

\$12,000,000 FOR HOMES IN YEAR

Will Launch Big Campaign to Aid South Bend's Housing Situation.

(CONTINUED FROM PAGE ONE.) called by the Chamber of Commerce for a discussion by the manufacturing heads of the city of the labor and housing problem confronting them.

The company is now capitalized at \$500,000. The plans are to increase this to \$1,500,000. Five hundred thousand dollars of this stock would be common, while the balance would be preferred, bearing seven percent accumulative interest.

Will Double Population. The plan is to sell the preferred stock to the wage earners of the city, pointing out to them that it is a good investment, and its purchase an aid to the community in carrying out the industrial plan.

The campaign for the sale of the preferred stock of the American Homes & Investment Co., and the intensive campaign for home building to be put on by the Chamber of Commerce, if the recommendations to increase the capital stock of the company from \$500,000 to \$1,500,000 are carried out may be merged into one campaign.

Manufacturing heads who met at the Chamber of Commerce Friday afternoon agreed that the housing problem is an individual problem inasmuch as it affects each manufacturer.

Practice of Manufacturers. During the first part of the meeting there was much discussion as to how the practice of one manufacturer taking away the workmen of another through inducement of better wages could be stopped.

F. J. Green, manager of the Chamber of Commerce, announced that the plans for the 30-day educational and the 15-day intensive campaigns are in course of formulation, and he asked permission of the meeting to appoint a representative committee to work with the manufacturers present to work those now in charge of the proposed campaigns.

PREDICT BETTER CAR SERVICE ON ALL LOCAL LINES

(CONTINUED FROM PAGE ONE.) trucks, for the inspection of the members of the federation.

Mr. Smith brought up the matter of a raise in fares which is being considered by the company, stating that the raising of fares from five cents to six or seven cents was now under advisement. The members of the Civic Federation agreed that the people of the city would be willing to pay the higher rates, providing they could get better service, and brought up for discussion the matter of selling street car tickets, whereby passengers could get them at a cheaper rate than by paying straight fare.

Mayor Promises Support. Mayor Carson spoke upon the question, and stated that the city was forced to abandon the paving of a certain street last summer because of the inability of the street car company to raise its share of the bond.

The federation went on record as passing several resolutions favoring an increase in salaries for city school teachers. The resolution will be placed before the school board for consideration.

The public is invited to hear the Rev. Isidore Davenport, of Battle Creek, Mich., lecture and give spirit messages, Sunday at 2:30 and 7 p. m., Redmen hall, 365 S. Michigan st. "Come early to secure seats."

High School Notes

ENTERTAINMENT ASSEMBLY. Bentley Ball entertained a large assembly of students in the high school auditorium Friday afternoon with a "Sings-a-Logue," which is a historical lecture-recital showing the movement of music in the stages of the rapid growth of America.

Superstitious Dance. In spite of superstition, the Drama club dance is scheduled for Friday, the thirteenth. Posters flamboyantly announce that the dance will be "A Sure Cure for Superstition" and that "It Will Be Unlucky Not to Attend."

TO GIVE OPERETTA. "The Fire Prince" is the title of the operetta to be presented this year at the high school. Although it will be shorter than former presentations, "Pinafore" and "Tycoon," it promises to be the most interesting. The music is by Henry K. Hadly, composer of the opera "Azora."

LOCALS LOSE TO ELKHART FIVE. Tan and Blue Unable to Head Off Fast Going Elkhart Five.

ELKHART, Feb. 6.—Elkhart defeated South Bend high school here Friday evening at the high school gym by the score of 32 to 28. Both fives played in stellar form, but Evans of Elkhart proved too much for the Bender lads, being the big cog in the wheel that upset the dope.

The tan and blue coach put a far better team on the floor than was expected. Every regular was patched up and pushed into the contest, but the slight layoff was just the thing that Elkhart needed to put the game over. The Bender lads put up a fine game, Nyikos being the mainstay of the tan and blue, coming through with six baskets. This was his first workout in two weeks, but he was in good condition.

Scheer and O'Dell, the South Bend guards, made their unexpected appearance, and also put up a good game, but the wicked eye of Anderson and his running mate, Evans, labored to much of the time. Haas at center played his usual good guarding game, while Capt. Wedel, who went in near the close of the game, came through with some unexpected speed that made things look good for the Benders for awhile. The lineup:

South Bend 28. Elkhart 32. Baumgartner ..... Anderson Right forward. Nyikos ..... Evans Left forward. Haas ..... Waumbaugh Center. Scheer ..... Russell Right guard. O'Dell ..... Kistner Left guard.

Field goals—Evans 7, Nyikos 4, Anderson 5, Scheer 2, Haas 2, Wedel 2, Kistner 2, Waumbaugh, O'Dell. Foul goals—Evans, 4 out of 4; Nyikos, 0 out of 3; Wedel, 0 out of 2. Substitutions—Wedel for Baumgartner.

SEVERE STORMS HAMPER TRAINS

(CONTINUED FROM PAGE ONE.)

stuffs, coal and milk, to cease work from Friday night until Tuesday morning, turning their trucks and laboring forces over to the city to meet the storm emergency.

The street cleaning department admitted that it was virtually helpless because of its inability to hire men. From 75 cents to \$1 an hour was offered for snow shovellers but only 3,000 of the 14,000 men needed could be found. Conditions in Fifth avenue and on the other section of the aristocratic avenue the snow had been churned up by motors cars until it was of the consistency of dough. It rested on a solid foundation of ice six inches thick.

Lacking trucks and men to remove the snow, all the department could do was to keep plows moving to clear paths in the middle of the streets which were filled up almost as soon as they were opened.

The department of health was frankly alarmed because of the conditions in the streets. Walking with dry feet was almost impossible and the removal of garbage could not be carried on systematically.

SUGGESTS RISK FOR GOVERNOR

Plymouth Man Has Favorite for Democratic Nomination As Chief Executive.

John R. Jones of Plymouth, Ind., father of the Jones primary law, has sent a letter to The News-Times in which he advocates the nomination of James K. Risk of Lafayette as the democratic candidate for governor of Indiana. The letter in part says:

"As an active working democrat with much experience in organization work, who has served his township as trustee six years; who has served his county as clerk of the court four years; and two terms as state representative; all of which afford me the opportunity of knowing Indiana democrats; when I say Indiana democrats, I mean men who have rendered real service to our party by being square and always in the open.

"If our party hopes to win in Indiana in the coming campaign it will be absolutely necessary to have a candidate for governor who has stood for democratic measures and has supported openly the great moral issues, viz., temperance and woman suffrage.

Command Respect. "There are, no doubt, a great many democrats in Indiana who command the respect and confidence of the rank file of our party, but in all my acquaintance, I know of no man, who better suits the situation, as it is today, to become democracy's standard bearer, as their candidate for governor than the Hon. James K. Risk of Lafayette, Ind.

"I have known Mr. Risk intimately, socially and politically, for a quarter of a century. He is a man who fights in the open and always stands for true democratic principles and high ideals. It was largely due to his leadership that the Jones primary bill, of which the writer was the author, was written into law. Mr. Risk gave full sixty days time during the Indiana legislature in 1915 in the interest of the direct primary law and other reform measures. He volunteered his services and paid all of his own personal expenses. He took the position that the democratic party in state convention, in 1914, agreed in their platform that a primary law should be enacted, and Mr. Risk believes that party pledges should always be kept. The writer is very familiar with every move that was made in the support of the Jones primary bill and knows well the great service rendered by Mr. Risk to the democratic party and the larger service he rendered to the state of Indiana."

LABOR PLANS FOR CONTROL OF CONGRESS

(CONTINUED FROM PAGE ONE.)

North Dakota, Minnesota and adjoining states, where the non-partisan league has gained a hold, and in New York, South Carolina and other states having strong farmers' organizations. Chiefs of the four big railroad brotherhoods, now in Washington for wage conference with the director general, shied at any political discussion when asked Friday if the railroad employes were aligned with the federation in the contemplated fight. Warren S. Stone, chief of the locomotive engineers, said that he had been too busy with other matters, and had talked to no one regarding the projected scheme.

On the other hand Saturday's issue of "labor" the official organ of the Plumb plan league, will have as its leading editorial a call to "90,000,000 wage earners and farmers" to organize now to elect their quota of congressmen. H. E. Willis, chairman of the legislative committee of the Brotherhoods, and L. E. Sheppard, president of the conductors, are members of the editorial board of labor.

PLAYER'S CLUB WILL STAGE THREE SKETCHES

Members of the Notre Dame Players club, arranging for a St. Patrick's Day entertainment at the university and plan to stage three sketches written by Delmar Edmondson, president of the club. The entertainment will be for the benefit of the Knights of Columbus social center fund.

Three skits, "Madame Zephira Backs Down," "An Episode of the Lost Battalion," and "Married in Haste," the last a cross-section of life in the boarding-house will be interpreted by members of the club. Assignment of parts has already been made and prominent among student-actors scheduled to take part in the entertainment are Leo Kelly, Harry J. McCormick, Frank Fox, Charles Butterworth and Patrick Grandfield. A skit by Harry J. McCormick who served on the Keith circuit before entering the university will form one interlude and the introduction of several new songs written by Charles Davis and Delmar Edmondson and sung by Earl Dumke of South Bend and a member of the Glee club, will constitute another.

DARDANELLA. The big hit for your Victrola. The C. W. Corp Music Shop. Open every evening. 9815-8

House wiring, Telephone Mishawaka Electric Construction Co. Adv.—711.

News of the City Official Records

Carl Britton Is Selected for Presidency for Ensuing Year. Following the custom the annual reorganization of the park board took place at the regular meeting Friday night at the City hall. The matter of paving E. Jefferson Blvd. was taken up and passed upon when a delegation of prominent E. Jefferson residents appeared before the board.

Muscell Resigns. Richard Muscell, who has been filling the office of forester and who did the landscaping for the board, announced his resignation to allow him to accept a position selling farm implements. All of the foresters of the parks were reappointed for a year and given an increase of \$10 a month. George Robertson, Charles Millhouse, Miles O'Brien, Gen. Miller, Judge Van Fleet and a number of others appeared before the board petitioning the paving of E. Jefferson Blvd. from Sunnyside to Greenlawn av. The board adopted a resolution to pave the street in question. Another resolution was passed to open High st. from Duball av. to Dayton st.

FAIL TO SETTLE WAGE DISCUSSION FOR STREET CAR MEN. The question of an increase in wages for the motormen and conductors on city cars failed to reach a decision in a six hour session held between a committee of city trustees, Gen. Mgr. R. B. Smith and Traffic Mgr. L. E. Hollar of the Chicago, South Bend and Northern Indiana railway company Friday afternoon. The meeting was finally adjourned and postponed until the first of next week.

The trustees committee requested an increase of five cents an hour making their wages 50 cents an hour in place of the present forty-five cents. A meeting was held recently by the employes to take up the matter of an increase at which time a committee was appointed to bring the question before the officials of the company.

According to the policy of the employer which was adopted at their meeting the matter is to be arbitrated and should they not receive the desired increase there will be no strike. According to Gen. Mgr. L. E. Hollar the meeting Friday was taken up entirely with a discussion of the increase and was nothing more than a wage conference between officials of the company and the employes. He said that at no time did it assume the aspect of a walk-out or strike and that it would not. It is expected that the matter will be decided at the meeting next week. Mr. Hollar could not say as to whether the increase would be granted.

UNIVERSITY STUDENTS PUBLISH MAGAZINE. The second number of the Juggler, a monthly periodical published by the students of Notre Dame and portraying the lighter side of life at the university has made its appearance on down town news-stands, included on the editorial staff are Delmar J. Edmondson, formerly of the New York Evening Post, but now a student in the law school, Laurens Cook, an undergraduate who did university newspaper work in France and Andrew Moynihan of Port Wayne. Paul Scofield, of Columbus, O., an associate editor of the Dome and of the Scholastic is advertising manager.

Although primarily a private enterprise the magazine has the support of the students and the sanction of the university. Despite its newness it has circulated in all parts of the country and several national humorous weeklies contain quotations from the January number. The current number according to members of the faculty who have seen it, ranks with the leading humorous monthlies of other universities and, furthermore receives general faculty approval.

IMPORTANT REALTY DEAL. One of the most important real estate deals closed during the past week through the Worden Realty Co., was the sale of the Jacob Kerner residence on W. Marion st., which was purchased by M. Poldier, who has taken possession of the property. Other deals recorded were the transfer of the Daniel J. Kelley residence on W. Jefferson Blvd. to John Paschert of the Studebaker corporation, the purchase of the Canby bungalow by Milton Froud of the Studebaker welfare department, and the acquisition of the lot at the north-west corner of South and Main sts. by Mr. Krueger of the Niles rd. The new owner of the lot is planning the erection of a modern apartment building on the property.

EXTINGUISH SMALL BLAZE. The fire department extinguished a small blaze on the roof of the John Yantz homestead, S. Chapin st., at 3:15 o'clock Friday afternoon.
