MAN IS MISSING; MAY DRAG RIVER

Charles Blodgett Drew Pay Saturday and Has Not Been Seen Since.

Declaring that he was going down to the Grand Trunk bridge and jump into the river, Charles Blodgett, 318 N. Olive st., a teamster for the Kanouse and Phillips Coal Co., drew his pay Saturday night and disappeared.

Wednesday, Blodgett gave his 14-year-old daughter some money and told her to go to her relatives at Warsaw but he left his two younger sons with Charles Hartz, with whom the family has been living since the departure of his mother.

During the last weeks it was not noticed that Blodgett brooded particularly, though he did greatly regret his wife's desertion. Hartz, who reported the matter to the police was of the opinion that Mrs. Blodgett had started suit for divorce, though no record of such proceedings is on record in the local courts.

The police department has instituted a search for all three, since the missing man is the only one who knew Mrs. Blodgett's residence. It is expected that if the father is not found soon the river will be dragged for fear that he really carried out his threat.

Blodgett is described as being about 38 years old, 6 feet 2 inches tall with brown hair and blue eyes. Mina is 14 years old and weighs nearly 130 pounds. She has brown hair and blue eyes and when last seen was dressed in a middie blouse and black skirt.

SIX SPEEDERS UP IN CITY COURT; 4 FINED

Claim That Engine is Not Capable of 38 Miles an Hour Proves Futile.

Six speeding cases were brought before the city court Monday morning, and with the two exceptions where the cases were set forward, all grew fines of \$1 and costs.

J. E. Wilson, who is in the automobile business, declared to the court that if he attempted to drive his Ford 32 miles per hour, as the officer claimed that he had, the engine would jump out of the frame. Other contradictory evidence was heard but the court saw fit to accept the testimony of motor cop Olmstead. An appeal bond to the circuit court was fixed at \$25.

Nick Morgan and William Haynes were fined \$1 and costs, the cases of Rene Warner and H. Kohn were set for hearing next Tuesday, while L. K. Stark was held on a \$15 bond to appear on Friday.

Upon the motion of the defense for judgment, the case against Harry Durst for operating without a license was dismissed. It developed that Durst was driving a jitney bus under a dealer's license and that after an argument with the patrolman relative to his right to maintain a certain place at the corner of Michigan and Washington sts., he was arrested.

In tears both William Vedder, 520 S. Francis st., and his son promised Judge Hammerichmidt to give no cause for complaint in the future.

Vedder was charged with failure to send his child to school. He, however, maintained that he daily sent the lad to school but that he played hooky. The boy said that he would go to the industrial school every day and the father promised to exert all of his influence to see that he did. Judge Hammerichmidt's lecture on the duties of father and son brought tears to the eyes of both.

GETS ANOTHER LESSON

Youth is Sentenced to 180 Days at State Penal Farm.

Though Walter Parker declared to the city court Monday morning that in his stay at the county jail he had learned a very valuable lesson, the court was of the opinion that the sentence of 180 days at the state penal farm would serve to impress the lesson still deeper on the youth's mind. Parker, whose parents live at Niles, was arrested some time ago for stealing two suits of clothes and other articles of wearing apparel from his landlord. He has committed petit larceny twice before to the certain knowledge of the court.

DEMOCRATS WILL WIN IN COUNTY

Candidates Confident That Count of Vote Will Place Them on Top.

Tomorrow 25,700 voters in St. Joseph county will go to the polls to vote in the national, state and county election.

Outside of the voting there will be little activity in South Bend Tuesday. Factories will be closed to allow their employees to go to the polls and banks and other institutions that are closed on legal holidays will not be doing business. The polls will open at 6 o'clock in the morning and will remain open until 6 o'clock in the evening.

Things Livened Up. During the past week things have livened up and on the eve of one of the most important elections in the history of the United States, interest is at its height.

Both the democrats and republicans are confident of carrying the state and nation, but the democrats claim that the o. p. confidence is a sham in the hope of drawing the few remaining doubtful voters into their ranks. Among democrats the republicans say they can see nothing but victory, but among themselves and while in confidential moods many of them will admit that the outlook is far from bright.

St. Joseph county practically has been conceded to the democrats by the republicans. The g. o. p. candidates Monday put in a few final ticks in an effort to grab votes, but most of them gathered in little groups around the republican headquarters or on the street corners, discussing the outcome among themselves. It is practically impossible to secure a bet on the county ticket as a whole or on the individual candidates. Democrats are offering odds on their candidates and are taking odds that the republicans will not elect a candidate in the county.

WILSON TO WIN SURE

One of the leading democrats of South Bend and the county predicted that the county would go for Wilson and other democrats by a plurality of between 2,400 and 2,700. It is expected that the president will lead the ticket with one of the county candidates in second place.

For the first time in history the sixth ward is claimed by the democrats as a sure thing. This ward always has gone to the republicans in national elections and four years ago went for Taft by a large plurality. This year the democrats claim the ward unquestionably and expect to gain between 300 and 1,200 votes for the ticket in this ward alone.

END CAMPAIGN TONIGHT

The democrats will close the campaign tonight. Dr. James L. Gardner, national secretary of the big progressives in 1912, following Roosevelt from the ranks of the standpaters that year. In 1914 he was the progressive candidate for United States senator from Illinois, but now he is back with the old line, having followed Roosevelt, who is slated by the republicans as secretary of state, if Hughes is elected.

ROBINS WILL TALK

Tonight's meeting of the republicans is an effort to get back the progressive vote, but from all appearances the g. o. p. leaders in the county have failed. Francis E. Lambert, former progressive district chairman, was slated to introduce Robins to the audience and old party he had come back to the old party. Lambert, however, resented the republican methods of getting him back and he turned down the invitation. The former district chairman, along with many others who supported Roosevelt four years ago, has come out for Wilson.

DOESN'T KNOW WHO STABBED HIM

Joe Bakter, 549 Swygart st., who was stabbed twice in the side in a saloon fight Saturday night, does not know who his assailant was or where the trouble took place. Dr. Oscar Von Barandy was roused by the man at his home, about 1 o'clock Sunday morning and after dressing his wounds ordered him taken to Epworth hospital in the patrol ambulance in charge of Patrolmen O'Connell, Pinter and Miller.

One of the knife thrusts went through Bakter's right shoulder and penetrated the right lung, while the other wound was inflicted just above the man's kidneys. Unless complications should set in the man's condition is not serious, according to Dr. Von Barandy.

TANK EXPLODES AT STUDEBAKER PLANT

Small Building is Destroyed But None of the Employes Are Injured.

Acetylene, stored in an out-house for use in the welding department of the Studebaker factory, exploded about 9 o'clock Monday morning, completely destroying the small building and throwing the whole force of the department out of work.

Luckily, though there were a number of men near at hand at the time of the explosion, no one was injured. From a cause that could not be accurately determined, the gas generated and the whole supply for the torches exploded. The containing tank was blown high in the air and in its descent fell on the cross arm of a telephone pole and temporarily put a number of the factory phones out of commission.

Approximately 200 men who work in the department were thrown out of work by the explosion, and will remain unemployed until a new supply of acetylene can be obtained.

DR. J. WADMAN TALKS

Dr. John Wadman of Honolulu, Hawaii, the representative of the Anti-Saloon league in the Hawaiian Islands, addressed the Ministerial association of South Bend and Mishawaka at the regular weekly meeting Monday morning at the Y. M. C. A. Dr. Wadman discussed fully the work of the Anti-Saloon league in the islands.

Following the address, plans were discussed for the simultaneous religious campaign to be staged during the February. Dr. James L. Gardner, president of the association, has been authorized to appoint a committee to have charge of the campaign. Members of the committee will be chosen from all the churches in the city with Rev. Gardner as chairman. The committee will be chosen the first of next week.

able thing under the sun in their fatuous attempt to put over "Anything to beat Wilson." What else could be expected? Hughes himself had said that "the man who, being in the highest judicial tribunal, would consider another office, is a man for the one he holds not the one to which he aspires." "Besides," said Chouteau recently, "Hughes has never had any experience. No man knows his views."
