

COMMUNITIES TO BE ACTIVE IN CAMPAIGN

Every City, Town and Village Will be Represented in Circulation Drive.

spare time proposition. The majority of those who enter will be people usually engaged in various occupations who could not think of devoting more than one or two hours a day. However, these people will not lose an opportunity to talk up the proposition in connection with their daily routine. In business conversation the subject often changes to the weather, politics, social life, etc. It might just as well be a statement to the effect that one was in the News-Times Campaign and a request for a subscription. When one has really started to work in the campaign it will be found surprisingly easy to make a very creditable showing and that one will certainly prove highly profitable.

There is a big field to be covered and each neighborhood has subscription possibilities to those who will go after them. The more who are entered the bigger the total results of the campaign will, of course, be, but from the member's standpoint the easier it will be to be one of the big winners because subscription possibilities will be so divided that it will be impossible for one person to make an unusually big showing.

More Entries. There are more entries daily for each day more and more people realize what a wonderful opportunity is offered them. However, there are not nearly as many entered as there should be nor as many as there will be as the campaign progresses. Those who enter now have quite an advantage over those who wait until later and so everyone is advised to make the start without delay.

As a special inducement for early effort two \$200 extra cash awards are offered. The member in the city of South Bend and Mishawaka who earns the most credits up to July 7 will be given \$200 in cash in addition to any main prize that may be won. The member outside South Bend and Mishawaka who does the best during the same time will also receive \$200 in cash.

In the selection of the awards The News-Times was determined to offer articles that would prove valuable and desirable and of known reputation because it was desired that the right class of workers it would be necessary to make worth while offerings. Because of the fact that everyone who is not a home owner want to be one, it was decided that nothing could be offered that would be so attractive as a home. Consequently, arrangements were made with Whitcomb & Keller, well known builders of modern homes, whereby the winner could select any home they have for sale that could be purchased for \$5,000 in cash. This concern has so many different parts of South Bend that the winner can easily be suited. If a more expensive home is preferred, \$5,000 will be paid on it. If it should be that the particular home the winner desires has already been sold, Whitcomb & Keller will duplicate it with a new one just like it.

Studebaker Cars. When it came to the selection of automobiles, Studebakers, of course, came in for first consideration, not only because they are the best in South Bend but because they are known everywhere, automobiles are driven as cars that are not only beautiful in design and attractive in appearance but that will stand up under the most unusual tests. The four models selected are cars that anyone can well be proud of.

The highest standing member in each of the nine districts, after the winners of the home and automobiles have been eliminated, will each receive a \$100 bank account in The St. Joseph Loan & Trust or The St. Joseph County Savings bank, two of the best known banks in this community.

There are 40 \$50 South Bend watches for the 40 next highest members in the field at large. When it comes to high grade watches the South Bend watch company has been advertised so extensively and is so well known that it needs little comment other than to say that they are in a class by themselves.

All one has to do to enter the campaign is to send name and address to the Salesmanship Club Department of The News-Times. This can be done by calling at the office, by telephone or by mail. Salesmanship Club headquarters is open 8:30 a. m. to 9:00 p. m. every business day.

PRODUCE PHOTOGRAPH AT TRIAL OF BANDITS

By Associated Press:

TOLEDO, O., June 15.—A photograph of Wanda Urbaytis, taken from an album owned by Rev. Anthony Gorek, was produced in federal court here Wednesday in the trial of 13 men and five women in connection with the million dollar Toledo postoffice robbery last February 11.

Both are under indictment, the Urbaytis girl being one of the defendants in the present trial. Rev. Gorek, New Chicago, Ind., priest, charged with receiving from the girl part of the postoffice loot, identified the album as his own and admitted the girl gave him her picture at the time of her residence in Chicago.

The pastor of the little parish church, through an interpreter, also recalled meeting Wanda the day before Thanksgiving, 1919, on Sixty-third st., Chicago, and said he rode downtown with her.

They exchanged reminiscences, he testified, and she finally requested a small loan with which to purchase clothing. Their next meeting, Feb. 21, 1921, the clergyman testified, was at Englewood station, outside of Chicago. The girl appeared badly frightened, the priest said, and explained to him that she and her brother Joe had left Toledo in separate coaches but that Joe had failed to alight.

PLAN TO MAKE KNOWN TERMS OF AGREEMENT

By Associated Press: WASHINGTON, June 15.—After an all-day conference between the shipping board and representatives of the American Steamship Owners' association, at which the latter were said to have urged the board to refuse to enter into an agreement with the marine engineers for ending the marine strike, announcement was made by the board the agreement would be made public Thursday.

No announcement was made as to whether the private owners had finally decided to join with the shipping board in accepting the agreement, but it was assumed that they had not committed themselves, as a meeting of the association was called for tomorrow in New York to discuss the situation. The action of the board in announcing that the agreement would be made public tomorrow was interpreted as meaning that it had been decided to enter into the agreement regardless of the attitude of the private operators.

SUNDAY SCHOOLS NAME OFFICIALS FOR YEAR

By Associated Press: LAFAYETTE, Ind., June 15.—John N. Feasey of Indianapolis was re-elected president of the Indiana Sunday School association Wednesday night at its fifty-seventh annual convention being held here, G. E. Buegnot, Auburn, was named vice president; E. C. Boswell, Indianapolis, recording secretary, and E. F. Wild, Indianapolis, treasurer. Members of the state board, to serve for a term of three years, or until 1924, were named as follows:

M. L. Clayport, Indianapolis; A. E. Kemmer, Lafayette; A. R. Corneilus, Indianapolis; and Rev. O. E. Tomes, Gary. A hot contest for the 1922 state convention has developed between Evansville and Winona, the latter making a strong bid today after Evansville had apparently been given a clear field.

The registration Wednesday reached 3,227, a record attendance for any convention of this kind ever held on the continent. Tippecanoe county, with a registration of 1,202, also has the largest county attendance in the history of state conventions of the association in Indiana.

MASONS WILL END CONVENTION TODAY

By Associated Press: DES MOINES, Ia., June 15.—Having disposed of the routine business of electing officers by the simple process of promotion and the election of Thomas J. Houston of Medinah temple, Chicago, to the imperial outer guard, the imperial council of the Ancient Arabic Order, Nobles of the Mystic Shrine, were in secret session all afternoon Wednesday considering the hospitalization plan. Settlement of this question was carried over, however, until the last meeting of the council Thursday.

William S. Brown of Pittsburgh, Pa., was re-elected imperial treasurer and Benjamin W. Roswell of Boston, for the 28th time was named imperial recorder. Prest Harding's invitation to hold the imperial conclave in Washington in 1923 was read by Henry Laisbury, potentate of Almas temple, Washington.

San Francisco was selected as the 1923 meeting place.

The U. S. ROYAL CORD
A famous tire—a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season. The stripe around the side-walls is registered as a trademark in the U. S. Patent Office.

When people saw through discount tires this was bound to happen—

CAR-OWNERS make one criticism of the tire business well worth thinking about. tire that all other tires can be measured by. "Yes, I know—but the dealer said these were as good as Royal Cords."

From their point of view the phrase "standard quality" in connection with tires is too carelessly used. Par quality—at a net price. Any car-owner who intends to do standard tire-buying will find his best guide in the simple out-spoken remarks he hears everywhere.

If there are so many "standard" tires why all these discounts—20%—30%—40% off? Off what? What basis of value to begin with? "Still running on a last season's set of U. S. Royal Cords."

Why so much talk about discounts and so much silence about service? "Going to get Royal Cords this year." "Everybody out our way drives U. S. Royal Cords."

To-day, "discounts" have proven just one thing to the public: —That somewhere there is the standard tire—the greatest and most constant worth—the As people say everywhere United States Tires are Good Tires
