Amusements.

It develops some very interesting phases of life and character in the far West, with many thrilling scenes and incidents, such as ever have a firm hold upon the popular heart. The unrivaled skill in the use of the rifle so strikingly displayed by both Mr. and Mrs. Frayne, forms a prominent feature of the performance, and excites universal admiration. The cast from the original stock company rendered very efficient support. The piece will be presented again this evening.

THE OPERA OF MARTHA.—The sale of tickets for the opera of Martha on Thursday evening is progressing rapidly, and those who wish to attend should lose no time in securing seats.
