Confirming What the Public Sees and Hears

NEWSPAPERS talk about the reporter with a "nose for news." Less frequently is it mentioned that the public itself has a pretty keen sense of the drift of things. Often taking action in advance of the printed word.

Tires. Merchants with a whole conviction that U. S. Tires are the only make they want to sell. Merchants who are bringing a new authority of service to the car owner—fresh, live tires, completely sized stocks, confidence.

the public respects and supports it. April, a year ago, was a tremendous tire month. Yet in this April—1921—the makers of U. S. Tires shipped more tires than in April 1920.

He walks along Automobile Row of his home town. Sees U.S. Royal Cord Tires displayed as original equipment on practically all the representative cars.

As against the old hit-or-miss patch-work of discount offers and makes that have to be talked.

We believe that no other make of tire has so many dealers now concentrating on a single line as United States Tires.

He finds many tire dealers handling nothing but U.S. Tires. Merchants with a whole conviction that U. S. Tires are the only make they want to sell.

All over this broad country people are feeling the spirit of the United States Tire policy. Its honesty. Its sensible view. Its fairness. And its vigor when it comes to the constructive fight.

And there are hundreds of new dealers coming to U. S. Tires every month.

Car manufacturers reflect it; tire-merchants back

The makers of United States Tires assure to their dealers—and the public they serve—the highest quality products at fair prices, with a merchandising policy that is always consistent, constructive and making for stability.
