

POLYAMORPHIC HELD FOR 11 MARRIAGES

JOHNSON LOOSES BROADSIDE INTO PACIFIC TREATY

Californian Declares Ratification Would Mean Only National Surrender.

ROLL CALL VOTE TODAY

Robin on Amendment Division Will Be First Test of Strength on Pact.

WASHINGTON, March 13.—Opponents of the four power Pacific treaty loosed another series of broadsides against the pact Monday in the senate, but halted the onslaught just before adjournment to accept a unanimous consent agreement for a vote Tuesday on the first of the proposed amendments.

Senators Johnson, California and Borah of Idaho, both republicans, took the lead in the all day attack, the former declaring ratification of the treaty would be a national "surrender" under a threat of danger from the Anglo-Japanese alliance and the latter asserting that the proposed four power arrangement would transfer to the Pacific the old balance of power system that has dominated Europe for centuries.

A question as to the authority of the treaty and its supplemental agreements again was raised during the debate, Mr. Borah asserting that despite Secy Hughes' letter accepting responsibility for the final draft there seemed to be "the most conclusive proof that somebody else wrote the treaty."

Vote On Amendment. The amendment on which it was agreed to vote at 4 p. m. Tuesday, was proposed by Sen. Robinson, democrat, Arkansas, and will be the first issue of the four power fight to come to a roll call vote Monday by Mr. Robinson it provides that the rights of nations both in and out of the four power group are to be respected, and that non-signatory as well as signatory nations shall be invited to any conference held to consider arrangements affecting their insular interests in the Pacific "or any far eastern questions."

Treaty Says "Must." Sen. Johnson's address of more than two hours was directed largely against the declaration of the treaty's supporters that its chief benefit lay in the provision abrogating the Anglo-Japanese alliance, if solemn assurances of Great Britain and Japan regarding the purposes of the alliance were to be credited, he said, then it contains no menace to the United States while if regarded as false, then this government should not go into partnership with nations which had practiced this deception.

Johnson, first of the irreconcilables to deliver a prepared speech against the treaty, said he would vote against the treaty "because it saps the spirit which is the genuine security of this country."

The treaty is an alliance which says "must" to the United States, Johnson said.

"Do those who favor the four power treaty assert that Great Britain under any circumstances would make war upon us?" Johnson inquired.

"I do not believe it. Do they intend us to infer that Japan was ready to strike at us, or was only waiting a favorable opportunity to catch us off our guard and then attack us?"

"But if that were the attitude of Japan toward us, and pro-treaty senators are all hinting at it, then I, for one, want no alliance with her, if any country is to be so little trusted that we must believe that she lies in wait for our ruin and destruction, why no agreement like the four power pact can you either alter her intention nor postpone the day of reckoning?"

SOVIETS SAY DECISION IS G. O. P. PROPAGANDA By Associated Press. MOSCOW, March 13.—Commenting on America's decision not to participate in the League of Nations conference, the Soviet newspaper Pravda, says: "The motive given is that until the European countries disarm it would be a useless throwing away of American money in European affairs. This is mainly propaganda by which the republican party is preparing for the new congressional elections. The real cause of the American government's refusal to finance Europe is that the American government has not enough money, while the private capitalists are interested in central and South America."

"The absence of America means that nothing will be done at the meeting. The allied bourgeoisie has no plan whatever for the economic relief of Europe."

ONE JUROR ACCEPTED FOR ARBUCKLE TRIAL SAN FRANCISCO, Calif., March 13.—One juror temporarily passed was the record of the first day's session in the third trial of Roscoe P. (Fatty) Arbuckle on manslaughter charges arising from the death of Virginia Rappe, movie actress, and one of the jurors at a party given by him last Labor day.

Six veniremen were examined. Four were excused for having opinions. One proved satisfactory to both sides and the sixth was still under examination at adjournment.

Miss Elizabeth Reimold has reopened the Millinery Department at Brandon-Durrell's.

Scorned Lover Kills Sneering Loved One, And Shoots Himself

MINEOLA, N. Y., March 13.—Infuriated when Miss Virginia Forget, 29, laughed at his demand that she refuse attentions from other men, William Magee, 27, a carpenter, Monday shot and killed the girl, then turned the weapon on himself. He died two hours later.

Magee is survived by a wife and two children.

"She drove me insane when she sneered at me," Magee told the police. "I was in love with her. I asked her to discontinue attentions to other men. She only sneered at me and I shot her."

DODGE RELEASED ON \$7,000 BAIL AFTER MIDNIGHT ESCAPE

Auto Manufacturer's Heir to Face Kalamazoo Charges on March 31.

KALAMAZOO, March 13.—John Duval Dodge, son of the late John F. Dodge, millionaire automobile manufacturer, was at liberty Monday night under \$7,000 cash bail, following his arraignment Monday on charges of driving his auto, while intoxicated and illegally transporting liquor.

Hearing on both charges was set for Tuesday, March 21.

Dodge was released on bail from the county jail late Monday. Mrs. Dodge accompanied Dodge's attorney, who had secured his release, to the jail where he was arraigned, but smilingly declined to comment on the midnight auto ride that resulted in her husband's arrest. She left the jail with her husband.

Dodge was arrested on complaint of Miss Emmeline Kwakernack, 19-year-old daughter of Western State Normal, Ethel Clemens of Kalamazoo, and Sue Stogena, Grand Rapids.

Invited For Ride. The young women alleged that Dodge and Rex Earl invited them for an automobile ride as they were leaving a dance hall Saturday night, that the men promised to drive them home, but instead drove rapidly into the county.

The young women's protests were unavailing, and Miss Kwakernack jumped from the car, injuring her hand. She was found by a roadside some time later by another motorist, who brought her to a hospital here and reported the incident to the police.

Officers arrested Dodge and Earl as they were returning to the city with the other two women. According to police liquor was found in the car.

Miss Clemens and Miss Stogena are to be witnesses at the hearing.

Dodge declined to discuss the case Monday night. He had previously denied that he was intoxicated during the ride. He planned, he said, only to give the young women "a little ride" before taking them home.

It was Earl, he said, who invited the women into their car. Earl is held on a charge of drunkenness.

FAKE OIL STOCK PROMOTER SEIZED

Seymour J. Cox, Wanted for Millions Swindle in Texas, Caught in New York.

NEW YORK, March 13.—Alleged to have used the mails to defraud investors out of \$1,000,000 by the sale of worthless oil stock, Seymour J. Cox, promoter, was arrested Monday night in the Broadway theatrical district.

The warrant for Cox's arrest was issued by United States Commissioner Douglas of Houston, Tex., where the promoter operated as head of the Cox Realization Corp.—a concern capitalized at \$20,000,000.

Postoffice Inspector Weldon, who accompanied the police in search for Cox, said he had been sought since Feb. 28, the trail leading first to Michigan, then through several southern states and finally to New York. He was arrested at the corner of Broadway and Forty-fourth street.

Cox was fastidiously attired and wore a pair of leather puttees, which he said, "all prominent business men" of Houston affected.

Inspector Weldon said the government had evidence that Cox had reaped a harvest of "between a million and a million and a half" by sending out through the mails glowing but false literature describing his investment opportunities.

GADSKI'S LIBEL SUIT THROWN OUT OF COURT NEW YORK, March 13.—Federal Judge Learned Hand Monday dismissed the \$100,000 libel suit brought by Madame Johana Gadske Tauscher against the Chicago Opera Assn., Inc. The action was dismissed on the ground that the court had no jurisdiction, inasmuch as the plaintiff is not a citizen of the United States and the defendant is a Virginia corporation without principal offices in this district under the statute.

DOUGHBOYS RETURN. ANTWERP, March 13.—Two battalions of the Fifth United States Infantry sailed for the United States Monday aboard the transports Cantigny. The Americans terminated their stay of many months on the Belgian frontier.

COUNCIL ADOPTS BILL REGULATING PARKING IN CITY

Amend Hull Ordinance to Allow 60 Minutes Parking Time in Affected Area.

VOTE ON MEASURE 9 TO 1

Councilman Kelly Only Dissenting Member—Introduce Daylight Saving Ordinance.

Despite considerable opposition, in the form of talks by three citizens before the regular meeting of the city council at the city hall last night, the Hull parking measure, regulating the time for parking automobiles in the downtown section of the city, became a city ordinance.

The bill was amended, however, so that 60, instead of 30 minutes, are allowed for the cars to stand on Michigan street in the area affected. The amendment, proposed by Councilman Hull, who was governed in his action by public opinion, to the committee of the whole, was recommended by that body following a meeting preceding the regular council session.

Councilman Kelly was the lone voter who cast his lot and voice against the measure, the vote standing nine to one in favor of the bill. The ordinance amendment adopted by the council last night reads:

That Section No. 5 be amended to read as follows:

The driver of any vehicle shall not park the same for a longer period than 60 minutes at a time between the hours of 8 a. m. and 6:30 p. m. on Monday, Tuesday, Wednesday, Thursday and Friday on Saturday on any of the following streets:

Allow Sixty Minutes. Michigan street from LaSalle avenue to Division street; Colfax avenue from Michigan street to Main street; Washington street from Lincoln way E. to Main street; Jefferson street from St. Joseph street west to Main street; Provided, that on all streets named above, excepting the part of Michigan street described in this section, all vehicles parked for said period of 60 minutes or less shall be parked parallel with the curb of the street so that the front and rear wheels thereof shall not be more than one foot from the curb and said vehicle shall be parked not nearer than four feet to either end of any such parking space.

On said part of Michigan street shall be a dangerous abuse of government credit.

Adoption of a sales tax, he contended would "essentially shift" one million dollars or more in income taxes now paid by the wealth of the country to the shoulders of the consumers of the land." Mr. Frear said.

For illustration, Mr. Secretary, Henry K. Klein, page 155 in his recent work, rates your wealth at \$300,000,000. Assuming for illustration, that one-tenth of that amount is nearer right, then your annual income tax paid to the treasury is probably over a million dollars, and this amount is believed to be approximately the income tax paid by two publishers of Washington papers which carry frequent sales tax editorials—one in this morning's issue.

Mr. Frear declared treasury records were said to show that millionaires who remained home during the war doubled in number and that fortunes were made by many thousands of others, adding that more than 500,000 former service men were reported to be without jobs.

Bonus "Gold Brick." Mr. Hawes, who referred to himself as a member of the American Legion, criticized the bonus bill as a "gold brick" which members of congress proposed to sell to soldiers in exchange for votes. The program adopted by the republican members of the ways and means committee, he contended, was "in reckless disregard for the president's advice."

While holding the procedure program in abeyance to ascertain the views of Speaker Gillett as to suspension of the raising republican leaders frankly admitted they hoped in the meantime to receive some authoritative word from President Harding as to whether he would approve the bill with its present provisions. A definite expression from the president, however, he declared, would greatly clarify the situation.

Proponents Hopeful. Those in charge of the legislation expressed confidence of their ability to muster the necessary two-thirds vote for passage of the bill under suspension of rules, and stated they preferred to follow that tack if the speaker consented. It was agreed that the matter of recognition of a

AFRICAN STRIKERS HEAVILY BOMBED

Airplanes Being Used Effectively by Government Forces at Johannesburg.

JOHANNESBURG, Union of South Africa, March 13.—Operations against the Rand Gold Mine strikers continued Monday near Pretoria. The Germiston railway revolutionaries were heavily bombed, but they persisted in attempts to damage the railway which they had succeeded in doing twice before. The line, however, has been repaired.

One command, 500 strong, which had blown up part of the railway at Driefontein, was located and bombed by an airplane. The airplane dropped rations to detached police officers who were besieged.

Premier Smuts in an interview said the response to the government's call to form commandos had been magnificent. Farmers and others instantly enrolled, he said.

It has been ascertained that a few officials who were guarding the Brakpan mines were clubbed to death after having surrendered.

A volunteer power station has been maintaining the lighting of the city.

It is doubtful if Johannesburg ever experienced such a Sunday as yesterday, with airplanes whirring overhead and bombing, while revolutionaries indulged in nocturnal bursts of machine gun fire. Amidst the hubbub of destruction the church bells continued ringing for services.

CONFERENCE OFF. NEW YORK, March 13.—Negotiations between executives of 52 eastern railroads and representatives of conductors' and trainmen's unions, looking toward a new agreement as to wages and working conditions were broken off late Monday without any settlement having been reached.

FUND OVERSUBSCRIBED. NEW YORK, March 13.—News of America have oversubscribed the \$14,000,000 campaign funds for the relief of eastern Europe Jews suffering from war, pogroms and famines, it was announced Monday night by David A. Brown of Detroit, national chairman.

RULES AGAINST COMMISSION. WASHINGTON, March 13.—The interstate commerce commission was held Monday by the supreme court to be without authority to authorize or compel the abandonment of a strictly state railroad.

THE WEATHER. INDIANA: Rain Tuesday; colder by Tuesday night; Wednesday fair and colder. LOWER MICHIGAN: Rain Tuesday; Wednesday cloudy and colder.

Indian Chief and Artist Wed

Chief Red Wing and his bride, who was Miss Marian Stehlik, a New York fashion artist. The chief is a native of the Ojibway tribe of Chippewa Falls, Kan.

Mellon's Attitude on Bonus Denounced by Rep. Frear

Wisconsin Representative Sees Secretary's "Icicle" Stand Actuated by Selfish Motives, and Hits at Enormous Fortune as Motive for Stand.

WASHINGTON, March 13.—Declaring that the revised bill for the soldiers' bonus "will be reported with little opposition and will pass the house by a wide margin," Rep. Frear, republican of Wisconsin, today denounced the attitude of Secretary Mellon in public his letter to the secretary's statement that the bonus bill, if enacted, would involve a dangerous abuse of government credit.

Adoption of a sales tax, he contended would "essentially shift" one million dollars or more in income taxes now paid by the wealth of the country to the shoulders of the consumers of the land." Mr. Frear said.

For illustration, Mr. Secretary, Henry K. Klein, page 155 in his recent work, rates your wealth at \$300,000,000. Assuming for illustration, that one-tenth of that amount is nearer right, then your annual income tax paid to the treasury is probably over a million dollars, and this amount is believed to be approximately the income tax paid by two publishers of Washington papers which carry frequent sales tax editorials—one in this morning's issue.

Mr. Frear declared treasury records were said to show that millionaires who remained home during the war doubled in number and that fortunes were made by many thousands of others, adding that more than 500,000 former service men were reported to be without jobs.

Bonus "Gold Brick." Mr. Hawes, who referred to himself as a member of the American Legion, criticized the bonus bill as a "gold brick" which members of congress proposed to sell to soldiers in exchange for votes. The program adopted by the republican members of the ways and means committee, he contended, was "in reckless disregard for the president's advice."

While holding the procedure program in abeyance to ascertain the views of Speaker Gillett as to suspension of the raising republican leaders frankly admitted they hoped in the meantime to receive some authoritative word from President Harding as to whether he would approve the bill with its present provisions. A definite expression from the president, however, he declared, would greatly clarify the situation.

Proponents Hopeful. Those in charge of the legislation expressed confidence of their ability to muster the necessary two-thirds vote for passage of the bill under suspension of rules, and stated they preferred to follow that tack if the speaker consented. It was agreed that the matter of recognition of a

OBENCHAIN TRIAL IS NEARING CLOSE

Madalynne Used as "Door-mat." State Contends in Opening Argument.

LOS ANGELES, Calif., March 13.—Declaration that Mrs. Madalynne Obenchain used her husband, Ralph Obenchain, as "a human door-mat," was made by Deputy State Atty. C. W. Fricks Monday in the opening argument for the prosecution in the trial of Mrs. Obenchain on the charge of murdering her sweet-heart, J. Belton Kennedy.

Fricks dwelt upon Mrs. Obenchain's relations with Obenchain, Kennedy and Arthur C. Burch, co-defendant. The prosecution contends Burch fired the shot which killed Kennedy.

Mrs. Obenchain's testimony was completed Monday afternoon; the defense called only one more witness and the prosecution confined its rebuttal to the testimony of Mrs. J. D. Kennedy, mother of the slain man.

THIRD VICTIM OF POISONING DIES

Two Nurses at Kendallville Hospital Still in Critical Condition.

KENDALLVILLE, Ind., March 13.—The death Monday night of Mrs. Hazel Reed-Hosinger, 31 years old, of Kendallville, wife of a prominent merchant, brought the death list in the Lakeoide hospital poisoning cases to three. Mrs. Hosinger died at eight o'clock. She has been a patient at the hospital for a week, having undergone a minor operation. Miss Frances Helmar of this city, and Miss Jeannette Bryan, of Fort Wayne, both nurses, are said to be in a critical condition and their recovery is doubtful, doctors said. Ellsworth Newman, of South Bend, a patient, is also said to be seriously ill as a result of eating the contaminated food, but hopes were expressed for his recovery. The other victims are said to be improving.

HOLD GIRL FOR EMBEZZLEMENT OF \$13,000 HERE

Charge Miss Cecil Wood With Appropriating Big Sum From Employers.

COLLMER FILES CHARGE

Head of Spring Wagon Co. Signs Affidavit After Previous Offer to Drop Charge.

Miss Cecil Wood, age 23, is in the county jail, under arrest on a warrant charging her with the embezzlement of \$13,000 while employed as bookkeeper and driver of the South Bend Spring Wagon and Carriage company.

The affidavit upon which the warrant was issued was signed by Edward F. Collmer, president of the company, which is owned largely by the Collmer family.

Miss Wood is said to have been in charge of the books of the company for the past four years and it is charged that the speculations extended back over a considerable period of time.

The arrest of Miss Wood is the second, the first being made just before Christmas when she was taken in custody by the police, held for a day in jail, and then released without any formal charge being lodged against her.

Offered to Drop Charges. It is asserted that since that time offers to drop the criminal charges, upon restoration of a small portion of the \$13,000, were made but that Miss Wood, who now refuses comment, as does her attorney, Charles Bingham, denied that any shortage that might exist approached anything like the sum of \$13,000.

Friends of Miss Wood but night volunteered the information that she had lived very quietly, had spent no lavish sums of money, had no friends who might have profited and that they were entirely unable to account for the disposition of any such sum of money. Atty. Bingham said that a satisfactory defense would be made at the trial which would clear his client.

The unusual manner in which the arrest was made was the subject of considerable comment last night. Miss Wood was arrested at the very modest home of her mother at Elkhart, where she has been staying since Christmas. The warrant was issued secretly and she was brought about any announcement or booking at the police station, by Chief

(Continued on page two.)

HOUSE COMMITTEE CUTS ARMY BUDGET

Appropriation Bill Cuts Army to 115,000 Men and 11,000 Officers.

WASHINGTON, March 13.—With provisions which would necessitate reduction of the size of the regular army to 115,000 enlisted men and 11,000 officers, the army appropriation bill carrying \$270,353,930.67, was reported Monday by the house appropriations committee. The amount recommended for the military and non-military activities of the war department, during the coming fiscal year is a reduction of \$116,000,000 from the total appropriation for the current year and \$57,595,055.89, less than budget estimates.

As drafted by a sub-committee headed by Rep. Anthony, republican Kansas, the bill would require the return to the United States by next July 1 of all troops stationed in China, 6,500 men from Hawaii, about 2,000 men from the Panama Canal zone and all but 500 officers and men in the army of occupation on the Rhine.

No Cut in Philippines. No limitation is proposed on the number of men to be maintained in the Philippines, the committee report stating, however, that Secy Weeks believes that under present conditions, "some reduction" can be made in the force there. The present actual strength of the army was given by the committee as about 13,000 officers and 132,000 men, exclusive of 7,000 Philippine scouts.

The committee recommended \$500,000 for the chemical warfare service, declaring that sum sufficient to provide for "minimum amount of development work and training along lines compatible with present conditions." An appropriation of \$2,750,000 is recommended for supplies and equipment of the reserve officers training corps, and \$1,800,000 for civilian military training corps.

12 HURT IN BELFAST BOMBING OUTRAGES By Associated Press. BELFAST, March 13.—Twelve persons, including women and children, were injured through the explosion of a bomb thrown in crowded Foundry street Monday night. Injuries of two persons are serious. There were two bomb outrages during the night.

Police Sergt. Clark, accompanied by a constable while returning from the funeral of Commissioner Kirk, were attacked by an armed bandit in Fall Road. Clark fell dead, his body riddled with bullets. The constable returned the fire and the bandit was dangerously wounded.

Heirless Hotel Maid Has Many Claimants Of \$16,000 Fortune

NEW YORK, March 13.—When Mrs. Mary Giles, a maid at the Waldorf-Astoria, died last week, the hotel management was under the impression she had left neither relatives nor close friends.

Publication of the news that she left savings of \$16,000 has brought letters from three "husbands," two "sons" and sixty-two other relatives, including brothers, sisters, nephews, nieces, cousins, uncles and aunts, the hotel management announced Monday night.

HOLD LITTLE HOPE OF AVERTING MINE WALKOUT APRIL 1

Operators Are Continuing in Refusal to Enter Conference With Workers.

WASHINGTON, March 13.—Little hope for the averting of a strike in the unionized bituminous coal fields on April 1, was held out Monday in those official circles which are most concerned with the repeated government attempts to bring about an adjustment of wage agreement difficulties. Mine operators, it was declared, were continuing their refusal to enter a conference with the United Mine Workers looking to the creation of a new wage contract for the central competitive field, notwithstanding representations made to them by Secretary of Labor Davis, who holds that existing contracts require them at least to enter negotiations regardless of whether such negotiations are carried to completion.

The United Mine Workers of America, the general union organization, was declared to be entirely willing to enter a conference, although insisting upon the maintenance of existing wage scales, which were adopted in 1920. The employers are demanding reductions amounting to 20 percent or more.

No Government Intervention. It was indicated in official circles Monday that the government would go no further at present, but await the development of the threatened strike. The degree of possible government intervention later, it was said by a high official, would be determined by the degree to which the strike, if it developed, might affect adversely the public welfare. Statistics assembled for the federal government indicate that 63,000,000 tons of coal are now in storage, approximately a 10 weeks supply for the entire country, that this amount is rapidly being augmented, and that non-union production is tending to increase. Local arguments between the union and operators are also expected to go into effect on or before April 1, which would insure maintenance of further operations.

As Howard Wilson he married a woman named Gertrude in Findlay, Ohio.

He deserted Gertrude and married Laura Shields at Spokane, Wash., who lived 20 miles outside Spokane.

George H. Wilson, who married Florence Johnson of David City, Neb. And then he married Helen Hardgrave at Augusta, Kas.

Thus far Moore had courted in person and soon after marriage had deserted his bride.

As Howard Wilson, Moore said he married Irene Hale three years ago in Chicago. He met her through a marriage bureau and she came from a southern state. Moore deserted her, taking \$1,500 of her money, deserting as he has done before.

On June 25, 1921, detective was under the name of George Churchill, Moore married Laura Hertzberg at Peoria, Ill.

Moore married Miss Evans at Vincennes, Ind., under the name of George H. Wilson. He is reported to be in the newspaper business at Coldwater, Mich.

CHILD SERIOUSLY HURT IN ACCIDENT

Five-Year-Old Isadore Kenta May Die After Being Struck by Automobile.

Something about the lights of automobiles held a fascination for the great brown eyes of five-year-old Isadore Kenta, 718 Division st., and because of this, he lies crushed and broken in St. Joseph hospital this morning. He may live, doctors say.

The child was struck by an oncoming automobile shortly after 7 o'clock last night when he darted out into the street in front of his home. His little playmates screamed a warning, heard the grinding of the brakes and with their eyes closed heard the sickening thud. When they looked little Isadore was a broken heap in the road.

A quick run by the police ambulance, which took the child to St. Joseph hospital, saved him last night but attending physicians are doubtful if he will recover. His injuries are very serious, they say.

Following the accident and as soon as the boy had been taken to the hospital, Philip Szczepinski, driver of the car which struck the boy, reported to the police station where he explained that the accident was unavoidable. He was not held.

DECLARES SHOALS SITE WOULD BANKRUPT FID

WASHINGTON, March 13.—Charles L. Parson, consulting chemist and former technical adviser to the government on nitrate fixation, testified Monday before the house military committee that Henry Ford would "lose their last penny" before they ever produced commercial fertilizers at nitrate plant No. 3 at Muscle Shoals. The plant, which has cost the government about \$59,000,000, he said was designed to be operated only by the cyanide process of nitrate fixation, an obsolete method, and was worthless as a fertilizer producer.

As to the future use of the plant, he recommended that it be kept in a "stand-by" condition for emergency use in war time.

Miss Elizabeth Reimold has reopened the Millinery Department at Brandon-Durrell's.

FRAUD CHARGES BRING AMAZING CAREER TO HALT

Self-Confessed "Marrying Champion" Forgets Names of Some of Victims.

"NERVOUSNESS" CAUSE

Swindling of Indiana Woman and Arrest Prevents Entering Twelfth Venture.

INDIANAPOLIS, March 13.—Confessing that he has had 11 wives, some of whom he does not even remember by name, Isadore Moore, 22, alias George S. Melrose, a hold her charged with bigamy and embezzlement, local police announced Monday night. Moore admitted defrauding several women of sums of money, the police said.

Moore was arrested on a charge of embezzling \$400 from his last wife, Miss Harriet Evans, now a school teacher in a northern Indiana town. Moore is said to have deserted her after one week here.

Active in Church Affairs. Moore was always active in social affairs and usually joined a church in the towns which he visited, police declare, and say that he joined a church here after deserting Miss Evans, and then proposed to three different Indianapolis women.

Miss Evans reported the case to detectives, who called Moore to Loansport, then to Chicago, and to Minneapolis, where he was arrested and was working as superintendent of a baking company.

At the time of his arrest, detectives, Moore was engaged to a Miss Moore, a girl he was said to be taking place Tuesday.

Moore was held in a hotel here for several days following his arrest until he was ready to make a full confession, detectives said.

The doctor declared, according to detectives, that he has been a victim of nervous disorders for years and would be willing to make a confession provided he could obtain medical treatment.

Although his memory was heavy as to details, Moore gave a list of 11 women he said he had married. In some cases he could not remember the name of the bride, in others he could not remember what name he himself used.

Moore's first wife, he said, was Flora Dolf. He was married at his first home, Wyoming, Pa., about 12 years ago, he said, and had one child.

His alleged confession then discloses the following:

His second wife was Amelia Warner, Detroit, Mich., married at Windsor, Canada, under the name of Harry Moore.
