Not precedent alone has established the tradition of the new Hat for EASTER. Another influence is at work on that day—and an equally powerful one—it is Spring! Women feel that Spring formally arrives with EASTER—and, of course, a new Hat as inevitably arrives with Spring.

Our Millinery Department is brilliant with just these Hats—Hats so dashingly new, they forecast the joyousness of Summer. Breathing the very spirit of Paris, these artistic millinery creations will endow the wearer with a refreshing individuality and a becoming smartness. All the new and fashionable materials are prevalent and the trimmings are as compelling in their attractiveness as the models are exquisitely conceived.
