COAL BOUGHT BY MAYOR ARRIVES

Fuel Will be Distributed Only to Small Consumer Through Local Dealers.

The two carloads of coal ordered through the city by Mayor Keller is being distributed to the dealers as it was planned and citizens may expect a delivery of coal after Tuesday from the dealers who for some time past were forced to refuse delivery indefinitely. It has been especially provided in the agreement between the city and dealers that the coal is to be furnished only to the small consumer and householder and not to the factories and wholesale user of coal.

ENGLISHMAN JOINS UNITED STATES ARMY

George Smith of Elkhart Was Member of the Third Indiana Regiment.

George Smith of Elkhart, a native born Englishman, and who took out his first naturalization papers several months ago, was enlisted in the regular army Monday at the local recruiting offices on N. Michigan st. He had previously attempted to join the navy but was rejected because of being a full-blooded American citizen.

Smith recently received his discharge from the machine gun company of the Third Indiana National guard. He left Monday afternoon for the central states recruiting depot at Columbus, O., where he intends to enter the coast artillery service.

The enlistment Monday, brings the total number of recruits secured by the South Bend station this month up to 19, an average of more than one a day. Recruiting in January was much better than during the same period this month.

ELEVATION PLANS GIVEN TO BOARD

Lake Shore Will Require Six Tracks Across the Principal Streets.

Plans were submitted by the Lake Shore engineering department for the elevation of their tracks through the city at the regular meeting of the board of public works Tuesday morning. The company has been notified of the time limit set for the presentation of their final plans, and at its request presented the results of its preliminary work.

Six tracks will be requested over the principal streets, according to the chief engineer, and west of Lafayette st., many other tracks will be required. The board seemed satisfied that the work of the railroad company is progressing with sufficient rapidity.

The petition of the Studebaker corporation for the vacation of two alleys at the proposed new site for a factory building at Tut and Bronson sts., was discussed but no action was taken. The corporation has gained possession of all of the adjoining property. The petition for an increase in the street lights of River Park was also considered and it is likely that a public hearing will be set some time in the future.

At the meeting of the board this evening there will be a hearing on the widening of Lees st. from Lincoln way E. to the Lake Shore tracks. It is the intention of the city to pave this street in the near future, but shutting property owners desire that the roadway be widened before the improvement is made.

A meeting of representative merchants and bankers of South Bend will be held at 7:30 o'clock this evening in the clearing rooms of the St. Joseph Loan & Savings bank, corner Main st. and Washington av. Concrete plans are to be worked out to be submitted to a public meeting to be held some time in the future at the Chamber of Commerce.

WOMAN ARRESTED IN RAID IS FINED \$5

Hazel Brown, Who Failed to Appear With Others, is Found Guilty.

Hazel Brown was finally brought before city court Tuesday morning and the forfeiting of the \$500 bond was set aside by Judge Hammer. On the evidence heard by the court some months ago she was found guilty of frequenting a house of ill-fame and fined \$5 and costs.

When the other five cases of persons arrested in a raid on a South st. house were brought to trial, Miss Brown refused to come to court and the court after sentencing the remaining members of the party, declared that it could not give a judgment in the absence of the defendant. After the case had been continued many times Miss Brown left for Illinois and the bond was forfeited. When she returned to South Bend Monday she was arrested and held for court.

START DAMAGE TRIAL

Julius Coppens Seeks \$5,000 From Mishawaka Woolen Co.

The first jury trial of the February term got under way in circuit court Tuesday afternoon, the case being a suit for \$5,000 damages brought by Julius Coppens against the Mishawaka Woolen Co. The plaintiff was the first witness to take the stand and testified that he had been injured when an elevator on which he was riding while employed by the company in building a boiler room, fell. Coppens said he dropped 20 feet and suffered serious injuries. The accident occurred Sept. 1, 1914.

According to Coppens' story on the witness stand, he called the attention of the foreman to the poor construction of the elevator. He said that only a few nails held the floor boards of the lift in place.

TAKES RED CROSS COURSE

Miss Ruth Harding Enrolls in War Nursing Class.

Ruth Harding, 819 Leland av., is one of the 80 Northwestern university girls who are taking a Red Cross course in nursing to qualify to become nurses in base hospitals in the event that the United States is involved in war. If Miss Harding qualifies as an aid to a Red Cross nurse, she will receive credentials from the main office of the society at Washington and, with the other girls in the class, probably will be among the first to be called out in case of war. Lectures on first aid and other subjects along this line are being given daily.

COLD WEATHER LEAVES

Ten Degrees Above Zero Registered Here About Noon.

Predictions that the cold wave would end Tuesday, were borne out today when the thermometer took a sudden rise to 10 degrees above zero at 12:30 o'clock Tuesday afternoon. Late Monday evening, Government Weather Observer Charles Swaim noted a slight rise, the mercury at that time registering five degrees above the zero mark.

TWO VIOLATE PAROLE

Mrs. Freda Schopp Draws Fine and Sentence in City Court.

Found guilty of intoxication charges Mrs. Freda Schopp was fined \$100 and costs and sentenced to 30 days at the Indiana Women's prison by city court Thursday morning. She had been arrested after having been placed on probation last Saturday. She has been back from the prison about three weeks.

Mrs. Anna Miller, arrested at the same time was found guilty of violating her parole and fined \$10 and costs. She too was placed on parole to Officer Lane last Saturday on a suspended sentence of 30 days in the county jail.

NINETY NEW HOMES FOR THE SOUTH END

Big Realty Project is to be Backed by E. M. White of Detroit.

Housing problems in South Bend will be solved in part by the addition of the southern part of the city of 90 houses. This big realty project is backed by E. M. White of Detroit, who made known his intentions at the regular weekly luncheon of the real estate board held Tuesday noon at the Nicholson Inn.

Previous to this announcement, the 49 active and associate members present listened to talks on the housing question by William Hagg and J. E. Neff, J. A. Goodwin of Gary told of the remarkable development of the steel city, including the bad housing situation which real estate dealers are trying to solve. According to Mr. Goodwin, \$60,000,000 is being expended in the erection and construction of factories and factory improvements.

L. F. Gerber of the Lee Mercantile agency, a local concern engaged in the manufacture of overalls, told of a proposed addition to the plant which would bring to this city 500 or 700 girls, thus complicating the housing problem.

A meeting of representative merchants and bankers of South Bend will be held at 7:30 o'clock this evening in the clearing rooms of the St. Joseph Loan & Savings bank, corner Main st. and Washington av. Concrete plans are to be worked out to be submitted to a public meeting to be held some time in the future at the Chamber of Commerce.

RIVERS AND HARBORS BILL IS CONDEMNED

Minority Describes Measure As "Fattest of the Pork Barrel Measures."

International News Service: WASHINGTON, Feb. 12.—Bitter condemnation of the rivers and harbors bill carrying approximately \$38,500,000, described as "the fattest of the pork barrel measures," is contained in a report submitted to the senate today by the minority members of the senate commerce committee, the majority of which has recommended the bill.

"A bitter search is being made for additional means of taxation of the people, and where a bond issue is proposed to meet an enormous deficit in the treasury for the ensuing year, it certainly is no time to indulge in such waste and extravagance," declared the minority report.

ALBERT WHEELER BROKE

EXPECT TO SELL SEVEN TICKETS

Six Thousand Season Books Are Placed in the Local Factories.

Following the enthusiastic retailer's bureau meeting, held at the Oliver hotel Tuesday noon it is certain that by late in the afternoon all of the 10,000 baseball season tickets, so necessary to the bringing of two-cent Central league baseball to South Bend will have been placed.

In the morning, Mr. Smith and Victor Jones, representing the Chamber of Commerce, placed in the factories of the city 6,000 of the season passes. Practically every factory of size in the city is behind the movement and all have agreed to assist in the sale of the tickets that will mean so much to the city.

Approximately 2,000 of the tickets have been placed in the local cigar stores, saloons and barber shops by Smith on Saturday and it is understood that the sale is progressing rapidly. With 8,000 already out and more than 200 of the remaining 2,000 already pledged it is very likely that the remaining number of the original 10,000 will be snapped up eagerly by the retailers and wholesalers.

Feb. 22 was set by the meeting as the date of the annual dollar day. This has become a custom in the city which has enjoyed much success in the past and it is the universal sentiment of the storekeepers that it should be perpetuated. Hereafter the luncheons will be held at noon of the first and third Tuesdays of every month.

FOUNDRY HELP FOUND TO BE SCARCE HERE

Low Wages at the Start One Reason. Men Don't Want to Work.

Poor wages at the start and lack of initiative on the part of job seekers are given as reasons by Alex Langel, superintendent of the Indiana free employment bureau in the old town house, for the scarcity of molders and foundry help in South Bend and Mishawaka.

"Wagts paid the men when they are first employed," said Mr. Langel Tuesday morning, "may not be so high, but after they learn the trade a good living is assured. We have plenty of men loafing here in the office, but they don't want to work."

Calls for molders have been received during the past few days from the Oliver and South Bend Chilled Plow companies, the Dodge Mfg. Co., and Perkins Windmill Co. After the molders learn their trade, most of the concerns offer from \$3.50 to \$4 a day for piece work.

The sources from which calls for restaurant help come have shifted during the past week from South Bend to neighboring towns. Two or three girls may secure fair positions in Three Rivers, restaurant proprietors paying from \$5 to \$6 a week, together with room and board.

GUARDSMEN PASS TESTS

Four Plan to Join Navy if They Can Get Discharges.

National guardsmen applying at the navy recruiting offices Monday were disappointed with rejection after successfully passing the rigid examinations. The four applicants have not received their discharges from the state organization. The local recruiting officer is negotiating with the proper authorities for the necessary papers.

Leroy R. Cantrell and Walter E. Cantrell, brothers, living at 1321 W. Washington av., were enlisted as apprentice seamen. Both left Monday for the Great Lakes Training station, Great Lakes, Ill. In all, 12 applications were received Monday, the rejections being made because of defective teeth, bad feet and inability to produce birth certificates.

Claiming that he was a minor at the time he made a contract, giving his automobile as part payment for a new one, Donald Gulling, through his best friend, Melvin Sperry, filed a suit to collect \$400 against Arthur D. Ort in superior court Tuesday.

Gulling says that an oral contract was made on June 28, 1916, whereby he was to give his second-hand machine, which was valued at \$400, to Ort as payment on a new \$1,200 car. He claims that he delivered the automobile to Ort, but later decided that he wanted to break the contract. He charges that Ort has refused to give him the old auto.

WHY HOLLANDIS ON NEUTRAL LIST

Five German Army Corps on Frontier Reason for Nation Not Following Wilson.

COPENHAGEN (via London), Feb. 13.—Five German army corps concentrated on the Holland frontier furnish a fairly convincing explanation, in default of other reasons, for the failure of the Dutch government to adopt the policy toward Germany recommended by President Wilson on account of the German submarine campaign.

That German troops were assembling in fairly large numbers in the vicinity of the Holland border had been the subject of gossip in Berlin military circles for several weeks before Dr. von Bethmann-Hollweg's announcement of the new submarine campaign. Their presence there at a time when Germany was talking of peace instead of a policy that would weigh most heavily upon neutral interests was then usually explained as a precautionary measure or even merely characterized as a part of the plan for the distribution of strategic reserves for the spring campaign. Such reserves, before the enemy's plans and place of attack developed, usually are concentrated at a spot well behind the battle front, where there are good railway lines for moving them to a menacing point on the front as soon as the location of the opponents' effort definitely is established. Accordingly, some doubt was raised concerning the latter explanation.

Whatever the cause of the concentration, a large force of German troops was on the Holland border when Germany's inauguration of submarine war and President Wilson's appeal to neutral nations to join with America in protecting neutral interests against Germany brought to the foreground the question of Holland's possible action in reply to the German campaign. Their bayonets emphasized the economic and political reasons why Holland is unwilling to follow counsel which it was feared might have drawn the little kingdom into the great European war.

NO ASSURANCES WILL BE GIVEN BY BERLIN

(CONTINUED FROM PAGE ONE)

Under the rules of the senate it cannot prevent discussion of the measure, and it already is certain that the debate will take on a character which will stir up bitter animosity. The congressional situation is none too pleasing to the administration. The so-called "pork" bills, declared to be urgently needed, are sidetracked by the postoffice appropriation bill.

Sen. Overman today was doing his best to urge senators to get it out of the way so that the spy bills could be shoved through, as until they are laws the hands of the secret service and the special agents of the department of justice will be tied and arrests which should be made cannot be.
