

THE PLYMOUTH DEMOCRAT.

A. C. THOMPSON, Editor.

PLYMOUTH, INDIANA.

THURSDAY MORNING, OCT. 11.

FOR PRESIDENT,

STEPHEN A. DOUGLAS

OF ILLINOIS.

FOR VICE PRESIDENT,

HERSCHELL V. JOHNSON,

OF GEORGIA.

THE ELECTION.

We have met the foe—have fought a good fight and henceforth there is laid up for us a crown of victory which the righteous people will give us in Marshall county we have done nobly, considering the large majority, the vast amount of whiskey and the large number of traitors and renegades we had to contend against. We have reduced the former majority of the Republicans from about 100, down to 24, and beat their figures 226 votes as they calculated to carry the county by a majority of 250. On the State ticket their majority is only 21 and we have elected one of our county officers, and by the assistance of noble Starks, Old Mattingly, Peter Pringle and some few others, we have done more than we confidently expected to do—elected our Representative by a handsome majority. This is the greatest victory we could have achieved, and has given greater satisfaction to the Democracy of the District than anything that could have happened, and what makes it better, we know that it hurts the Republicans worse than any other result that could have been brought about.

After all the abuse Mattingly had heaped upon Packard, he ran ahead of his own ticket one vote, and, considering there were some Democrats voted against him, from reasons we will not mention, it was a great victory. We don't want our neighbor to consider that his slang had any influence over those Democrats who voted against Packard, for that was not the cause.

Mr. Packard is under obligations to several Republican friends, for their votes, who detested and denounced Mattingly for the course he had taken against our candidate for Representative, and really, we feel somewhat grateful to the old villain for his assistance in giving us enough votes from gentlemen Republicans, to more than make up for the Democrat votes he lost in this county, on account of the principles he, Packard, is pledged to. Unconsciously and unintentionally, Mattingly has done a good work, and has been instrumental in electing a man that will honorably and creditably represent the counties of Stark and Marshall in the State Legislature. On behalf of the Democracy of these counties, Mr. Packard, and for ourself in particular, we return the old gentleman our thanks for his assistance.

In common with the Democracy of the county and the Democratic candidates we regret that Mattingly did not go into the rest of them in the same kind of style he did into Packard. If he had, they would have been elected.

As we stated some weeks ago, the Republicans throughout the entire county circulated the meanest of lies concerning our candidate for Treasurer, Mr. John M. Shoemaker. They forged what they said was a specimen of his hand writing, and showed it around through the county to men who had no opportunity to know whether it was really his writing or not, and many were made to believe it was, and as it was nothing but a lot of scratches and crooked marks, that no one could make any sense out of, many voters were induced to vote against him on account of incompetency, when the fact is, Shoemaker is without practice a better penman than Fuller, the present Auditor, after his two years practice in the Auditors office. They also circulated the heaving report that Shoemaker had robbed his own jewelry shop, in the meanest conceivable manner. The villain that originated that report will steal.

On account of these lying and unprincipled reports, Shoemaker was beaten 106 votes, only, while the Republicans thought by virtue of their lies they would elect their candidate by a majority of 300.

Henry M. Logan was beaten because he was not a drunkard, and Barnard was elected by whiskey and the influence of whiskey sellers and whiskey bloats, and because he is a drinker, and leaves prisoners in the outer half of the jail and lounges around the saloons and lets them escape. Honest men of Marshall county, whiskey sellers and whiskey drinkers have contrived the election in your county, and in the person of O. M. Barnard, they have elected a "chum" of theirs, by a majority of only 16 votes.

Our candidate for Surveyor was beaten by 39. He feels very much slighted by Mattingly, and attributes his defeat to the fact that Mattingly did not say anything against him.

We have elected our candidate for coroner over John Hoham, Republican candidate, of Lager Beer notoriety, by a majority of 39 votes. This proves what we told John when they nominated him, they had nominated him for the purpose of drinking his beer and trading him off for

Oglesbee. There was no electioneering done against him that we heard of and his pretense friends went quietly along and drank over fifty dollars worth of his beer and traded him off for votes for Oglesbee, whose election they did everything to secure. Not only did they lie on Shomaker but traded off their own candidates to secure the election of their pet. Fuller said that they had nominated Hoham to trade him off, and the result shows that this was the object they had in view when they placed him upon their ticket. Verily is Hoham the victim of misplaced confidence.

All in all, we have gained a great victory and had the other counties done as well Marshall and Starks, the State ticket would have been elected by twenty thousand majority, instead of being defeated by probably over fifteen thousand. We are not discouraged, but feel confident that we will carry this county for Douglas in November.

The fight is now a new one, as we now know who our foes are, and who to regard as our friends and co-workers. With the Breckinridge men of this county we have no quarrel. They have worked manfully with us to secure the election of our State and county tickets. For this we give them all credit. They doubtless considered themselves under obligations to support both of those tickets, and we believe they have manfully and honorably discharged that obligation. But in almost, if not quite all the other counties in the State, the result confirms us in the belief that they have either voted directly for the Republican State ticket or have refused to support the Democratic ticket that they helped to put in nomination. We hope they will settle such an act with their ideas of consistency and honor, but for our part we do not see how they will do it.

The Republicans are making considerable noise over what they call a great victory. This is not right. "Honor to whom honor is due," should prevent their making any demonstration only to, in some appropriate manner, return thanks to their allies who have fought their battle and secured for them the victory they unjustly claim as their own.

We "cave" so far as the State is concerned. The Republicans and Breckinridge men are too many for us, but Democrats, there is a day coming when these combined factions will not vote together. In November next they will each one have a separate ticket to support and then we will "come in." We can and will carry the State for Douglas. We will carry Marshall county by a proper effort. We have only the small majority of 24 to overcome. A change of 13 voters will bring about the good result, provided things should go as they did at the late election. This they will not do, as there are several Breckinridge men in the county, who we suppose will support that ticket. This is no time for the folding of hands, or for despondency. We have a work to do, and let us go at it.

A DUN.

We are getting pretty well out of patience with subscribers who will go to the post office for week after week and month after month, and never pay once. There are some men who cannot pay up, such men should tell us frankly that they are not able to take the paper and not let us find it out after we have sent it to them for a year. We are neither able nor willing to publish a paper for nothing. There is a noble class of men who are able but not willing to pay. These are the men that we are out of patience with, and we now say to them that if they do not intend to pay for the paper that they will gladly oblige by telling us now and we will stop sending it to them. We have been at work day and night for them and the cause and if they were to pay us up promptly all they owe us, we would not receive pay for the labor we do. By their tardiness they put us to such trouble about money, and throw us behind with our business. We want no more of your lazy promises.

If you do not intend to pay us until the close of the year or for five years, don't tell us that you will pay the next time you come in town, for in nine cases out of ten you tell us what turns out to be untrue. By your making us these false promises you cause us to disappoint those who have accommodated us, and thereby our reputation for promptness is injured, which is a great loss to any business man. If you do not pay us you must see that we cannot fulfill our promises. We want you to think on this matter about a week, ten days, two weeks, and not longer than a month; and then tell us what you are going to do, but for your own sakes do not make us any more false promises.

To those of our subscribers who have so promptly paid us we are under many and lasting obligations, and none of the foregoing remarks are intended for them, or of course.

On looking over our lists we find that we are under particular obligations to our friends in German township for their promptness. If our subscribers elsewhere had been as prompt as they have been in that township, this unpleasant article would not have appeared in our paper. We say unpleasant because it is always unpleasant for us to write such things.

The undersigned earnestly requests all who know themselves to be indebted to the estate of the late Dr. Rufus Brown, to settle their accounts immediately, or the same will be collected by law, on the 1st of Nov. R. M. Brown, Sept. 13th/84

State Elections.

We have deterred the publication of our paper a couple of days in order to give our readers an idea of how we have been beaten in our own and other State elections that came off on Tuesday last. Up to our latest advices, Indiana promises fair to go fifteen thousand Breckinridge, that is, the Administration party by the support they have given the Republican ticket, have helped to defeat the regular Democratic ticket probably over fifteen thousand. Ohio has gained a considerable Democratic vote, but is still defeated in many places. She may probably go for Douglas in November, when the Breckinridge and Lincoln parties "split." Pennsylvania has gone Republican by about thirty thousand. It appears to us that this can be overcome in November when the Administration and Lincoln parties divide, as there are certainly more than thirty thousand Breckinridge men in the State.

The Administration party has acted with the Abolition party for the purpose of killing and frightening the Douglas Democracy. What the result will be we do not pretend to predict, but we rather think they will not scare off the track. Our present intention is to vote for non-intervention, let things go as they may. Hurrah for Breckinridge and (Henry S.) Lane, "over the left!"

"SALT RIVER."—We positively refuse to go up salt river. We have suffered no less politically, but on the other hand we have gained between 60 and 70 votes and have elected one of our candidates, and have the satisfaction to know that we have scared the Republicans worse than they can ever scare us. We propose to stay where we are and send our opponents afloat for the head waters of that much talked of and now largely visited stream. We are not going.

HOL FOR SALT RIVER.—We see by the Huntington Democrat that our friend SAM, is now musclicating at the head of Salt River. He stated before starting that a good time was anticipated—hope the boys will have it, but we are very sorry to know that they had to "make the trip." By the same paper we see that the county of Huntington has gone Breckinridge 112 votes. It is no Republican victory.

WHEAT WANTED.—We want our subscribers to bring us some wheat. They are grumbling because they cannot get \$1.00 per bushel, and promise to pay us as soon as they can get the "almighty dollar." We will give them that amount for wheat on subscription. So bring it along. This is a fair offer. We want 500 bushels at these figures, if it will be any inducement to you to pay us what you justly owe us.

Interment.

JERRY C. JONES' "time is up" and we hope he will rest in peace. We request the coroner of that county to see him decently interred.

FROM THE INDIANA SENTINEL.

The Death of Governor Willard.

We learn from those who were present at the demise of Governor Willard that he died without a struggle. During the day that his death occurred he was about his room and manly as he expired he was sitting upon the side of his bed in pleasant conversation with the friends present. He laid himself down and immediately his spirit took its flight calmly, gently and almost unconsciously. The striking characteristics which he exhibited in life attended him in death. For a long time previous to his demise his energy had been greater than his bodily strength, but his strong will held out to the very last. He only yielded to the disease which for years he had battled till he had no longer strength to fight it.

Governor Willard is the first Executive in this State who has died in office. And all who have held that position are dead excepting Gov. Wessner, and he is in a foreign land. But few men had more and warmer personal friends than Gov. WILLARD. His noble qualities of head and heart, and his genial temper, attached to his friends wherever he went. And from every quarter come tributes to his personal worth, consoling and grateful to his family and his friends.

IF the election were left to the votes of our children, Dr. Bull would certainly be our next President. His Vegetable Worm Destroyer has given him a place in their grateful recollections, from which he will not be displaced. Instead of being dosed with nauseous drugs to expel worms, they have only to eat a few candy drops, and the next day they are well again.—Fairfax Gazette.
