made.

Ford Promises Aid. Henry Ford remained with the president four hours and assured Mr. Wilson that he was willing to do everything possible to bring about his election. He said he had made no plans for contributing to the democratic campaign because he did not believe in such a course. "I think the office should seek the man, not the man the office," declared Mr. Ford. Sec'y Meadood, who had planned to make several political speeches, probably will not carry out his plans because of public business necessitating his presence in Washington.

The president has almost completed the selection of the shipping board and the board created by congress to oversee the workings of the eight-hour law for railroad employes. Two of the members of the shipping board probably will be Bernard Baker of Baltimore and William Denman of San Francisco.

To Omaha Tonight. Mr. Wilson leaves here Tuesday night for Omaha, going by way of Philadelphia and Chicago, and reaching Omaha Thursday morning. Mr. Wilson and Sec'y Tumulty will accompany him. He will return here Saturday morning.

CANADIAN CORPORAL LICKS 22 GERMANS ALONE

Unnamed Man Charges Enemy and Kills or Wounds All but One, Whom He Captures.

OTTAWA, Oct. 3.—A tale of an unnamed corporal in eastern Ontario battalion of the Canadian forces in France who single handed, charged a party of 22 Germans advancing to an attack and killed or wounded all except one, whom he took prisoner is related by the official Canadian "eye witness" in a dispatch received Monday. "As a result of further severe fighting the Canadians captured several important positions and have advanced their own line upon a front of nearly two miles to a maximum depth of 900 yards," said the dispatch.

"The corporal advanced alone against the whole party," says the statement, "emptied his revolver, picked up first one and then another German rifle, each of which he emptied, accounting for the two officers and 14 of the men. While he was shooting one of the officers attacked him with a bayonet and pierced him in the leg below the knee, but the corporal shot him dead. The rest of the enemy attempted to escape. The corporal shot four of them and made the fifth a prisoner. Although wounded in two places, he remained in the trenches until his battalion was relieved."

FLOAT LOAN FOR CHINESE RAILWAY

American Interests Succeed in Raising \$60,000,000 for Big Project.

WASHINGTON, Oct. 3.—Details of the proposed new American \$60,000,000 loan for railroad construction in China, twice the size of any previous similar loan and arranged with a view to increasing the republic's total railroad mileage by fifty per cent, were disclosed in detail here Monday by David S. Rose, counsel for the American interests after the publication of dispatches from Peking indicating conclusion of the agreement.

Under the agreement, Mr. Rose said the Siemens-Carey Company, of St. Paul, Minn., contracts to construct as soon as possible with money furnished by the American International corporation, 1,500 miles of railroad through the richest sections of China, and obtains an optional contract to build another 1,500 miles later. China at present has but six thousand miles in the whole empire.

May Double Amount. Estimating a completed mile at \$40,000, completely equipped, the Siemens-Carey contract calls for an expenditure of \$60,000,000, with the possibility of doubling that amount if the option is taken. The largest previous railroad loan in China's history was the Hukwang loan of 1911 by German, British, French and American bankers, totalling about \$30,000,000.

Surprise over the announcement of such a tremendous project was expressed here for the recent failure of a \$50,000,000 loan to the Chinese government because American financiers could get better terms abroad. Moreover, ever since Pres't Wilson's announcement at the beginning of his administration that the terms of the so-called six-power loan jeopardized the integrity of China, Chinese have sought in vain to float a loan in the United States.

ADMIT SYMPATHETIC STRIKE A FAILURE

Leaders Recommend Every Union Man in City Be Assessed Dollar for Benefit Fund.

NEW YORK, Oct. 3.—Tact admission of the failure of the "general" sympathetic strike in New York in behalf of the striking street car men was made in a report late Monday to a conference of labor leaders, which discussed the general situation. The leaders recommended that every union member in the city be assessed one dollar for the benefit of the subway, elevated and surface car employes who are on strike in Manhattan, the Bronx and parts of Westchester county.

No decision as to further efforts to call out all unionists in sympathy with the strikers was taken and there was no formal admission that the strike plan had collapsed.

Police headquarters announced that a canvass made by policemen showed that only 408 men had responded to the call for a general strike.

More than 100,000 members of the United Hebrew Trades returned to work after their three day holiday, as did 3,100 brewery workers.
