

THE STATE.

PROSECUTORS.

Holdings of the State Convention at Cedar Rapids.
Cedar Rapids, Aug. 17.—The democratic state convention was called to order yesterday forenoon by Chairman Hoffman of the state central committee. After the invocation John T. Hamilton of Cedar Rapids delivered a cordial address of welcome, and then John D. Denison of Wright county was introduced as temporary chairman. His address was lengthy and was received with enthusiasm. His declaration that "every trust that cannot be controlled must be destroyed" was loudly cheered, and his eulogy of Bryan was greeted with a storm of applause. At the conclusion of his address committees were named and the convention adjourned till afternoon.

When the convention re-assembled D. J. O'Connell of Burlington was made permanent chairman, Richard Burke of Oskaloosa secretary and J. H. Gillespie of Burlington reading clerk. Chairman O'Connell's denunciations of the alleged Anglo-American alliance, McKim's participation in the war and his policy of benevolent assimilation were warmly applauded. The present contest, the speaker said, is between Americanism and anti-Americanism, in the fierce fight of which all questions of ratio and tariffs sink into insignificance. This remark aroused the audience to the highest pitch of the afternoon.

Cato Sells, chairman of the committee on resolutions, was greeted with cheers when he appeared on the stage and each plank of the platform as he read it was applauded. The platform follows:

The democracy of Iowa in convention assembled, approves and reaffirms the national democratic platform adopted at Kansas City on the 5th day of July, 1900. We extend greetings to those distinguished and patriotic Americans, William J. Bryan and Adlai Stevenson, and pledge them our loyal support in the impending contest for the preservation of the republic.

As a phase of the trust question, bearing disastrously on manufacturing in Iowa, and other agricultural states, we point to the fact that the combination of the manufacturing trusts and railway trust have resulted in closing many of such factories. Many plants in Iowa now stand idle because they have either been driven out of business by unfair competition or have been absorbed by the trusts and closed down. We favor the enactment and enforcement of stringent laws, both state and national, to control all trusts.

We deprecate the growing power and influence of railways in state politics and the subserviency of the executive council, the railroad commission and even the governor himself, to railway dictation. We demand that railway rates and taxation, as well as legislation affecting railways, shall be shaped and fixed for the benefit of the whole people without improper interference from special interests.

We condemn the subterfuge of the mulct and pharmacy act by which the republican party has returned the saloon to Iowa while still maintaining the force of prohibition.

The democratic party believes in majority rule and favors the honest and open policy of local control with stringent regulation.

We condemn the republican party for passing the anti-fusion law and constantly changing other election laws with the view to confuse the voter and defeat the will of the elector.

We earnestly urge all citizens who love liberty and oppose the imperialistic policy of the republican party to rally to the support of our standard bearers in the presidential campaign.

When nominations for secretary of state were in order Henry Vollmer of Davenport, in a speech which created great enthusiasm, nominated Mayor Hartenbower of Des Moines and in all probability he would have been nominated had not E. B. Evans announced that the mayor would not accept. S. B. Crane of Perry was then nominated by acclamation. The ticket was completed as follows, the only fight being on electors-at-large, which resulted 901 for Eiboeck, 563 for Romans and 702 for Mackey:

Secretary of state—S. B. Crane of Perry.
Auditor of state—J. M. Gibson of Hopkinton.
Treasurer of state—H. L. Williams of Pringhar.
Attorney general—T. G. Harper of Burlington.
Supreme judge—Judge J. W. Freedland of Corydon.
Railroad commissioner—J. E. Anderson of Forest City.
Electors-at-large—Col. Joseph E. H. Eiboeck of Des Moines and Col. C. H. Mackey of Sigourney.
District electors:
First—A. R. Miller of Washington.
Second—E. D. Kelsey of Jackson.
Third—John Elwanger of Dubuque.
Fourth—M. J. Carter of Winneshiek.

Seventh—C. C. Loomis of Polk.
Eighth—W. B. Mering of Appanoose.
Ninth—J. J. Shea of Council Bluffs.
Tenth—L. T. Anderson of Carroll.
Eleventh—W. Stow of Dickinson.

The central committee was empowered to fill possible vacancies on the ticket and the convention adjourned.

NOTES FROM THE CAPITAL.

Des Moines, August 21, 1900.

Asylum Exposed.
Des Moines, August 21.—The fact has been unearthed that the industrial department of the hospital for the insane at Mt. Pleasant has been selling large quantities of the state's supplies to various parties for a small part of their value. These goods are purchased by the state board of control in large lots and at wholesale prices, have been selling the goods at almost half of their selling value and dividing the spoils among themselves.

It is said that some of the goods have been unblushingly shipped away from the Mt. Pleasant depot, but most of them have been hauled in wagons to other stations and shipped to the consignees in various names.

Numerous shipments have been made to one firm at Burlington and by them resold in larger or smaller lots, but always at less than their value. It is even believed that the fire which on February 15, 1900, destroyed the building of the industrial department was the desperate and deliberate work of the gang of plunderers whose crimes are soon to be laid bare and it is hoped, adequately punished; that, having been selling the state supplies for months, they have now fired the shop in order to conceal a portion of the evidence of their crimes.

The thefts have been going on so long, suspicion has been thrown upon so many and the evidence is so great that much of the evidence will necessarily be withheld until all the principals in the crimes are under arrest and the evidence against them clinched in so positive a manner that none of the guilty persons can escape.

John M. Stone, superintendent of the industrial department, is named as one of the guilty parties and letters in the hands of the authorities show that he contracted to deliver goods, and did so, to the express to Des Moines. They were received, however, by the detectives who had been working on the case, thus furnishing the link necessary to fasten the crime upon him. The board of control will prosecute the offenders.

Samuel Waller of Burlington has been arrested at Nevada City on the charge of embezzlement. He will be held in San Francisco until an officer arrives from Burlington to take him back to that place.

According to a Des Moines dispatch the speaking campaign of the republican party of Iowa will be opened about September 20. The exact date was not decided at the general conference, but it will not be until after the middle of the month. This was the opinion of most of the politicians present at the meeting and was adopted as the course of action.

It is satisfactory to all of the men who expect to run for governor in the fall, none of whom desire that the campaign shall be dragged out very long. Nearly all express the hope that it be as short as possible.

At a recent meeting, B. F. Stevens appeared before the town council of Spirit Lake and modestly asked it to receive on the part of the town the complete power plant and light and heating system, which he has built at a cost of about \$30,000. There are no strings to the gift. There is no debt to pay, no service to promise, no obligation to assume. The property is practically new, the equipment is put in of the best material and workmanship. There is at the power house a vast surplus of capacity that may be used to promote public interest. Under intelligent and progressive management, this gift may be largely beneficial to the town.

A serious shooting affray took place in Forest City a few nights ago, in which the city marshal, Homer D. Miles, was seriously wounded. Jake Studer, a blacksmith, has been on a debauch for several days and went home and began to smash up the furniture and make things disagreeable for his family throughout the day and until midnight the show will continue without interruption and visitors may come and go as they choose, staying as long as fancy may dictate. Only first-class artists have been engaged for the success of the undertaking is assured.

British Prestige Hurt.

London, August 20.—England is thoroughly irritated over the government's seemingly changeable course respecting the handling of troops at Shanghai. Even the semblance of a yielding to pressure by the powers or the Chinese viceroys is regarded as impairing Britain's prestige in the east and in Europe. The papers, from the Times down, are lecturing the government on its supposed vacillation and faint-heartedness.

Every one is willing to reward a man except he who pays for the reward.

The wives of Pionese noblemen think they add to their natural charms by cutting their hair until it averages in length about one and one-half inches. The object is to make the hair stick out straight, like that on a clothes-brush.

PEKING RELIEVED.

The Allied Forces Entered the City August 15.

Washington, August 18.—The navy department has received the following cablegram from Admiral Remy:
"Taku, August 17, 1 a. m.—Bureau Navigation, Washington.—Just received telegram from Tien Tsin dated 16th 10 p. m."
"Peking captured on August 15. Foreign legations are safe. Details follow shortly. (Signed) Remy."

Washington, August 18.—The acting secretary of state makes public the following cablegram, received from the United States consul at Che Foo:
"Che Foo, August 17, 1900.—(Received August 17, 7:55 p. m.)—Secretary of State, Washington.—Seventeenth: Japanese admiral reports allies attacked Peking, east, 15th. Obstinately resistance. Evening, Japanese entered capital with other forces. Immediately surrounded legations. Inmates safe. Japanese loss, over 100. Chinese, 300. (Signed) Fowler."

Berlin, August 18.—It is officially announced that the foreign legations at Peking have been relieved.

London, August 18.—A special dispatch from Shanghai says: "The allies entered Peking August 15th. It is believed that Yung Shi Kai's troops have gone thence to Shen Si to protect the emperor who, according to reports received by local officials here, with the Tuan imperial household and the bulk of the army and Boxers, left Peking August 15th for Hsian Feng."

The collapse of the Chinese resistance is explained in dispatches from Shanghai as being due to the failure of the Chinese to flood the country behind T'ung Chow. Earthworks connected with the dam at Pei Ho and unfinished at T'ung Chow, at T'ung Chow is full of water, facilitating the boat transport when the allies and the legation forces holding a part of the wall at Peking were exchanged during the morning of the 15th.

LI SUES FOR PEACE.

Viceroy Pleads Once More for the War to Close.

Washington, August 21.—The Chinese government, through Li Hung Chang, made application to the United States for appointment of a commissioner to open negotiations for the establishment of peace and for fixing definite terms for the present trouble. The application came to the Chinese minister and was taken by him to the state department.

Li Hung Chang's application for the appointment of a peace commissioner expresses willingness to conduct negotiations at a point desired by the powers, and it is expected this will be Peking or Tien Tsin.

A similar application has been made by Earl Li to all powers interested.

His suggestion of Minister Conger as American commissioner is based on the idea that, as minister, Conger is presumed to have an opportunity to proceed to the point where negotiations are to be held and to conduct them.

The application does not suggest any particular terms, nor does it ask for the withdrawal of troops. It requests that the negotiations shall be for the purpose of bringing about a cessation of hostilities.

TUAN MUST NOT ESCAPE.

Japan Determined to Seize the Bloody Chinese Prince.

London, August 19.—The Chinese minister at Tokio, Li Sheng To, had telegraphed Li Hung Chang, according to a dispatch to the Times from Shanghai, that Japan is willing to use her good offices in behalf of the emperor and to prevent the escape of Prince Tuan, of Kang Yi, president of the board of war; of Hsu Tung, guardian of the heir apparent, and of Chao Shu Chio, commissioner of the railway and mining bureau.

"Li Hung Chang," the dispatch continues, "has instructions from the throne to ask Russia if she is willing to assist China to arrive at a peaceful settlement and to give assurances that she has no intention of annexing any part of Manchuria. If the reply is favorable, Earl Li has orders to negotiate without delay. Simultaneously, the military governor of Manchuria will be directed to cease hostilities."

A LIFE TERM FOR POWERS.

Verdict of Guilty is Given in Noted Kentucky Trial.

Georgetown, Ky., August 20.—"We, the jury, find the defendant guilty and fix his punishment at imprisonment in the penitentiary for the rest of his natural life."

This was the wording of the verdict in the case of ex-Secretary of State Caleb Powers, charged with being an accessory before the fact to the murder of William Goebel. The jury retired at 2:25, having been out only fifty-three minutes. The vote in favor of a life sentence was unanimous. One of the jurors said that the jurymen were influenced in making up their verdict by many things in the evidence, but that some of the chief points were Powers' own admission on the stand that he organized the crowd of 1,500 mounted volunteers, which came to Frankfort January 15, his corroboration of part of the testimony of Noakes, Golden and Cullton, the proof that he gave Youtsey the key and that the shot was fired from his office.

Chinese Loss 400 Men.

London, August 20.—The following dispatch has been received at the Russian war office in St. Petersburg from General Alexieff:
"Port Arthur, August 13.—General Fleischer with a force, all arms, captured Hai-Chen August 12th, after three days' fighting. The Chinese lost 400 and four guns. Five hundred Chinese retreated with eight guns."

Dewet's Escape Explained.

London, August 19.—Lord Roberts says he imagines that Dewet's escape is due to his breaking up his force into small bodies.

A gift of \$20,000 was presented to his son on his wedding day by Senator Scott of West Virginia. On that important occasion the senator informed his son that when he (the father) was married, he began matrimonial life with twenty cents.

A speedy marriage, following a courtship of forty-eight hours, was recently announced in Strudsburg, Pa. Jerry Shorer of Maplewood, a widower with six children, met Mrs. Augustus Hoser of Greentown, a widow with seven children. Love at first sight resulted in the wooing, boomed, and in two days they were married.

TO KILL M'KINLEY.

Italian Anarchists Arrested in New York City.

New York, August 20.—The World prints the following relative to news received from Washington of the detention at the barge office in this city by secret service agents of Notabe Maresca and Michil Weida, supposed to be anarchists, who arrived yesterday on the Kaiser Wilhelm II. These two men are understood to have come to this country as conspirators whose object, it is alleged, was the assassination of President McKinley. The World says:
"Instead of two, a high government official informed the World today that there were fourteen anarchists under arrest at the detention prison of the bureau of immigration. They are charged with being in a conspiracy to assassinate President McKinley. The World says:
