

G. O. P. Woman Leader Taken to Task on League of Nations

Misrepresents Article to Influence Mothers on War Topic.

INDIANAPOLIS, Sept. 4.—In a letter to the public Mrs. Martha Marson, democratic chairman of the women's organization of Marion co., replied to an article over the signature of Mrs. Joseph B. Keating, republican state women's chairman, in which Mrs. Keating discussed the League of Nations in the Indianapolis Star.

Mrs. Marson declared that Mrs. Keating should at least read the league covenant before "attempting to educate the women on it."

Misrepresents Article.

Mrs. Keating made the assertion that, under article 10 of the covenant, "American boys would be sent to the far parts of the world when ordered to go by foreign nations in the league, and I do not believe American mothers desire this."

"Article 10 does not give foreign nations any such power," says Mrs. Marson's statement, "and either Mrs. Keating is ignorant on the subject or she is purposely appealing to the prejudices of American mothers."

"She states further," continues Mrs. Marson, "that had the league been properly ratified American boys would at this moment be in Europe engaged in the warfare now being carried on there."

Bolsheviks Are Encouraged.

"This again is deliberately misleading," England, France and over thirty other nations belong to the league now and their boys are not engaged in war between Russia and Poland. Why should the American boys be there? The truth of the matter is that in failing promptly to ratify the league, America has given encouragement to the Bolsheviks of Europe and civilization is again menaced because the league is not functioning properly because of our absence from it."

Mrs. Marson points out in her statement that America's entrance into war here or abroad would be decided by congress as heretofore and declares that Mrs. Keating's statement that "We would not have that power under the Wilson League" is misleading and untrue. Women should read the league covenant," says Mrs. Marson, "and not be led away by such partisan statements as this."

Vote Must Be Unanimous.

"The council of the league can do nothing on any matter which comes before it except by unanimous consent, and as we are a member of

Beware of Frozen Pipes

There's nothing that adds to the discomfort of winter so much as a frozen, bursted pipe. It upsets your entire home for you may depend upon that particular pipe for your entire water supply. Why wait until your pipes burst? Let one of our plumbing experts make a thorough investigation of your entire plumbing system. He should demand immediate repair.

Marquette Park Lots Can Never be Bought Cheaper Than Today

Some time ago a man bought a considerable quantity of sugar at the then prevailing price, thinking it would surely go up and he would thus effect a saving.

Instead, sugar took a drop and the man lost. This same man was at the time considering a lot in Marquette Park. And after his experience with the sugar he said to the representative: "I believe I'll wait. Maybe lots are like sugar—will come down in a few months."

To him we said, as we say to you: "You will never be able to buy lots in Marquette Park cheaper than you can buy them today. They cannot come down in price because they have never been raised."

Lots in Marquette Park have been and will continue to be sold at the lowest possible figure. This beautiful addition is being marketed and developed by a South Bend concern. It is to stand as a lasting monument to one of the city's pioneer business men.

Wise people who want the best homesites or who seek sure and profitable investments are taking advantage of this situation and buying in Marquette Park. A small payment will option you a big 60 or 70 foot lot in South Bend's best building place.
