Printers--A Rare Chance!

To a good practical printer--one competent to take entire control of a Republican Newspaper--an unusual "fat take" is now offered in this office. The subscription list now numbers near six hundred, and the paper has a liberal advertising patronage. The office can be purchased on easy terms, or a good and permanent "sit" may be secured by a competent applicant. Address Banner office, Plymouth, Ind.

Accident.--On Thursday evening last, Mr. Jno. Woodward & his brother, & Mrs. Halsey and Mrs. Coffey, were thrown from a buggy on Michigan street, and all more or less injured; but we believe none of them dangerously. Mrs. Coffey is still confined to her bed from the wounds she received, but is recovering.

will make their stoppings in a few days, at the depot grounds of the Fort Wayne and Chicago road. The track from the present landing, is but a few rods west of the town seminary, and is now nearly completed.

Furniture--The Messrs. Farghers of Laporte, are offering to our citizens rare inducements in the Furniture line.

See their card, and give them a call. They certainly have a splendid establishment.

A Bright Example.

Many years ago, in an obscure country school in Massachusetts, an humble conscientious boy was to be seen; and it was evident to all that he was beginning to act and think for some intellectual good. He was alive to knowledge. Next we see him put forth on foot to settle in a remote town in that State, and pursue his fortunes there as a shoemaker, his tools being carefully sent on before him. In a short time he is in business in the post of county surveyor for Litchfield county, being the most accomplished

mathematician in that section of the State. Before he is twenty-five years of age, we find him supplying the astronomical matter of an almanac in New York. Next he is admitted to the bar, a self-taught lawyer. Now he is on the bench of the Supreme Court. Next he becomes a member of the Continental Congress. Then he is a member of the Committee of six to frame the Declaration of Independence. He continued a member of Congress for nearly twenty years, and was acknowledged to be one of the most useful men and wisest counselors in the land. At length having discharged every office with perfect ability, and honored in his sphere, he died regretted and loved by State and nation. That man was ROGER SHEPARD. We take particular satisfaction now and then, in chronicling the career of these self-made men, and holding them up as bright examples for the youth of our time to follow. It is the best service a journalist can perform for the good of the rising generation.

PROCLAMATION BY THE PRESIDENT.

There was a meeting of the Cabinet at Washington, August 15th, when the President determined upon issuing the following

PROCLAMATION.--Whereas, hostilities exist with various Indian tribes on the remote frontiers of the United States, and whilst in other respects the public peace is seriously threatened, Congress has adjourned without granting the necessary supplies for the army, depriving the Executive of the power to perform his duty in relation to the common defence and security, and as an extraordinary occasion has thus arisen for assembling the two Houses of Congress, I do, therefore, by this proclamation convene the said Houses to meet at the Capitol in the city of Washington, Thursday, 21st day of August, hereby requiring the respective Senators and Representatives then and there to assemble and consult and determine on such measures as the state of the Union may require. In testimony whereof I have caused the seal of the United States to be hereunto affixed and signed with my hand. Done at the city of Washington, this 15th day of August, in the year of our Lord, 1856, and of the Independence of the United States the 50th.

The Nashville Banner says--In our thirty years editorial experience we can with truth say we never knew the leaders and organs of any party in as horrible a fix as are the leaders and organs of the Democratic party in Tennessee at this present writing. Sinking, fast sinking under the unbearable weight of Mr. Buchanan, the way they squat, squin, wriggle and twist, and catch at straws, is 'a caution.'

The Law of Newspapers.

Patrons will observe the following "law of newspapers":

1. Subscribers, who do not give express notice to the contrary, are considered as wishing to continue their subscription.

2. If subscribers order a discontinuance of their papers, the publisher may, notwithstanding, continue to send them until all arrears are paid.

3. If subscribers neglect or refuse to take their papers from the office to which they are directed their subscriptions continue and they are responsible until the printer's bill is settled and the paper is ordered to be discontinued.

4. If subscribers remove without informing the publisher, for the paper continued to their old address they are responsible.

In addition to the above, the Courts have decided that editors, from the office or leaving uncollected, a paper on such arrears are due, PRIMA FACIE evidence of intent to defraud.

O. FOR A LODGE IN SOME VAST WILDERNESS.--Sir, it is undoubtedly the exclamation which thousands, who are borne down by the arduous duties which must be performed even under the rays of a burning mid-summer sun, are sure to make; but these duties are performed frequently at the serious risk of health if no life itself, unless the proper precautions are taken to prevent the bad effects so easily generated by imprudent exposure. Carter's Spanish Mixture, the only and best medicine for the system, is a remarkable degree of cooling and purifying influence over the system so necessary in such cases. Its singular power over the Blood, its gentle tonic action on the Liver, its refreshing, vivifying and invigorating quality, its known tendency to prevent disease by expelling all humors from the Blood, and ridding the system of poisonous infection, has gained for it a place among the highest remedies of medical science. It is a specific cure for Rheumatism, Fever and Ague, Liver Disease, the effects of Mercury, and all such cases, as thousands who have used it have gratefully cause to know. The trial of a bottle will satisfy any who may be unacquainted with its effects.

A SERIOUS TALK.--We wish to impress it on the people of this rapidly growing country, many of whom are bearing about their bodies the seeds of disease which may in time develop themselves into the form of Scrofula, Rheumatism, Syphilis, Mercurial affections, or other kindred diseases, which when they get fast hold of the system soon leaves the constitution in a shattered state, that among all the modern and invigorating Spanish Mixture is the only positive and unerring Purifier of the Blood--containing neither mercury, Arsenic, Opium, or any other dangerous drug or noxious herb, so generally used. It will cleanse the system, purify the blood, and render it pure and healthy which before its discovery was of all others the thing to be desired. It cures Scrofula, Rheumatism, Syphilis, Fever and Ague, and all the kindred diseases, and is a powerful Blood and impurities which clog and disturb the correct action of the system. More than a thousand cases have been permanently and radically cured by its use, and we take pleasure in extending its field of usefulness by advising our friends to try it.

Liver Complaint and Dyspepsia. THOMAS LAMCHEFF says, "I have suffered from Liver Complaint, &c., for several years, and have tried many remedies, but have not been cured. Last spring I concluded to try Hoopland's German Bitters; she took two bottles, and ever since taking them she has been able to attend to her business, and is now quite a number of bottles through her recommendation, and as far as I can learn, is well satisfied with it." See advertisement.

Hoopland's German Bitters. Certificate of Ralph Lute, Esq., Editor "Spirit of Times," London, Ohio. BROOKS, October 30, 1854. Dr. C. M. Jackson--Dear Sir--The Bitters are in great demand here. In addition to the quantity sold by Messrs. Barber, your agents, the two other stores for many patients, and other medicine. I find they are much used by convalescent fever patients to rebuild their broken constitutions. I have used during the last summer in my own family, four bottles. They were recommended to me first by a neighbor, at a time when my system was much debilitated from the effects of a severe Bilious Fever. They gave me an appetite, and restored a tone and vigor to my whole system. In one of the numbers of the "Spirit of Times" I read your experience of the good effects of the Bitters, since which time they have had a large sale, and have now become the standard medicine in this vicinity.

In conclusion, I would say that I feel great pleasure in giving you this testimony of the value and success of your preparation. Respectfully yours, RALPH LUTE. See advertisement.

Dalley's Magical Pain Extractor. The great and principal characteristics of Dalley's Magical Pain Extractor are: 1st. Of its never-failing and unique property, as soon as applied to any external injury, to check inflammation instantly and rapidly to reduce it. 2nd. Its nature constitutes its great power to alleviate the pain of burns and scalds, and of other painful diseases, in so incredibly short a space of time, and as will appear from the few testimonials hereunto appended. Every intelligent mind is fully aware that, in the case of external injury, the pain is produced by inflammation of the injured parts; and therefore if you remove the cause, the effect must cease.

2d. Its purificative properties neutralize the poison that is early labor done, and when applied to the surface, and eject it--hence the great discharge produced from sores occasioned by laceration, applied to cold and inoperative sores, Silt Rheum, and other cutaneous diseases.

Each box of genuine Dalley's Pain Extractor has upon it a Steel Plate Engraved Label with the signature of O. V. Dalley & Co., Proprietors, and HENRY DALLEY manufacturer. All others are counterfeit. Price 25 cents per box. For sale by all Druggists and Dealers in Medicines throughout the United States and Canada. O. V. Dalley & Co., Agents, at Detroit, Michigan, at Fairmont, Ind. H. B. Important to Females. DR. CHEESEMAN'S PILLS. The combinations of ingredients in these Pills is the result of a long and extensive practice; they are mild, delicate, and restorative of nature to its proper channel. In every instance where the Pills proved successful. The Pills invariably open those obstructions to which females are liable, and bring nature into its proper channel, whereby health is restored and the pale and deathly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place whether from exposure, cold, or any other cause, the general health immediately begins to decline and the want of such a remedy has been the cause of so many consumptions among young females. To ladies whose health will not permit an increase of their family, these Pills will prove a valuable acquisition as they will prevent pregnancy. Head-ache, pain in the side, palpitation of the heart, loss of blood, and disturbed sleep, do most always arise from the interruption of nature; and whenever that is the case the Pills will invariably remedy all these evils. Nor are they less efficacious in the cure of Leucorrhoea, commonly called the "Whites." These Pills should never be taken during pregnancy, as they would be sure to cause a
