IN POSITION OF HONOR. Plymouth Citizen Is a Visitor At College Commencement Where Miss Neff Teaches. Greenboro, N. C., May 16, 1911. Brother Boys:— It was my good fortune to drift into this beautiful city in time for the closing exercises of the Greensboro Female College. To all you that this college, through merit alone ranks first in the Southland, will make one feel the more proud of their home town which has the honor of placing one of its young ladies at the head of its musical department. Miss Neff has won merited success, and her womanly qualities have made her the ideal of the college girls. The College is of Methodist persuasion and we find here all states represented. Indiana is strong, and I find young ladies from Culver, Butler, Bedford, Crawfordsville, and Dear knows where. What an inspiration to look into the faces of one hundred and fifty buds of womanhood who have gathered here. So I repeat: Our city should be doubly proud of the distinction it enjoys in having a daughter delegated to herald that precious gift of man which makes the walk of life so easy and so happy. H. B. J. COUNCIL AT SPECIAL SESSION PASS SPLENDID GARBAGE ORDINANCE FOR CITY OF PLYMOUTH. A special session of the city council was held Thursday night at which a very stringent and a very good garbage and public health ordinance was passed. It will go into effect as soon as published this week and next. The provisions of the ordinance are calculated to kill the fly and so protect the public from danger of disease from this pest. People must not permit on their premises any of the following unsanitary fly-producing, disease-causing conditions: (1) Animal manure in any quantity which is not securely protected from flies. (2) Privies, vaults, cesspools, pits, or like places, which are not securely protected from flies. (3) Garbage in any quantity which is not securely protected from flies. (4) Trash, litter, rags or anything whatsoever in which flies breed or multiply. Mrs. H. A. Armstrong was elected a member of the Library Board to fill the vacancy caused by the resignation of Mrs. Smith. Her appointment will be heartily approved by the city. P. M. Prospects For Band Concerts. The Plymouth band is now thoroughly organized and in shape to furnish music for the city when needed. On Decoration Day there were fourteen men in the band. It is probable that the number will never much exceed this as nearly all the available musicians are now enrolled. Whether or not Plymouth will have band concerts this summer will depend on the funds raised for this purpose. A bid concert means three rights, two of practice and one for the concert and the boys are not disposed to give this much to gratify. They feel that they should be paid at least \$2.00 per man for such services. Formerly the necessary funds have been contributed by Plymouth merchants. As yet no move has been made toward providing this entertainment for Plymouth and its visitors. Brotherhood Meeting. The regular meeting of the Brotherhood of the Presbyterian church will be held tomorrow evening. This will be the first meeting with the new pastor and a full attendance is desired. Bring a friend. Taking Bicycle Trip. John S. Gast and son left this morning for Wisconsin on their bicycles. They will be gone about two months and will rusticate and visit among relatives and friends. CLEVELAND LOT IS CHOSEN BY THE BOARD \$1500 PAID ON PROPERTY AS FIRST INSTALLMENT OF PRICE PRICE OF \$4500. PLAN FOR CITY HALL Owners Donat'e \$500 To Library— Matter of Site Considered Long and Well By Board. After a year of preliminary arrangements the Plymouth Library Board has contracted for the Gilson Cleveland property as a site for the new Public Library. The Board has done nothing hastily but has endeavored to feel the public pulse and to choose that site which in their judgment would be best for all time and was most desired by the citizens of Plymouth as a whole. The price of the property was \$4500. Of this sum \$500 was remitted as a gift from owners Holbrook G. Cleveland, of St. Louis, Mo., and Victoria C. Sheppard of Germantown, Pa. Fifteen hundred dollars was turned over today by the board. There is some talk of selling off the west thirty feet to the city fathers, on which to build a City Hall, the idea being to make the architecture the same in style, and to enable one heating plant and one janitor to care for both public buildings. Nothing has been decided in this regard however. The Library Board has hopes of building a \$15,000 building. How soon the erection of the building will be begun will depend on how soon the lot can be paid for as the present house on it is not to be removed until that time. Picnic Parties. Miss Nettie Slough with her boys and girls of the fifth grade picniced at the Zehner Park Wednesday afternoon. Misses Carrie and Laura Boss and Miss DeEtta Price went with their six orlars of the first and second grad to the Fair Grounds Wednesday. There were about one hundred present and they took great delight in playing in the grove. They tested their speed in races and the south siders feel that they are a little in the lead in that line. The children brought lunch and were surprised by their teachers with a treat of ice cream. Miss Wilcox and Miss Coddington accompanied their students of the sixth and seventh grades to Pretty Lake where they ate dinner and spent a delightful day Thursday. The boys paid the transportation bills and the girls furnished the refreshments. The uniform success that has attended the use of Chamberlain's Colic Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all Dealers.

Woman's Power Over Man Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for women's ailments. It is known as Dr. Pierce's Favorite Prescription. It is positive, specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit. IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.
