

BARNHART OPENS COUNTY BATTLE

Addresses Packed House at Walkerton, Extolling Wilson's Administration.

News-Times Special Service. WALKERTON, Ind., Oct. 25.—Five hundred persons packed the opera house here Friday night, and standing room was at a premium, to hear Congressman Henry A. Barnhart talk upon the issues of the campaign. The meeting was the biggest of the year which has been held in his locality.

The congressman discussed the national and international issues entirely and was unstinting in his commendation of the laws enacted by the democrats during their term of office. He paid special attention to the currency law and the rural credits bill, which he said were of more benefit to the people of the country than any measure placed upon the statutes for many years.

In discussing the international problems which President Wilson has had to consider he commended the executive for his handling of the affairs and said that he deserved the support of everyone for his efforts in keeping the United States out of war with either the European countries or Mexico.

A large delegation attended the meeting from North Liberty, while several of the county candidates and their supporters from South Bend were present. Joseph Fitzgaid, township chairman, presided at the meeting.

Congressman Henry A. Barnhart arrived in the city last night and remained over night at the Robertson hotel. Tonight he will address a meeting at Mishawaka. His speech last night at Walkerton was the first of a series to be made in the county. Thursday night, he will be the principal speaker at a rally to be held at Lakeville.

The local committee is completing plans for the Samuel Gompers meeting tomorrow night at the high school. The biggest rally of the year is to be held Friday night, at the high school, when Congressman John A. M. Adair, candidate for governor, will be the top liner.

HELD FOR MURDER OF FAMILY SIX YEARS AGO

Watchman to Stand Trial for Killing Five People—Denies Knowledge of It.

ST. LOUIS, Oct. 25.—Thomas Metzler, a watchman, was taken to Chester, Ill. Tuesday, to answer to the charge of murdering George Douglas, his wife and three children, on May five, 1910, Sheriff Weaver of Randolph county, who made the arrest, said Metzler had been indicted for committing the crime. Douglas' house near Colterville, Ill., burned on May 5, 1910, when the entire family was wiped out.

The day before the fire, Douglas had withdrawn a hundred dollars from the bank and the theory was that robbery was the motive for the murder and the house was burned to conceal the crime.

The sheriff said Metzler, who then lived in Colterville, moved to Sparta, Ill., and spent two weeks in Colter, Ill., negotiating with a man named Carter about going into business. The indictment was returned on testimony before the grand jury by Carter's wife.

Metzler was arrested at his home here, Monday night. When confronted by the sheriff of Randolph county Tuesday, he denied having any knowledge of the crime.

ROOSEVELT URGES COMPULSORY SERVICE

Declares in Speech at Denver That Training Would Ever Be Credit to American Youth.

DENVER, Oct. 25.—Please for universal military training and criticism of President Wilson for "debauchery of the civil service," characterized the address here Tuesday night by Col. Theodore Roosevelt, the principal one of a trio of speeches made in the course of his one day stay in Denver. Col. Roosevelt urged that compulsory training would redound to the benefit of the nation by increasing democracy, developing American youth physically and mentally and aiding the country's social and industrial development. His criticism of President Wilson included a declaration that the executive "had changed offices for political support."

Col. Roosevelt advocated repeal of the Hay military bill and the restoration of the militia to its former status. He cited Switzerland's development as an instance of what compulsory military training would do in developing a country, "physically, mentally and morally."
