

SCHOOL BUSINESS MANAGER QUILTS

E. I. Kizer, For Past 26 Years Connected With School System, Leaves.

E. I. Kizer, for the past four years business manager of the South Bend school system and for the past 26 years connected with the schools of the city in various capacities, tendered his resignation to take effect Aug. 1, to the board of education at the regular meeting held Monday night in the school administration building. Mr. Kizer will become affiliated with the Gasill Oil Co. in an executive capacity. Prior to handling the business affairs of the system, Mr. Kizer was head of the science department and assistant principal of the high school. He came here shortly after his graduation from Purdue university as instructor of chemistry and physics and has remained here since that time. During the period of time that Mr. Kizer acted as business director, the schools have shown a steady and marked development and growth and the commercial affairs have been systematized and developed to a high state of efficiency.

Other resignations received by the board were those of Miss Hebe Kah Carr, supervisor of the school nurses, who will take a private position in the city; Miss Mable Arhuckle, supervisor of art who has accepted an assistant supervisorship in the public schools of Detroit; Mrs. Hedwig Leser, instructor of French of the high school, who will become an instructor at Indiana university.

Branch Authorized.

The board also decided to establish a branch junior high school in the Lincoln school building, located in the southeastern part of the city. Authorization was granted to equip the building with domestic science and manual training facilities in order that seventh and eighth grade classes may be established there. It was decided to equip additional rooms in the basement of the junior high school building for manual training and domestic science classes, giving these departments six additional rooms and also bringing in to use the basement of the building which heretofore was unused for class purposes. The final report of the supervisor of school nurses covering the past two months was submitted and showed that the work was considered the most satisfactory of the entire year. Bids for furnishing the lumber for the erection of additions to the Michigan temporary school and the Division temporary school were opened and approved.

ENGINEERING STUDENTS TO STUDY IN CANADA

Dr. Knowles B. Smith of Notre Dame left South Bend Tuesday with a class of mining engineers for a three weeks' trip to Canada. The class, which numbers eight students, will study the various mining districts in the Ontario region under the direction of Dr. Knowles.

Windows at City Hall to be of Floral Splendor

Windows at the city hall, not only those fronting on Main st. but those that look out upon the alleys that run on three sides of the city administration building, are to blaze in floral splendor.

Instead of the cold, grey ledges showing in bare relief, there are to be underneath each window boxes of flowers—geraniums, violets, roses—and other like flowers.

A. F. Perley, superintendent of city parks, Tuesday was given permission by the board of public works to carry out his floral decorative scheme at the city hall. Mr. Perley explained to the board that such decorations would add much to the beauty of the city hall, and his suggestions immediately met with the approval of Gilbert A. Elliott and John DeLaven, the two members of the board present at the Tuesday meeting.

City Engineer Fred J. Anderson and Dewey Layton, superintendent of streets, also approved of Mr. Perley's plan. It is also suggested at the city hall that the plan be carried further, and that the floral decorations be carried into the police department and down into the city court room.

Mr. Perley's suggestion and the approval of it by the board was preceded by the board in giving permission to residents of Donald st. to establish a boulevard lighting system on this street between Miami st. and Studebaker park instead of having arc lights. The city agreed to pay for six of the boulevard lights, which would amount to the same as two arc lights.

COUNTY COMMISSIONERS APPROVE PLANS TO ENLARGE GARAGE

Plans and specifications for the improvement and enlargement of the garage under the old court house building drawn up and presented by Freyermuth and Maurer were approved by the county commissioners in regular session Monday. The auditor was instructed to advertise for bids, which will be opened on June 25. The present garage was found to be too small and the proposed addition has been under consideration for some time.

The commissioners also adopted a resolution relative to bids accompanied by a bond executed by a surety company, making it compulsory to have a certified copy of power of attorney attached to each bond.

23 SPORT EVENTS AT MASONS' PICNIC

Deputy Grand Master Omar B. Smith to Attend Saturday Outing.

No less than 23 events have been arranged for the athletic program at the big masonic picnic to be held Saturday at Pottawatomie park under the auspices of South Bend lodge No. 45 and 675 and Mishawaka lodge No. 130. The program of sports was made public Tuesday by the committee in charge of this branch of the entertainment. Prizes will be given to the winner of the various events.

In addition to Charles J. Orbison, past grand master of Indiana, the masons will have as their guest and speaker, Omar B. Smith of Rochester, Ind., deputy grand master of the state.

The Dodge band of Mishawaka has been engaged to play throughout the afternoon and the transportation committee has arranged for seven minute car service to the park between the hours of 1 o'clock and 2:30 and between 6 o'clock and 7. This supplementary service will be from the center of South Bend to the center of Mishawaka.

Arriving at the park, all Masons will register at the booth provided and obtain tags entitling them to the free refreshments and to entrance into the athletic events. All masons, whether members of the lodges giving the picnic or not, are invited.

Indoor baseball games will be played in addition to the following program of sports:

Race for girls—4 to 7 years; race for boys—4 to 7 years; race girls—7 to 10 years; race for girls—10 to 14 years; race for boys—10 to 14 years; race for girls—14 to 18 years; race for boys—14 to 18 years; lean man's race; fat man's race; past master's race; bride and groom race—Dusters, hats and suitcases; old man's race (over 65); 100 foot race for ladies; 100 yard dash for all master masons; sack race; dressing race; beans on knife race for all ladies; high jump—14 to 18 years; tug of war; nail driving contest for ladies; ball throw for ladies; pillow fight on pail.

SUES FOR COLLECTION.

Mary J. McInerney has filed suit in the superior court against Harry N. Barnes for the collection of \$3,425 alleged due for the hire and use of 13 teams of mules and equipment. According to the complaint the defendant agreed to turn over to the plaintiff a certain sum for the use of the mules and equipment but it is charged that amount agreed upon had not been fully paid.

ALLIES TO HOLD CONFERENCE.

LONDON, June 15.—While no definite date has been set for the conference between the allies and Germany to be held at Spa, the meeting will probably occur July 5, Premier Lloyd George told the house of commons.

INTOXICATED YOUTH ASSAULTS THREE LOCAL POLICEMEN

South Bend's humidity Monday night was not all caused by the elements. There was much "heat" in various parts of the city, the cause of which is laid to the activity of vendors of "wet" goods.

One youth, who gave his name to the police as Sidney Fedden, after spending the earlier part of the night in various "soft" drink places, became warlike when he reached Michigan st. and Washington av. Here he was met by three patrolmen who insisted that he either go home or to police headquarters.

The young man did not appear to want to do either, so an encounter between the three patrolmen, the young man and a number of his companions followed, the encounter resulting in Fedden finally landing at the police station.

The patrolmen say that Fedden struck Patrolman George Pinter in the mouth, inflicting a painful wound. When arraigned in city court Tuesday morning, Fedden was confronted with three charges, intoxication, assault and battery and resisting an officer. Fedden pleaded not guilty to the three charges. His hearing was set for Saturday and he was released under \$100 bonds.

Disturbances in other parts of the city, caused by too much drinking, during the night, were reported at police headquarters Tuesday, although Fedden appears to have been the only one to have attempted an encounter with members of the police department.

NEW ORDERS FOR NAVY RECRUITS

Orders have been received by the local naval recruiting station to enroll young men between the ages of 16 and 21 for the three months' training course offered by the Naval Reserve Forces to begin at the Great Lakes training station on July 15. The young men enrolled under this provisional camp will receive \$24 a month and all necessary clothing and equipment from the government and in addition will receive a thorough course in physical development, discipline, education of character and the cultivation of the naval traditions. All applicants will receive a physical examination and must have the consent of their parents. The only expense attached to the course is railroad fare from the applicant's home to Indianapolis and return and if accepted from the home to the Great Lakes, Ill., station. Transportation to point of enrollment upon completion of the

course will be furnished by the government. The course is intended for young men desirous of spending the school vacation period profitably under direct naval discipline and living conditions and is operated under the direction of the Naval Reserve Forces.

PRAYER MEETING WEDNESDAY NIGHT

A round-table discussion of the Interchurch World movement by representatives from the Baptist, Methodist and Christian churches, together with members of the Westminster Presbyterian church will be the feature of the prayer meeting at the latter church Wednesday evening, June 16, at 7:30 o'clock. The Philathea class will have charge of the meeting. The action of the Presbyterian general assembly with regard to the movement will also be explained at the meeting.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail. Adv.
