MISHAWAKA MAN IS SLAIN WITH WOMAN BY JEALOUS RIVAL

Special to The News-Times: ATTICA, Ind., June 28.—Jealousy, believed caused by the employment of Charles Fox of Mishawaka, Ind., as a farm hand by Mrs. Jennie Madara, was cited as the possible motive Tuesday for the murder of Fox and Mrs. Madara early Monday forenoon at the Madara farm house here.

Finding Tuesday of the body of Harry Davis at his farm several miles distant and a note he scribbled before committing suicide Monday night led to the finding of the body of the murdered man and woman in a cellar at the Madara farm. The note confessed the double murder and told where to find the bodies.

Davis had lived with the Madara woman for several years. They had told neighbors they were married. Fox had taken a job on the farm only a few days ago. That he had enkindled Davis jealousy by living in the same house with his soul mate was the theory of officials investigating the tragedy.

Fox was shot in the back with a shotgun, dying instantly. Mrs. Madara next was killed by the same weapon after a struggle. Davis had slipped a telephone leading from the scene. He used carpets to conceal the bodies in the cellar, guarded them all day Monday from chance visitors and then went to his own farm to kill himself.

A letter, Fox scrip contained the name of Mrs. Walter Rohleder, 320 Fisher place, Mishawaka, Ind. A telephone call to her husband established Fox's identification. Fox has a son in Compton, Ill., and a daughter in Columbus, Ohio.

He showed no tendencies to influence the premiers of the overseas dominions in either direction, but confined himself to giving the facts, political and otherwise, needful for a full appreciation of the position as it exists today.

Premier Lloyd-George presided. The foreign secretary was followed by A. J. Balfour, lord president of the council, who approached the subject from the standpoint of his position as representative of the League of Nations, and therefore, laid stress upon the necessity of bringing the alliance into line with the league requirements rather than insisting upon any special British interest or emphasizing its imperial aspect.

PLANS FINAL TRY TO PREVENT FIGHT

Reform Bureau to Submit Complaint to Garvan—Refuse Injunctions.

By Associated Press: NEWARK, N. J., June 28.—A complaint, charging commercial conspiracy to hold a prize fight in violation of state laws of New Jersey will be submitted Wednesday to Prosecutor Garvan in Jersey City in a final attempt to prevent the Dempsey-Carpenter bout on Saturday.

Herbert Clark Gilson, attorney for the International Reform Bureau, announced Tuesday night that this action was decided upon after two applications for an injunction against the fight had been refused in civil proceedings before two vice-chancellors.

Attorney Gilson declared his complaint will allege that a commercial conspiracy to violate the laws of New Jersey by holding a prize fight exists; that this claim will be supported by alleged statements of the principals; that a prize ring has been erected and tickets printed and distributed and that large numbers of persons of commercial propensities will be attracted to New Jersey to the injury of the morals of the community.

"What will your next move be if Prosecutor Garvan refuses to bring your complaint before the grand jury?" he was asked.

"I guess that will be about all," he replied.

"If an indictment is returned what effect will that have on the fight?" he was asked.

"It would probably be postponed until the indictment was disposed of by the court," he replied. "The court might quash it at once or call for a trial. The principals would be arrested once the indictment was returned and put under bonds. They would not dare hold the fight under those conditions because then they would have an additional charge of contempt of court against them."

Chancellor Walker of Trenton Tuesday night declined to consider an application of the International Reform Bureau for an injunction to prevent the Dempsey-Carpenter fight in Jersey City next Saturday.

DUBLIN, June 28.—The opening of the southern parliament Tuesday afternoon lasted less than 10 minutes. The function was purely a formal one, called to satisfy the statutory conditions of the home rule act.

These included four imperialistic members of the senate from Trinity college and 15 others elected to that body. Nearly all the members of the lower house are Sinn Feiners. They ignored the summons to attend. There was little public interest in the inauguration of the parliament.

ABOLISHES EXTRA PAY FOR OVERTIME

Rail Labor Board in Temporary Decision—Will Continue Rules.

By Associated Press: CHICAGO, June 28.—Railway employes will be paid for all overtime work in excess of eight hours daily at the pro-rata rate instead of receiving time and a half, under a temporary decision of the railroad labor board Tuesday.

The order, effective July 1, applies to all employes except those who have reached agreements with the roads regarding payment for overtime or those, mostly in the south, who were being paid time and a half after eight hours before federal control.

The ruling was made pending settlement of numerous disputes before the board and if it is later decided that the practice of overtime is justified, the roads will be directed to pay back to employes the amount to be deducted after July 1.

Tuesday's decision also provided for the continuation of the rules established by or under the authority of the United States railroad administration until such rules are decided upon by the board, with the further exception of rules agreed on at individual conferences, which are to become effective July 1.

The order of April 14, which in effect abrogated the national agreements, the railways were given until July 1 to draw up separate agreements on each road. In case of disagreement over any rules, the board for settlement. The flood of disagreements which has poured into the board and the delay in hearing them brought up the prospect that many roads would be without working agreements after July 1. The old rules therefore continue temporarily.

"Do small arms manufacturers want to promote assassination and murder?" asked Sen. Shields.

"The manufacturers contend that the sales should be regulated by state laws," replied S. M. Stone, of the Colt Arms company, speaking also for other manufacturers.

Restrictions as proposed in the bill would result in suspension of the manufacture of small arms, he added, explaining that the demand for the arms which would be permitted in interstate commerce by the bill would not be sufficient to warrant manufacture.

Irish Leader Not Yet Ready For Definite Reply to Lloyd George.

SAYS UNITY ESSENTIAL

Will Seek Conference With Representatives—Ulster Premier Willing.

By Associated Press: DUBLIN, June 28.—Eamonn De Valera, the Irish republican leader, is not yet ready to give a definite answer to Premier Lloyd George's letter inviting him to a conference for an Irish settlement. He has briefly replied to the premier, however, expressing the earnest desire for a lasting peace, but deems unity of the Irish race essential to that end.

The Irish Bulletin, organ of the Daily Eireann in a special issue Tuesday printed Mr. De Valera's reply to the British premier. It is as follows:

"I am consulting with such of the principal representatives of our nation as are available. We most earnestly desire to help in bringing about a lasting peace between the peoples of these two islands, but see no avenue by which it can be reached if you deny Ireland essential unity."

Seeks Conference. "Before replying more fully to your letter I am seeking a conference with certain representatives of the political minority in this country."

Mr. De Valera has written to Sir James Craig, the Ulster premier; Earl Middleton, who in 1910 advocated one parliament for southern Ireland, with the six counties under the imperial parliament; Sir Maurice Dockree, member of parliament for the Rathfriland division of Dublin county, who was returned a unionist inspector of the coalition government except as to its Irish policy of home rule; Sir Robert Henry Woods, member of parliament for Dublin university and former president of the Royal College of Surgeons in Ireland, and Andrew Jameson, asking them to meet him at the mansion house, Dublin, on Monday for a conference. There Should Be Some Laws Passed at Rickard Arena

Solons Have "Engagements" Saturday But Are "Mum" About Intentions.

HOPE TO HAVE DRAFT BEFORE HARDING SOON

By International News Service: WASHINGTON, June 28.—Official Washington is going to be heavily represented—unofficially—when Jack Dempsey and Georges Carpentier clamber through the ropes at Jersey City next Saturday, it appeared Tuesday. At least one and probably several members of the cabinet are going to be at the ringside and the house and senate will have almost a quorum scattered throughout Tex Rickard's big arena.

One congressman alone has a block of 50 seats in the A and B sections and will take a party of 49 guests to the battle on a special car, leaving Washington early Saturday morning. Several other congressmen have smaller parties arranged and from indications Tuesday, it appeared that the hill is not going to do much functioning Saturday.

Have "Engagements." Many members had "engagements" out of town over the week-end and will leave Friday night. Saturday afternoon won't find them far away from Boyles Acres. Most of those going are not advertising their good fortune. Of course, it's legal, and all that, and "this is a free country, but you know how it is"—there are constituents who don't look at it in a "broad minded" way, and, well, what's the use of inviting trouble?

It is probable, too, that many of the foreign ambassadors and legations will be reported at ringside on Saturday. They've got no constituents and they don't care who knows they are going.

Prent Harding will be in Jersey on Saturday as the guest of Sen. Hiram Bingham. Unofficial rumors are that he is planning to "take in" the big fight have been denied.

The conference report was presented to both bodies late Tuesday.

Satisfaction over the compromise was expressed by both senate and house republican leaders. Chairman Porter of the house foreign affairs committee was pleased that his plan for declaring the war at an end had been accepted instead of the Knox resolution repealing the war declaration. Sen. Knox, however, gave out a statement declaring that both plans accomplished the same result.

"Both the senate and house formula," Sen. Knox said, "is the result of the war declaration" desired.
